I-004-001

Please consider two alternatives routes. (1) instead of going down the middle of the corridor along Rd 112 in Alamosa, please go along the east border of the corridor then from there go east on I 5. (2) the other alternative is to go along the very west of the corridor (112 South) instead of following the canal. My reasoning for these moves are because of a new house we are building that is not on your map.
