Address2:

City: Amarillo

State: Texas

zipcode: 79106

Question1:

Question2:

Question3:

Question4: The CRP program is the single most important farming program in existence as it affects all other areas of farming. It is a great benefit for conservation and wildlife and helps stabilize what would be a very heavily burdened farming system if it were not in place. If the program cannot be expanded it should at least be maintained.
