COMMENT

Meeting Attended:
I was not able to attend a meeting

Important Issues:
Land Use (Agriculture, Residential, Recreation), Radio or Television Interference, Health and Safety, Visual / Aesthetic Resources, Proximity to Residences

Property Uses:

Comment:
I-243-001 My comment is about the proposed power line/towers that will go through Lavita Acres, specifically lots 15, 16, and 18. This land is owned by the Schauman family, long time friends of my family.
From what I understand, the line is to run between 2 residences that are about 100 yards apart. The Schauman family has been gracious to share this experience with us on many occasions to enjoy the
I-243-002 beautifull Colorado mountain living experience. This power line will greatly diminish the natural beauty, not to mention put it literally in their back yard, and take away the scenic value of the land.
The line is to be run through the most usable part of the property.
This comment is in protest of the planned line. Please, do not put this line through their property.
Surely there are alternate routes that will not be such a negative impact on the lives of the people who live in this area.
Thank You,
Robert Hill
