Question1:

Question2:

Question3:

Question4: A strong conservation title in the 2007 Farm Bill benefits everyone. Farmers and ranchers benefit from the additional income from programs like CRP and WRP, and the public benefits by having better water quality and quantity and improved soil quality and more land for wildlife habitat and outdoor recreation. The 2007 Farm Bill is an opportunity to shift away from the standard of plowing and sowing everywhere, even marginal cropland, and towards a policy of
