Mr. Chairperson:

After listening to most all the comments at the listening session today in Douglas, Wyoming I must say THAT I have to AGREE somewhat with all of those states AND WITH EVERYTHING OR MOST COMMENTS.

What I think is most important to consider though is THE WE KEEP COMMERCIAL AGRICULTURE PROFITABLE AND A LOT OF THE ISSUES WILL TAKE CARE OF THEMSELVES. Agriculture PRODUCERS always were and still are THE BEST CONSERVATIONISTS WE HAVE EVER HAD AS LONG AS THEY DONT THE RESOURCES TO DO IT WITH, HENCE PROFIT ON THEIR OPERATIONS.

THESE DEFINITELY NEEDS TO BE SOME PROVISIONS FOR BLOWWIND FARMERS, RANCHERS AS THE TREMENDOUS AMOUNT OF outside money going into agriculture lands MAKES IT PROHIBITIVELY EXPENSIVE FOR young AND BLOWWIND OPERATORS TO BECOME ESTABLISHED IN AN OPERATION THE SIZE AND SCALE NECESSARY TO BE PROFITABLE.

PROTECT 215 AGRICULTURE FIRST AND FOREMOST.

Sincerely  
Bob Lovelace
