Question1: Reduce subsidies to large Corporate farms.

Question2: Farm policy must give farmers the opportunity to change his planting

plans as he sees fit.

Question3: Limit payments on cropland to a certain amount and no subsidy on anything

over.

Question4: Encourage more minimum tillage.

Question5: We must have good road, rail, air and water systems to compete.

Question6: Much of this should be left to the private sector. They can respond in a more timely fashion.
