LastName: Bergey

Address1: Bergey Windpower Co.

Address2: 2200 Industrial Blvd.

City: Norman

State: Oklahoma

zipcode: 73069

Question1:

Question2:

Question3: In the Section 9006 program the USDA should setaside 10-15% of the grant funds for small projects requesting grants up to \$50,000.

This would allow small projects to compete against other small projects and remedy the bias for funding large projects. Simpler applications, take applications anytime until funds expended, eliminate the "residential use" prohibition, and limit to new equipment. In 2004, only 2.6% of the funds went to small wind and solar projects.
