Question1:

Question2:

Question3:

Question4: The expansion of CRP is very important to the local economy as well as the clean water and air!! I would like to make sign-up simpler(less guess work)so more farmers can understand it better.also I would like a walk-in agreement available for a little more(that could come from the pheasant stamp)I'm hoping my kids and they're kids have a better land than we do. thanks for your time. dj
