Question1:

Question2: Decouple MPC's (Milk Protein Concentrate) from fluid milk price and disallow big corporations from buying in MPC's just for the sole reason of lowering milk prices to farmers.

Question3: The present system is robbing the tax base of the USDA and keeping farmers on welfare and the Big Corporations are remaining extremely profitable as with the SouthEastern Milk Producers.

Question4:

Question5:

Question6: Milk Producers have got to have more say in the pricing of their products.
