City: Ogden

State: Utah

zipcode: 84404

Question1: Avoid setting up unintended consequences that create high land prices that prevent new farmers from entering agriculture.

Question2: Support farm products that are needed in our country and around the world. Avoid subsidies to tobacco and other "harmful" products.

Question3: Avoid farm support that rewards only large farms.

Question4: Help to produce cleaner water and air. For example, reduction in the use of pesticides which runoff into our waters, polluting them must be avoided.

Question5: Investing in new technology to help rural areas develop good infrastructure is to be supported.

Question6: Developing and marketing new products must be supported.
