State: Florida

zipcode: 34990

Question1: land prices should continue to be high because the environment is destroyed by the cattle.

to maximize crop farming, crops should be planted and grown horizontally not vertically, and some crops can be planted between them.

check out the Land pavillion in Epcot center of walt disney world.

Question2: farming must first be competitive and fulfilling in this country before stepping out of our boundary.

Question3: it should be assessed by humane treatment of farm animals which are not confined to small living quarters and are ranging on healthy environments

it should also be assed by innovative methods to produce more on less land

Question4: humane treatment of animals and no dependency on chemicals or drugs and no runoff of waste into our environment

Question5: agree to invest in new technologies and learn from the prototype in Epcot center of the Land in walt disney world

Question6: renewable energy should be high priority, conservation and humane treatment of the land and the animals
