Question1: limit funding to large farms and follow up on them.

5 farms 5 differnt names big loop hole.Lots of users...

Question2: Supply and demand vary greatly from area to area but some value added ventures may be a way to create other possible efforts with the trade with other countries.

perhaps you could use a way to get some producers to try other things.

Question3: put limit on big corperate farms. And really help the little guys. Most smaller farms and farmers work two jobs to make ends meet.Or 3 jobs to supplement incomes,with off farm incomes

Question4: by using an information tool

to exspan the knowege of the new farmers and how they can help accomplish the the clean enviorment.

Question5: Educate the non farm community.

Most small farms will welcome

anyone to their way of life for a day.Our own farm welcomes visitors at almost any time.

Question6: by lending a helping hand to

farm enterprises that are value added and follow up on them, to keep the operation honest in function.IE no loop holes, multiple names some kind of proof form , yearly follow up...
