Question3: I have tried to apply for many of your farm programs, only to be told that i dont qualify. this even though,per your regs i do, i was told by your agent that i did not! we had a flood a year ago,i filled out the proper paper work,and was told that i did not need the assistance. i wish that i could talk to someone about this. it seems that only certian people in this aera (hardin co) can get anything from your agent.

thanks Wayne Stanley
