Question1: For Mike Johanns:

Check some of my letters to Venemaan and the President regards the Fraud, Theft, Lies, etc. The Farm Service Agency's and Farm Committies are as liable as the Fraudulent Farmers. Check the EWG Data Base for just a smidgen of these scum..

Am a firm believer, if you can't do it on your own, get the hell out and get another profession. These geeks are screwing the hell out of the Honest Farmers and Tax payers..Again, the EWG data base.. One for example, The House Leader of AG, Pombo. 32 Family mbrs and 3.6 Million since 1996..Check a couple of others I have named..

By the way, I didn't run your name nor the Presidents.
