Address1: 204 Culvert St.

Address2:

City: Torrington

State: Connecticut

zipcode: 06790

Question1: I am a taxpayer and a consumer. Please don't forget about the consequences that affect me. I would like to see less money spent on the program.

Question2: Reduce subsidies and work to have our trading partners reduce their subsidies. Why do we pay so much for sugar and butter compared to the rest of the world?

Question3: To prevent excessive subsidy to large agribusiness I would suggest a per-recipient cap (a fairly low one). How about banning legislators from the program so they are not writing laws that they plan to benefit from?

Question4: There must be many programs already trying to acheive these goals. Why not limit your operations, lay off 25% of your staff, and save taxpayers a load of money.

Question5: Less government attention is probably better.

Question6: Let the markets take over. Do not expand government.
