Rural Utilities Service Community-Oriented Connectivity Broadband Grant Program

The Community-Oriented Connectivity Broadband Grant Program is designed to provide financial assistance to furnish broadband service in rural, economically-challenged communities where such service does not currently exist. Grant funds may be utilized to deploy broadband transmission service to critical community facilities, rural residents, and rural businesses and to construct, acquire, or expand, equip, and operate a community center that provides free access to broadband services to community residents for at least two years. Grants will be awarded, on a competitive basis, to entities serving communities of up to 20,000 inhabitants to ensure rural consumers enjoy the same quality and range of telecommunications service as are available in urban and suburban communities.

General Information

!! BEFORE YOU GET STARTED !!

You must read:

- ◆ *7 CFR 1739, Subpart A, and the Notice of Funds Availability (NOFA) published in the Federal Register on July 28, 2004.*

The regulation **MUST** be utilized in conjunction with this application guide. Should any differences result in the interpretation of this Application Guide and the regulation, the regulation takes precedence over information contained in this Application Guide.

➤ ***When and Where to Submit Your Application:***

GRANT applications must be postmarked by:

September 13, 2004

Late applicants will be notified that their applications will not be considered for funding and their applications will be returned.

➤ **Applications on Paper**

An original and two copies of a **completed application** must be mailed or hand-delivered by the deadline date. **Applications must be submitted to:**

ROBERTA D. PURCELL
ASSISTANT ADMINISTRATOR
TELECOMMUNICATIONS PROGRAM
RURAL UTILITIES SERVICE
US DEPARTMENT OF AGRICULTURE
STOP 1590, ROOM 5151-S
1400 INDEPENDENCE AVENUE, SW
WASHINGTON, DC 20250-1590

Due to the possible disruptions in mail delivery service, applicants are strongly encouraged to submit applications via express mail or hand delivery to our office.

Applications Delivered by Mail:

Applications must show proof of mailing consisting of one of the following:

1. A legibly dated U.S. Postal Service (USPS) postmark;
2. A legible mail receipt with the date of mailing stamped by the USPS; or
3. A dated shipping label, invoice, or receipt from a commercial carrier.

If an application is sent through the USPS, neither of the following will be accepted as proof of mailing:

1. A private metered postmark; or
2. A mail receipt that is not dated by the USPS.

Community Connect Broadband Grant Program Application Guide, FY 2004

Applicants should note that the USPS does not uniformly provide a dated postmark. Before relying on this method, an applicant should check with its local post office.

Applications Delivered by Hand:

Applications delivered by hand will be accepted daily between 8:00 a.m. and 4:30 p.m. (Eastern Standard Time), except Saturdays, Sundays and Federal holidays. Individuals delivering applications must provide proper identification to enter the building.

➤ Electronic Applications

We will accept your electronic application if you submit it by the deadline through the Federal government's e-grants Web site (Grants.gov):

<http://www.grants.gov>

You will need a DUNS number and a Central Contractor Registry (CCR) registration before you can submit electronically. In addition, Grants.gov requires some one-time credentialing and online authentication procedures. These sign-up procedures may take several business days to complete.

Tip: If you want to submit an application on-line, RUS strongly encourages you to **obtain all the necessary sign-ups, credentials and authorizations in advance of the deadline.**

Please follow the instructions at Grants.gov. If you experience a technical problem retrieving or submitting an electronic application, make the Grants.gov customer support resources your first stop (click the "Customer Support" tab on any page of Grants.gov to get started). RUS Program staff doesn't control the technical aspects of Grants.gov and won't be able to help you if you experience a problem. However, we are happy to answer questions about the Program and the contents of an application.

RUS may request original signatures on electronically submitted documents later.

Applications will **not** be accepted via facsimile machine transmission or electronic mail.

➤ **Key Definitions:**

Please refer to the 7 CFR 1739, published July 28, 2004, in the Federal Register for all defined terms.

Basic Broadband Transmission Service: The broadband service level provided by the applicant at the lowest rate or service package level for residential or business customers, as appropriate, providing such service meets the definition of broadband transmission service.

Broadband Transmission Service: Providing an information rate equivalent to at least 200 kilobits/second in the consumer's connection to the network, both from the provider to the consumer (downstream) and from the consumer to the provider (upstream).

Community: Any incorporated or unincorporated city, town, village, or borough recognized in the U.S. Census in a Rural Area.

