Question1: We need more small independent farmers. Provide low interest or delayed payment loans to these people to help them get started.

Question2: We need to provide better conditions for the animals on the farms. This will lead to more contented animals and the result will be a better, disease-free product.

Question3: Whatever can be done to minimize the effectiveness of agribusinesses should be done. They have an unequal effect on prices and produce a product that is substandard because they treat the animals so badly.

Question4: Again, pass regulations that do not permit the animals to be tethered or crated. They need to be able to move around and will be happier, producing animals free of hormones and toxins. I am afraid to eat meat.

Question5: Provide interest free loans and educational opportunities to the small farmer.

Question6:
