NOT-

Farmer Families need paid for production. Previous to the fall of the Roman Empire farmers were done away. Germany and Russia aggressed and severely harmed their farmers & other countries in Europe. ~~disturbing freedom~~ Supply & demand policy isn't far reaching enough ^{we need limits} to help family farms. Govt increases ~~massive~~ ^{massive} imports to undermine U.S. farm families. Don't let huge farms get away with multiple subsidies.

*Balance trade
^{if too much import}
Family-cooperated*

(Continue on reverse)

Pay parity prices to family growers of
~~100 acres or less~~ - Rest of farmers take own chance
Import way out of balance & cancel out exports
Too much Canadian wheat allowed - Canadian crop values

interfering with U.S. families for their own profit
Farmers Best ~~Reduce production~~
