I-322-001

Do not place power lines along I-25 corridor — Go far east of I-25 along existing large power lines. We are a tourist state. We need to preserve our views along this highway. No powerlines of this size in Colorado City, Co It is a beautiful, scenic little town. Far east of I-25 would be better - basically no population, rangeland which would provide wide open spaces for this line!
Keep it away from home sites, communities & I-25!
