Question1: This farm bill does nothing at all to protect the small farmer nor the every day working American citizen! This farm bill only grants immunity & profits to big agribusinesses while they destroy & pollute our environment...with government blessings & money & tax breaks!

Question2: stop funding big agribusinesses! Stop giving agribusinesses tax breaks! Give tax breaks & incentives to small independent farmers! We need organic growing!

Question3: give tax breaks to small farmers not big agribusinesses!

Question4: Tax incentives for all businesses preserving & protecting the environment should be granted. Tax incentives should be granted to farmers who allow animals to be free range & not injected with any hormones!

Question5: Tax breaks to keep open land & forests. Tax breaks to farmers who protect the land & not pollute nor desecrate lands.

Question6: Yes...ag products must revert to ORGANIC! No research on animals! No big agribusiness mistreating the environment nor animals.