Community Center: A public building or section of a public building, with at least ten (10) Computer Access Points, that is used for the purposes of providing free access to and/or instruction in the use of broadband Internet service, and is of the appropriate size to accommodate this purpose. The community center must be open and accessible to area residents before, during, and after normal working hours and on Saturday or Sunday. Examples of facilities that may be used for the described purposes include school, library, or city hall.

Computer Access Point: A new computer terminal with access to basic broadband transmission service.

Critical Community Facility: A public school, public library, public medical clinic, public hospital, community college, public university, or law enforcement, fire and ambulance stations.

Project: The applicant's proposed Basic Broadband Transmission Service financed by the grant and Matching Contribution for the proposed Service Area.

Rural Area: Any area not included within the boundaries of any incorporated or unincorporated city, town, village, or borough having a population of more than 20,000 inhabitants within the United States.

Service Area: A single Community and, may include the unincorporated areas or locally recognized communities, not recognized in the U.S. Census, located outside and contiguous to the Community's boundaries.

For additional information concerning this grant program, please contact the appropriate Telecommunications Program Area Director. A listing of the Directors and the states they serve is provided as Attachment 13 to this application guide. Information about RUS and this application guide can be retrieved electronically ***via the internet*** at:

Applying for a Grant

Grant Processing

Completed applications must be postmarked no later than September 13, 2004, to be considered for funding. Grant applications will be scored in accordance with the provisions 7 CFR 1739.

Applicant Eligibility

To be eligible for a grant, the applicant must:

- ◆ Be legally organized as an incorporated organization, an Indian tribe or tribal organization, as defined in [25 U.S.C. 450b\(b\) and \(c\)](#), a state or local unit of government, or other legal entity, including cooperatives or private corporations or limited liability companies organized on a for profit or not-for profit basis.
- ◆ Have the legal capacity and authority to own and operate the broadband facilities as proposed in its application, to enter into contracts and to otherwise comply with applicable federal statutes and regulations.

Note: The applicant may not be an individual or partnership.

Project Eligibility

To be eligible for a grant, the Project must:

- ◆ Serve a Rural Area where Broadband Transmission Service does not currently exist, to be verified by RUS prior to the award of the grant;
- ◆ Serve one Community recognized in the latest U.S. Census. Additional communities located in the contiguous areas outside the Community's boundaries that are not recognized (due to size) in the U.S. Census, can be included in the applicant's proposed Service Area, but must be supported by documentation, acceptable to RUS, as to their existence;
- ◆ Deploy Basic Broadband Transmission Service, free of all charges for at least 2 years, to all Critical Community Facilities located within the proposed Service Area;
- ◆ Offer Basic Broadband Transmission Service to residential and business customers within the proposed Service Area; and
- ◆ Provide a Community Center with at least ten (10) Computer Access Points within the proposed Service Area, and make Broadband Transmission Service available therein, free of all charges to users for at least 2 years.

!! COMMUNITY CENTER !!

The community center must have at least 10 Computer Access Points

Rurality Requirement

The proposed project must provide broadband transmission service to a rural area that does not currently have such service. A “Rurality Calculation Table” is provided for this computation (**See attachment 2a**), and should be based upon 2000 Census Data.

Eligible Grant Purposes

Grants funds may be used to finance:

1. The construction, acquisition, or lease of facilities, including spectrum, to deploy broadband transmission services to all critical community facilities and to offer such service to all residential and business customers located within the proposed service area;
2. The improvement, expansion, construction, or acquisition of a community center that furnishes free access to broadband Internet service, provided that the community center is open and accessible to area residents before, during, and after normal working hours and on Saturday or Sunday. Grant funds provided for the community center are limited to the greater of \$100,000 or 5% of the grant amount requested. The costs of the computer access points, their installation, connection to the broadband transmission system are not included in this limitation;
3. End-user equipment needed to carry out the project;
4. Operating expenses incurred in providing broadband transmission service to critical community facilities for the first 2 years of operations and to provide training and instruction. Salary and administrative expenses will be subject to review, and may be limited, by RUS, for reasonableness in relation to the scope of the project; and
5. The purchase of land, buildings, or building construction needed to carry out the project.

Grant Funds may not be used to finance the duplication of any existing broadband services provided by other entities; and

Facilities financed may not be used, in any way, to provide local exchange telecommunications service to any person or entity where it currently exists.

Matching Funds Requirement

The applicant's minimum matching contribution must be for eligible purposes and equal 15% of the grant amount requested. Eligible purposes include:

- ◆ Cash for eligible grant purposes; and
- ◆ In-kind contributions of eligible grant purposes.

