Question1: New farmers cannot be shielded from adverse consequences, otherwise, we will develop another generation of farmers dependent on the government.

Question2:

Question3: Landowners that do not farm should not receive payments intended for producers. Many landowners are removing tenants because their DCP payment is more than the lease or rent payment.

Question4: Keep CRP. Make sure that rules regarding conservation compliance are enforced.

Question5: By absentee land owners getting such a high percentage of program payments, a lot of money that would be invested in rural economies is not.

Question6:
