

MS Delta Weekly Weather Briefing
 OCE/WAOB Stoneville Field Office
 November 19, 2009

<http://www.usda.gov/oce/weather/mississippi>

WEATHER AND CLIMATE INFORMATION

Compared to last month and to normal rainfall, the weather pattern remained unusually dry. Normal monthly November rainfall is 5.20 inches, and to date only .31 inches has actually been reported. In fact, the majority of that amount, or .29 inches, actually occurred this week. After the early-week rain and associated cloud cover moved on, temperatures cooled considerably. While it was chilly this morning and the coldest low this month,

it was still not enough to reach freeze status, at 35 degrees F. Next week is forecasted to be wetter and colder than average, per the 6- to 10-day NWS outlook during the 24th to 28th of November.

Local Normal Temperatures 11/19 to 11/25:

Tunica:	High	58-60	Low	39-40
Stoneville:	High	60-62	Low	41-42
Vicksburg:	High	66-67	Low	43