In-kind contributions include:

- New or non-depreciated assets with established monetary values. Manufacturers' or service providers' discounts are not matching contributions.
- The value of rental income for donated space in a community center, calculated for the entire term of the donation;
- Salaries and expenses incurred by the community center in operating the community center, for the first two years of operations.

Costs incurred by the applicant, or others on behalf of the applicant, for facilities or equipment installed, or other services rendered prior to submission of a completed application, shall not be considered as an eligible matching contribution.

!! Note !!

Rental values *must* be supported by rental agreements documenting the cost of space of a similar size in a similar location.

Rental values and salaries and expenses incurred by the community center are subject to review by RUS.

The source and amount of matching funds must be identified in the application. If matching funds are to be provided by a third party, documentation of the third party's commitment must be included in the application.

Any financial assistance from Federal sources will not be considered as matching contributions unless there is a Federal statutory exception authorizing the Federal financial assistance to be considered as a matching contribution.

Completing the Grant Application

This section addresses all of the information that must be submitted for an application to be complete and considered for financing:

- | | |
|--|--|
| A. <i>A Completed Application for Federal Assistance (Standard Form 424)</i> | G. <i>Financial Information and Sustainability</i> |
| B. <i>An Executive Summary of the Project</i> | H. <i>A Statement of Experience</i> |
| C. <i>Scoring Criteria Documentation</i> | I. <i>Evidence of Legal Authority and Existence</i> |
| D. <i>System Design</i> | J. <i>Funding Commitments from Other Sources</i> |
| E. <i>Scope of Work</i> | K. <i>Compliance with Other Federal Statutes and Regulations</i> |
| F. <i>Community-Oriented Connectivity Plan</i> | L. <i>Supplemental Information</i> |

A. A Completed Standard Form 424, "Application for Federal Assistance"

Complete this form along with a resolution from the **board of director or other document** authorizing the funding request, Attachment 1.

B. An Executive Summary of the Project

The Executive Summary of the project is one of the most important parts of the application. It gives reviewers their first overall view of the area to be served, what problems the residents face, and how the proposed project will help alleviate those problems, increase quality of life, and provide enhanced opportunities for rural residents. This is your opportunity to discuss the core aspects of the project:

- ◆ *The goals of the project;*
- ◆ *The community to be served;*
- ◆ *The community organizations participating as project partners; and*
- ◆ *The technologies to be used.*

The Executive Summary gives the applicant the opportunity to discuss the project subjectively and to point out its unique characteristics. Be clear and provide convincing links between project and benefits.

The Executive Summary must provide a general project overview covering the following six categories:

1. A description of why the project is needed;
2. A description of the applicant;
3. An explanation of the total project cost;

Community Connect Broadband Grant Program, FY 2004

4. A general overview of the telecommunications system to be developed, including the types of equipment, technologies, and facilities used;
5. Documentation describing the procedures used to determine the unavailability of existing broadband service; and
6. A description of the participating community organizations (such as schools, health care providers, police and fire departments, etc.).

Number each paragraph as shown above. Remember, this summary is the first overall picture of your request for assistance and what problems you are attempting to solve.

C. Scoring Criteria Documentation

There are three scoring categories that must be addressed by applicant in order to be considered for funding. They are:

1. The rurality of the community served by the project (up to 40 points);
2. The economic need of the project's service area(s) as determined by per capita personal income of the community, as determined by the U.S. Bureau of Census, U.S. Department of Commerce, at <http://factfinder.census.gov> (up to 30 points);
3. The benefits derived from the proposed service area (up to 30 points).

The first two categories are objective criteria. The objective criteria are straightforward indicators that measure the rurality and economic need of the service area.

1. Rurality of the Project Service Area:

A rurality table is provided in this application guide to assist you with this process (Attachment 2a). An applicant must base this calculation on 2000 U.S. Census data.

The following table outlines the definitions used in evaluating rurality:

Level	Community Having a Population:		Points
	Over	Not in Excess of	
1		499	40
2	499	1,000	35
3	1,000	2,000	30
4	2,000	3,000	25
5	3,000	4,000	20
6	4,000	5,000	15
7	5,000	10,000	10
8	10,000	20,000	5

Points are awarded based on the population of the community located within the service area:

Community Connect Broadband Grant Program, FY 2004

For example, a project proposes to serve the town of Belle Haven, Virginia. In accordance with U.S. Bureau of the Census statistics, the town of Belle Haven, Virginia has a population of 480. A population of 480 is a Level 1 community eligible to receive 40 points, as follows:

<u>Service Area Community</u>	<u>Population</u>	<u>Level</u>	<u>Points</u>
Belle Haven town, Virginia	480	1	40

2. Economic Need of the Project Service Area (up to 30 points):

An “Economic Need Calculation Worksheet” is provided in this application guide to assist you in this calculation (Attachment 2b).

This criterion measures the economic need of the service area based upon the per capita income (PCI) of the Community as determined by the US Bureau of Census, U.S. Department of Commerce, at <http://factfinder.census.gov> .

SAMPLE:

U.S. Census Bureau

CLICK ON [“Check out the Fact Sheet for community profiles.”](#)

THEN TYPE THE NAME OF YOUR TOWN AND STATE IN THE FIELDS AND SELECT

SCROLL DOWN TO [“Economic Characteristics”](#) and look for [“Per capita income \(dollars\)”](#)

USE THAT FIGURE TO CALCULATE THE COMMUNITY’S PCI AS A PERCENTAGE OF THE NATIONAL AVERAGE USING ATTACHMENT 2b OF THIS GUIDE.

Points are awarded for service provided in a Community where the PCI is less than 75 percent of the national average per capita personal income (NAPCI) and according to the following scale:

PCI is:		Points Awarded
Percent of NACPI Less than:	Percent of NAPCI Greater than or equal to:	
	75	0
75	70	5
70	65	10
65	60	15
60	55	20
55	50	25
50		30

3. *Benefits derived from the proposed service (up to 30 points):*

The benefits derived from the proposed service area is a subjective scoring category for which applicants may receive up to 30 points. This criterion will be scored based on the documentation in support of the need for services, benefits derived from the services proposed by the project, and local community involvement in planning and implementation of the project.

RUS will consider:

1. The extent of the applicant's documentation explaining the economic, educational, health care, and public safety issues and challenges facing the community and the applicant's proposed plan to address these challenges on a community-oriented basis.
2. The extent of the project's planning, development, and support by local residents, institutions, and community facilities. This includes evidence of community-oriented involvement, as exemplified in community meetings, public forums, and surveys. In addition, applicants should provide evidence of local residents' participation in the project planning and development.
3. The extent to which the community center will be used for educational or instructional purposes.
4. Web-based community resources enabled or provided by the applicant, such as community bulletin boards, directories, public web-hosting, notices, etc.

In addressing this scoring criterion, applicants must describe the unique circumstances involving their proposed project and how they propose to utilize Federal financing provided from this program in conjunction with any other resources to meet their community's needs. When addressing this criterion, applicants should specifically discuss all aspects of the application that contribute to the scoring criterion.

Applicants should attempt to quantify benefits in terms of outcomes from the project; that is, ways in which peoples' lives, or the community, will be improved. Try to provide estimates of the number of people affected by the benefits arising from the project.

Use as many pages as is necessary to address the subjective criterion.

D. System Design

The system design must contain the following information:

1. A narrative discussing the proposed community center and all costs of the project, all existing and proposed facilities that are a part of the project, the services to be provided by the project, and the proposed service area;

Community Connect Broadband Grant Program, FY 2004

2. Engineering design studies providing an economical and practical engineering design of the project, including a detailed description of the facilities to be funded, technical specifications, data rates, and costs; and
3. A map of the proposed service area reflecting the proposed location of the community center and critical community facilities.

E. A Scope of Work

The scope of work must include, at a minimum:

1. The specific activities and services to be performed under the project;
2. Who will carry out the activities and services;
3. The time-frames for accomplishing the project objectives and activities; and
4. A budget for all capital and operating expenditures reflecting the line item costs for eligible purposes for the grant funds, the matching contributions, and other sources of funds necessary to complete the project.

F. Community-Oriented Connectivity Plan

The provision of broadband service is vital to the economic development, education, health, and safety of rural Americans. To further this objective, RUS will provide financial assistance to eligible entities that propose, on a “community-oriented connectivity” basis, to provide broadband service that fosters economic growth and delivers enhanced educational, health care, and public safety services. The “community-oriented connectivity” concept integrates the deployment of broadband infrastructure with the practical, everyday uses and applications of the facilities.

Specifically, RUS will provide financial assistance to eligible entities that are proposing to deploy broadband transmission service in a rural community where such service does not currently exist and who will connect the critical community facilities including the local schools, libraries, hospitals, police, fire and rescue services and who will operate a community center that provides free and open access to residents. A state-of-the-art community center will not only provide improved access but will aid rural residents in developing on-line businesses and will allow them to reap the benefits of Internet-based advanced placement courses, and continuing adult education. Priority will be given to rural areas that have the greatest need for broadband services. The applicant must provide a community-oriented connectivity plan consisting of the following:

1. A listing of all critical community facilities located in the service area, including public schools, public libraries, public medical clinics, public hospitals, community colleges, public universities, and law enforcement, fire and ambulance stations.

Community Connect Broadband Grant Program, FY 2004

The applicant must provide documentation of consultation with these groups, including commitments to participate in the proposed project;

2. A description of the services available to local residents through the use of the community center;
3. A listing of the proposed telecommunications terminal equipment, telecommunications transmission facilities, data terminal equipment, interactive video equipment, computer hardware and software systems, and components that process data for transmission via telecommunications, computer network components, communication satellite ground station equipment, or any other elements of the telecommunications system designed to further the deployment and used of broadband services, that the applicant intends to build or fund using RUS grant funds and matching contributions; and
4. A description of the consultations with the appropriate telecommunications carriers (including interexchange carriers, cable television operators, enhanced service providers, providers of satellite services and telecommunication equipment manufacturers and distributors) and the anticipated role of such providers in the proposed telecommunications system.

G. Financial Information and Sustainability

The applicant must provide a narrative description demonstrating sustainability of the project, including having sufficient resources and expertise necessary to undertake and complete the project and how the project will be sustained following completion. The following financial information is required:

1. Certified financial statements, if available; otherwise, the most current income statement and balance sheet for existing operations; and
2. 5 years of pro-forma financial information, including income statements, balance sheets, cash flow statements. Applicants must include sufficient pro-forma financial data to demonstrate the financial capability of the project participants to continue a sustainable project for a minimum of 5 years after completion of the project.

This documentation should include non-contingent sources of income or revenues that are sufficient to pay all operating expenses including, system maintenance, salaries, training, and any other general operating expenses, and provide for replacement of depreciable items. Applicants must also include depreciation rates, based upon current industry standards, for the equipment being financed. All assumptions in support of the pro-forma must be clearly identified.

H. A Statement of Experience

An applicant must provide a written narrative describing its demonstrated capability and experience, if any, in operating a telecommunications system, or any project similar to the

proposed project. The applicant must include the owner's and principal employees' relevant work experience that would ensure the success of the project.

I. Evidence of Legal Authority and Existence

The applicant must provide evidence of its legal existence and authority to enter into a grant agreement with the RUS and perform the activities proposed under the grant application.

Satisfactory documentation of legal authority includes, but is not limited to, Articles of Incorporation, Bylaws, Board Resolutions, excerpts from State Statutes, or an attorney's opinion of counsel.

Satisfactory documentation of legal existence includes, but is not limited to, certificates from the Secretary of State, state statutes or laws establishing your organization. Letters from the IRS awarding tax-exempt status are not considered adequate evidence.

J. Funding Commitments from Other Sources

If the project requires additional funding from other sources in addition to the RUS grant, the applicant must provide evidence that funding agreements have been obtained to ensure completion of the project. These agreements shall be sufficient to ensure:

1. Payment of all proposed expenditures for the project;
2. All required matching contributions;
3. Any additional matching funding; and
4. Any other funds necessary to complete the project.

A letter from the organization providing the matching funds or in-kind contributions is an example of the evidence required. In the case of in-kind contributions of equipment, the letter should include a description of the items, value and date purchased. For donations of space for the community center, the letter should include the dimensions of the space and a calculation of the value of the foregone rental income, and a commitment to provide the space for a minimum of 2 years. For donations of operating and administrative expenses of the community center, the letter should include detailed calculations of the individual expense line items used to determine the value.

