Question1: A year of so ago I looked up some prominent names on the EWG Data Base. (Environmental Working Group)

Richard Pombo and name sakes of Tracy CA. San Joaquin Co.

3.2 Million, 32 namesakes.

Kohl Upton fmly and namesakes of Merced/Madera Co. CA. 2.9 Million in Subsidies/Equip/NRCS When I contacted the respective Farm Bureau's, both stated that they didn't have the manpower to investigate if these claims were valid????

I wrote my Congress persons, Ann Veneman, Bill Oreilly, the President, all to no avail. Not even one answer. Your turn!
