Question1:

Question2:

Question3:

Question4: Seperate forestry concerns out of an oveall heading of conservation. Such as urban forestry. and community forestry enhancement.

Question5: With the ever increasing expansion of " rural areas" the urban and rural forestry communities need to expand their and promote their ideas out side of the farm programs heading so that needed funding for greenspace and a sence of well being in a cummunity can be implemited.

Question6: With the introduction of the emerald ash borer and the devistation it has done to the ash tree population, funding for research and re-forestation must be more available from more than just the States affected.