K. Compliance with Other Federal Statutes and Regulations

The applicant is required to submit evidence that it is in compliance with other Federal statutes and regulations as follows:

- ◆ E.O. 11246, Equal Employment Opportunity, as amended by E.O. 11375 and as supplemented by regulations contained in 41 CFR part 60, Attachment 3;
- ◆ Architectural barriers, Attachment 4;

Community Connect Broadband Grant Program, FY 2004

- ◆ Flood hazard area precautions, Attachment 5;
- ◆ Assistance and Real Property Acquisition Policies Act of 1970, Attachment 6;
- ◆ Drug-Free Workplace Act of 1998 (41 U.S.C. 701), Attachment 7;
- ◆ E.O.s 12549 and 12689, Debarment and Suspension; (**See 7 CFR 3017.510**), Attachment 8;
- ◆ Byrd Anti-Lobbying Amendment (31 U.S.C. 1352), Attachment 9;
 - If the applicant is engaged in lobbying activities, the applicant must submit a completed disclosure form, “Disclosure of Lobbying Activities” (**See 7 CFR Part 3018**); and
- ◆ Non Duplication of Services Certificate, Attachment 10;
- ◆ Federal Obligations Certification on Delinquent Debt, Attachment 11; and
- ◆ Environmental Impact Report, in accordance with 7 CFR 1794, Attachment 12 (see further information below).

Environmental Impact and Historic Preservation:

Details of the project’s impact on the environment and historic preservation must be provided. The application must contain a separate section entitled “Environmental Impact of the Project.”

An “Environmental Questionnaire/Certification” may be used by applicants to assist in complying with the requirements of this section. Attachment 12.

For a proposed project that only involves internal modifications or equipment additions to buildings or other structures, the environmental information normally required includes a description of the internal modifications or equipment additions, the size of the site in hectares, and the general nature of the proposed use of the facilities once the project is completed, including any hazardous materials to be used, created or discharged, any substantial amount of air emissions, wastewater discharge, or solid waste that will be generated.

L. Supplemental Information

Please provide any additional information you believe RUS may consider relevant to the application and necessary to adequately evaluate the application, including all other required forms for Federal assistance and compliance with other applicable statutes.

Putting It All Together

The GRANT application should be **assembled** and **tabbed** in the following order: Numbered attachments are provided at the end of this guide for your use. Use only the applicable attachments listed below.

Economic Need Calculation Worksheet

Applicants are awarded points for providing service in a Community where the per capita personal income (PCI) is less than 75% of the national average per capita income (NAPCI) of 21,587. Enter the Community name and it's PCI in dollars (found at <http://factfinder.census.gov>) and calculate the percentage of the NAPCI in the table below.

Service Area Community	(a) Community PCI in Dollars	(b) NAPCI in Dollars	(a) ÷ (b) PCI as % of NAPCI
	\$ _____	\$21,587	_____ %

Using the scale below, award the appropriate number of points in the box below for the community on PCI as a percent of NAPCI:

- 0 pts.** if $\geq 75\%$
- 5 pts.** If $\geq 70\%$ but $< 75\%$
- 10 pts.** if $\geq 65\%$ but $< 70\%$;
- 15 pts.** if $\geq 60\%$ but $< 65\%$;
- 20 pts.** if $\geq 55\%$ but $< 60\%$;
- 25 pts.** if $\geq 50\%$ but $< 55\%$;
- 30 pts.** if $< 50\%$.

***Certification Regarding Drug-Free Workplace Requirements
Alternative I – For Grantees Other than Individuals***

This certification is required by the regulations implementing Sections 5151-5160 of the Drug-Free Workplace Act of 1988 (P.L. 100-690, Title V, Subtitle D; 41 U.S.C. 701 *et seq.*), 7 CFR Part 3017, Subpart F, Section 3017.600, Purpose. The January 31, 1989, regulations were amended and published as Part II of the May 25, 1990, Federal Register (pages 21681-21691). Copies of the regulations may be obtained by contacting the Department of Agriculture agency offering the grant.

ALTERNATIVE I

- A. The grantee certifies that it will or will continue to provide a drug-free workplace by:
- (a) Publishing a statement notifying employees that unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
 - (b) Establishing an ongoing drug-free awareness program to inform employees about:
 - (1) The dangers of drug abuse in the workplace;
 - (2) The grantee's policy of maintaining a drug-free workplace;
 - (3) Any available drug counseling, rehabilitation, and employee assistance programs; and
 - (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
 - (c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
 - (d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will:
 - (1) Abide by the terms of the statement; and
 - (2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than 5 calendar days after such conviction;
 - (e) Notifying the Agency in writing, within 10 calendar days after receiving notice under subparagraph (d) (2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;

**Community Connect Broadband Grant Program
Federal Forms and Attachments, FY 2004**

- (f) Taking one of the following actions, within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted:
 - (1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - (2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency; and
- (g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).
