Dear Sir/Madam:

Attached hereto you will find my comments regarding priorities in the 2007

Farm Bill. Two documents are attached. The first is the text of my comments at the October 14th Farm Bill Nutrition Forum in Baltimore.

The second supplements the first through discussion of the need to increase the Thrifty Food Plan so that food stamp households can afford to purchase nutrient-dense foods.

Thank you for this opportunity to submit these comments for the record.
