State: Iowa

zipcode: 52228

Question1:

Question2:

Question3: There should be a cap on the maximum payment any farm entity can receive and curb loop holes so that no one can double or triple dip into this government money.

Question4: No one should have to put up with any foul odors or contaminated water. If it stinks it's not good and should not be tolerated. If the stink or runoff cannot be controlled the enterprise should be shut down. People should only have the number of animals on their own land that the acreage can support without having to ship waste somewhere else.

Question5:

Question6:
