Telephone: (808) 956-2909

Congressional District: Abercrombie, 1st; Hirono, 2nd

Rural Development grant funding will be used to link the University of Hawaii at Manoa to seventeen healthcare facilities in rural Hawaii. Through a videoconferencing network the project will provide community health education and prevention classes, continuing medical education and professional health education classes for physicians, nurses, and EMS volunteers. Additionally, videoconferencing and digital diagnostic imaging will reduce rural barriers to telemental health consults and evaluations.
