

[Previous Section](#)

[Next Section](#)

Sec. 301 [33 USC 1311] Effluent Limitations

FWPC Sec. 301(a)

"(a) Except as in compliance with this section and sections 302 , 306 , 307 , 318 , 402 , and 404 of this Act , the discharge of any pollutant by any person shall be unlawful.

FWPC Sec. 301(b)

"(b) In order to carry out the objective of this Act there shall be achieved

FWPC Sec. 301(b)(1)

"(1) "(A) not later than July 1, 1977, effluent limitations for point sources, other than publicly owned treatment works, "(i) which shall require the application of the best practicable control technology currently available as defined by the Administrator pursuant to section 304(b) of this Act, or "(ii) in the case of a discharge into a publicly owned treatment works which meets the requirements of subparagraph (B) of this paragraph, which shall require compliance with any applicable pretreatment requirements and any requirements under section 307 of this Act ; and

FWPC Sec. 301(b)(1)(B)

"(B) for publicly owned treatment works in existence on July 1, 1977, or approved pursuant to section 203 of this Act prior to June 30, 1974 (for which construction must be completed within four years of approval), effluent limitations based upon secondary treatment as defined by the Administrator pursuant to section 304(d)(1) of this Act; or,

FWPC Sec. 301(b)(1)(C)

"(C) not later than July 1, 1977, any more stringent limitation, including those necessary to meet water quality standards, treatment standards, or schedule of compliance, established pursuant to any State law or regulations, (under authority preserved by section 510) or any other Federal law or regulation, or required to implement any applicable water quality standard established pursuant to this Act.

FWPC Sec. 301(b)(2)

"(2) "(A) for pollutants identified in subparagraphs (C), (D), and (F) of this paragraph, effluent limitations for categories and classes of point sources, other than publicly owned treatment works, which "(i) shall require application of the best available technology economically achievable for such category or class, which will result in reasonable further progress toward the national goal of eliminating the discharge of all pollutants, as determined in accordance with regulations issued by the Administrator pursuant to section 304(b)(2) of this Act, which such effluent limitations shall require the elimination of discharges of all pollutants if the Administrator finds, on the basis of information available to him (including information developed pursuant to section 315), that such elimination is technologically and economically achievable for category or class of point sources as

determined in accordance with regulations issued by the Administrator pursuant to section 304(b)(2) of this Act or "(ii) in the case of the introduction of a pollutant into a publicly owned treatment works which meets the requirements of subparagraph (b) of this paragraph, shall require compliance with any applicable pretreatment requirements and any other requirement under section 307 of this Act ;

FWPC Sec. 301(b)(2)(B)

"(B) [Repealed]

[301(b)(2)(B) repealed by PL 97-117]

FWPC Sec. 301(b)(2)(C)

"(C) with respect to all toxic pollutants referred to in table 1 of Committee Print Number 95-30 of the Committee on Public Works and Transportation of the House of Representatives compliance with effluent limitations in accordance with subparagraph (A) of this paragraph as expeditiously as practicable but in no case later than three years after the date such limitations are promulgated under section 304(b), and in no case later than March 31, 1989.

[301(b)(2)(C) amended by PL 100-4]

FWPC Sec. 301(b)(2)(D)

"(D) for all toxic pollutants listed under paragraph (1) of subsection (a) of section 307 of this Act which are not referred to in subparagraph (C) of this paragraph compliance with effluent limitation in accordance with subparagraph (A) of this paragraph as expeditiously as practicable, but in no case later than three years after date such limitations are promulgated under section 304(b), and in no case later than March 31, 1989;

[301(b)(2)(D) amended by PL 100-4]

FWPC Sec. 301(b)(2)(E)

"(E) as expeditiously as practicable but in no case later than three years after the date such limitations are promulgated under section 304(b), and in no case later than March 31, 1989, compliance with effluent limitations for categories and classes of point sources, other than publicly owned treatment works, which in the case of pollutants identified pursuant to section 304(a)(4) of this Act shall require application of the best conventional pollutant control technology as determined in accordance with regulations issued by the Administrator pursuant to section 304(b)(4) of this Act; and

[301(b)(2)(E) amended by PL 100-4]

FWPC Sec. 301(b)(2)(F)

"(F) for all pollutants (other than those subject to subparagraphs (C), (D), or (E) of this paragraph) compliance with effluent limitations in accordance with subparagraph (A) of this paragraph as expeditiously as practicable but in no case later than 3 years after the date such limitations are established, and in no case later than March 31, 1989.

[301(b)(2)(F) amended by PL 100-4]

FWPC Sec. 301(b)(3)

"(3) "(A) for effluent limitations under paragraph (1)(A)(i) of this subsection promulgated after January 1, 1982, and requiring a level of control substantially greater or based on fundamentally different control technology than under permits for an industrial category issued before such date, compliance as expeditiously as practicable but in no case later than three years after the date such limitations are promulgated under section 304(b), and in no case later than March 31, 1989; and

FWPC Sec. 301(b)(3)(B)

"(B) for any effluent limitation in accordance with paragraph (1)(A)(i), (2)(A)(i), or (2)(E) of this subsection established only on the basis of section 402(a)(1) in a permit issued after enactment of the Water Quality Act of 1987, compliance as expeditiously as practicable but in no case later than three years after the date such limitations are established, and in no case later than March 31, 1989.

[301(b)(3) added by PL 100-4]

FWPC Sec. 301(c)

"(c) The Administrator may modify the requirements of subsection (b)(2)(A) of this section with respect to any point source for which a permit application is filed after July 1, 1977, upon a showing by the owner or operator of such point source satisfactory to the Administrator that such modified requirements "(1) will represent the maximum use of technology within the economic capability of the owner or operator; and "(2) will result in reasonable further progress toward the elimination of the discharge of pollutants.

FWPC Sec. 301(d)

"(d) Any effluent limitation required by paragraph (2) of subsection (b) of this section shall be reviewed at least every five years and, if appropriate, revised pursuant to the procedure established under such paragraph.

FWPC Sec. 301(e)

"(e) Effluent limitations established pursuant to this section or section 302 of this Act shall be applied to all point sources of discharge of pollutants in accordance with the provisions of this Act.

FWPC Sec. 301(f)

"(f) Notwithstanding any other provisions of this Act it shall be unlawful to discharge any radiological, chemical, or biological warfare agent, any high-level radioactive waste, or any medical waste, into the navigable waters.

[301(f) amended by PL 100-688]

FWPC Sec. 301(g)

"(g) Modifications for Certain Non-conventional Pollutants.

FWPC Sec. 301(g)(1)

"(1) General Authority. The Administrator, with the concurrence of the State, may modify the

requirements of subsection (b)(2)(A) of this section with respect to the discharge from any point source of ammonia, chlorine, color, iron, and total phenols (4AAP) (when determined by the Administrator to be a pollutant covered by subsection (b)(2)(F)) and any other pollutant which the Administrator lists under paragraph (4) of this subsection.

[Former 301(g)(1) deleted and new (1) and (2) added by PL 100-4]

FWPC Sec. 301(g)(2)

"(2) Requirements for Granting Modifications. A modification under this subsection shall be granted only upon a showing by the owner or operator of a point source satisfactory to the Administrator that

FWPC Sec. 301(g)(2)(A)

"(A) such modified requirements will result at a minimum in compliance with the requirements of subsection (b)(1)(A) or (C) of this section, whichever is applicable;

FWPC Sec. 301(g)(2)(B)

"(B) such modified requirements will not result in any additional requirements on any other point or nonpoint source; and

FWPC Sec. 301(g)(2)(C)

"(C) such modification will not interfere with the attainment of maintenance of that water quality which shall assure protection of public water supplies, and the protection and propagation of a balanced population of shellfish, fish, and wildlife, and allow recreational activities, in and on the water and such modification will not result in the discharge of pollutants in quantities which may reasonably be anticipated to pose an unacceptable risk to human health or the environment because of bioaccumulation, persistency in the environment, acute toxicity, chronic toxicity (including carcinogenicity, mutagenicity or teratogenicity), or synergistic propensities.

FWPC Sec. 301(g)(3)

"(3) Limitation on Authority to Apply for Subsection (c) Modification If an owner or operator of a point source applies for a modification under this subsection with respect to the discharge of any pollutant, such owner or operator shall be eligible to apply for modification under subsection (c) of this section with respect to such pollutant only during the same time-period as he is eligible to apply for a modification under this subsection.

[Former 301(g)(2) amended and redesignated as (3) by PL 100-4]

FWPC Sec. 301(g)(4)

"(4) Procedures for Listing Additional Pollutants.

FWPC Sec. 301(g)(4)(A)

"(A) General Authority. Upon petition of any person, the Administrator may add any pollutant to the list of pollutants for which modification under this section is authorized (except for pollutants identified pursuant to section 304(a)(4) of this Act, toxic pollutants subject to section 307(a) of this Act, and the thermal component of discharges) in accordance with the provisions of this paragraph.

FWPC Sec. 301(g)(4)(B)

"(B) Requirements for Listing.

FWPC Sec. 301(g)(4)(B)(i)

"(i) Sufficient Information. The person petitioning for listing of an additional pollutant under this subsection shall submit to the Administrator sufficient information to make the determinations required by this subparagraph.

FWPC Sec. 301(g)(4)(B)(ii)

"(ii) Toxic Criteria Determination. The Administrator shall determine whether or not the pollutant meets the criteria for listing as a toxic pollutant under section 307(a) of this Act.

FWPC Sec. 301(g)(4)(B)(iii)

"(iii) Listing as Toxic Pollutant. If the Administrator determines that the pollutant meets the criteria for listing as a toxic pollutant under section 307(a), the Administrator shall list the Pollutant as a toxic pollutant under section 307(a).

FWPC Sec. 301(g)(4)(B)(iv)

"(iv) Non-conventional Criteria Determination. If the Administrator determines that the pollutant does not meet the criteria for listing as a toxic pollutant under such section and determines that adequate test methods and sufficient data are available to make the determinations required by paragraph (2) of this subsection with respect to the pollutant, the Administrator shall add the pollutant to the list of pollutants specified in paragraph (1) of this subsection for which modifications are authorized under this subsection.

FWPC Sec. 301(g)(4)(C)

"(C) Requirements for Filing of Petitions. A petition for listing of a pollutant under this paragraph

FWPC Sec. 301(g)(4)(C)(i)

"(i) must be filed not later than 270 days after the date of promulgation of an applicable; effluent guideline under section 304

FWPC Sec. 301(g)(4)(C)(ii)

"(ii) may be filed before promulgation of such guideline; and

FWPC Sec. 301(g)(4)(C)(iii)

"(iii) may be filed with an application for a modification under paragraph (1) with respect to the discharge of such pollutant.

FWPC Sec. 301(g)(4)(D)

"(D) Deadline for Approval of Petition. A decision to add a pollutant to the list of pollutants for which modifications under this subsection are authorized must be made within 270 days after the date of promulgation of an applicable effluent guideline under section 304.

FWPC Sec. 301(g)(4)(E)

"(E) Burden of Proof. The burden of proof for making the determinations under subparagraph (B) shall be on the petitioner.

[301(g)(4) added by PL 100-4]

FWPC Sec. 301(g)(5)

"(5) Removal of Pollutants. The Administrator may remove any pollutant from the list of pollutants for which modifications are authorized under this subsection if the Administrator determines that adequate test methods and sufficient data are no longer available for determining whether or not modifications may be granted with respect to such pollutant under paragraph (2) of this subsection.

[301(g)(5) added by PL 100-4]

FWPC Sec. 301(h)

"(h) The Administrator, with the concurrence of the State, may issue a permit under section 402 which modifies the requirements of subsection (b)(1)(B) of this section with respect to the discharge of any pollutant from a publicly owned treatment works into marine waters, if the applicant demonstrates to the satisfaction of the Administrator that

FWPC Sec. 301(h)(1)

"(1) there is an applicable water quality standard specific to the pollutant for which the modification is requested, which has been identified under section 304(a)(6) of this Act;

FWPC Sec. 301(h)(2)

"(2) the discharge of pollutants in accordance with such modified requirements will not interfere, alone or in combination with pollutants from other sources, with the attainment or maintenance of that water quality which assures protection of public water supplies and protection and propagation of a balanced, indigenous population of shellfish, fish and wildlife, and allows recreational activities, in and on the water;

FWPC Sec. 301(h)(3)

"(3) the applicant has established a system for monitoring the impact of such discharge on a representative sample of aquatic biota, to the extent practicable, and the scope of such monitoring is limited to include only those scientific investigations which are necessary to study the effects of the proposed discharge;

[301(h)(3) amended by PL 100-4]

FWPC Sec. 301(h)(4)

"(4) such modified requirements will not result in any additional requirements on any other point or nonpoint source;

FWPC Sec. 301(h)(5)

"(5) all applicable pretreatment requirements for sources introducing waste into such treatment works will be enforced;

FWPC Sec. 301(h)(6)

"(6) in the case of any treatment works serving a population of 50,000 or more, with respect to any toxic pollutant introduced into such works by an industrial discharger for which pollutant there is no applicable pretreatment requirement in effect, sources introducing waste into such works are in compliance with all applicable pretreatment requirements, the applicant will enforce such requirements, and the applicant has in effect a pretreatment program which, in combination with the treatment of discharges from such works, removes the same amount of such pollutant as would be removed if such works were to apply secondary treatment to discharges and if such works had no pretreatment program with respect to such pollutant;

[New 301(h)(6) added by PL 100-4]

FWPC Sec. 301(h)(7)

"(7) to the extent practicable, the applicant has established a schedule of activities designed to eliminate the entrance of toxic pollutants from non-industrial sources into such treatment works;

[Former 301(h)(8) deleted by PL 97-117; former (6) and (7)

redesignated as (7) and (8) by PL 100-4]

FWPC Sec. 301(h)(8)

"(8) there will be no new or substantially increased discharges from the point source of the pollutant to which the modification applies above that volume of discharge specified in the permit;

FWPC Sec. 301(h)(9)

"(9) the applicant at the time such modification becomes effective will be discharging effluent which has received at least primary or equivalent treatment and which meets the criteria established under section 304(a)(1) of this Act after initial mixing in the waters surrounding or adjacent to the point at which such effluent is discharged.

[301(h)(9) added by PL 100-4] For the purposes of this subsection the phrase "the discharge of any pollutant into marine waters" refers to a discharge into deep waters of the territorial sea or the waters of the contiguous zone, or into saline estuarine waters where there is strong tidal movement and other hydrological and geological characteristics which the Administrator determines necessary to allow compliance with paragraph (2) of this subsection, and section 101(a)(2) of this Act. For the purposes of paragraph (9), primary or equivalent treatment" means treatment by screening, sedimentation, and skimming adequate to remove at least 30 percent of the biological oxygen demanding material and of the suspending solids in the treatment works influent, and disinfection, where appropriate. A municipality which applies secondary treatment shall be eligible to receive a permit pursuant to this subsection which modifies the requirements of subsection (b)(1)(B) of this section with respect to the discharge of any pollutant from any treatment works owned by such municipality into marine waters. No permit issued under this subsection shall authorize the discharge of sewage sludge into marine waters. In order for a permit to be issued under this subsection for the discharge of a pollutant into marine waters, such marine waters must exhibit characteristics assuring

that water providing dilution does not contain significant amounts of previously discharged effluent from such treatment works. No permit issued under this subsection shall authorize the discharge of any pollutant into saline estuarine waters which at the time of application do not support a balanced indigenous population of shellfish, fish and wildlife, or allow recreation in and on the waters or which exhibit ambient water quality below applicable water quality standards adopted for the protection of public water supplies, shellfish, fish and wildlife or recreational activities or such other standards necessary to assure support and protection of such uses. The prohibition contained in the preceding sentence shall apply without regard to the presence or absence of a causal relationship between such characteristics and the applicant's current or proposed discharge. Notwithstanding any other provisions of this subsection, no permit may be issued under this subsection for discharge of a pollutant into the New York Bight Apex consisting of the ocean waters of the Atlantic Ocean westward of 73 degrees 30 minutes west longitude and northward of 40 degrees 10 minutes north latitude.

[301(h) amended by PL 97-117; PL 100-4]

FWPC Sec. 301(i)

"(i) "(1) Where construction is required in order for a planned or existing publicly owned treatment works to achieve limitations under subsection (b)(1)(B) or (b)(1)(C) of this section, but "(A) construction cannot be completed within the time required in such subsection, or "(B) the United States has failed to make financial assistance under this Act available in time to achieve such limitations by the time specified in such subsection, the owner or operator of such treatment works may request the Administrator (or if appropriate the State) to issue a permit pursuant to section 402 of this Act or to modify a permit issued pursuant to that section to extend such time for compliance. Any such request shall be filed with the Administrator (or if appropriate the State) within 180 days after the date of enactment of the Water Quality Act of 1987. The Administrator (or if appropriate the State) may grant such request and issue or modify such a permit, which shall contain a schedule of compliance for the publicly owned treatment works based on the earliest date by which such financial assistance will be available from the United States and construction can be completed, but in no event later than July 1, 1988, and shall contain such other terms and conditions, including those necessary to carry out subsections (b) through (g) of section 201 of this Act, section 307 of this Act, and such interim effluent limitations applicable to that treatment works as the Administrator determines are necessary to carry out the provisions of this Act.

[301(i)(1) amended by PL 100-4]

FWPC Sec. 301(i)(2)

"(2) "(A) Where a point source (other than a publicly owned treatment works) will not achieve the requirements of sub sections (b)(1)(A) and (b)(1)(C) of this section and

FWPC Sec. 301(i)(2)(A)(i)

"(i) if a permit issued prior to July 1, 1977, to such point source is based upon a discharge into a publicly owned treatment works; or

FWPC Sec. 301(i)(2)(A)(ii)

"(ii) if such point source (other than a publicly owned treatment works) had before July 1, 1977, a

contract (enforceable against such point source) to discharge into a publicly owned treatment works;
or

FWPC Sec. 301(i)(2)(A)(iii)

"(iii) if either an application made before July 1, 1977, for a construction grant under this Act for a publicly owned treatment works, or engineering or architectural plans or working drawings made before July 1, 1977, for a publicly owned treatment works, show that such point source was to discharge into such publicly owned treatment works, and such publicly owned treatment works is presently unable to accept such discharge without construction, and in the case of a discharge to an existing publicly owned treatment works, such treatment works has an extension pursuant to paragraph of this subsection, the owner or operator of such point source may request the Administrator (or if appropriate the State) to issue or modify such a permit pursuant to such section 402 to extend such time for compliance. Any such request shall be filed with the Administrator (or if appropriate the State) within 180 days after the date of enactment of this subsection or the filing of a request by the appropriate publicly owned treatment works under paragraph (1) of this subsection, whichever is later. If the Administrator (or if appropriate the State) finds that the owner or operator of such point source has acted in good faith, he may grant such request and issue or modify such a permit, which shall contain a schedule of compliance for the point source to achieve the requirements of subsections (b)(1)(A) and (C) of this section and shall contain such other terms and conditions, including pretreatment and interim effluent limitations and water conservation requirements applicable to that point source, as the Administrator determines are necessary to carry out the provisions of this Act.

FWPC Sec. 301(i)(2)(B)

"(B) No time modification granted by the Administrator (or if appropriate the State) pursuant to paragraph (2)(A) of this subsection shall extend beyond the earliest date practicable for compliance or beyond the date of any extension granted to the appropriate publicly owned treatment works pursuant to paragraph (1) of this subsection, but in no event shall it extend beyond July 1, 1988; and no such time modification shall be granted unless "(i) the publicly owned treatment works will be in operation and available to the point source before July 1, 1988, and will meet the requirements to subsections (b)(1)(B) and (C) of this section after receiving the discharge from that point source; and "(ii) the point source and the publicly owned treatment works have entered into an enforceable contract requiring the point source to discharge into the publicly owned treatment works, the owner or operator of such point source to pay the costs required under section 204 of this Act , and the publicly owned treatment works to accept the discharge from the point source; and "(iii) the permit for such point source requires point source to meet all requirements under section 307(a) and (b) during the period of such time modification.

[301(i) amended by PL 97-117]

FWPC Sec. 301(j)

"(j) "(1) Any application filed under this section for a modification of the provisions of

FWPC Sec. 301(j)(1)(A)

"(A) subsection (b)(1)(B) of this section under subsection (h) of this section shall be filed not later than the 365th day which begins after the date of enactment of the Municipal Wastewater

Treatment Construction Grant Amendments of 1981, except that a publicly owned treatment works which prior to December 31, 1982, had a contractual arrangement to use a portion of the capacity of an ocean outfall operated by another publicly owned treatment works which has applied for or received modification under subsection (h), may apply for a modification of subsection (h) in its own right not later than 30 days after the date of the enactment of the Water Quality Act of 1987 and except as provided in paragraph (5);

[301(j)(1)(A) revised by PL 97-117; amended by PL 100-4; PL 103-431]

FWPC Sec. 301(j)(1)(B)

"(B) Subsection (b)(2)(A) as it applies to pollutants identified in subsection (b)(2)(F) shall be filed not later than 270 days after the date of promulgation of an applicable effluent guideline under section 304 or not later than 270 days after the date of enactment of the Clean Water Act of 1977, whichever is later.

FWPC Sec. 301(j)(2)

"(2) Subject to paragraph (j)(3) of this section, any application for a modification filed under subsection (g) of this section shall not operate to stay any requirement under this Act, unless in the judgment of the Administrator such a stay or the modification sought will not result in the discharge of pollutants in quantities which may reasonably be anticipated to pose an unacceptable risk to human health or the environment because of bioaccumulation, persistency in the environment, acute toxicity, chronic toxicity (including carcinogenicity, mutagenicity or teratogenicity), or synergistic propensities, and that there is a substantial likelihood that the applicant will succeed on the merits of such application. In the case of an application filed under subsection (g) of this section, the Administrator may condition any stay granted under this paragraph on requiring the filing of a bond or other appropriate security to assure timely compliance with the requirements from which a modification is sought.

FWPC Sec. 301(j)(3)

"(3) Compliance Requirements Under Subsection (g).

FWPC Sec. 301(j)(3)(A)

"(A) Effect of Filing. An application for a modification under subsection (g) and a petition for listing of a pollutant as a pollutant for which modifications are authorized under such subsection shall not stay the requirement that the person seeking such modification or listing comply with effluent limitations under this Act for all pollutants not the subject of such application or petition.

FWPC Sec. 301(j)(3)(B)

"(B) Effect of Disapproval. Disapproval of an application for a modification under subsection (g) shall not stay the requirement that the person seeking such modification comply with all applicable effluent limitations under this Act.

[301(j)(3) added by PL 100-4]

FWPC Sec. 301(j)(4)

"(4) Deadline for Subsection (g) Decision. An application for a modification with respect to a

pollutant filed under subsection (g) must be approved or disapproved not later than 365 days after the date of such filing; except that in any case in which a petition for listing such pollutant as a pollutant for which modifications are authorized under such subsection is approved, such application must be approved or disapproved not later than 365 days after the date of approval of such petition.

[301(j)(4) added by PL 100-4]

FWPC Sec. 301(j)(5)

"(5) Extension of application deadline.

FWPC Sec. 301(j)(5)(A)

"(A) In general. In general the 180- day period beginning on the date of the enactment of this paragraph, the city of San Diego, California, may apply for a modification pursuant to subsection (h) of the requirements of subsection (b)(1)(B) with respect to biological oxygen demand and total suspended solids in the effluent discharged into marine waters.

FWPC Sec. 301(j)(5)(B)

"(B) Application. An application under this paragraph shall include a commitment by the applicant to implement a waste water reclamation program that, at a minimum, will

FWPC Sec. 301(j)(5)(B)(i)

"(i) achieve a system capacity of 45,000,000 gallons of reclaimed waste water per day by January 1, 2010; and

FWPC Sec. 301(j)(5)(B)(ii)

"(ii) result in a reduction in the quantity of suspended solids discharged by the applicant into the marine environment during the period of the modification.

FWPC Sec. 301(j)(5)(C)

"(C) Additional conditions. The Administrator may not grant a modification pursuant to an application submitted under this paragraph unless the Administrator determines that such modification will result in removal of not less than 58 percent of the biological oxygen demand (on an annual average) and not less than 80 percent of total suspended solids (on a monthly average) in the discharge to which the application applies.

FWPC Sec. 301(j)(5)(D)

"(D) Preliminary decision deadline. The Administrator shall announce a preliminary decision on an application submitted under this paragraph not later than 1 year after the date the application is submitted.

[301(j)(5) added by PL 103-431]

FWPC Sec. 301(k)

"(k) In the case of any facility subject to a permit under section 402 which proposes to comply with the requirements of subsection (b)(2)(A) or (b)(2)(E) of this section by replacing existing production

capacity with an innovative production process which will result in an effluent reduction significantly greater than that required by the limitation otherwise applicable to such facility and moves toward the national goal of eliminating the discharge of all pollutants, or with the installation of an innovative control technique that has a substantial likelihood for enabling the facility to comply with the applicable effluent limitation by achieving a significantly greater effluent reduction than that required by the applicable effluent limitation and moves toward the national goal of eliminating the discharge of all pollutants, or by achieving the required reduction with an innovative system that has the potential for significantly lower costs than the systems which have been determined by the Administrator to be economically achievable, the Administrator (or the State with an approved program under section 402 , in consultation with the Administrator) may establish a date for compliance under subsection (b)(2)(A) or (b)(2)(E) of this section no later than two years after the date for compliance with such effluent limitation which would otherwise be applicable under such subsection, if it is also determined that such innovative system has the potential for industry wide application.

[301(k) amended by PL 100-4]

FWPC Sec. 301(l)

"(l) Other than as provided in subsection (n) of this section, the Administrator may not modify any requirement of this section as it applies to any specific pollutant which is on the toxic pollutant list under section 307(a)(1) of this Act.

[301(l) amended by PL 100-4]

FWPC Sec. 301(m)

"(m) "(1) The Administrator, with the concurrence of the State, may issue a permit under section 402 which modifies the requirements of subsections (b)(1)(A) and (b)(2)(E) of this section, and of section 403 , with respect to effluent limitations to the extent such limitations relate to biochemical oxygen demand and pH from discharges by an industrial discharger in such State into deep waters of the territorial seas, if the applicant demonstrates and the Administrator finds that

FWPC Sec. 301(m)(1)(A)

"(A) the facility for which modification is sought is covered at the time of the enactment of this subsection by National Pollutant Discharge Elimination System permit number CA0005894 or CA0005282;

FWPC Sec. 301(m)(1)(B)

"(B) the energy and environmental costs of meeting such requirements of subsections (b)(1)(A) and (b)(2)(E) and section 403 exceed by an unreasonable amount the benefits to be obtained, including the objectives of this Act;

FWPC Sec. 301(m)(1)(C)

"(C) the applicant has established a system for monitoring the impact of such discharges on a representative sample of aquatic biota;

FWPC Sec. 301(m)(1)(D)

"(D) such modified requirements will not result in any additional requirements on any other point or nonpoint source;

FWPC Sec. 301(m)(1)(E)

"(E) there will be no new or substantially increased discharges from the point source of the pollutant to which the modification applies above that volume of discharge specified in the permit;

FWPC Sec. 301(m)(1)(F)

"(F) the discharge is into waters where there is strong tidal movement and other hydrological and geological characteristics which are necessary to allow compliance with this subsection and section 101(a)(2) of this Act;

FWPC Sec. 301(m)(1)(G)

"(G) the applicant accepts as a condition to the permit a contractual obligation to use funds in the amount required (but not less than \$250,000 per year for ten years) for research and development of water pollution control technology, including but not limited to closed cycle technology;

FWPC Sec. 301(m)(1)(H)

"(H) the facts and circumstances present a unique situation which, if relief is granted, will not establish a precedent or the relaxation of the requirements of this Act applicable to similarly situated discharges; and

FWPC Sec. 301(m)(1)(I)

"(I) no owner or operator of a facility comparable to that of the applicant situated in the United States has demonstrated that it would be put at a competitive disadvantage to the applicant (or the parent company or any subsidiary thereof) as a result of the issuance of a permit under this subsection.

FWPC Sec. 301(m)(2)

"(2) The effluent limitations established under a permit issued under paragraph (1) shall be sufficient to implement the applicable State water quality standards, to assure the protection of public water supplies and protection and propagation of a balanced, indigenous population of shellfish, fish, fauna, wildlife, and other aquatic organisms, and to allow recreational activities in and on the water. In setting such limitations, the Administrator shall take into account any seasonal variations and the need for an adequate margin of safety, considering the lack of essential knowledge concerning the relationship between effluent limitations and water quality and the lack of essential knowledge of the effects of discharges on beneficial uses of the receiving waters.

FWPC Sec. 301(m)(3)

"(3) A permit under this subsection may be issued for a period not to exceed five years, and such a permit may be renewed for one additional period not to exceed five years upon a demonstration by the applicant and a finding by the Administrator at the time of application for any such renewal that the provisions of this subsection are met.

FWPC Sec. 301(m)(4)

"(4) The Administrator may terminate a permit issued under this subsection if the Administrator determines that there has been a decline in ambient water quality of the receiving waters during the period of the permit even if a direct cause and effect relationship cannot be shown: Provided, That if the effluent from a source with a permit issued under this subsection is contributing to a decline in ambient water quality of the receiving waters, the Administrator shall terminate such permit.

[301(m) added by PL 97-440]

FWPC Sec. 301(n)

"(n) Fundamentally Different Factors.

FWPC Sec. 301(n)(1)

"(1) General Rule. The Administrator, with the concurrence of the State, may establish an alternative requirement under subsection (b)(2) or section 307(b) for a facility that modifies the requirements of national effluent limitation guidelines or categorical pretreatment standards that would otherwise be applicable to such facility, if the owner or operator of such facility demonstrates to the satisfaction of the Administrator that

FWPC Sec. 301(n)(1)(A)

"(A) the facility is fundamentally different with respect to the factors (other than cost) specified in section 304(b) or 304(g) and considered by the Administrator in establishing such national effluent limitation guidelines or categorical pretreatment standards;

FWPC Sec. 301(n)(1)(B)

"(B) the application

FWPC Sec. 301(n)(1)(B)(i)

"(i) is based solely on information and supporting data submitted to the Administrator during the rule making for establishment of the applicable national effluent limitation guidelines or categorical pretreatment standard specifically raising the factors that are fundamentally different for such facility; or

FWPC Sec. 301(n)(1)(B)(ii)

"(ii) is based on information and supporting data referred to in clause (i) and information and supporting data the applicant did not have a reasonable opportunity to submit during such rule making;

FWPC Sec. 301(n)(1)(C)

"(C) the alternative requirement is no less stringent than justified by the fundamental difference: and

FWPC Sec. 301(n)(1)(D)

"(D) the alternative requirement will not result in a non-water quality environmental impact which is markedly more adverse than the impact considered by the Administrator in establishing such national effluent limitation guideline or categorical pretreatment standard.

FWPC Sec. 301(n)(2)

"(2) Time Limit for Applications. An application for an alternative requirement which modifies the requirements of an effluent limitation or pretreatment standard under this subsection must be submitted to the Administrator within 180 days after the date on which such limitation or standard is established or revised, as the case may be.

FWPC Sec. 301(n)(3)

"(3) Time Limit for Decision. The Administrator shall approve or deny by final agency action an application submitted under this subsection within 180 days after the date such application is filed with the Administrator.

FWPC Sec. 301(n)(4)

"(4) Submission of Information. The Administrator may allow an applicant under this subsection to submit information and supporting data until the earlier of the date the application is approved or denied or the last day that the Administrator has to approve or deny such application.

FWPC Sec. 301(n)(5)

"(5) Treatment of Pending Applications. For the purposes of this subsection, an application for an alternative requirement based on fundamentally different factors which is pending on the date of the enactment of this subsection shall be treated as having been submitted to the Administrator on the 180th day following such date of enactment. The applicant may amend the application to take into account the provisions of this subsection.

FWPC Sec. 301(n)(6)

"(6) Effect of Submission of Application. An application for an alternative requirement under this subsection shall not stay the applicant's obligation to comply with the effluent limitation guideline or categorical pretreatment standard which is the subject of the application.

FWPC Sec. 301(n)(7)

"(7) Effect of Denial. If an application for an alternative requirement which modifies the requirements of an effluent limitation or pretreatment standard under this subsection is denied by the Administrator, the applicant must comply with such limitation or standard as established or revised, as the case may be.

FWPC Sec. 301(n)(8)

"(8) Reports. Every 6 months after the date of the enactment of this subsection, the Administrator shall submit to the Committee on Environment and Public Works of the Senate and the Committee on Public Works and Transportation of the House of Representatives a report on the status of applications for alternative requirements which modify the requirements of effluent limitations under section 301 or 304 of this Act or any national categorical pretreatment standard under section 307(b) of this Act filed before, on, or after such date of enactment.

[301(n) added by PL 100-4]

FWPC Sec. 301(o)

"(o) Application Fees. The Administrator shall prescribe and collect from each applicant fees reflecting the reasonable administrative costs incurred in reviewing and processing applications for modifications submitted to the Administrator pursuant to subsections (c), (g), (i), (k), (m), and (n) of section 301, section 304(d)(4), and section 316(a) of this Act . All amounts collected by the Administrator under this subsection shall be deposited into a special fund of the Treasury entitled "Water Permits and Related Services" which shall thereafter be available for appropriation to carry out activities of the Environmental Protection Agency for which such fees were collected.

[301(o) added by PL 100-4]

FWPC Sec. 301(p)

"(p) Modified Permit for Coal Refining Operations.

FWPC Sec. 301(p)(1)

"(1) In General. Subject to paragraphs (2) through (4) of this subsection, the Administrator, or the State in any case which the State has an approved permit pro gram under section 402(b), may issue a permit under section 402 which modifies the requirements of subsection (b)(2)(A) of this section with respect to the pH level of any pre-existing discharge, and with respect to preexisting discharges of iron and manganese from the remined area of any coal remining operation or with respect to the pH level or level of iron or manganese in any pre- existing discharge affected by the remining operation. Such modified requirements shall apply the best available technology economically achievable on a case- by-case basis, using best professional judgment, to set specific numerical effluent limitations in each permit.

FWPC Sec. 301(p)(2)

"(2) Limitations. The Administrator or the State may only issue a permit pursuant to paragraph (1) if the applicant demonstrates to the satisfaction of the Administrator or the State, as the case may be, that the coal remining operation will result in the potential for improved water quality from the remining operation but in no event shall such a permit allow the pH level of any discharge, and in no event shall such a permit allow the discharges of iron and manganese, to exceed the levels being discharged from the remined area before the coal remining operation begins. No discharge from, or affected by, the remining operation shall exceed State water quality standards established under section 303 of this Act .

FWPC Sec. 301(p)(3)

"(3) Definitions. For purposes of this subsection

FWPC Sec. 301(p)(3)(A)

"(A) Coal Remining Operation. The term "coal remining operation" means a coal mining operation which begins after the date of the enactment of this subsection at a site on which coal mining was conducted before the effective date of the Surface Mining Control and Reclamation Act of 1977,

FWPC Sec. 301(p)(3)(B)

"(B) Remined Area. The term "remined area" means only that area of any coal remining operation on which coal mining was conducted before the effective date of the Surface Mining Control and

Reclamation Act of 1977,

FWPC Sec. 301(p)(3)(C)

"(C) Pre-existing Discharge. The term "pre-existing discharge" means any discharge at the time of permit application under this subsection.

FWPC Sec. 301(p)(4)

"(4) Applicability of Strip Mining Laws. Nothing in this subsection shall affect the application of the Surface Mining Control and Reclamation Act of 1977 to any coal remining operation, including the application of such Act to suspended solids.

[301(p) added by PL 100-4]

Sec. 302 [33 USC 1312] Water Quality Related Effluent Limitations

FWPC Sec. 302(a)

"(a) Whenever, in the judgment of the Administrator or as identified under section 304(l) discharges of pollutants from a point source or group of point sources, with the application of effluent limitations required under section 301(b)(2) of this Act, would interfere with the attainment or maintenance of that water quality in a specific portion of the navigable waters which shall assure protection of public health, public water supplies, agricultural and industrial uses, and the protection and propagation of a balanced population of shellfish, fish and wildlife, and allow recreational activities in and on the water, effluent limitations (including alternative effluent control strategies) for such point source or sources shall be established which can reasonably be expected to contribute to the attainment or maintenance of such water quality.

[302(a) amended by PL 100-4]

FWPC Sec. 302(b)

"(b) Modifications of Effluent Limitations.

FWPC Sec. 302(b)(1)

"(1) Notice and Hearing. Prior to establishment of any effluent limitation pursuant to subsection (a) of this section, the Administrator shall publish such proposed limitation and within 90 days of such publication hold a public hearing.

FWPC Sec. 302(b)(2)

"(2) Permits.

FWPC Sec. 302(b)(2)(A)

"(A) No Reasonable Relationship. The Administrator, with the concurrence of the State, may issue a permit which modifies the effluent limitations required by subsection (a) of this section for pollutants other than toxic pollutants if the applicant demonstrates at such hearing that (whether or not technology or other alternative control strategies are available) there is no reasonable relationship between the economic and social costs and the benefits to be obtained (including attainment of the

objective of this Act) from achieving such limitation.

FWPC Sec. 302(b)(2)(B)

"(B) Reasonable Progress. The Administrator, with the concurrence of the State, may issue a permit which modifies the effluent limitations required by subsection (a) of this section for toxic pollutants for a single period not to exceed 5 years if the applicant demonstrates to the satisfaction of the Administrator that such modified requirements "(i) will represent the maximum degree of control within the economic capability of the owner and operator of the source, and "(ii) will result in reasonable further progress beyond the requirements of section 301(b)(2) toward the requirements of subsection (a) of this section.

[302(b) revised by PL 100-4]

FWPC Sec. 302(c)

"(c) The establishment of effluent limitations under this section shall not operate to delay the application of any effluent limitation established under section 301 of this Act .

Sec. 303 [33 USC 1313] Water Quality Standards and Implementation Plans

FWPC Sec. 303(a)

"(a) "(1) In order to carry out the purpose of this Act, any water quality standard applicable to interstate waters which was adopted by any State and submitted to, and approved by, or is awaiting approval by, the Administrator pursuant to this Act as in effect immediately prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, shall remain in effect unless the Administrator determined that such standard is not consistent with the applicable requirements of this Act as in effect immediately prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972. If the Administrator makes such a determination he shall, within three months after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, notify the State and specify the changes needed to meet such requirements. If such changes are not adopted by the State within ninety days after the date of such notification, the Administrator shall promulgate such changes in accordance with subsection (b) of this section.

FWPC Sec. 303(a)(2)

"(2) Any State which, before the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, has adopted pursuant to its own law, water quality standards applicable to intrastate waters shall submit such standards to the Administrator within thirty days after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972. Each such standard shall remain in effect, in the same manner and to the same extent as any other water quality standard established under this Act unless the Administrator determines that such standard is inconsistent with the applicable requirements of this Act as in effect immediately prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972. If the Administrator makes such a determination he shall not later than the one hundred and twentieth day after the date of submission of such standards, notify the State and specify the changes needed to meet such requirements. If such changes are not adopted by the State within ninety days after such notification, the Administrator shall promulgate such changed in accordance with subsection (b) of this section.

FWPC Sec. 303(a)(3)

"(3) "(A) Any State which prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972 has not adopted pursuant to its own laws water quality standards applicable to intrastate waters shall, not later than one hundred and eighty days after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, adopt and submit such standards to the Administrator.

FWPC Sec. 303(a)(3)(B)

"(B) If the Administrator determines that any such standards are consistent with the applicable requirements of this Act as in effect immediately prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, he shall approve such standards.

FWPC Sec. 303(a)(3)(C)

"(C) If the Administrator determines that any such standards are not consistent with the applicable requirements of this Act as in effect immediately prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, he shall, not later than the ninetieth day after the date of submission of such standards, notify the State and specify the changes to meet such requirements. If such changes are not adopted by the State within ninety days after the date of notification, the Administrator shall promulgate such standards pursuant to subsection (b) of this section.

FWPC Sec. 303(b)

"(b) "(1) The Administrator shall promptly prepare and publish proposed regulations setting forth water quality standards for a State in accordance with the applicable requirements of this Act as in effect immediately prior to the date of enactment of the Federal Water Pollution Control Act Amendments of 1972, if

FWPC Sec. 303(b)(1)(A)

"(A) the State fails to submit water quality standards within the times prescribed in subsection (a) of this section,

FWPC Sec. 303(b)(1)(B)

"(B) a water quality standard submitted by such State under subsection (a) of this section is determined by the Administrator not to be consistent with the applicable requirements of subsection (a) of this section.

FWPC Sec. 303(b)(2)

"(2) The Administrator shall promulgate any water quality standard published in a proposed regulation not later than one hundred and ninety days after the date he publishes any such proposed standard, unless prior to such promulgation, such State has adopted a water quality standard which the Administrator determines to be in accordance with subsection (a) of this section.

FWPC Sec. 303(c)

"(c) "(1) The Governor of a State or the State water pollution control agency of such State shall from time to time (but at least once each three year period beginning with the date of enactment of the Federal Water Pollution Control Act Amendments of 1972) hold public hearings for the purpose of

reviewing applicable water quality standards and, as appropriate, modifying and adopting standards. Results of such review shall be made available to the Administrator.

FWPC Sec. 303(c)(2)

"(2) "(A) Whenever the State revises or adopts a new standard, such revised or new standard shall be submitted to the Administrator. Such revised or new water quality standard shall consist of the designated uses of the navigable waters involved and the water quality criteria for such waters based upon such uses. Such standards shall be such as to protect the public health or welfare, enhance the quality of water and serve the purposes of this Act. Such standards shall be established taking into consideration their use and value for public water supplies, propagation of fish and wildlife, recreational purposes, and agricultural, industrial, and other purposes, and also taking into consideration their use and value for navigation.

[303(c)(2)(A) designated by PL 100-4]

FWPC Sec. 303(c)(2)(B)

"(B) Whenever a State reviews water quality standards pursuant to paragraph (1) of this subsection, or revises or adopts new standards pursuant to this paragraph, such State shall adopt criteria for all toxic pollutants listed pursuant to section 307(a)(1) of this Act for which criteria have been published under section 304(a), the discharge or presence of which in the affected waters could reasonably be expected to interfere with those designated uses adopted by the State, as necessary to support such designated uses. Such criteria shall be specific numerical criteria for such toxic pollutants. Where such numerical criteria are not available, whenever a State reviews water quality standards pursuant to paragraph (1), or revises or adopts new standards pursuant to this paragraph, such State shall adopt criteria based on biological monitoring or assessment methods consistent with information published pursuant to section 304(a)(8). Nothing in this section shall be construed to limit or delay the use of effluent limitations or other permit conditions based on or involving biological monitoring or assessment methods or previously adopted numerical criteria.

[303(c)(2)(B) added by PL 100-4]

FWPC Sec. 303(c)(3)

"(3) If the Administrator, within sixty days after the date of submission of the revised or new standard, determines that such standard meets the requirements of this Act, such standard shall thereafter be the water quality standard for the applicable waters of that State. If the Administrator determines that any such revised or new standard is not consistent with the applicable requirements of this Act, he shall not later than the ninetieth day after the date of submission of such standard notify the State and specify the changes to meet such requirements. If such changes are not adopted by the State within ninety days after the date of notification, the Administrator shall promulgate such standard pursuant to paragraph (4) of this subsection.

FWPC Sec. 303(c)(4)

"(4) The Administrator shall promptly prepare and publish proposed regulations setting forth a revised or new water quality standard for the navigable waters involved

FWPC Sec. 303(c)(4)(A)

"(A) if a revised or new water quality standard submitted by such State under paragraph (3) of this subsection for such waters is determined by the Administrator not to be consistent with the applicable requirements of this Act, or

FWPC Sec. 303(c)(4)(B)

"(B) in any case where the Administrator determines that a revised or new standard is necessary to meet the requirements of this Act. The Administrator shall promulgate any revised or new standard under this paragraph not later than ninety days after he publishes such proposed standards, unless prior to such promulgation, such State has adopted a revised or new water quality standard which the Administrator determines to be in accordance with this Act.

FWPC Sec. 303(d)

"(d) "(1) "(A) Each state shall identify those waters within its boundaries for which the effluent limitations required by section 301(b)(1)(A) and section 301(b)(1)(B) are not stringent enough to implement any water quality standard applicable to such waters. The State shall establish a priority ranking for such waters, taking into account the severity of the pollution and the uses to be made of such waters.

FWPC Sec. 303(d)(1)(B)

"(B) Each State shall identify those waters or parts thereof within its boundaries for which controls on thermal discharges under section 301 are not stringent enough to assure protection and propagation of a balanced indigenous population of shellfish, fish, and wildlife.

FWPC Sec. 303(d)(1)(C)

"(C) Each State shall establish for the waters identified in paragraph (1)(A) of this subsection, and in accordance with the priority ranking, the total maximum daily load, for those pollutants which the Administrator identifies under section 304(a)(2) as suitable for such calculation. Such load shall be established at a level necessary to implement the applicable water quality standards with seasonal variations and a margin of safety which takes into account any lack of knowledge concerning the relationship between effluent limitations and water quality.

FWPC Sec. 303(d)(1)(D)

"(D) Each State shall estimate for the waters identified in paragraph (1)(B) of this subsection the total maximum daily thermal load required to assure protection and propagation of a balanced, indigenous population of shellfish, fish and wildlife. Such estimates shall take into account the normal water temperatures, flow rates, seasonal variations, existing sources of heat input, and the dissipative capacity of the identified waters or parts thereof. Such estimates shall include a calculation of the maximum heat input that can be made into each such part and shall include a margin of safety which takes into account any lack of knowledge concerning the development of thermal water quality criteria for such protection and propagation in the identified waters or parts thereof.

FWPC Sec. 303(d)(2)

"(2) Each State shall submit to the Administrator from time to time, with the first such submission not later than one hundred and eighty days after the date of publication of the first identification of

pollutants under section 304(a)(2)(D), for his approval the waters identified and the loads established under paragraphs (1)(A), (1)(B), (1)(C), and (1)(D) of this subsection . The Administrator shall either approve or disapprove such identification and load not later than thirty days after the date of submission. If the Administrator approves such identification and load, such State shall incorporate them into its current plan under subsection (e) of this section . If the Administrator disapproves such identification and load, he shall not later than thirty days after the date of such disapproval identify such waters in such State and establish such loads for such waters as he determines necessary to implement the water quality standards applicable to such waters and upon such identification and establishment the State shall incorporate them into its current plan under subsection (e) of this section.

FWPC Sec. 303(d)(3)

"(3) For the specific purpose of developing information, each State shall identify all waters within its boundaries which it has not identified under paragraph (1)(A) and (1)(B) of this subsection and estimate for such waters the total maximum daily load with seasonal variations and margins of safety, for those pollutants which the Administrator identifies under section 304(a)(2) as suitable for such calculation and for thermal discharges, at a level that would assure protection and propagation of a balanced indigenous population of fish, shellfish and wildlife.

FWPC Sec. 303(d)(4)

"(4) Limitations on Revision of Certain Effluent Limitations.

FWPC Sec. 303(d)(4)(A)

"(A) Standard Not Attained. For waters identified under paragraph (1)(A) where the applicable water quality standard has not yet been attained, any effluent limitation based on a total maximum daily load or other waste load allocation established under this section may be revised only if "(i) the cumulative effect of all such revised effluent limitations based on such total maximum daily load or waste load allocation will assure the attainment of such water quality standard, or "(ii) the designated use which is not being attained is removed in accordance with regulations established under this section.

FWPC Sec. 303(d)(4)(B)

"(B) Standard Attained. For waters identified under paragraph (1)(A) where the quality of such waters equals or exceeds levels necessary to protect the designated use for such waters or otherwise required by applicable water quality standards, any effluent limitation based on a total maximum daily load or other waste load allocation established under this section, or any water quality standard established under this section, or any other permitting standard may be revised only if such revision is subject to and consistent with the antidegradation policy established under this section.

[303(d)(4) added by PL 100-4]

FWPC Sec. 303(e)

"(e) "(1) Each State shall have a continuing planning process approved under paragraph (2) of this subsection which is consistent with this Act.

FWPC Sec. 303(e)(2)

"(2) Each State shall submit not later than 120 days after the date of the enactment of the Water Pollution Control Amendments of 1972 to the Administrator for his approval a proposed continuing planning process which is consistent with this Act. Not later than thirty days after the date of submission of such a process the Administrator shall either approve or disapprove such process. The Administrator shall from time to time review each State's approved planning process for the purpose of insuring that such planning process is at all times consistent with this Act. The Administrator shall not approve any State permit program under title IV of this Act for any State which does not have an approved continuing planning process under this section.

FWPC Sec. 303(e)(3)

"(3) The Administrator shall approve any continuing planning process submitted to him under this section which will result in plans for all navigable waters within such State, which include, but are not limited to, the following:

FWPC Sec. 303(e)(3)(A)

"(A) effluent limitations and schedules of compliance at least as stringent as those required by section 301(b)(1), section 301(b)(2), section 306, and section 307 , and at least as stringent as any requirements contained in any applicable water quality standard in effect under authority of this section;

FWPC Sec. 303(e)(3)(B)

"(B) the incorporation of all elements of any applicable areawide waste management plans under section 208 , and applicable basin plans under section 209 of this Act ;

FWPC Sec. 303(e)(3)(C)

"(C) total maximum daily load for pollutants in accordance with subsection (d) of this section;

FWPC Sec. 303(e)(3)(D)

"(D) procedures for revision;

FWPC Sec. 303(e)(3)(E)

"(E) adequate authority for intergovernmental cooperation;

FWPC Sec. 303(e)(3)(F)

"(F) adequate implementation, including schedules of compliance, for revised or new water quality standards, under subsection (c) of this section;

FWPC Sec. 303(e)(3)(G)

"(G) controls over the disposition of all residual waste from any water treatment processing;

FWPC Sec. 303(e)(3)(H)

"(H) an inventory and ranking, in order of priority, of needs for construction of waste treatment works required to meet the applicable requirements of sections 301 and 302 .

FWPC Sec. 303(f)

"(f) Nothing in this section shall be construed to affect any effluent limitation, or schedule of compliance required by any State to be implemented prior to the dates set forth in sections 301(b)(1) and 301(b)(2) nor to preclude any State from requiring compliance with any effluent limitation or schedule of compliance at dates earlier than such dates.

FWPC Sec. 303(g)

"(g) Water quality standards relating to heat shall be consistent with the requirements of section 316 of this Act .

FWPC Sec. 303(h)

"(h) For the purposes of this Act the term "water quality standards" includes thermal water quality standards.

Sec. 304 [33 USC 1314] Information and Guidelines

FWPC Sec. 304(a)

"(a) "(1) The Administrator, after consultation with appropriate Federal and State agencies and other interested persons, shall develop and publish, within one year after the date of enactment of this title (and from time to time thereafter revise) criteria for water quality accurately reflecting the latest scientific knowledge "(A) on the kind and extent of all identifiable effects on health and welfare including, but not limited to, plankton, fish, shellfish, wildlife, plant life, shore lines, beaches, esthetics, and recreation which may be expected from the presence of pollutants in any body of water, including ground water; "(B) on the concentration and dispersal of pollutants, or their byproducts, through biological, physical, and chemical processes; and "(C) on the effects of pollutants on biological community diversity, productivity, and stability, including information on the factors affecting rates of eutrophication and rates of organic and inorganic sedimentation for varying types of receiving waters.

FWPC Sec. 304(a)(2)

"(2) The Administrator, after consultation with appropriate Federal and State agencies and other interested persons, shall develop and publish, within one year after the date of enactment of this title (and from time to time thereafter revise) information "(A) on the factors necessary to restore and maintain the chemical, physical, and biological integrity of all navigable waters, ground waters, waters of the contiguous zone, and the oceans; "(B) on the factors necessary for the protection and propagation of shellfish, fish, and wildlife for classes and categories of receiving waters and to allow recreational activities in and on the water; and "(C) on the measurement and classification of water quality; and "(D) for the purpose of section 303, on and the identification of pollutants suitable for maximum daily load measurement correlated with the achievement of water quality objectives.

FWPC Sec. 304(a)(3)

"(3) Such criteria and information and revisions thereof shall be issued to the States and shall be published in the Federal Register and otherwise made available to the public.

FWPC Sec. 304(a)(4)

"(4) The Administrator shall, within 90 days after the date of enactment of the Clean Water Act of 1977 and from time to time thereafter, publish and revise as appropriate information identifying conventional pollutants, including but not limited to, pollutants classified as biological oxygen demanding, suspended solids, fecal coliform, and pH. The thermal component of any discharge shall not be identified as a conventional pollutant under this paragraph.

FWPC Sec. 304(a)(5)

"(5) "(A) The Administrator, to the extent practicable before consideration of any request under section 301(g) of this Act and within six months after the date of enactment of the Clean Water Act of 1977, shall develop and publish information on the factors necessary for the protection of public water supplies, and the protection and propagation of a balanced population of shellfish, fish and wildlife, and to allow recreational activities, in and on the water.

FWPC Sec. 304(a)(5)(B)

"(B) The Administrator, to the extent practicable before consideration of any application under section 301(h) of this Act and within six months after the date of enactment of the Clean Water Act of 1977, shall develop and publish information on the factors necessary for the protection of public water supplies, and the protection and propagation of a balanced indigenous population of shellfish, fish and wildlife, and to allow recreational activities, in and on the water.

FWPC Sec. 304(a)(6)

"(6) The Administrator shall, within three months after enactment of the Clean Water Act of 1977 and annually thereafter, for purposes of section 301(h) of this Act publish and revise as appropriate information identifying each water quality standard in effect under this Act of State law, the specific pollutants associated with such water quality standard, and the particular waters to which such water quality standard applies.

FWPC Sec. 304(a)(7)

"(7) Guidance to States. The Administrator, after consultation with appropriate State agencies and on the basis of criteria and information published under paragraphs (1) and (2) of this subsection , shall develop and publish, within 9 months after the date of the enactment of the Water Quality Act of 1987, guidance to the States on performing the identification required by section 304(l)(1) of this Act.

[304(a)(7) added by PL 100-4]

FWPC Sec. 304(a)(8)

"(8) Information on Water Quality Criteria. The Administrator, after consultation with appropriate State agencies and within 2 years after the date of the enactment of the Water Quality Act of 1987, shall develop and publish information on methods for establishing and measuring water quality criteria for toxic pollutants on other bases than pollutant-by- pollutant criteria, including biological monitoring and assessment methods.

[304(a)(8) added by PL 100-4]

FWPC Sec. 304(b)

"(b) For the purpose of adopting or revising effluent limitations under this Act the Administrator shall, after consultation with appropriate Federal and State agencies and other interested persons, publish within one year of enactment of this title, regulations, providing guidelines for effluent limitations, and, at least annually thereafter, revise, if appropriate, such regulations. Such regulations shall

FWPC Sec. 304(b)(1)

"(1) "(A) identify, in terms of amounts of constituents and chemical, physical, and biological characteristics of pollutants, the degree of effluent reduction attainable through the application of the best practicable control technology currently available for classes and categories of point sources (other than publicly owned treatment works); and

FWPC Sec. 304(b)(1)(B)

"(B) specify factors to be taken into account in determining the control measures and practices to be applicable to point sources (other than publicly owned treatment works) within such categories or classes. Factors relating to the assessment of best practicable control technology currently available to comply with subsection (b)(1) of section 301 of this Act shall include consideration of the total cost of application of technology in relation to the effluent reduction benefits to be achieved from such application, and shall also take into account the age of equipment and facilities involved, the process employed, the engineering aspects of the application of various types of control techniques, process changes, non-water quality environmental impact (including energy requirements), and such other factors as the Administrator deems appropriate;

FWPC Sec. 304(b)(2)

"(2) "(A) identify, in terms of amounts of constituents and chemical, physical, and biological characteristics of pollutants, the degree of effluent reduction attainable through the application of the best control measures and practices achievable including treatment techniques, process and procedure innovations, operating methods, and other alternatives for classes and categories of point sources (other than publicly owned treatment works); and

FWPC Sec. 304(b)(2)(B)

"(B) specify factors to be taken into account in determining the best measures and practices available to comply with subsection (b)(2) of section 301 of this Act to be applicable to any point source (other than publicly owned treatment works) within such categories of classes. Factors relating to the assessment of best available technology shall take into account the age of equipment and facilities involved, the process employed, the engineering aspects of the application of various types of control techniques, process changes, the cost of achieving such effluent reduction, non-water quality environmental impact (including energy requirements), and such other factors as the Administrator deems appropriate;

FWPC Sec. 304(b)(3)

"(3) identify control measures and practices available to eliminate the discharge of pollutants from categories and classes of point sources, taking into account the cost of achieving such elimination of the discharge of pollutants; and

FWPC Sec. 304(b)(4)

"(4) "(A) identify, in terms of amounts of constituents and chemical, physical, and biological characteristics of pollutants, the degree of effluent reduction attainable through the application of the best conventional pollutant control technology (including measures and practices) for classes and categories of point sources (other than publicly owned treatment works); and

FWPC Sec. 304(b)(4)(B)

"(B) specify factors to be taken into account in determining the best conventional pollutant control technology measures and practices to comply with section 301(b)(2)(E) of this Act to be applicable to any point source (other than publicly owned treatment works) within such categories or classes. Factors relating to the assessment of best conventional pollutant control technology (including measures and practices) shall include consideration of the reasonableness of the relationship between the costs of attaining a reduction in effluents and the effluent reduction benefits derived, and the comparison of the cost and level of reduction of such pollutants from the discharge from publicly owned treatment works to the cost and level of reduction of such pollutants from a class or category of industrial sources, and shall take into account the age of equipment and facilities involved, the process employed, the engineering aspects of the application of various types of control techniques, process changes, non-water quality environmental impact (including energy requirements), and such other factors as the Administrator deems appropriate.

FWPC Sec. 304(c)

"(c) The Administrator, after consultation, with appropriate Federal and State agencies and other interested persons, shall issue to the States and appropriate water pollution control agencies within 270 days after enactment of this title (and from time to time thereafter) information on the processes, procedures, or operating methods which result in the elimination or reduction of the discharge of pollutants to implement standards of performance under section 306 of this Act . Such information shall include technical and other data, including costs, as are available on alternative methods of elimination or reduction of the discharge of pollutants. Such information, and revisions thereof, shall be published in the Federal Register and otherwise shall be made available to the public.

FWPC Sec. 304(d)

"(d) "(1) The Administrator, after consultation with appropriate Federal and State agencies and other interested persons, shall publish within sixty days after enactment of this title (and from time to time thereafter) information, in terms of amounts of constituents and chemical, physical, and biological characteristics of pollutants, on the degree of effluent reduction attainable through the application of secondary treatment.

FWPC Sec. 304(d)(2)

"(2) The Administrator, after consultation with appropriate Federal and State agencies and other interested persons, shall publish within nine months after the date of enactment of this title (and from time to time thereafter) information on alternative waste treatment management techniques and systems available to implement section 201 of this Act .

FWPC Sec. 304(d)(3)

"(3) The Administrator, after consultation with appropriate Federal and State agencies and other interested persons, shall promulgate within one hundred and eighty days after the date of enactment

of this subsection guidelines for identifying and evaluating innovative and alternative wastewater treatment processes and techniques referred to in section 201(g)(5) of this Act.

FWPC Sec. 304(d)(4)

"(4) For the purposes of this subsection, such biological treatment facilities as oxidation ponds, lagoons, and ditches and trickling filters shall be deemed the equivalent of secondary treatment. The Administrator shall provide guidance under paragraph (1) of this subsection on design criteria for such facilities, taking into account pollutant removal efficiencies and, consistent with the objective of the Act, assuring that water quality will not be adversely affected by deeming such facilities as the equivalent of secondary treatment.

[304(d)(4) added by PL 97-117]

FWPC Sec. 304(e)

"(e) The Administrator, after consultation with appropriate Federal and State agencies and other interested persons, may publish regulations, supplemental to any effluent limitations specified under subsections (b) and (c) of this section for a class or category of point sources, for any specific pollutant which the Administrator is charged with a duty to regulate as a toxic or hazardous pollutant under section 307(a)(1) or 311 of this Act, to control plant site runoff, spillage or leaks, sludge or waste disposal, and drainage from raw material storage which the Administrator determines are associated with or ancillary to the industrial manufacturing or treatment process within such class or category of point sources and may contribute significant amounts of such pollutants to navigable waters. Any applicable controls established under this subsection shall be included as a requirement for the purposes of section 301 , 302 , 306 , 307 , or 403 , as the case may be, in any permit issued to a point source pursuant to section 402 of this Act .

FWPC Sec. 304(f)

"(f) The Administrator, after consultation with appropriate Federal and State agencies and other interested persons, shall issue to appropriate Federal agencies, the States, water pollution control agencies, and agencies designated under section 208 of this Act , within one year after the effective date of this subsection (and from time to time thereafter) information including "(1) guidelines for identifying and evaluating the nature and extent of nonpoint sources of pollutants, and "(2) processes, procedures, and methods to control pollution resulting from

FWPC Sec. 304(f)(2)(A)

"(A) agricultural and silvicultural activities, including runoff from fields and crop and forest lands;

FWPC Sec. 304(f)(2)(B)

"(B) mining activities, including runoff and siltation from new, currently operating, and abandoned surface and underground mines;

FWPC Sec. 304(f)(2)(C)

"(C) all construction activity, including runoff from the facilities resulting from such construction;

FWPC Sec. 304(f)(2)(D)

"(D) the disposal of pollutants in wells or in subsurface excavations;

FWPC Sec. 304(f)(2)(E)

"(E) salt water intrusion resulting from reductions of fresh water flow from any cause, including extraction of ground water, irrigation, obstruction, and diversion; and

FWPC Sec. 304(f)(2)(F)

"(F) changes in the movement, flow, or circulation of any navigable waters or ground waters, including changes caused by the construction of dams, levees, channels, causeways, or flow diversion facilities. Such information and revisions thereof shall be published in the Federal Register and otherwise made available to the public.

FWPC Sec. 304(g)

"(g) "(1) For the purpose of assisting States in carrying out programs under section 402 of this Act , the Administrator shall publish, within one hundred and twenty days after the date of enactment of this title, and review at least annually thereafter and, if appropriate, revise guidelines for pretreatment of pollutants which he determines are not susceptible to treatment by publicly owned treatment works. Guidelines under this subsection shall be established to control and prevent the discharge into the navigable waters, the contiguous zone, or the ocean (either directly or through publicly owned treatment works) of any pollutant which interferes with, passes through, or otherwise is incompatible with such works.

FWPC Sec. 304(g)(2)

"(2) When publishing guidelines under this subsection, the Administrator shall designate the category or categories of treatment works to which the guidelines shall apply.

FWPC Sec. 304(h)

"(h) The Administrator shall, within one hundred and eighty days from the date of enactment of this title, promulgate guidelines establishing test procedures for the analysis of pollutants that shall include the factors which must be provided in any certification pursuant to section 401 of this Act or permit application pursuant to section 402 of this Act .

FWPC Sec. 304(i)

"(i) The Administrator shall "(1) within sixty days after the enactment of this title promulgate guidelines for the purpose of establishing uniform application forms and other minimum requirements for the acquisition of information from owners and operators of point-sources of discharge subject to any State program under section 402 of this Act , and "(2) within sixty days from the date of enactment of this title promulgate guidelines establishing the minimum procedural and other elements of any State program under section 402 of this Act which shall include:

FWPC Sec. 304(i)(2)(A)

"(A) monitoring requirements;

FWPC Sec. 304(i)(2)(B)

"(B) reporting requirements (including procedures to make information available to the public);

FWPC Sec. 304(i)(2)(C)

"(C) enforcement provisions; and

FWPC Sec. 304(i)(2)(D)

"(D) funding, personnel qualifications, and manpower requirements (including a requirement that no board or body which approves permit applications or portions thereof shall include, as a member, any person who receives, or has during the previous two years received, a significant portion of his income directly or indirectly from permit holders or applicants for a permit).

FWPC Sec. 304(j)

"(j) Lake Restoration Guidance Manual The Administrator shall, within 1 year after the date of the enactment of the Water Quality Act of 1987 and biennially thereafter, publish and disseminate a lake restoration guidance manual describing methods, procedures, and processes to guide State and local efforts to improve, restore, and enhance water quality in the Nation's publicly owned lakes.

[304(j) revised by PL 100-4]

FWPC Sec. 304(k)

"(k) "(1) The Administrator shall enter into agreements with the Secretary of Agriculture, the Secretary of the Army, and the Secretary of the Interior, and the heads of such other departments, agencies, and instrumentalities of the United States as the Administrator determines, to provide for the maximum utilization of other Federal laws and programs for the purpose of achieving and maintaining water quality through appropriate implementation of plans approved under section 208 of this Act and nonpoint source pollution management programs approved under section 319 of this Act .

[304(k)(1) amended by PL 100-4]

FWPC Sec. 304(k)(2)

"(2) The Administrator is authorized to transfer to the Secretary of Agriculture, the Secretary of the Army, and the Secretary of the Interior and the heads of such other departments, agencies, and instrumentalities of the United States as the Administrator determines, any funds appropriated under paragraph (3) of this subsection to supplement funds otherwise appropriated to programs authorized pursuant to any agreement under paragraph (1).

FWPC Sec. 304(k)(3)

"(3) There is authorized to be appropriated to carry out the provisions of this subsection, \$100,000,000 per fiscal year for the fiscal years 1979 through 1983 and such sums as may be necessary for fiscal years 1984 through 1990.

[304(k)(3) amended by PL 100-4]

FWPC Sec. 304(l)

"(l) Individual Control Strategies for Toxic Pollutants.

FWPC Sec. 304(l)(1)

"(1) State List of Navigable Waters and Development of Strategies. Not later than 2 years after the date of the enactment of this subsection, each State shall submit to the Administrator for review, approval, and implementation under this subsection

FWPC Sec. 304(l)(1)(A)

"(A) a list of those waters within the State which after the application of effluent limitations required under section 301(b)(2) of this Act cannot reasonably be anticipated to attain or maintain "(i) water quality standards for such waters reviewed, revised, or adopted in accordance with section 303(c)(2)(B) of this Act, due to toxic pollutants, or "(ii) that water quality which shall assure protection of public health, public water supplies, agricultural and industrial uses, and the protection and propagation of a balanced population of shellfish, fish and wildlife, and allow recreational activities in and on the water;

FWPC Sec. 304(l)(1)(B)

"(B) a list of all navigable waters in such State for which the State does not expect the applicable standard under section 303 of this Act will be achieved after the requirements of sections 301(b), 306 , and 307(b) are met, due entirely or substantially to discharges from point sources of any toxic pollutants listed pursuant to section 307(a);

FWPC Sec. 304(l)(1)(C)

"(C) for each segment of the navigable waters included on such lists, a determination of the specific point sources discharging any such toxic pollutant which is believed to be preventing or impairing such water quality and the amount of each such toxic pollutant discharged by each such source; and

FWPC Sec. 304(l)(1)(D)

"(D) for each such segment, an individual control strategy which the State determines will produce a reduction in the discharge of toxic pollutants from point sources identified by the State under this paragraph through the establishment of effluent limitations under section 402 of this Act and water quality standards under section 303(c)(2)(B) of this Act, which reduction is sufficient, in combination with existing controls on point and nonpoint sources of pollution, to achieve the applicable water quality standard as soon as possible, but not later than 3 years after the date of the establishment of such strategy.

FWPC Sec. 304(l)(2)

"(2) Approval or Disapproval. Not later than 120 days after the last day of the 2-year period referred to in paragraph (1) , the Administrator shall approve or disapprove the control strategies submitted under paragraph (1) by any State.

FWPC Sec. 304(l)(3)

"(3) Administrator's Action. If a State fails to submit control strategies in accordance with paragraph (1) or the Administrator does not approve the control strategies submitted by such State in accordance with paragraph (1), then, not later than 1 year after the last day of the period referred to in

paragraph (2), the Administrator, in cooperation with such State and after notice and opportunity for public comment, shall implement the requirements of paragraph (1) in such State. In the implementation of such requirements, the Administrator shall, at a minimum, consider for listing under this subsection any navigable waters for which any person submits a petition to the Administrator for listing not later than 120 days after such last day.

[304(l) added by PL 100-4]

FWPC Sec. 304(m)

"(m) Schedule for Review of Guidelines.

FWPC Sec. 304(m)(1)

"(1) Publication. Within 12 months after the date of the enactment of the Water Quality Act of 1987, and biennially thereafter, the Administrator shall publish in the Federal Register a plan which shall

FWPC Sec. 304(m)(1)(A)

"(A) establish a schedule for the annual review and revision of promulgated effluent guidelines, in accordance with subsection (b) of this section;

FWPC Sec. 304(m)(1)(B)

"(B) identify categories of sources discharging toxic or non-conventional pollutants for which guidelines under subsection (b)(2) of this section and section 306 have not previously been published; and

FWPC Sec. 304(m)(1)(C)

"(C) establish a schedule for promulgation of effluent guidelines for categories identified in subparagraph (B), under which promulgation of such guidelines shall be no later than 4 years after such date of enactment for categories identified in the first published plan or 3 years after the publication of the plan for categories identified in later published plans.

FWPC Sec. 304(m)(2)

"(2) Public Review. The Administrator shall provide for public review and comment on the plan prior to final publication.

[304(m) added by PL 100-4]

Sec. 305 [33 USC 1315] Water Quality Inventory

FWPC Sec. 305(a)

"(a) The Administrator, in cooperation with the States and with the assistance of appropriate Federal agencies shall prepare a report to be submitted to the Congress on or before January 1, 1974, which shall

FWPC Sec. 305(a)(1)

"(1) describe the specific quality, during 1973, with appropriate supplemental descriptions as shall be

required to take into account seasonal, tidal, and other variations, of all navigable waters and the waters of the contiguous zone;

FWPC Sec. 305(a)(2)

"(2) include an inventory of all point sources of discharge (based on a qualitative and quantitative analysis of discharges) of pollutants, into all navigable waters and the waters of the contiguous zone; and

FWPC Sec. 305(a)(3)

"(3) identify specifically those navigable waters, the quality of which

FWPC Sec. 305(a)(3)(A)

"(A) is adequate to provide for the protection and propagation of a balanced population of shellfish, fish, and wildlife and allow recreational activities in and on the water;

FWPC Sec. 305(a)(3)(B)

"(B) can reasonably be expected to attain such level by 1977 or 1983; and

FWPC Sec. 305(a)(3)(C)

"(C) can reasonably be expected to attain such level by any later date.

FWPC Sec. 305(b)

"(b) "(1) Each State shall prepare and submit to the Administrator by April 1, 1975, and shall bring up to date by April 1, 1976, and biennially thereafter, a report which shall include

FWPC Sec. 305(b)(1)(A)

"(A) a description of the water quality of all navigable waters in such State during the preceding year, with appropriate supplemental descriptions as shall be required to take into account seasonal, tidal, and other variations, correlated with the quality of water required by the objective of this Act (as identified by the Administrator pursuant to criteria published under section 304(a) of this Act) and the water quality described in subparagraph (B) of this paragraph;

FWPC Sec. 305(b)(1)(B)

"(B) an analysis of the extent to which all navigable waters of such State provide for the protection and propagation of a balanced population of shellfish, fish, and wildlife, and allow recreational activities in and on the water;

FWPC Sec. 305(b)(1)(C)

"(C) an analysis of the extent to which the elimination of the discharge of pollutants and a level of water quality which provides for the protection and propagation of a balanced population of shellfish, fish, and wildlife and allows recreational activities in and on the water, have been or will be achieved by the requirements of this Act, together with recommendations as to additional action necessary to achieve such objectives and for what waters such additional action is necessary;

FWPC Sec. 305(b)(1)(D)

"(D) an estimate of "(i) the environmental impact, "(ii) the economic and social costs necessary to achieve the objective of this Act in such State, "(iii) the economic and social benefits of such achievement, and "(iv) an estimate of the date of such achievement; and

FWPC Sec. 305(b)(1)(E)

"(E) a description of the nature and extent of non-point sources of pollutants, and recommendations as to the programs which must be undertaken to control each category of such sources, including an estimate of the costs of implementing such programs.

FWPC Sec. 305(b)(2)

"(2) The Administrator shall transmit such State reports, together with an analysis thereof, to Congress on or before October 1, 1975, and October 1, 1976, and biennially thereafter.

Sec. 306 [33 USC 1316] National Standards of Performance

FWPC Sec. 306(a)

"(a) For purposes of this section:

FWPC Sec. 306(a)(1)

"(1) The term "standard of performance" means a standard for the control of the discharge of pollutants which reflects the greatest degree of effluent reduction which the Administrator determines to be achievable through application of the best available demonstrated control technology, processes, operating methods, or other alternatives, including, where practicable, a standard permitting no discharge of pollutants.

FWPC Sec. 306(a)(2)

"(2) The term "new source" means any source, the construction of which is commenced after the publication of proposed regulations prescribing a standard of performance under this section which will be applicable to such source, if such standard is thereafter promulgated in accordance with this section.

FWPC Sec. 306(a)(3)

"(3) The term "source" means any building, structure, facility, or installation from which there is or may be the discharge of pollutants.

FWPC Sec. 306(a)(4)

"(4) The term "owner or operator" means any person who owns, leases, operates, controls, or supervises a source.

FWPC Sec. 306(a)(5)

"(5) The term "construction" means any placement, assembly, or installation of facilities or equipment (including contractual obligations to purchase such facilities or equipment) at the premises where such equipment will be used, including preparation work at such premises.

FWPC Sec. 306(b)

"(b) "(1) "(A) The Administrator shall, within ninety days after the date of enactment of this title publish (and from time to time thereafter shall revise) a list of categories of sources, which shall, at the minimum, include:

pulp and paper mills;

paperboard, builders paper and board mills;

meat product and rendering processing;

dairy product processing; grain mills;

canned and preserved fruits and vegetables processing;

canned and preserved seafood processing;

sugar processing;

textile mills;

cement manufacturing;

feedlots;

electroplating;

organic chemicals manufacturing;

inorganic chemicals manufacturing;

plastic and synthetic materials manufacturing;

soap and detergent manufacturing;

fertilizer manufacturing;

petroleum refining;

iron and steel manufacturing;

nonferrous metals manufacturing;

phosphate manufacturing;

steam electric power plants;

ferroalloy manufacturing;

leather tanning and finishing;

glass and asbestos manufacturing;

rubber processing; and

timber products processing.

FWPC Sec. 306(b)(1)(B)

"(B) As soon as practicable, but in no case more than one year, after a category of sources is included in a list under subparagraph (A) of this paragraph, the Administrator shall propose and publish regulations establishing Federal standards of performance for new sources within such category. The Administrator shall afford interested persons an opportunity for written comment on such proposed regulations. After considering such comments, he shall promulgate, within one hundred and twenty days after publication of such proposed regulations, such standards with such adjustments as he deems appropriate. The Administrator shall, from time to time, as technology and alternatives change, revise such standards following the procedure required by this subsection for promulgation of such standards. Standards of performance, or revisions thereof, shall become effective upon promulgation. In establishing or revising Federal standards of performance for new sources under this section, the Administrator shall take into consideration the cost of achieving such effluent reduction, and any non-water quality environmental impact and energy requirements.

FWPC Sec. 306(b)(2)

"(2) The Administrator may distinguish among classes, types, and sizes within categories of new sources for the purpose of establishing such standards and shall consider the type of process employed (including whether batch or continuous).

FWPC Sec. 306(b)(3)

"(3) The provisions of this section shall apply to any new source owned or operated by the United States.

FWPC Sec. 306(c)

"(c) Each State may develop and submit to the Administrator a procedure under State law for applying and enforcing standards of performance for new sources located in such State. If the Administrator finds that the procedure and the law of any State require the application and enforcement of standards of performance to at least the same extent as required by this section, such State is authorized to apply and enforce such standards of performance (except with respect to new sources owned or operated by the United States).

FWPC Sec. 306(d)

"(d) Notwithstanding any other provision of this Act, any point source the construction of which is commenced after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972 and which is so constructed as to meet all applicable standards of performance shall not be subject to any more stringent standard of performance during a ten-year period beginning on the date of completion of such construction or during the period of depreciation or amortization of such facility for the purposes of section 167 or 169 (or both) of the Internal Revenue Code of 1954, whichever period ends first.

FWPC Sec. 306(e)

"(e) After the effective date of standards of performance promulgated under this section, it shall be unlawful for any owner or operator of any new source to operate such source in violation of any standard of performance applicable to such source.

Sec. 307 [33 USC 1317] Toxic and Pretreatment Effluent Standards

FWPC Sec. 307(a)

"(a) "(1) On and after the date of enactment of the Clean Water Act of 1977, the list of toxic pollutants or combination of pollutants subject to this Act shall consist of those toxic pollutants listed in table 1 of Committee Print Numbered 95-30 of the Committee on Public Works and Transportation of the House of Representatives , and the Administrator shall publish, not later than the thirtieth day after date of enactment of the Clean Water Act of 1977, that list. From time to time thereafter, the Administrator may revise such list and the Administrator is authorized to add to or remove from such list any pollutant. The Administrator in publishing any revised list, including the addition or removal of any pollutant from such list, shall take into account the toxicity of the pollutant, its persistence, degradability, the usual or potential presence of the affected organisms in any waters, the importance of the affected organisms, and the nature and extent of the effect of the toxic pollutant on such organisms. A determination of the Administrator under this paragraph shall be final except that if, on judicial review, such determination was based on arbitrary and capricious action of the Administrator, the Administrator shall make a redetermination.

FWPC Sec. 307(a)(2)

"(2) Each toxic pollutant listed in accordance with paragraph (1) of this subsection shall be subject to effluent limitations resulting from the application of the best available technology economically achievable for the applicable category or class of point sources established in accordance with section 301(b)(2)(A) and 304(b)(2) of this Act . The Administrator, in his discretion, may publish in the Federal Register a proposed effluent standard (which may include a prohibition) establishing requirements for a toxic pollutant which, if an effluent limitation is applicable to a class or category of point sources, shall be applicable to such category or class only if such standard imposes more stringent requirements. Such published effluent standard (or prohibition) shall take into account the toxicity of the pollutant, its persistence, degradability, the usual or potential presence of the affected organisms in any waters, the importance of the affected organisms and the nature and extent of the effect of the toxic pollutant on such organisms, and the extent to which effective control is being or may be achieved under other regulatory authority. The Administrator shall allow a period of not less than sixty days following publication of any such proposed effluent standard (or prohibition) for written comment by interested persons on such proposed standard. In addition, if within thirty days of publication of any such proposed effluent standard (or prohibition) any interested person so requests, the Administrator shall hold a public hearing in connection therewith. Such a public hearing shall provide an opportunity for oral and written presentations, such cross-examination as the Administrator determines is appropriate on disputed issues of material fact, and the transcription of a verbatim record which shall be available to the public. After consideration of such comments and any information and material presented at any public hearing held on such proposed standard or prohibition, the Administrator shall promulgate such standards (or prohibition) with such modifications as the Administrator finds are justified. Such promulgation by the Administrator shall be made within two hundred and seventy days after publication of proposed standard (or prohibition). Such standard (or prohibition) shall be final except that if, on judicial review, such standard was not based on substantial evidence, the Administrator shall promulgate a revised

standard. Effluent limitations shall be established in accordance with sections 301(b)(2)(A) and 304(b)(2) for every toxic pollutant referred to in table 1 of Committee Print Numbered 95-30 of the Committee on Public Works and Transportation of the House of Representatives as soon as practicable after the date of enactment of the Clean Water Act of 1977, but no later than July 1, 1980. Such effluent limitations or effluent standards (or prohibitions) shall be established for every other toxic pollutant listed under paragraph (1) of this subsection as soon as practicable after it is so listed.

FWPC Sec. 307(a)(3)

"(3) Each such effluent standard (or prohibition) shall be reviewed and, if appropriate, revised at least every three years.

FWPC Sec. 307(a)(4)

"(4) Any effluent standard promulgated under this section shall be at that level which the Administrator determines provides an ample margin of safety.

FWPC Sec. 307(a)(5)

"(5) When proposing or promulgating any effluent standard (or prohibition) under this section, the Administrator shall designate the category or categories of sources to which the effluent standard (or prohibition) shall apply. Any disposal of dredged material may be included in such a category of sources after consultation with the Secretary of the Army.

FWPC Sec. 307(a)(6)

"(6) Any effluent standard (or prohibition) established pursuant to this section shall take effect on such date or dates as specified in the order promulgating such standard, but in no case, more than one year from the date of such promulgation. If the Administrator determines that compliance within one year from the date of promulgation is technologically infeasible for a category of sources, the Administrator may establish the effective date of the effluent standard (or prohibition) for such category at the earliest date upon which compliance can be feasibly attained by sources within such category, but in no event more than three years after the date of such promulgation.

FWPC Sec. 307(a)(7)

"(7) Prior to publishing any regulations pursuant to this section the Administrator shall, to the maximum extent practicable within the time provided, consult with appropriate advisory committees, States, independent experts, and Federal departments and agencies.

FWPC Sec. 307(b)

"(b) "(1) The Administrator shall, within one hundred and eighty days after the date of enactment of this title and from time to time thereafter, publish proposed regulations establishing pretreatment standards for introduction of pollutants into treatment works (as defined in section 212 of this Act) which are publicly owned for those pollutants which are determined not to be susceptible to treatment by such treatment works or which would interfere with the operation of such treatment works. Not later than ninety days after such publication, and after opportunity for public hearing, the Administrator shall promulgate such pretreatment standards. Pretreatment standards under this subsection shall specify a time for compliance not to exceed three years from the date of promulgation and shall be established to prevent the discharge of any pollutant through treatment

works (as defined in section 212 of this Act) which are publicly owned, which pollutant interferes with, passes through, or otherwise is incompatible with such works. If, in the case of any toxic pollutant under subsection (a) of this section introduced by a source into a publicly owned treatment works, the treatment by such works removes all or any part of such toxic pollutant and the discharge from such works does not violate that effluent limitation or standard which would be applicable to such toxic pollutant if it were discharged by such source other than through a publicly owned treatment works, and does not prevent sludge use or disposal by such works in accordance with section 405 of this Act , then the pretreatment requirements for the sources actually discharging such toxic pollutant into such publicly owned treatment works may be revised by the owner or operator of such works to reflect the removal of such toxic pollutant by such works.

FWPC Sec. 307(b)(2)

"(2) The Administrator shall, from time to time, as control technology, processes, operating methods, or other alternative change, revise such standards following the procedure established by this subsection for promulgation of such standards.

FWPC Sec. 307(b)(3)

"(3) When proposing or promulgating any pretreatment standard under this section, the Administrator shall designate the category or categories of sources to which such standard shall apply.

FWPC Sec. 307(b)(4)

"(4) Nothing in this subsection shall affect any pretreatment requirement established by any State or local law not in conflict with any pretreatment standard established under this subsection.

FWPC Sec. 307(c)

"(c) In order to insure that any source introducing pollutants into a publicly owned treatment works, which source would be a new source subject to section 306 if it were to discharge pollutants, will not cause a violation of the effluent limitations established for any such treatment works, the Administrator shall promulgate pretreatment standards for the category of such sources simultaneously with the promulgation of standards of performance under section 306 for the equivalent category of new sources. Such pretreatment standards shall prevent the discharge of any pollutant into such treatment works, which pollutant may interfere with, pass through, or otherwise be incompatible with such works.

FWPC Sec. 307(d)

"(d) After the effective date of any effluent standard or prohibition or pretreatment standard promulgated under this section, it shall be unlawful for any owner or operator of any source to operate any source in violation of any such effluent standard or prohibition or pretreatment standard.

FWPC Sec. 307(e)

"(e) Compliance Date Extension for Innovative Pretreatment Systems. In the case of any existing facility that proposes to comply with the pretreatment standards of subsection (b) of this section by applying an innovative system that meets the requirements of section 301(k) of this Act, the owner or operator of the publicly owned treatment works receiving the treated effluent from such facility may

extend the date for compliance with the applicable pretreatment standard established under this section for a period not to exceed 2 years

FWPC Sec. 307(e)(1)

"(1) if the Administrator determines that the innovative system has the potential for industry wide application, and

FWPC Sec. 307(e)(2)

"(2) if the Administrator (or the State in consultation with the Administrator, in any case in which the State has a pretreatment program approved by the Administrator)

FWPC Sec. 307(e)(2)(A)

"(A) determines that the proposed extension will not cause the publicly owned treatment works to be in violation of its permit under section 402 or of section 405 or to contribute to such a violation, and

FWPC Sec. 307(e)(2)(B)

"(B) concurs with the proposed extension.

[307(e) added by PL 100-4]

Sec. 308 [33 USC 1318] Inspections, Monitoring and Entry

FWPC Sec. 308(a)

"(a) Whenever required to carry out the objective of this Act, including but not limited to

FWPC Sec. 308(a)(1)

"(1) developing or assisting in the development of any effluent limitation, or other limitation, prohibition, or effluent standard, pretreatment standard, or standard of performance under this Act;

FWPC Sec. 308(a)(2)

"(2) determining whether any person is in violation of any such effluent limitation, or other limitation, prohibition or effluent standard, pretreatment standard, or standard of performance,

FWPC Sec. 308(a)(3)

"(3) any requirement established under this Section, or

FWPC Sec. 308(a)(4)

"(4) carrying out sections 305 , 311 , 402 , 404 (relating to State permit programs), 405 , and 504 of this Act

[308(a)(4) amended by PL 100-4]

FWPC Sec. 308(a)(4)(A)

"(A) the Administrator shall require the owner or operator of any point source to "(i) establish and

maintain such records, "(ii) make such reports, "(iii) install, use, and maintain such monitoring equipment or methods (including where appropriate, biological monitoring methods), "(iv) sample such effluents (in accordance with such methods, at such locations, at such intervals, and in such manner as the Administrator shall prescribe), and "(v) provide such other information as he may reasonably require; and

FWPC Sec. 308(a)(4)(B)

"(B) the Administrator or his authorized representative (including an authorized contractor acting as a representative of the Administrator), upon presentation of his credentials

FWPC Sec. 308(a)(4)(B)(i)

"(i) shall have a right of entry to, upon, or through any premises in which an effluent source is located or in which any records required to be maintained under clause (A) of this subsection are located, and

FWPC Sec. 308(a)(4)(B)(ii)

"(ii) may at reasonable times have access to and copy any records, inspect any monitoring equipment or method required under clause (A), and sample any effluents which the owner or operator of such source is required to sample under such clause.

[308(a)(4)(B) amended by PL 100-4]

FWPC Sec. 308(b)

"(b) Any records, reports, or information obtained under this section "(1) shall, in the case of effluent data, be related to any applicable effluent limitations, toxic, pretreatment, or new source performance standards, and "(2) shall be available to the public, except that upon a showing satisfactory to the Administrator by any person that records, reports, or information, or particular part thereof (other than effluent data), to which the Administrator has access under this section, if made public would divulge methods or processes entitled to protection as trade secrets of such person, the Administrator shall consider such record, report, or information, or particular portion thereof confidential in accordance with the purposes of section 1905 of title 18 of the United States Code. Any authorized representative of the Administrator (including an authorized contractor acting as a representative of the Administrator) who knowingly or willfully publishes, divulges, discloses, or makes known in any manner or to any extent not authorized by law any information which is required to be considered confidential under this subsection shall be fined not more than \$1,000 or imprisoned not more than 1 year, or both. Nothing in this subsection shall prohibit the Administrator or an authorized representative of the Administrator (including any authorized contractor acting as a representative of the Administrator) from disclosing records, reports, or information to other officers, employees, or authorized representatives of the United States concerned with carrying out this Act or when relevant in any proceeding under this Act.

[308(b) amended by PL 100-4]

FWPC Sec. 308(c)

"(c) Each State may develop and submit to the Administrator procedures under State law for inspection, monitoring, and entry with respect to point sources located in such State. If the

Administrator finds that the procedures and the law of any State relating to inspection, monitoring, and entry are applicable to at least the same extent as those required by this section, such State is authorized to apply and enforce its procedures for inspection, monitoring, and entry with respect to point sources located in such State (except with respect to point sources owned or operated by the United States).

FWPC Sec. 308(d)

"(d) Access by Congress. Notwithstanding any limitation contained in this section or any other provision of law, all information reported to or otherwise obtained by the Administrator (or any representative of the Administrator) under this Act shall be made available, upon written request of any duly authorized committee of Congress, to such committee.

[308(d) added by PL 100-4]

Sec. 309 [33 USC 1319] Federal Enforcement

FWPC Sec. 309(a)

"(a) "(1) Whenever, on the basis of any information available to him, the Administrator finds that any person is in violation of any condition or limitation which implements section 301 , 302 , 306 , 307 , 308 , 318 , or 405 of this Act in a permit issued by a State under an approved permit program under section 402 or 404 of this Act , he shall proceed under his authority in paragraph (3) of this subsection or he shall notify the person in alleged violation and such State of such finding. If beyond the thirtieth day after the Administrator's notification the State has not commenced appropriate enforcement action, the Administrator shall issue an order requiring such person to comply with such condition or limitation or shall bring a civil action in accordance with subsection (b) of this section.

FWPC Sec. 309(a)(2)

"(2) Whenever, on the basis of information available to him, the Administrator finds that violations of permit conditions or limitations as set forth in paragraph (1) of this subsection are so widespread that such violations appear to result from a failure of the State to enforce such permit conditions or limitations effectively, he shall so notify the State. If the Administrator finds such failure extends beyond the thirtieth day after such notice, he shall give public notice of such finding. During the period beginning with such public notice and ending when such State satisfies the Administrator that it will enforce such conditions and limitations (hereafter referred to in this section as the period of "federally assumed enforcement"), except where an extension has been granted under paragraph (5)(B) of this subsection, the Administrator shall enforce any permit condition or limitation with respect to any person

FWPC Sec. 309(a)(2)(A)

"(A) by issuing an order to comply with such condition or limitation, or

FWPC Sec. 309(a)(2)(B)

"(B) by bringing a civil action under subsection (b) of this section.

FWPC Sec. 309(a)(3)

"(3) Whenever on the basis of any information available to him the Administrator finds that any

person is in violation of section 301 , 306 , 307 , 308 , 318 , or 405 of this Act , or is in violation of any permit condition or limitation implementing any of such sections in a permit issued under section 402 of this Act by him or by a State or in a permit issued under section 404 of this Act by a State, he shall issue an order requiring such person to comply with such section or requirement, or he shall bring a civil action in accordance with subsection (b) of this section.

FWPC Sec. 309(a)(4)

"(4) A copy of any order issued under this subsection shall be sent immediately by the Administrator to the State in which the violation occurs and other affected States. In any case in which an order under this subsection (or notice to a violator under paragraph (1) of this subsection) is issued to a corporation, a copy of such order (or notice) shall be served on any appropriate corporate officers. An order issued under this subsection relating to a violation of section 308 of this Act shall not take effect until the person to whom it is issued has had an opportunity to confer with the Administrator concerning the alleged violation.

FWPC Sec. 309(a)(5)

"(5) "(A) Any order issued under this subsection shall be by personal service, shall state with reasonable specificity the nature of the violation, and shall specify a time for compliance not to exceed thirty days in the case of a violation of an interim compliance schedule or operation and maintenance requirement and not to exceed a time the Administrator determines to be reasonable in the case of a violation of a final deadline, taking into account the seriousness of the violation and any good faith efforts to comply with applicable requirements.

FWPC Sec. 309(a)(5)(B)

"(B) The Administrator may, if he determines "(i) that any person who is a violator of, or any person who is otherwise not in compliance with, the time requirements under this Act or in any permit issued under this Act, has acted in good faith, and has made a commitment (in the form of contracts or other securities) of necessary resources to achieve compliance by the earliest possible date after July 1, 1977, but not later than April 1, 1979; "(ii) that any extension under this provision will not result in the imposition of any additional controls on any other point or nonpoint source; "(iii) that an application for a permit under section 402 of this Act was filed for such person prior to December 31, 1974; and "(iv) that the facilities necessary for compliance with such requirements are under construction, grant an extension of the date referred to in section 301(b)(1)(A) to a date which will achieve compliance at the earliest time possible but not later than April 1, 1979.

FWPC Sec. 309(a)(6)

"(6) Whenever, on the basis of information available to him, the Administrator finds "(A) that any person is in violation of section 301(b)(1)(A) or (C) of this Act, "(B) that such person cannot meet the requirements for a time extension under section 301(i)(2) of this Act, and "(C) that the most expeditious and appropriate means of compliance with this Act by such person is to discharge into a publicly owned treatment works, then, upon request of such person, the Administrator may issue an order requiring such person to comply with this Act at the earliest date practicable, but not later than July 1, 1983, by discharging into a publicly owned treatment works if such works concur with such order. Such order shall include a schedule of compliance.

FWPC Sec. 309(b)

"(b) The Administrator is authorized to commence a civil action for appropriate relief, including a permanent or temporary injunction, for any violation for which he is authorized to issue a compliance order under subsection (a) of this section. Any action under this subsection may be brought in the district court of the United States for the district in which the defendant is located or resides or is doing business, and such court shall have jurisdiction to restrain such violation and to require compliance. Notice of the commencement of such action shall be given immediately to the appropriate State.

FWPC Sec. 309(c)

"(c) Criminal Penalties.

[309(c) revised by PL 100-4; amended by PL 101-380]

FWPC Sec. 309(c)(1)

"(1) Negligent Violations. Any person who

FWPC Sec. 309(c)(1)(A)

"(A) negligently violates section 301 , 302 , 306 , 307 , 308 , 311(b)(3), 318 or 405 of this Act , or any permit condition or limitation implementing any of such sections in a permit issued under section 402 of this Act by the Administrator or by a State, or any requirement imposed in a pretreatment program approved under section 402(a)(3) or 402(b)(8) of this Act or in a permit issued under section 404 of this Act by the Secretary of the Army or by a State; or

[309(c)(1)(A) amended by PL 101-380]

FWPC Sec. 309(c)(1)(B)

"(B) negligently introduces into a sewer system or into a publicly owned treatment works any pollutant or hazardous substance which such person knew or reasonably should have known could cause personal injury or property damage or, other than in compliance with all applicable Federal, State, or local requirements or permits, which causes such treatment works to violate any effluent limitation or condition in any permit issued to the treatment works under section 402 of this Act by the Administrator or a State; shall be punished by a fine of not less than \$2,500 nor more than \$25,000 per day of violation, or by imprisonment for not more than 1 year, or by both. If a conviction of a person is for a violation committed after a first conviction of such person under this paragraph, punishment shall be by a fine of not more than \$50,000 per day of violation, or by imprisonment of not more than 2 years, or by both.

FWPC Sec. 309(c)(2)

"(2) Knowing Violations. Any person who

FWPC Sec. 309(c)(2)(A)

"(A) knowingly violates section 301 , 302 , 306 , 307 , 308 , 311(b)(3), 318 or 405 of this Act , or any permit condition or limitation implementing any of such sections in a permit issued under section 402 of this Act by the Administrator or by a State, or any requirement imposed in a pretreatment program approved under section 402(a)(3) or 402(b)(8) of this Act or in a permit issued

under section 404 of this Act by the Secretary of the Army or by a State; or

[309(c)(2)(A) amended by PL 101-380]

FWPC Sec. 309(c)(2)(B)

"(B) knowingly introduces into a sewer system or into a publicly owned treatment works any pollutant or hazardous substance which such person knew or reasonably should have known could cause personal injury or property damage or, other than in compliance with all applicable Federal, State, or local requirements or permits, which causes such treatment work to violate any effluent limitation or condition in a permit issued to the treatment works under section 402 of this Act by the Administrator or a State; shall be punished by a fine of not less than \$5,000 nor more than \$50,000 per day of violation, or by imprisonment for not more than 3 years, or by both. If a conviction of a person is for a violation committed after a first conviction of such person under this paragraph, punishment shall be a fine of not more than \$100,000 per day of violation, or by imprisonment of not more than 6 years, or by both.

FWPC Sec. 309(c)(3)

"(3) Knowing Endangerment.

FWPC Sec. 309(c)(3)(A)

"(A) General Rule. Any person who knowingly violates section 301 , 302 , 303 , 306 , 307 , 308 , 311(b)(3), 318 or 405 of this Act , or any permit condition or limitation implementing any of such sections in a permit issued under section 402 of this Act by the Administrator or by a State, or in a permit issued under section 404 of this Act by the Secretary of the Army or by a State, and who knows at that time that he thereby places another person in imminent danger of death or serious bodily injury, shall, upon conviction, be subject to a fine of not more than \$250,000 or imprisonment of not more than 15 years, or both. A person which is an organization shall, upon conviction of violating this subparagraph, be subject to a fine of not more than \$1,000,000. If a conviction of a person is for a violation committed after a first conviction of such person under this paragraph, the maximum punishment shall be doubled with respect to both fine and imprisonment.

[309(c)(3)(A) amended by PL 101-380]

FWPC Sec. 309(c)(3)(B)

"(B) Additional Provisions. For the purpose of subparagraph (A) of this paragraph

FWPC Sec. 309(c)(3)(B)(i)

"(i) in determining whether a defendant who is an individual knew that his conduct placed another person in imminent danger of death or serious bodily injury

FWPC Sec. 309(c)(3)(B)(i)(I)

"(I) the person is responsible only for actual awareness or actual belief that he possessed; and

FWPC Sec. 309(c)(3)(B)(i)(II)

"(II) knowledge possessed by a person other than the defendant but not by the defendant himself may

not be attributed to the defendant; except that in proving the defendant's possession of actual knowledge, circumstantial evidence may be used, including evidence that the defendant took affirmative steps to shield himself from relevant information;

FWPC Sec. 309(c)(3)(B)(ii)

"(ii) it is an affirmative defense to prosecution that the conduct charged was consented to by the person endangered and that the danger and conduct charged were reasonably foreseeable hazards of

FWPC Sec. 309(c)(3)(B)(ii)(I)

"(I) an occupation, a business, or a profession; or

FWPC Sec. 309(c)(3)(B)(ii)(II)

"(II) medical treatment or medical or scientific experimentation conducted by professionally approved methods and such other person had been made aware of the risks involved prior to giving consent; and such defense may be established under this subparagraph by a preponderance of the evidence;

FWPC Sec. 309(c)(3)(B)(iii)

"(iii) the term "organization" means a legal entity, other than a government, established or organized for any purpose, and such term includes a corporation, company, association, firm, partnership, joint stock company, foundation, institution, trust, society, union, or any other association of persons; and

FWPC Sec. 309(c)(3)(B)(iv)

"(iv) the term "serious bodily injury" means bodily injury which involves a substantial risk of death, unconsciousness, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

FWPC Sec. 309(c)(4)

"(4) False Statements. Any person who knowingly makes any false material statement, representation, or certification in any application, record, report, plan, or other document filed or required to be maintained under this Act or who knowingly falsifies, tampers with, or renders inaccurate any monitoring device or method required to be maintained under this Act, shall upon conviction, be punished by a fine of not more than \$10,000, or by imprisonment for not more than 2 years, or by both. If a conviction of a person is for a violation committed after a first conviction of such person under this paragraph, punishment shall be by a fine of not more than \$20,000 per day of violation, or by imprisonment of not more than 4 years, or by both.

FWPC Sec. 309(c)(5)

"(5) Treatment of Single Operational Upset. For purposes of this subsection, a single operational upset which leads to simultaneous violations of more than one pollutant parameter shall be treated as a single violation.

FWPC Sec. 309(c)(6)

"(6) Responsible Corporate Officer as "Person". For the purpose of this subsection, the term "person"

means, in addition to the definition contained in section 502(5) of this Act, any responsible corporate officer.

FWPC Sec. 309(c)(7)

"(7) Hazardous Substance Defined. For the purpose of this subsection, the term "hazardous substance" means "(A) any substance designated pursuant to section 311(b)(2)(A) of this Act, "(B) any element, compound, mixture, solution, or substance designated pursuant to section 102 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, "(C) any hazardous waste having the characteristics identified under or listed pursuant to section 3001 of the Solid Waste Disposal Act (but not including any waste the regulation of which under the Solid Waste Disposal Act has been suspended by Act of Congress), "(D) any toxic pollutant listed under section 307(a) of this Act, and "(E) any imminently hazardous chemical substance or mixture with respect to which the Administrator has taken action pursuant to section 7 of the Toxic Substances Control Act .

FWPC Sec. 309(d)

"(d) Any person who violates section 301 , 302 , 306 , 307 , 308 , 318 , or 405 of this Act , or any permit condition or limitation implementing any of such sections in a permit issued under section 402 of this Act by the Administrator, or by a State, or in a permit issued under section 404 of this Act by a State, or any requirement imposed in a pretreatment program approved under section 402(a)(3) or 402(b)(8) of this Act, and any person who violates any order issued by the Administrator under subsection (a) of this section, shall be subject to a civil penalty not to exceed \$25,000 per day for each violation. In determining the amount of a civil penalty the court shall consider the seriousness of the violation or violations, the economic benefit (if any) resulting from the violation, any history of such violations, any good-faith efforts to comply with the applicable requirements, the economic impact of the penalty on the violator, and such other matters as justice may require. For purposes of this subsection, a single operational upset which leads to simultaneous violations of more than one pollutant parameter shall be treated as a single violation.

[309(d) amended by PL 100-4]

FWPC Sec. 309(e)

"(e) Whenever a municipality is a party to a civil action brought by the United States under this section, the State in which such municipality is located shall be joined as a party. Such State shall be liable for payment of any judgment, or any expenses incurred as a result of complying with any judgment, entered against the municipality in such action to the extent that the laws of that State prevent the municipality from raising revenues needed to comply with such judgment.

FWPC Sec. 309(f)

"(f) Whenever, on the basis of an information available to him, the Administrator finds that an owner or operator of any source is introducing a pollutant into a treatment works in violation of subsection (d) of section 307, the Administrator may notify the owner or operator of such treatment works and the State of such violation. If the owner or operator of the treatment works does not commence appropriate enforcement action within 30 days of the date of such notification, the Administrator may commence a civil action for appropriate relief, including but not limited to, a permanent or temporary injunction, against the owner or operator of such treatment works. In any such civil action

the Administrator shall join the owner or operator of such source as a party to the action. Such action shall be brought in the district court of the United States in the district in which the treatment works is located. Such court shall have jurisdiction to restrain such violation and to require the owner or operator of the treatment works and the owner or operator of the source to take such action as may be necessary to come into compliance with this Act. Notice of commencement of any such action shall be given to the State. Nothing in this subsection shall be construed to limit or prohibit any other authority the Administrator may have under this Act.

FWPC Sec. 309(g)

"(g) Administrative Penalties.

FWPC Sec. 309(g)(1)

"(1) Violations. Whenever on the basis of any information available

FWPC Sec. 309(g)(1)(A)

"(A) the Administrator finds that any person has violated section 301 , 302 , 306 , 307 , 308 , 318 , or 405 of this Act , or has violated any permit condition or limitation implementing any of such sections in a permit issued under section 402 of this Act by the Administrator or by a State, or in a permit issued under section 404 by a State, or

FWPC Sec. 309(g)(1)(B)

"(B) the Secretary of the Army (hereinafter in this subsection referred to as the "Secretary") finds that any person has violated any permit condition or limitation in a permit issued under section 404 of this Act by the Secretary. the Administrator or Secretary, as the case may be, may, after consultation with the State in which the violation occurs, assess a class I civil penalty or a class II civil penalty under this subsection.

FWPC Sec. 309(g)(2)

"(2) Classes of Penalties.

FWPC Sec. 309(g)(2)(A)

"(A) Class I. The amount of a class I civil penalty under paragraph (1) may not exceed \$10,000 per violation, except that the maximum amount of any class I civil penalty under this subparagraph shall not exceed \$25,000. Before issuing an order assessing a civil penalty under this subparagraph, the Administrator or the Secretary, as the case may be, shall give to the person to be assessed such penalty written notice of the Administrator's or Secretary's proposal to issue such order and the opportunity to request, within 30 days of the date the notice is received by such person, a hearing on the proposed order. Such hearing shall not be subject to section 554 or 556 of title 5, United States Code, but shall provide a reasonable opportunity to be heard and to present evidence.

FWPC Sec. 309(g)(2)(B)

"(B) Class II. The amount of a class II civil penalty under paragraph (1) may not exceed \$10,000 per day for each day during which the violation continues; except that the maximum amount of any class II civil penalty under this subparagraph shall not exceed \$125,000. Except as otherwise provided in this subsection, a class II civil penalty shall be assessed and collected in the same manner, and

subject to the same provisions, as in the case of civil penalties assessed and collected after notice and opportunity for a hearing on the record in accordance with section 554 of title 5, United States Code. The Administrator and the Secretary may issue rules for discovery procedures for hearings under this subparagraph.

FWPC Sec. 309(g)(3)

"(3) Determining Amount. In determining the amount of any penalty assessed under this subsection, the Administrator or the Secretary, as the case may be, shall take into account the nature, circumstances, extent and gravity of the violation, or violations, and, with respect to the violator, ability to pay, any prior history of such violations, the degree of culpability, economic benefit or savings (if any) resulting from the violation, and such other matters as justice may require. For purposes of this subsection, a single operational upset which leads to simultaneous violations of more than one pollutant parameter shall be treated as a single violation.

FWPC Sec. 309(g)(4)

"(4) Rights of Interested Persons.

FWPC Sec. 309(g)(4)(A)

"(A) Public Notice. Before issuing an order assessing a civil penalty under this subsection the Administrator or Secretary, as the case may be, shall provide public notice of and reasonable opportunity to comment on the proposed issuance of such order.

FWPC Sec. 309(g)(4)(B)

"(B) Presentation of Evidence. Any person who comments on a proposed assessment of a penalty under this subsection shall be given notice of any hearing held under this subsection and of the order assessing such penalty. In any hearing held under this subsection, such person shall have a reasonable opportunity to be heard and to present evidence.

FWPC Sec. 309(g)(4)(C)

"(C) Rights of Interested Persons to a Hearing. If no hearing is held under paragraph (2) before issuance of an order assessing a penalty under this subsection, any person who commented on the proposed assessment may petition, within 30 days after the issuance of such order, the Administrator or Secretary, as the case may be, to set aside such order and to provide a hearing on the penalty. If the evidence presented by the petitioner in support of the petition is material and was not considered in the issuance of the order, the Administrator or Secretary shall immediately set aside such order and provide a hearing in accordance with paragraph (2)(A) in the case of a class I civil penalty and paragraph (2)(B) in the case of a class II civil penalty. If the Administrator or Secretary denies a hearing under this subparagraph, the Administrator or Secretary shall provide to the petitioner, and publish in the Federal Register, notice of and the reasons for such denial.

FWPC Sec. 309(g)(5)

"(5) Finality of Order. An order issued under this subsection shall become final 30 days after its issuance unless a petition for judicial review is filed under paragraph (8) or a hearing is requested under paragraph (4)(C) . If such a hearing is denied, such order shall become final 30 days after such denial.

FWPC Sec. 309(g)(6)

"(6) Effect of Order.

FWPC Sec. 309(g)(6)(A)

"(A) Limitation on Actions Under Other Sections. Action taken by the Administrator or the Secretary, as the case may be, under this subsection shall not affect or limit the administrator's or Secretary's authority to enforce any provision of this Act; except that any violation

FWPC Sec. 309(g)(6)(A)(i)

"(i) with respect to which the Administrator or the Secretary has commenced and is diligently prosecuting an action under this subsection,

FWPC Sec. 309(g)(6)(A)(ii)

"(ii) with respect to which a State has commenced and is diligently prosecuting an action under a State law comparable to this subsection, or

FWPC Sec. 309(g)(6)(A)(iii)

"(iii) for which the Administrator, the Secretary, or the State has issued a final order not subject to further judicial review and the violator has paid a penalty assessed under this subsection, or such comparable State law, as the case may be, shall not be the subject of a civil penalty action under subsection (d) of this section or section 311(b) or section 505 of this Act.

FWPC Sec. 309(g)(6)(B)

"(B) Applicability of Limitation With Respect to Citizen Suits. The limitations contained in subparagraph (A) on civil penalty actions under section 505 of this Act shall not apply with respect to any violation for which

FWPC Sec. 309(g)(6)(B)(i)

"(i) a civil action under section 505(a)(1) of this Act has been filed prior to commencement of an action under this subsection, or

FWPC Sec. 309(g)(6)(B)(ii)

"(ii) notice of an alleged violation of section 505(a)(1) of this Act has been given in accordance with section 505(b)(1)(A) prior to commencement of an action under this subsection and an action under section 505(a)(1) with respect to such alleged violation is filed before the 120th day after the date on which such notice is given.

FWPC Sec. 309(g)(7)

"(7) Effect of Action on Compliance. No action by the Administrator or the Secretary under this subsection shall affect any person's obligation to comply with any section of this Act or with the terms and conditions of any permit issued pursuant to section 402 or 404 of this Act .

FWPC Sec. 309(g)(8)

"(8) Judicial Review. Any person against whom a civil penalty is assessed under this subsection or who commented on the proposed assessment of such penalty in accordance with paragraph (4) may obtain review of such assessment

FWPC Sec. 309(g)(8)(A)

"(A) in the case of assessment of a class I civil penalty, in the United States District Court for the District of Columbia or in the district in which the violation is alleged to have occurred, or

FWPC Sec. 309(g)(8)(B)

"(B) in the case of assessment of a class II civil penalty, in United States Court of Appeals for the District of Columbia Circuit or for any other circuit in which such person resides or transacts business, by filing a notice of appeal in such court within the 30-day period beginning on the date the civil penalty order is issued and by simultaneously sending a copy of such notice by certified mail to the Administrator or the Secretary, as the case may be, and the Attorney General. The Administrator or the Secretary shall promptly file in such court a certified copy of the record on which the order was issued, Such court shall not set aside or remand such order unless there is not substantial evidence in the record, taken as a whole, to support the finding of a violation or unless the Administrator's or Secretary's assessment of the penalty constitutes an abuse of discretion and shall not impose additional civil penalties for the same violation unless the Administrator's or Secretary's assessment of the penalty constitutes an abuse of discretion.

FWPC Sec. 309(g)(9)

"(9) Collection. If any person fails to pay an assessment of a civil penalty

FWPC Sec. 309(g)(9)(A)

"(A) after the order making the assessment has become final, or

FWPC Sec. 309(g)(9)(B)

"(B) after a court in an action brought under paragraph (8) has entered a final judgment in favor of the Administrator or the Secretary, as the case may be, the Administrator or the Secretary shall request the Attorney General to bring a civil action in an appropriate district court to recover the amount assessed (plus interest at currently prevailing rates from the date of the final order or the date of the final judgment, as the case may be). In such an action, the validity, amount, and appropriateness of such penalty shall not be subject to review. Any person who fails to pay on a timely basis the amount of an assessment of a civil penalty as described in the first sentence of this paragraph shall be required to pay, in addition to such amount and interest, attorneys fees and costs for collection proceedings and a quarterly nonpayment penalty for each quarter during which such failure to pay persists. Such nonpayment penalty shall be in an amount equal to 20 percent of the aggregate amount of such person's penalties and nonpayment penalties which are unpaid as of the beginning of such quarter.

FWPC Sec. 309(g)(10)

"(10) Subpoenas. The Administrator or Secretary, as the case may be, may issue subpoenas for the attendance and testimony of witnesses and the production of relevant papers, books, or documents in connection with hearings under this subsection. In case of contumacy or refusal to obey a subpoena

issued pursuant to this paragraph and served upon any person. the district court of the United States for any district in which such person is found, resides, or transacts business, upon application by the United States and after notice to such person, shall have jurisdiction to issue an order requiring such person to appear and give testimony before the administrative law judge or to appear and produce documents before the administrative law judge or both, and any failure to obey such order of the court may be punished by such court as a contempt thereof.

FWPC Sec. 309(g)(11)

"(11) Protection of Existing Procedures. Nothing in this subsection shall change the procedures existing on the day before the date of the enactment of the Water Quality Act of 1987 under other subsections of this section for issuance and enforcement of orders by the Administrator.

[309(g) added by PL 100-4]

Sec. 310 [33 USC 1320] International Pollution Abatement

FWPC Sec. 310(a)

"(a) Whenever the Administrator, upon receipts of reports, surveys, or studies from any duly constituted international agency, has reason to believe that pollution is occurring which endangers the health or welfare of persons in a foreign country, and the Secretary of State requests him to abate such pollution, he shall give formal notification thereof to the State water pollution control agency of the State or States in which such discharge or discharges originate and to the appropriate interstate agency, if any. He shall also promptly call such a hearing, if he believes that such pollution is occurring in sufficient quantity to warrant such action, and if such foreign country has given the United States essentially the same rights with respect to the prevention and control of pollution occurring in that country as is given that country by this subsection. The Administrator, through the Secretary of State, shall invite the foreign country which may be adversely affected by the pollution to attend and participate in the hearing, and the representative of such country shall, for the purpose of the hearing and any further proceeding resulting from such hearing, have all the rights of a State water pollution control agency. Nothing in this subsection shall be construed to modify, amend, repeal, or otherwise affect the provisions of the 1909 Boundary Waters Treaty between Canada and the United States or the Water Utilization Treaty of 1944 between Mexico and the United States (59 Stat. 1219), relative to the control and abatement of pollution in waters covered by those treaties.

FWPC Sec. 310(b)

"(b) The calling of a hearing under this section shall not be construed by the courts, the Administrator, or any person as limiting, modifying, or otherwise affecting the functions and responsibilities of the Administrator under this section to establish and enforce water quality requirements under this Act.

FWPC Sec. 310(c)

"(c) The Administrator shall publish in the Federal Register a notice of a public hearing before a hearing board of five or more persons appointed by the Administrator. A majority of the members of the board and the chairman who shall be designated by the Administrator shall not be officers or employees of Federal, State, or local governments. On the basis of the evidence presented at such hearing, the board shall within sixty days after completion of the hearing make findings of fact as to

whether or not such pollution is occurring and shall thereupon by decision, incorporating its findings therein, make such recommendations to abate the pollution as may be appropriate and shall transmit such decision and the record of the hearings to the Administrator. All such decisions shall be public. Upon receipt of such decision, the Administrator shall promptly implement the board's decision in accordance with the provisions of this Act.

FWPC Sec. 310(d)

"(d) In connection with any hearing called under this subsection, the board is authorized to require any person whose alleged activities result in discharges causing or contributing to pollution to file with it in such forms as it may prescribe, a report based on existing data, furnishing such information as may reasonably be required as to the character, kind, and quantity of such discharges and the use of facilities or other means to prevent or reduce such discharges by the person filing such a report. Such report shall be made under oath or otherwise, as the board may prescribe, and shall be filed with the board within such reasonable period as it may prescribe, unless additional time is granted by it. Upon a showing satisfactory to the board by the person filing such report that such report or portion thereof (other than effluent data), to which the Administrator has access under this section, if made public would divulge trade secrets or secret processes of such person, the board shall consider such report or portion thereof confidential for the purposes of section 1905 of title 18 of the United States Code. If any person required to file any report under this paragraph shall fail to do so within the time fixed by the board for filing the same, and such failure shall continue for thirty days after notice of such default, such person shall forfeit to the United States the sum of \$1,000 for each and every day of the continuance of such failure, which forfeiture shall be payable into the Treasury of the United States, and shall be recoverable in a civil suit in the name of the United States in the district court of the United States where such person has his principal office or in any district in which he does business. The Administrator may upon application therefor remit or mitigate any forfeiture provided for under this subsection.

FWPC Sec. 310(e)

"(e) Board members, other than officers or employees of Federal, State, or local governments, shall be for each day (including travel-time) during which they are performing board business, entitled to receive compensation at a rate fixed by the Administrator but not in excess of the maximum rate of pay for grade GS-18, as provided in the General Schedule under section 5332 of title 5 of the United States Code, and shall, notwithstanding the limitations of sections 5703 and 5704 of title 5 of the United States Code, be fully reimbursed for travel, subsistence, and related expenses.

FWPC Sec. 310(f)

"(f) When any such recommendation adopted by the Administrator involves the institution of enforcement proceedings against any person to obtain the abatement of pollution subject to such recommendation, the Administrator shall institute such proceedings if he believes that the evidence warrants such proceedings. The district court of the United States shall consider and determine de novo all relevant issues, but shall receive in evidence the record of the proceedings before the conference or hearing board. The court shall have jurisdiction to enter such judgment and orders enforcing such judgment as it deems appropriate or to remand such proceedings to the Administrator for such further action as it may direct.

Sec. 311 [33 USC 1321] Oil and Hazardous Substance Liability

FWPC Sec. 311(a)

"(a) For the purpose of this section, the term

FWPC Sec. 311(a)(1)

"(1) "oil" means oil of any kind or in any form, including, but not limited to, petroleum, fuel oil, sludge, oil refuse, and oil mixed with wastes other than dredged spoil;

FWPC Sec. 311(a)(2)

"(2) "discharge" includes, but is not limited to, any spilling, leaking, pumping, pouring, emitting, emptying or dumping, but excludes "(A) discharges in compliance with a permit under section 402 of this Act , "(B) discharges resulting from circumstances identified and reviewed and made a part of the public record "with respect to a permit issued or modified under section 402 of this Act , and subject to a condition in such permit, and "(C) continuous or anticipated intermittent discharges from a point source, identified in a permit or permit application under section 402 of this Act , which are caused by events occurring within the scope of relevant operating or treatment systems.

[311(a)(2) amended by PL 95-576]

FWPC Sec. 311(a)(3)

"(3) "vessel" means every description of watercraft or other artificial contrivance used, or capable of being used, as a means of transportation on water other than a public vessel;

FWPC Sec. 311(a)(4)

"(4) "public vessel" means a vessel owned or bare-boat-chartered and operated by the United States, or by a State or political subdivision thereof, or by a foreign nation, except when such vessel is engaged in commerce;

FWPC Sec. 311(a)(5)

"(5) "United States" means the States, the District of Columbia, the Commonwealth of Puerto Rico, the Commonwealth of the Northern Mariana Islands, Guam, American Samoa, the Virgin Islands and the Trust Territory of the Pacific Islands;

[311(a)(5)amended by PL 100-4] .

FWPC Sec. 311(a)(6)

"(6) "owner or operator" means "(A) in the case of a vessel, any person owning, operating, or chartering by demise, such vessel, and "(B) in the case of an onshore facility, and an offshore facility, any person owning or operating such onshore facility or offshore facility, and "(C) in the case of any abandoned offshore facility, the person who owned or operated such facility immediately prior to such abandonment;

FWPC Sec. 311(a)(7)

"(7) "person" includes an individual, firm, corporation, association, and a partnership;

FWPC Sec. 311(a)(8)

"(8) "remove" or "removal" refers to containment and removal of the oil or hazardous substances from the water and shorelines or the taking of such other actions as may be necessary to minimize or mitigate damage to the public health or welfare, including, but not limited to, fish, shellfish, wildlife, and public and private property, shorelines, and beaches;

[311(a)(8) amended by PL 101-380]

FWPC Sec. 311(a)(9)

"(9) "contiguous zone" means the entire zone established or to be established by the United States under article 24 of the Convention on the Territorial Sea and the Contiguous Zone;

FWPC Sec. 311(a)(10)

"(10) "onshore facility" means any facility (including, but not limited to, motor vehicles and rolling stock) of any kind located in, on, or under, any land within the United States other than submerged land;

FWPC Sec. 311(a)(11)

"(11) "offshore facility" means any facility of any kind located in, on, or under, any of the navigable waters of the United States, and any facility of any kind which is subject to the jurisdiction of the United States and is located in, on, or under any other waters, other than a vessel or a public vessel;

FWPC Sec. 311(a)(12)

"(12) "act of God" means an act occasioned by an unanticipated grave natural disaster;

FWPC Sec. 311(a)(13)

"(13) "barrel" means 42 United States gallons at 60 degrees Fahrenheit;

FWPC Sec. 311(a)(14)

"(14) "hazardous substance" means any substance designated pursuant to subsection (b)(2) of this section;

FWPC Sec. 311(a)(15)

"(15) "inland oil barge" means a non- self-propelled vessel carrying oil in bulk as cargo and certificated to operate only in the inland waters of the United States, while operating in such waters;

FWPC Sec. 311(a)(16)

"(16) "inland waters of the United States" means those waters of the United States lying inside the baseline from which the territorial sea is measured and those waters outside such baseline which are a part of the Gulf Intracoastal Waterway;

[311(a)(16) amended by PL 101-380]

FWPC Sec. 311(a)(17)

"(17) "otherwise subject to the jurisdiction of the United States" means subject to the jurisdiction of the United States by virtue of United States citizenship, United States vessel documentation or numbering, or as provided for by international agreement to which the United States is a party;

[311(a)(17) added by PL 95-576; amended by PL 101-380]

FWPC Sec. 311(a)(18)

"(18) "Area Committee" means an Area Committee established under subsection (j);

[311(a)(18) added by PL 101-380]

FWPC Sec. 311(a)(19)

"(19) "Area Contingency Plan" means an Area Contingency Plan prepared under subsection (j);

[311(a)(19) added by PL 101-380]

FWPC Sec. 311(a)(20)

"(20) "Coast Guard District Response Group" means a Coast Guard District Response Group established under subsection (j);

[311(a)(20) added by PL 101-380]

FWPC Sec. 311(a)(21)

"(21) "Federal On-Scene Coordinator" means a Federal On-Scene Coordinator designated in the National Contingency Plan;

[311(a)(21) added by PL 101-380]

FWPC Sec. 311(a)(22)

"(22) "National Contingency Plan" means the National Contingency Plan prepared and published under subsection (d);

[311(a)(22) added by PL 101-380]

FWPC Sec. 311(a)(23)

"(23) "National Response Unit" means the National Response Unit established under subsection (j); and

[311(a)(23) added by PL 101-380]

FWPC Sec. 311(a)(24)

"(24) "worst case discharge" means

FWPC Sec. 311(a)(24)(A)

"(A) in the case of a vessel, a discharge in adverse weather conditions of its entire cargo; and

FWPC Sec. 311(a)(24)(B)

"(B) in the case of an offshore facility or onshore facility, the largest foreseeable discharge in adverse weather conditions.

[311(a)(24) added by PL 101-380]

FWPC Sec. 311(b)

"(b) "(1) The Congress hereby declares that it is the policy of the United States that there should be no discharges of oil or hazardous substances into or upon the navigable waters of the United States, adjoining shorelines, or into or upon the waters of the contiguous zone, or in connection with activities under the Outer Continental Shelf Lands Act or the Deepwater Port Act of 1977, or which may affect natural resources belonging to, appertaining to, or under the exclusive management authority of the United States (including resources under the Magnuson Fishery Conservation and Management Act of 1976).

[311(b)(1) amended by PL 96-561]

FWPC Sec. 311(b)(2)

"(2) "(A) The Administrator shall develop, promulgate, and revise as may be appropriate, regulations designating as hazardous substances, other than oil as defined in this section, such elements and compounds which, when discharged in any quantity into or upon the navigable waters of the United States or adjoining shorelines or the waters of the contiguous zone or in connection with activities under the Outer Continental Shelf Lands Act or the Deepwater Port Act of 1974, or which may affect natural resources belonging to, appertaining to, or under the exclusive management authority of the United States (including resources under the Magnuson Fishery Conservation and Management Act of 1976), present an imminent and substantial danger to the public health or welfare, including, but not limited to, fish, shellfish, wildlife, shorelines, and beaches.

[311(b)(2)(A) amended by PL 96-561]

FWPC Sec. 311(b)(2)(B)

"(B) The Administrator shall within 18 months after the date of enactment of this paragraph, conduct a study and report to the Congress on methods, mechanisms, and procedures to create incentives to achieve a higher standard of care in all aspects of the management and movement of hazardous substances on the part of owners, operators, or persons in charge of onshore facilities, offshore facilities or vessels. The Administrator shall include in such study "(1) limits of liability, "(2) liability for third party damages, "(3) penalties and fees, "(4) spill prevention plans, "(5) current practices in the insurance and banking industries, and "(6) whether the penalty enacted in subclause (bb) of clause (iii) of subparagraph (B) of subsection (b)(2) of section 311 of Public Law 92-500 should be enacted.

FWPC Sec. 311(b)(3)

"(3) The discharge of oil or hazardous substances "(i) into or upon the navigable waters of the United States, adjoining shorelines, or into or upon the waters of the contiguous zone, or "(ii) in connection with activities under the Outer Continental Shelf Lands Act or the Deepwater Port Act of 1974, or which may affect natural resources belonging to, appertaining to, or under the exclusive management

authority of the United States (including resources under the Magnuson Fishery Conservation and Management Act of 1976), in such quantities as may be harmful as determined by the President under paragraph (4) of this subsection, is prohibited, except "(A) in the case of such discharges into the waters of the contiguous zone or which may affect natural resources belonging to, appertaining to, or under the exclusive management authority of the United States (including resources under the Magnuson Fishery Conservation and Management Act of 1976), where permitted under the Protocol of 1978 Relating to the International Convention for the Prevention of Pollution from Ships, 1973 and "(B) where permitted in quantities and at times and locations or under such circumstances or conditions as the President may, by regulation, determine not to be harmful. Any regulations issued under this subsection shall be consistent with maritime safety and with marine and navigation laws and regulations and applicable water quality standards.

[311(b)(3) revised by PL 95-576; amended by PL 96-478; PL 96-561]

FWPC Sec. 311(b)(4)

"(4) The President shall by regulation determine for the purposes of this section those quantities of oil and any hazardous substances the discharge of which may be harmful to the public health or welfare or the environment of the United States, including but not limited to fish, shellfish, wildlife, and public and private property, shorelines, and beaches.

[311(b)(4) amended by PL 95-576; PL 101-380]

FWPC Sec. 311(b)(5)

"(5) Any person in charge of a vessel or of an onshore facility or an offshore facility shall, as soon as he has knowledge of any discharge of oil or a hazardous substance from such vessel or facility in violation of paragraph (3) of this subsection, immediately notify the appropriate agency of the United States Government of such discharge. The Federal agency shall immediately notify the appropriate State agency of any State which is, or may reasonably be expected to be, affected by the discharge of oil or a hazardous substance. Any such person "(A) in charge of a vessel from which oil or a hazardous substance is discharged in violation of paragraph (3)(i) of this subsection, or "(B) in charge of a vessel from which oil or a hazardous substance is discharged in violation of paragraph (3)(ii) of this subsection and who is otherwise subject to the jurisdiction of the United States at the time of the discharge, or "(C) in charge of an onshore facility or an offshore facility, who fails to notify immediately such agency of such discharge shall, upon conviction, be fined in accordance with title 18, United States Code, or imprisoned for not more than 5 years, or both. Notification received pursuant to this paragraph shall not be used against any such natural person in any criminal case, except a prosecution for perjury or for giving a false statement.

[311(b)(5) amended by PL 95-576; PL 101-380]

FWPC Sec. 311(b)(6)

"(6) Administrative Penalties.

FWPC Sec. 311(b)(6)(A)

"(A) Violations. Any owner, operator, or person in charge of any vessel, onshore facility, or offshore facility

FWPC Sec. 311(b)(6)(A)(i)

"(i) from which oil or a hazardous substance is discharged in violation of paragraph (3) , or

FWPC Sec. 311(b)(6)(A)(ii)

"(ii) who fails or refuses to comply with any regulation issued under subsection (j) to which that owner, operator, or person in charge is subject, may be assessed a class I or class II civil penalty by the Secretary of the department in which the Coast Guard is operating or the Administrator.

FWPC Sec. 311(b)(6)(B)

"(B) Classes of Penalties.

FWPC Sec. 311(b)(6)(B)(i)

"(i) Class I. The amount of a class I civil penalty under subparagraph (A) may not exceed \$10,000 per violation, except that the maximum amount of any class I civil penalty under this subparagraph shall not exceed \$25,000. Before assessing a civil penalty under this clause, the Administrator or Secretary, as the case may be, shall give to the person to be assessed such penalty written notice of the Administrator's or Secretary's proposal to assess the penalty and the opportunity to request, within 30 days of the date the notice is received by such person, a hearing on the proposed penalty. Such hearing shall not be subject to section 554 or 556 of title 5, United States Code, but shall provide a reasonable opportunity to be heard and to present evidence.

FWPC Sec. 311(b)(6)(B)(ii)

"(ii) Class II. The amount of a class II civil penalty under subparagraph (A) may not exceed \$10,000 per day for each day during which the violation continues; except that the maximum amount of any class II civil penalty under this subparagraph shall not exceed \$125,000. Except as otherwise provided in this subsection, a class II civil penalty shall be assessed and collected in the same manner, and subject to the same provisions, as in the case of civil penalties assessed and collected after notice and opportunity for a hearing on the record in accordance with section 554 of title 5, United States Code. The Administrator and Secretary may issue rules for discovery procedures for hearings under this paragraph.

FWPC Sec. 311(b)(6)(C)

"(C) Rights of Interested Persons.

FWPC Sec. 311(b)(6)(C)(i)

"(i) Public Notice. Before issuing an order assessing a class II civil penalty under this paragraph the Administrator or Secretary, as the case may be, shall provide public notice of and reasonable opportunity to comment on the proposed issuance of such order.

FWPC Sec. 311(b)(6)(C)(ii)

"(ii) Presentation of Evidence. Any person who comments on a proposed assessment of a class II civil penalty under this paragraph shall be given notice of any hearing held under this paragraph and of the order assessing such penalty. In any hearing held under this paragraph, such person shall have a reasonable opportunity to be heard and to present evidence.

FWPC Sec. 311(b)(6)(C)(iii)

"(iii) Rights of Interested Persons to a Hearing. If no hearing is held under subparagraph (B) before issuance of an order assessing a class II civil penalty under this paragraph, any person who commented on the proposed assessment may petition, within 30 days after the issuance of such order, the Administrator or Secretary, as the case may be, to set aside such order and to provide a hearing on the penalty. If the evidence presented by the petitioner in support of the petition is material and was not considered in the issuance of the order, the Administrator or Secretary shall immediately set aside such order and provide a hearing in accordance with subparagraph (B)(ii). If the Administrator or Secretary denies a hearing under this clause, the Administrator or Secretary shall provide to the petitioner, and publish in the Federal Register, notice of and the reasons for such denial.

FWPC Sec. 311(b)(6)(D)

"(D) Finality of Order. An order assessing a class II civil penalty under this paragraph shall become final 30 days after its issuance unless a petition for judicial review is filed under subparagraph (G) or a hearing is requested under subparagraph (C)(iii). If such a hearing is denied, such order shall become final 30 days after such denial.

FWPC Sec. 311(b)(6)(E)

"(E) Effect of Order. Action taken by the Administrator or Secretary, as the case may be, under this paragraph shall not affect or limit the Administrator's or Secretary's authority to enforce any provision of this Act; except that any violation

FWPC Sec. 311(b)(6)(E)(i)

"(i) with respect to which the Administrator or Secretary has commenced and is diligently prosecuting an action to assess a class II civil penalty under this paragraphs or

FWPC Sec. 311(b)(6)(E)(ii)

"(ii) for which the Administrator or Secretary has issued a final order assessing a class II civil penalty not subject to further judicial review and the violator has paid a penalty assessed under this paragraph, shall not be the subject of a civil penalty action under section 309(d), 309(g), or 505 of this Act or under paragraph (7) .

FWPC Sec. 311(b)(6)(F)

"(F) Effect of Action on Compliance. No action by the Administrator or Secretary under this paragraph shall affect any person's obligation to comply with any section of this Act.

FWPC Sec. 311(b)(6)(G)

"(G) Judicial Review. Any person against whom a civil penalty is assessed under this paragraph or who commented on the proposed assessment of such penalty in accordance with subparagraph (C) may obtain review of such assessment

FWPC Sec. 311(b)(6)(G)(i)

"(i) in the case of assessment of a class I civil penalty, in the United States District Court for the District of Columbia or in the district in which the violation is alleged to have occurred, or

FWPC Sec. 311(b)(6)(G)(ii)

"(ii) in the case of assessment of a class II civil penalty, in United States Court of Appeals for the District of Columbia Circuit or for any other circuit in which such person resides or transacts business, by filing a notice of appeal in such court within the 30-day period beginning on the date the civil penalty order is issued and by simultaneously sending a copy of such notice by certified mail to the Administrator or Secretary, as the case may be, and the Attorney General. The Administrator or Secretary shall promptly file in such court a certified copy of the record on which the order was issued. Such court shall not set aside or remand such order unless there is not substantial evidence in the record, taken as a whole, to support the finding of a violation or unless the Administrator's or Secretary's assessment of the penalty constitutes an abuse of discretion and shall not impose additional civil penalties for the same violation unless the Administrator's or Secretary's assessment of the penalty constitutes an abuse of discretion.

FWPC Sec. 311(b)(6)(H)

"(H) Collection.If any person fails to pay an assessment of a civil penalty

FWPC Sec. 311(b)(6)(H)(i)

"(i) after the assessment has become final, or

FWPC Sec. 311(b)(6)(H)(ii)

"(ii) after a court in an action brought under subparagraph (G) has entered a final judgment in favor of the Administrator or Secretary, as the case may be, the Administrator or Secretary shall request the Attorney General to bring a civil action in an appropriate district court to recover the amount assessed (plus interest at currently prevailing rates from the date of the final order or the date of the final judgment, as the case may be). In such an action, the validity, amount, and appropriateness of such penalty shall not be subject to review. Any person who fails to pay on a timely basis the amount of an assessment of a civil penalty as described in the first sentence of this subparagraph shall be required to pay, in addition to such amount and interest, attorneys fees and costs for collection proceedings and a quarterly nonpayment penalty for each quarter during which such failure to pay persists. Such nonpayment penalty shall be in an amount equal to 20 percent of the aggregate amount of such person's penalties and nonpayment penalties which are unpaid as of the beginning of such quarter.

FWPC Sec. 311(b)(6)(I)

"(I) Subpoenas.The Administrator or Secretary, as the case may be, may issue subpoenas for the attendance and testimony of witnesses and the production of relevant papers, books, or documents in connection with hearings under this paragraph. In case of contumacy or refusal to obey a subpoena issued pursuant to this subparagraph and served upon any person, the district court of the United States for any district in which such person is found, resides, or transacts business, upon application by the United States and after notice to such person, shall have jurisdiction to issue an order requiring such person to appear and give testimony before the administrative law judge or to appear

and produce documents before the administrative law judge, or both, and any failure to obey such order of the court may be punished by such court as a contempt thereof.

[Former 311(b)(6) repealed and new (b)(6) added by PL 101-380]

FWPC Sec. 311(b)(7)

"(7) Civil Penalty Action.

FWPC Sec. 311(b)(7)(A)

"(A) Discharge, Generally. Any person who is the owner, operator, or person in charge of any vessel, onshore facility, or offshore facility from which oil or a hazardous substance is discharged in violation of paragraph (3), shall be subject to a civil penalty in an amount up to \$25,000 per day of violation or an amount up to \$1,000 per barrel of oil or unit of reportable quantity of hazardous substances discharged.

FWPC Sec. 311(b)(7)(B)

"(B) Failure to Remove or Comply. Any person described in subparagraph (A) who, without sufficient cause

FWPC Sec. 311(b)(7)(B)(i)

"(i) fails to properly carry out removal of the discharge under an order of the President pursuant to subsection (c); or

FWPC Sec. 311(b)(7)(B)(ii)

"(ii) fails to comply with an order pursuant to subsection (e)(1)(B); shall be subject to a civil penalty in an amount up to \$25,000 per day of violation or an amount up to 3 times the costs incurred by the Oil Spill Liability Trust Fund as a result of such failure.

FWPC Sec. 311(b)(7)(C)

"(C) Failure to comply with Regulation. Any person who fails or refuses to comply with any regulation issued under subsection (j) shall be subject to a civil penalty in an amount up to \$25,000 per day of violation.

FWPC Sec. 311(b)(7)(D)

"(D) Gross Negligence. In any case in which a violation of paragraph (3) was the result of gross negligence or willful misconduct of a person described in subparagraph (A), the person shall be subject to a civil penalty of not less than \$100,000, and not more than \$3,000 per barrel of oil or unit of reportable quantity of hazardous substance discharged.

FWPC Sec. 311(b)(7)(E)

"(E) Jurisdiction. An action to impose a civil penalty under this paragraph may be brought in the district court of the United States for the district in which the defendant is located, resides, or is doing business, and such court shall have jurisdiction to assess such penalty.

FWPC Sec. 311(b)(7)(F)

"(F) Limitation. A person is not liable for a civil penalty under this paragraph for a discharge if the person has been assessed a civil penalty under paragraph (6) for the discharge.

[311(b)(7) added by PL 101-380]

FWPC Sec. 311(b)(8)

"(8) Determination of Amount. In determining the amount of a civil penalty under paragraphs (6) and (7), the Administrator, Secretary, or the court, as the case may be, shall consider the seriousness of the violation or violations, the economic benefit to the violator, if any, resulting from the violation, the degree of culpability involved, any other penalty for the same incident, any history of prior violations, the nature, extent, and degree of success of any efforts of the violator to minimize or mitigate the effects of the discharge, the economic impact of the penalty on the violator, and any other matters as justice may require.

[311(b)(8) added by PL 101-380]

FWPC Sec. 311(b)(9)

"(9) Mitigation of Damage. In addition to establishing a penalty for the discharge of oil or a hazardous substance, the Administrator or the Secretary of the department in which the Coast Guard is operating may act to mitigate the damage to the public health or welfare caused by such discharge. The cost of such mitigation shall be deemed a cost incurred under subsection (c) of this section for the removal of such substance by the United States Government.

[311(b)(9) added by PL 101-380]

FWPC Sec. 311(b)(10)

"(10) Recovery of Removal Costs. Any costs of removal incurred in connection with a discharge excluded by subsection (a)(2)(C) of this section shall be recoverable from the owner or operator of the source of the discharge in an action brought under section 309(b) of this Act.

[311(b)(10) added by PL 101-380]

FWPC Sec. 311(b)(11)

"(11) Limitation. Civil penalties shall not be assessed under both this section and section 309 for the same discharge.

[311(b)(11) added by PL 101-380]

FWPC Sec. 311(b)(12)

"(12) Withholding Clearance. If any owner, operator, or person in charge of a vessel is liable for a civil penalty under this subsection, or if reasonable cause exists to believe that the owner, operator, or person in charge may be subject to a civil penalty under this subsection, the Secretary of the Treasury, upon the request of the Secretary of the department in which the Coast Guard is operating or the Administrator, shall with respect to such vessel refuse or revoke

FWPC Sec. 311(b)(12)(A)

"(A) the clearance required by section 4197 of the Revised Statutes of the United States (46 U.S.C. App. 91);

FWPC Sec. 311(b)(12)(B)

"(B) a permit to proceed under section 4367 of the Revised Statutes of the United States (46 U.S.C. App. 313); and

FWPC Sec. 311(b)(12)(C)

"(C) a permit to depart required under section 443 of the Tariff Act of 1930 (19 U.S.C. 1443);

"as applicable. Clearance or a permit refused or revoked under this paragraph may be granted upon the filing of a bond or other surety satisfactory to the Secretary of the department in which the Coast Guard is operating or the Administrator.

[311(b)(12) added by PL 102-388]

FWPC Sec. 311(c)

"(c) Federal Removal Authority.

FWPC Sec. 311(c)(1)

"(1) General Removal Requirement.

FWPC Sec. 311(c)(1)(A)

"(A) The President shall in accordance with the National Contingency Plan and any appropriate Area Contingency Plan, ensure effective and immediate removal of a discharge, and mitigation or prevention of a substantial threat of a discharge, of oil or a hazardous substance

FWPC Sec. 311(c)(1)(A)(i)

"(i) into or on the navigable waters;

FWPC Sec. 311(c)(1)(A)(ii)

"(ii) on the adjoining shorelines to the navigable waters;

FWPC Sec. 311(c)(1)(A)(iii)

"(iii) into or on the waters of the exclusive economic zone; or

FWPC Sec. 311(c)(1)(A)(iv)

"(iv) that may affect natural resources belonging to, appertaining to, or under the exclusive management authority of the United States.

FWPC Sec. 311(c)(1)(B)

"(B) In carrying out this paragraph, the President may

FWPC Sec. 311(c)(1)(B)(i)

"(i) remove or arrange for the removal of a discharge, and mitigate or prevent a substantial threat of a discharge, at any time;

FWPC Sec. 311(c)(1)(B)(ii)

"(ii) direct or monitor all Federal, State, and private actions to remove a discharge; and

FWPC Sec. 311(c)(1)(B)(iii)

"(iii) remove and, if necessary, destroy a vessel discharging, or threatening to discharge, by whatever means are available.

FWPC Sec. 311(c)(2)

"(2) Discharge Posing Substantial Threat to Public Health or Welfare.

FWPC Sec. 311(c)(2)(A)

"(A) If a discharge, or a substantial threat of a discharge, of oil or a hazardous substance from a vessel, offshore facility, or onshore facility is of such "a size or character as to be a substantial threat to the public health or welfare of the United States (including but not limited to fish, shellfish, wildlife, other natural resources, and the public and private beaches and shorelines of the United States), the President shall direct all Federal, State, and private actions to remove the discharge or to mitigate or prevent the threat of the discharge.

FWPC Sec. 311(c)(2)(B)

"(B) In carrying out this paragraph, the President may, without regard to any other provision of law governing contracting procedures or employment of personnel by the Federal Government

FWPC Sec. 311(c)(2)(B)(i)

"(i) remove or arrange for the removal of the discharge, or mitigate or prevent the substantial threat of the discharge; and

FWPC Sec. 311(c)(2)(B)(ii)

"(ii) remove and, if necessary, destroy a vessel discharging, or threatening to discharge, by whatever means are available.

[311(c) revised by PL 101-380]

ADDITIONAL PROVISIONS

[Note: Section 4201(c) of PL 101-380 (the Oil Pollution Act of 1990) included provisions concerning the National Contingency Plan. Those provisions follow.]

Sec. 4201

"(c) "(3) Actions in Accordance with National Contingency Plan.

"(A) Each Federal agency, State, owner or operator, or other person participating in efforts under this subsection shall act in accordance with the National Contingency Plan or as directed by the

President.

"(B) An owner or operator participating in efforts under this subsection shall act in accordance with the National Contingency Plan and the applicable response plan required under subsection (j), or as directed by the President.

"(4) Exemption From Liability.

"(A) person is not liable for removal costs or damages which result from actions taken or omitted to be taken in the course of rendering care, assistance, or advice consistent with the National Contingency Plan or as otherwise directed by the President.

"(B) Subparagraph (A) does not apply

"(i) to a responsible party;

"(ii) to a response under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (42 U.S.C. 9601 et seq.);

"(iii) with respect to personal injury or wrongful death; or

"(iv) if the person is grossly negligent or engages in willful misconduct.

"(C) A responsible party is liable for any removal costs and damages that another person is relieved of under subparagraph (A).

"(5) Obligation and Liability of Owner or Operator not Affected.Nothing in this subsection affects

"(A) the obligation of an owner or operator to respond immediately to a discharge, or the threat of a discharge, of oil; or

"(B) the liability of a responsible party under the Oil Pollution Act of 1990.

"(6) Responsible Party Defined.For purposes of this subsection, the term 'responsible party' has the meaning given that term under section 1001 of the Oil Pollution Act of 1990 .

Sec. 311 Contd.

FWPC Sec. 311(d)

"(d) National Contingency Plan.

[311(d) revised by PL 101-380]

FWPC Sec. 311(d)(1)

"(1) Preparation by President.The President shall prepare and publish a National Contingency Plan for removal of oil and hazardous substances pursuant to this section.

FWPC Sec. 311(d)(2)

"(2) Contents.The National Contingency Plan shall provide for efficient, coordinated, and effective action to minimize damage from oil and hazardous substance discharges, including containment,

dispersal, and removal of oil and hazardous substances, and shall include, but not be limited to, the following:

FWPC Sec. 311(d)(2)(A)

"(A) Assignment of duties and responsibilities among Federal departments and agencies in coordination with State and local agencies and port authorities including, but not limited to, water pollution control and conservation and trusteeship of natural resources (including conservation of fish and wildlife).

FWPC Sec. 311(d)(2)(B)

"(B) Identification, procurement, maintenance, and storage of equipment and supplies.

FWPC Sec. 311(d)(2)(C)

"(C) Establishment or designation of Coast Guard strike teams, consisting of

FWPC Sec. 311(d)(2)(C)(i)

"(i) personnel who shall be trained, prepared, and available to provide necessary services to carry out the National Contingency Plan;

FWPC Sec. 311(d)(2)(C)(ii)

"(ii) adequate oil and hazardous substance pollution control equipment and material; and

FWPC Sec. 311(d)(2)(C)(iii)

"(iii) a detailed oil and hazardous substance pollution and prevention plan, including measures to protect fisheries and wildlife.

FWPC Sec. 311(d)(2)(D)

"(D) A system of surveillance and notice designed to safeguard against as well as ensure earliest possible notice of discharges of oil and hazardous substances and imminent threats of such discharges to the appropriate State and Federal agencies.

FWPC Sec. 311(d)(2)(E)

"(E) Establishment of a national center to provide coordination and direction for operations in carrying out the Plan.

FWPC Sec. 311(d)(2)(F)

"(F) Procedures and techniques to be employed in identifying, containing, dispersing, and removing oil and hazardous substances.

FWPC Sec. 311(d)(2)(G)

"(G) A schedule, prepared in cooperation with the States, identifying

FWPC Sec. 311(d)(2)(G)(i)

"(i) dispersants, other chemicals, and other spill mitigating devices and substances, if any, that may be used in carrying out the Plan,

FWPC Sec. 311(d)(2)(G)(ii)

"(ii) the waters in which such dispersants, other chemicals, and other spill mitigating devices and substances may be used, and

FWPC Sec. 311(d)(2)(G)(iii)

"(iii) the quantities of such dispersant, other chemicals, or other spill mitigating device or substance which can be used safely in such waters, which schedule shall provide in the case of any dispersant, chemical, spill mitigating device or substance, or waters not specifically identified in such schedule that the President, or his delegate, may, on a case-by-case basis, identify the dispersants, other chemicals, and other spill mitigating devices and substances which may be used, the waters in which they may be used and the quantities which can be used safely in such waters.

FWPC Sec. 311(d)(2)(H)

"(H) A system whereby the State or States affected by a discharge of oil or hazardous substance may act where necessary to remove such discharge and such State or States may be reimbursed in accordance with the Oil Pollution Act of 1990, in the case of any discharge of oil from a vessel or facility, for the reasonable costs incurred for that removal, from the Oil Spill Liability Trust Fund.

FWPC Sec. 311(d)(2)(I)

"(I) Establishment of criteria and procedures to ensure immediate and effective Federal identification of, and response to, a discharge, or the threat of a discharge, that results in a substantial threat to the public health or welfare of the United States, as required under subsection (c)(2).

FWPC Sec. 311(d)(2)(J)

"(J) Establishment of procedures and standards for removing a worst case discharge of oil, and for mitigating or preventing a substantial threat of such a discharge.

FWPC Sec. 311(d)(2)(K)

"(K) Designation of the Federal official who shall be the Federal On-Scene Coordinator for each area for which an Area Contingency Plan is required to be prepared under subsection (j).

FWPC Sec. 311(d)(2)(L)

"(L) Establishment of procedures for the coordination of activities of

FWPC Sec. 311(d)(2)(L)(i)

"(i) Coast Guard strike teams established under subparagraph (C);

FWPC Sec. 311(d)(2)(L)(ii)

"(ii) Federal On-Scene Coordinators designated under subparagraph (K);

FWPC Sec. 311(d)(2)(L)(iii)

"(iii) District Response Groups established under subsection (j); and

FWPC Sec. 311(d)(2)(L)(iv)

"(iv) Area Committees established under subsection (j).

FWPC Sec. 311(d)(2)(M)

"(M) A fish and wildlife response plan, developed in consultation with the United States Fish and Wildlife Service, the National Oceanic and Atmospheric Administration, and other interested parties (including State fish and wildlife conservation officials), for the immediate and effective protection, rescue, and rehabilitation of, and the minimization of risk of damage to, fish and wildlife resources and their habitat that are harmed or that may be jeopardized by a discharge.

FWPC Sec. 311(d)(3)

"(3) Revisions and Amendments. The President may, from time to time, as the President deems advisable, revise or otherwise amend the National Contingency Plan.

FWPC Sec. 311(d)(4)

"(4) Actions in Accordance with National Contingency Plan. After publication of the National Contingency Plan, the removal of oil and hazardous substances and actions to minimize damage from oil and hazardous substance discharges shall, to the greatest extent possible, be in accordance with the National Contingency Plan.

FWPC Sec. 311(e)

"(e) Civil Enforcement.

[311(e) revised by PL 101-380]

FWPC Sec. 311(e)(1)

"(1) Orders Protecting Public Health. In addition to any action taken by State or local government, when the President determines that there may be an imminent and substantial threat to the public health or welfare of the United States, including fish, shellfish, and wildlife, public and private property, shorelines, beaches, habitat, and other living and nonliving natural resources under the jurisdiction or control of the United States, because of an actual or threatened discharge of oil or a hazardous substance from a vessel or facility in violation of subsection (b), the President may

FWPC Sec. 311(e)(1)(A)

"(A) require the Attorney General to secure any relief from any person, including the owner or operator of the vessel or facility, as may be necessary to abate such endangerment; or

FWPC Sec. 311(e)(1)(B)

"(B) after notice to the affected State, take any other action under this section, including issuing administrative orders, that may be necessary to protect the public health and welfare.

FWPC Sec. 311(e)(2)

"(2) Jurisdiction of District Courts. The district courts of the United States shall have jurisdiction to grant any relief under this subsection that the public interest and the equities of the case may require.

FWPC Sec. 311(f)

"(f) "(1) Except where an owner or operator can prove that a discharge was caused solely by "(A) an act of God, "(B) an act of war, "(C) negligence on the part of the United States Government, or "(D) an act or omission of a third party without regard to whether any such act or omission was or was not negligent, or any combination of the foregoing clauses, such owner or operator of any vessel from which oil or a hazardous substance is discharged in violation of subsection (b)(3) of this section shall, notwithstanding any other provision of law, be liable to the United States Government for the actual costs incurred under subsection (c) for the removal of such oil or substance by the United States Government in an amount not to exceed, in the case of an inland oil barge \$125 per gross ton of such barge, or \$125,000, whichever is greater, and in the case of any other vessel, \$150 per gross ton of such vessel (or, for a vessel carrying oil or hazardous substances as cargo, \$250,000), whichever is greater, except that where the United States can show that such discharge was the result of willful negligence or willful misconduct within the privity and knowledge of the owner, such owner or operator shall be liable to the United States Government for the full amount of such costs. Such costs shall constitute a maritime lien on such vessel which may be recovered in an action in rem in the district court of the United States for any district within which any vessel may be found. The United States may also bring an action against the owner or operator of such vessel in any court of competent jurisdiction to recover such costs.

FWPC Sec. 311(f)(2)

"(2) Except where an owner or operator of an onshore facility can prove that a discharge was caused solely by "(A) an act of God, "(B) an act of war, "(C) negligence on the part of the United States Government, or "(D) an act or omission of a third party without regard to whether any such act or omission was or was not negligent, or any combination of the foregoing clauses, such owner or operator of any such facility from which oil or a hazardous substance is discharged in violation of subsection (b)(3) of this section shall be liable to the United States Government for the actual costs incurred under subsection (c) for the removal of such oil or substance by the United States Government in an amount not to exceed \$50,000,000, except that where the United States can show that such discharge was the result of willful negligence or willful misconduct within the privity and knowledge of the owner, such owner or operator shall be liable to the United States Government for the full amount of such costs. The United States may bring an action against the owner or operator of such facility in any court of competent jurisdiction to recover such costs. The Administrator is authorized, by regulation, after consultation with the Secretary of Commerce and the Small Business Administration, to establish reasonable and equitable classifications of those onshore facilities having a total fixed storage capacity of 1,000 barrels or less which he determines because of size, type, and location do not present a substantial risk of the discharge of oil or a hazardous substance in violation of subsection (b)(3) of this section, and apply with respect to such classifications differing limits of liability which may be less than the amount contained in this paragraph.

FWPC Sec. 311(f)(3)

"(3) Except where an owner or operator of an offshore facility can prove that a discharge was caused solely by "(A) an act of God, "(B) an act of war, "(C) negligence on the part of the United States Government, or "(D) an act or omission of a third party without regard to whether any such act or

omission was or was not negligent, or any combination of the foregoing clauses, such owner or operator of any such facility from which oil or a hazardous substance is discharged in violation of subsection (b)(3) of this section shall, notwithstanding any other provision of law, be liable to the United States Government for the actual costs incurred under subsection (c) for the removal of such oil or substance by the United States Government in an amount not to exceed \$50,000,000, except that where the United States can show that such discharge was the result of willful negligence or willful misconduct within the privity and knowledge of the owner, such owner or operator shall be liable to the United States Government for the full amount of such costs. The United States may bring an action against the owner or operator of such a facility in any court of competent jurisdiction to recover such costs.

FWPC Sec. 311(f)(4)

"(4) The costs of removal of oil or a hazardous substance for which the owner or operator of a vessel or onshore or offshore facility is liable under subsection (f) of this section shall include any costs or expenses incurred by the Federal Government or any State government in the restoration or replacement of natural resources damaged or destroyed as a result of a discharge of oil or a hazardous substance in violation of subsection (b) of this section.

FWPC Sec. 311(f)(5)

"(5) The President, or the authorized representative of any State, shall act on behalf of the public as trustee of the natural resources to recover for the costs of replacing or restoring such resources. Sums recovered shall be used to restore, rehabilitate, or acquire the equivalent of such natural resources by the appropriate agencies of the Federal Government, or the State government.

FWPC Sec. 311(g)

"(g) Where the owner or operator of a vessel (other than an inland oil barge) carrying oil or hazardous substances as cargo or an onshore or offshore facility which handles or stores oil or hazardous substances in bulk, from which oil or a hazardous substance is discharged in violation of subsection (b) of this section, alleges that such discharge was caused solely by an act or omission of a third party, such owner or operator shall pay to the United States Government the actual costs incurred under subsection (c) for removal of such oil or substance and shall be entitled by subrogation to all rights of the United States Government to recover such costs from such third party under this subsection. In any case where an owner or operator of a vessel, of an onshore facility, or of an offshore facility, from which oil or a hazardous substance is discharged in violation of subsection (b)(3) of this section, proves that such discharge of oil or hazardous substance was caused solely by an act or omission of a third party, or was caused solely by such an act or omission in combination with an act of God, an act of war, or negligence on the part of the United States Government, such third party shall, notwithstanding any other provision of law, be liable to the United States Government for the actual costs incurred under subsection (c) for removal of such oil or substance by the United States Government, except where such third party can prove that such discharge was caused solely by "(A) an act of God, "(B) an act of war, "(C) negligence on the part of the United States Government, or "(D) an act or omission of another party without regard to whether such act or omission was or was not negligent, or any combination of the foregoing clauses. If such third party was the owner or operator of a vessel which caused the discharge of oil or a hazardous substance in violation of subsection (b)(3) of this section, the liability of such third party under this subsection shall not exceed, in the case of an inland oil barge, \$125 per gross ton of such barge, \$125,000,

whichever is greater, and in the case of any other vessel, \$150 per gross ton of such vessel (or, for a vessel carrying oil or hazardous substances as cargo, \$250,000), whichever is greater. In any other case the liability of such third party shall not exceed the limitation which would have been applicable to the owner or operator of the vessel or the onshore or offshore facility from which the discharge actually occurred if such owner or operator were liable. If the United States can show that the discharge of oil or a hazardous substance in violation of subsection (b)(3) of this section was the result of willful negligence or willful misconduct within the privity and knowledge of such third party, such third party shall be liable to the United States Government for the full amount of such removal costs. The United States may bring an action against the third party in any court of competent jurisdiction to recover such removal costs.

FWPC Sec. 311(h)

"(h) The liabilities established by this section shall in no way affect any rights which "(1) the owner or operator of a vessel or of an onshore facility or an offshore facility may have against any third party whose acts may in any way have caused or contributed to such discharge, or "(2) The United States Government may have against and third party whose actions may in any way have caused or contributed to the discharge of oil or hazardous substance.

FWPC Sec. 311(i)

"(i) In any case where an owner or operator of a vessel or an onshore facility or an offshore facility from which oil or a hazardous substance is discharged in violation of subsection (b) of this section acts to remove such oil or substance in accordance with regulations promulgated pursuant to this section, such owner or operator shall be entitled to recover the reasonable costs incurred in such removal upon establishing, in a suit which may be brought against the United States Government in the United States Court of Federal Claims, that such discharge was caused solely by "(A) an act of God, "(B) an act of war, "(C) negligence on the part of the United States Government or "(D) an act or omission of a third party without regard to whether such act or omission was or was not negligent, or of any combination of the foregoing clauses.

""(a) Application. Subsections (f), (g), (h), and (i) of section 311 of the Federal Water Pollution Control Act (33 U.S.C. 1321) shall not apply with respect to any incident for which liability is established under section 1002 of this Act."]

FWPC Sec. 311(j)

"(j) National Response System.

FWPC Sec. 311(j)(1)

"(1) In General. Consistent with the National Contingency Plan required by subsection (c)(2) of this section, as soon as practicable after the effective date of this section, and from time to time thereafter, the President shall issue regulations consistent with maritime safety and with marine and navigation laws "(A) establishing methods and procedures for removal of discharged oil and hazardous substances, "(B) establishing criteria for the development and implementation of local and regional oil and hazardous substance removal contingency plans, "(C) establishing procedures, methods, and equipment and other requirements for equipment to prevent discharges of oil and hazardous substances from vessels and from onshore facilities and offshore facilities, and to contain such discharges, and "(D) governing the inspection of vessels carrying cargoes of oil and hazardous substances and the inspection of such cargoes in order to reduce the likelihood of discharges of oil from vessels in violation of this section.

[311(j) and (j)(1) heads added by PL 101-380]

FWPC Sec. 311(j)(2)

"(2) National Response Unit. The Secretary of the department in which the Coast Guard is operating shall establish a National Response Unit at Elizabeth City, North Carolina. The Secretary, acting through the National Response Unit

FWPC Sec. 311(j)(2)(A)

"(A) shall compile and maintain a comprehensive computer list of spill removal resources, personnel, and equipment that is available worldwide and within the areas designated by the President pursuant to paragraph (4), which shall be available to Federal and State agencies and the public;

FWPC Sec. 311(j)(2)(B)

"(B) shall provide technical assistance, equipment, and other resources requested by a Federal On-Scene Coordinator;

FWPC Sec. 311(j)(2)(C)

"(C) shall coordinate use of private and public personnel and equipment to remove a worst case discharge, and to mitigate or prevent a substantial threat of such a discharge, from a vessel, offshore facility, or onshore facility operating in or near an area designated by the President pursuant to paragraph (4);

FWPC Sec. 311(j)(2)(D)

"(D) may provide technical assistance in the preparation of Area Contingency Plans required under paragraph (4);

FWPC Sec. 311(j)(2)(E)

"(E) shall administer Coast Guard strike teams established under the National Contingency Plan;

FWPC Sec. 311(j)(2)(F)

"(F) shall maintain on file all Area Contingency Plans approved by the President under this subsection; and

FWPC Sec. 311(j)(2)(G)

"(G) shall review each of those plans that affects its responsibilities under this subsection.

[Former 311(j)(2) repealed and new (j)(2) added by PL 101-380]

FWPC Sec. 311(j)(3)

"(3) Coast Guard District Response Groups.

FWPC Sec. 311(j)(3)(A)

"(A) The Secretary of the department in which the Coast Guard is operating shall establish in each Coast Guard district a Coast Guard District Response Group.

FWPC Sec. 311(j)(3)(B)

"(B) Each Coast Guard District Response Group shall consist of

FWPC Sec. 311(j)(3)(B)(i)

"(i) The Coast Guard personnel and equipment, including firefighting equipment, of each port within the district;

FWPC Sec. 311(j)(3)(B)(ii)

"(ii) additional prepositioned equipment; and

FWPC Sec. 311(j)(3)(B)(iii)

"(iii) a district response advisory staff.

FWPC Sec. 311(j)(3)(C)

"(C) Coast Guard district response groups

FWPC Sec. 311(j)(3)(C)(i)

"(i) shall provide technical assistance, equipment, and other resources when required by a Federal On-Scene Coordinator;

FWPC Sec. 311(j)(3)(C)(ii)

"(ii) shall maintain all Coast Guard response equipment within its district;

FWPC Sec. 311(j)(3)(C)(iii)

"(iii) may provide technical assistance in the preparation of Area Contingency Plans required under paragraph (4); and

FWPC Sec. 311(j)(3)(C)(iv)

"(iv) shall review each of those plans that affect its area of geographic responsibility.

[311(j)(3) added by PL 101-380]

FWPC Sec. 311(j)(4)

"(4) Area Committees and Area Contingency Plans.

FWPC Sec. 311(j)(4)(A)

"(A) There is established for each area designated by the President an Area Committee comprised of members appointed by the President from qualified personnel of Federal, State, and local agencies.

FWPC Sec. 311(j)(4)(B)

"(B) Each Area Committee, under the direction of the Federal On-Scene Coordinator for its area, shall

FWPC Sec. 311(j)(4)(B)(i)

"(i) prepare for its area the Area Contingency Plan required under subparagraph (C);

FWPC Sec. 311(j)(4)(B)(ii)

"(ii) work with State and local officials to enhance the contingency planning of those officials and to assure preplanning of joint response efforts, including appropriate procedures for mechanical recovery, dispersal, shoreline cleanup, protection of sensitive environmental areas, and protection, rescue, and rehabilitation of fisheries and wildlife; and

FWPC Sec. 311(j)(4)(B)(iii)

"(iii) work with State and local officials to expedite decisions for the use of dispersants and other mitigating substances and devices.

FWPC Sec. 311(j)(4)(C)

"(C) Each Area Committee shall prepare and submit to the President for approval an Area Contingency Plan for its area. The Area Contingency Plan shall

FWPC Sec. 311(j)(4)(C)(i)

"(i) when implemented in conjunction with the National Contingency Plan, be adequate to remove a worst case discharge, and to mitigate or prevent a substantial threat of such a discharge, from a vessel, offshore facility, or onshore facility operating in or near the area;

FWPC Sec. 311(j)(4)(C)(ii)

"(ii) describe the area covered by the plan, including the areas of special economic or environmental importance that might be damaged by a discharge;

FWPC Sec. 311(j)(4)(C)(iii)

"(iii) describe in detail the responsibilities of an owner or operator and of Federal, State, and local agencies in removing a discharge, and in mitigating or preventing a substantial threat of a discharge;

FWPC Sec. 311(j)(4)(C)(iv)

"(iv) list the equipment (including firefighting equipment), dispersants or other mitigating substances and devices, and personnel available to an owner or operator and Federal, State, and local agencies, to ensure an effective and immediate removal of a discharge, and to ensure mitigation or prevention of a substantial threat of a discharge;

FWPC Sec. 311(j)(4)(C)(v)

"(v) describe the procedures to be followed for obtaining an expedited decision regarding the use of dispersants;

FWPC Sec. 311(j)(4)(C)(vi)

"(vi) describe in detail how the plan is integrated into other Area Contingency Plans and vessel, offshore facility, and onshore facility response plans approved under this subsection, and into operating procedures of the National Response Unit;

FWPC Sec. 311(j)(4)(C)(vii)

"(vii) include any other information the President requires; and

FWPC Sec. 311(j)(4)(C)(viii)

"(viii) be updated periodically by the Area Committee.

FWPC Sec. 311(j)(4)(D)

"(D) The President shall

FWPC Sec. 311(j)(4)(D)(i)

"(i) review and approve Area Contingency Plans under this paragraph; and

FWPC Sec. 311(j)(4)(D)(ii)

"(ii) periodically review Area Contingency Plans so approved.

[311(j)(4) added by PL 101-380]

[Note: Section 4202(b)(1) of PL 101-380 states:

""(b) Implementation.

"(1) Area Committees and Contingency Plans.(A) Not later than 6 months after the date of the enactment of this Act, the President shall designate the areas for which Area Committees are established under section 311(j)(4) of the Federal Water Pollution Control Act, as amended by this Act. In designating such areas, the President shall ensure that all navigable waters, adjoining shorelines, and waters of the exclusive economic zone are subject to an Area Contingency Plan under that section.

"(B) Not later than 18 months after the date of the enactment of this Act, each Area Committee established under that section shall submit to the President the Area Contingency Plan required under that section.

"(C) Not later than 24 months after the date of the enactment of this Act, the President shall

"(i) promptly review each plan;

"(ii) require amendments to any plan that does not meet the requirements of section 311(j)(4) of the Federal Water Pollution Control Act; and

"(iii) approve each plan that meets the requirements of that section."]

FWPC Sec. 311(j)(5)

"(5) Tank Vessel and Facility Response Plans.

FWPC Sec. 311(j)(5)(A)

"(A) The President shall issue regulations which require an owner or operator of a tank vessel or facility described in subparagraph (B) to prepare and submit to the president a plan for responding, to the maximum extent practicable, to a worst case discharge, and to a substantial threat of such a discharge, of oil or a hazardous substance.

FWPC Sec. 311(j)(5)(B)

"(B) The tank vessels and facilities referred to in subparagraph (A) are the following:

FWPC Sec. 311(j)(5)(B)(i)

"(i) A tank vessel, as defined under section 2101 of title 46, United States Code.

FWPC Sec. 311(j)(5)(B)(ii)

"(ii) An offshore facility.

FWPC Sec. 311(j)(5)(B)(iii)

"(iii) An onshore facility that, because of its location, could reasonably be expected to cause substantial harm to the environment by discharging into or on the navigable waters, adjoining shorelines, or the exclusive economic zone.

FWPC Sec. 311(j)(5)(C)

"(C) A response plan required under this paragraph shall

FWPC Sec. 311(j)(5)(C)(i)

"(i) be consistent with the requirements of the National Contingency Plan and Area Contingency Plans;

FWPC Sec. 311(j)(5)(C)(ii)

"(ii) identify the qualified individual having full authority to implement removal actions, and require immediate communications between the individual and the appropriate Federal official and the persons providing personnel and equipment pursuant to clause (iii);

FWPC Sec. 311(j)(5)(C)(iii)

"(iii) identify, and ensure by contract or other means approved by the President the availability of, private personnel and equipment necessary to remove to the maximum extent practicable a worst case discharge (including a discharge resulting from fire or explosion), and to mitigate or prevent a substantial threat of such a discharge;

FWPC Sec. 311(j)(5)(C)(iv)

"(iv) describe the training, equipment testing, periodic unannounced drills, and response actions of persons on the vessel or at the facility, to be carried out under the plan to ensure the safety of the vessel or facility and to mitigate or prevent the discharge, or the substantial threat of a discharge;

FWPC Sec. 311(j)(5)(C)(v)

"(v) be updated periodically; and

FWPC Sec. 311(j)(5)(C)(vi)

"(vi) be resubmitted for approval of each significant change.

FWPC Sec. 311(j)(5)(D)

"(D) With respect to any response plan submitted under this paragraph for an onshore facility that, because of its location, could reasonably be expected to cause significant and substantial harm to the environment by discharging into or on the navigable waters or adjoining shorelines or the exclusive economic zone, and with respect to each response plan submitted under this paragraph for a tank vessel or offshore facility, the President shall

FWPC Sec. 311(j)(5)(D)(i)

"(i) promptly review such response plan;

FWPC Sec. 311(j)(5)(D)(ii)

"(ii) require amendments to any plan that does not meet the requirements of this paragraph;

FWPC Sec. 311(j)(5)(D)(iii)

"(iii) approve any plan that meets the requirements of this paragraph; and

FWPC Sec. 311(j)(5)(D)(iv)

"(iv) review each plan periodically thereafter.

FWPC Sec. 311(j)(5)(E)

"(E) A tank vessel, offshore facility, or onshore facility required to prepare a response plan under this subsection may not handle, store, or transport oil unless

FWPC Sec. 311(j)(5)(E)(i)

"(i) in the case of a tank vessel, offshore facility, or onshore facility for which a response plan is reviewed by the President under subparagraph (D), the plan has been approved by the President; and

FWPC Sec. 311(j)(5)(E)(ii)

"(ii) the vessel or facility is operating in compliance with the plan.

FWPC Sec. 311(j)(5)(F)

"(F) Notwithstanding subparagraph (E), the President may authorize a tank vessel, offshore facility, or onshore facility to operate without a response plan approved under this paragraph, until not later than 2 years after the date of the submission to the President of a plan for the tank vessel or facility, if the owner or operator certifies that the owner or operator has ensured by contract or other means approved by the President the availability of private personnel and equipment necessary to respond, to the maximum extent practicable, to a worst case discharge or a substantial threat of such a discharge.

FWPC Sec. 311(j)(5)(G)

"(G) The owner or operator of a tank vessel, offshore facility, or onshore facility may not claim as a defense to liability under title I of the Oil Pollution Act of 1990 that the owner or operator was acting in accordance with an approved response plan.

FWPC Sec. 311(j)(5)(H)

"(H) The Secretary shall maintain, in the Vessel Identification system established under chapter 125 of title 46, United States Code, the dates of approval and review of a response plan under this paragraph for each tank vessel that is a vessel of the United States.

[311(j)(5) added by PL 101-380]

[Note: Section 4204(b)(4) of PL 101-380 provides:

""(4) Tank Vessel and Facility Response Plans; Transition Provision; Effective Date of Prohibition.

"(A) Not later than 24 months after the date of the enactment of this Act, the President shall issue regulations for tank vessel and facility response plans under section 311(j)(5) of the Federal Water Pollution Control Act, as amended by this Act.

"(B) During the period beginning 30 months after the date of the enactment of this paragraph and ending 36 months after the date of enactment, a tank vessel or facility for which a response plan is required to be prepared under section 311(j)(5) of the Federal Water Pollution Control Act, as amended by this Act, may not handle, store, or transport oil unless the owner or operator thereof has submitted such a plan to the President.

"(C) Subparagraph (E) of section 311(j)(5) of the Federal Water Pollution Control Act, as amended by this Act, shall take effect 36 months after the date of the enactment of this Act."]

FWPC Sec. 311(j)(6)

"(6) Equipment Requirements and Inspection. Not later than 2 years after the date of enactment of this section, the President shall require

FWPC Sec. 311(j)(6)(A)

"(A) periodic inspection of containment booms, skimmers, vessels, and other major equipment used to remove discharges; and

FWPC Sec. 311(j)(6)(B)

"(B) vessels operating on navigable waters and carrying oil or a hazardous substance in bulk as cargo to carry appropriate removal equipment that employs the best technology economically feasible and that is compatible with the safe operation of the vessel.

[311(j)(6) added by PL 101-380]

FWPC Sec. 311(j)(7)

"(7) Area Drills. The President shall periodically conduct drills of removal capability, without prior notice, in areas for which Area Contingency Plans are required under this subsection and under relevant tank vessel and facility response plans. The drills may include participation by Federal, State, and local agencies, the owners and operators of vessels and facilities in the area, and private industry. The President may publish annual reports on these drills, including assessments of the effectiveness of the plans and a list of amendments made to improve plans.

[311(j)(7) added by PL 101-380]

FWPC Sec. 311(j)(8)

"(8) United States Government not Liable. The United States Government is not liable for any damages arising from actions or omissions relating to any response plan required by this section.

[311(j)(8) added by PL 101-380]

FWPC Sec. 311(k)

"(k) [Repealed]

[311(k) repealed by PL 101-380]

[Note: Section 2002(b)(2) of PL 101-380 repealed 311(k) of this Act and stipulated, "(2) Any amounts remaining in the revolving fund established under that subsection shall be deposited in the Fund. The Fund shall assume all liability incurred by the revolving fund established under that subsection."]

FWPC Sec. 311(l)

"(l) The President is authorized to delegate the administration of this section to the heads of those Federal departments, agencies, and instrumentalities which he determines to be appropriate. Each such department, agency, and instrumentality, in order to avoid duplication of effort, shall, whenever appropriate, utilize the personnel, services, and facilities of other Federal departments, agencies, and instrumentalities.

[311(l) amended by PL 101-380]

FWPC Sec. 311(m)

"(m) Administrative Provisions.

[311(m) revised by PL 101-380]

FWPC Sec. 311(m)(1)

"(1) For Vessels. Anyone authorized by the President to enforce the provisions of this section with respect to any vessel may, except as to public vessels

FWPC Sec. 311(m)(1)(A)

"(A) board and inspect any vessel upon the navigable waters of the United States or the waters of the contiguous zone,

FWPC Sec. 311(m)(1)(B)

"(B) with or without a warrant, arrest any person who in the presence or view of the authorized person violates the provisions of this section or any regulation issued thereunder, and

FWPC Sec. 311(m)(1)(C)

"(C) execute any warrant or other process issued by an officer or court of competent jurisdiction.

FWPC Sec. 311(m)(2)

"(2) For Facilities.

FWPC Sec. 311(m)(2)(A)

"(A) Recordkeeping. Whenever, required to carry out the purposes of this section, the Administrator or the Secretary of the Department in which the Coast Guard is operating shall require the owner or operator of a facility to which this section applies to establish and maintain such records, make such reports, install, use, and maintain such monitoring equipment and methods, and provide such other information as the Administrator or Secretary, as the case may be, may require to carry out the objectives of this section.

FWPC Sec. 311(m)(2)(B)

"(B) Entry and Inspection. Whenever required to carry out the purposes of this section, the Administrator or the Secretary of the Department in which the Coast Guard is operating or an authorized representative of the Administrator or Secretary, upon presentation of appropriate credentials, may

FWPC Sec. 311(m)(2)(B)(i)

"(i) enter and inspect any facility to which this section applies, including any facility at which any records are required to be maintained under subparagraph (A); and

FWPC Sec. 311(m)(2)(B)(ii)

"(ii) at reasonable times, have access to and copy any records, take samples, and inspect any monitoring equipment or methods required under subparagraph (A).

FWPC Sec. 311(m)(2)(C)

"(C) Arrests and Execution of Warrants. Anyone authorized by the Administrator or the Secretary of the department in which the Coast Guard is operating to enforce the provisions of this section with respect to any facility may

FWPC Sec. 311(m)(2)(C)(i)

"(i) with or without a warrant, arrest any person who violates the provisions of this section or any regulation issued thereunder in the presence or view of the person so authorized; and

FWPC Sec. 311(m)(2)(C)(ii)

"(ii) execute any warrant or process issued by an officer or court of competent jurisdiction.

FWPC Sec. 311(m)(2)(D)

"(D) Public Access. Any records, reports, or information obtained under this paragraph shall be subject to the same public access and disclosure requirements which are applicable to records, reports, and information obtained pursuant to section 308 .

FWPC Sec. 311(n)

"(n) The several district courts of the United States are invested with jurisdiction for any actions, other than actions pursuant to subsection (i)(1), arising under this section. In the case of Guam and the Trust Territory of the Pacific Islands, such actions may be brought in the district court of Guam, and in the case of the Virgin Islands such actions may be brought in the district court of the Virgin Islands. In the case of American Samoa and the Trust Territory of the Pacific Islands, such actions may be brought in the District Court of the United States for the District of Hawaii and such court shall have jurisdiction of such actions. In the case of the Canal Zone, such actions may be brought in the United States District Court for the District of the Canal Zone.

FWPC Sec. 311(o)

"(o) "(1) Nothing in this section shall affect or modify in any way the obligations of any owner or operator of any vessel, or of any owner or operator of any onshore facility or offshore facility to any person or agency under any provision of law for damages to any publicly owned or privately owned property resulting from a discharge of any oil or hazardous substance or from the removal of any such oil or hazardous substance.

FWPC Sec. 311(o)(2)

"(2) Nothing in this section shall be construed as preempting any State or political subdivision thereof from imposing any requirement or liability with respect to the discharge of oil or hazardous substance into any waters within such State, or with respect to any removal activities related to such discharge.

[311(o)(2) amended by PL 101-380]

FWPC Sec. 311(o)(3)

"(3) Nothing in this section shall be construed as affecting or modifying any other existing authority of any Federal department, agency, or instrumentality, relative to onshore or offshore facilities under this Act or any other provision of law, or to affect any State or local law not in conflict with this section.

FWPC Sec. 311(p)

"(p) [Repealed]

[311(p) repealed by PL 101-380]

FWPC Sec. 311(q)

"(q) The President is authorized to establish, with respect to any class or category of onshore or offshore facilities, a maximum limit of liability under subsections (f)(2) and (3) of this section of less than \$50,000,000, but not less than \$8,000,000.

FWPC Sec. 311(r)

"(r) Nothing in this section shall be construed to impose or authorize the imposition of any limitation on liability under the Outer Continental Shelf Lands Act or the Deepwater Port Act of 1974.

FWPC Sec. 311(s)

"(s) The Oil Spill Liability Trust Fund established under section 9509 of the Internal Revenue Code of 1986 (26 U.S.C. 9509) shall be available to carry out subsections (b), (c), (d), (j), and (l) as those subsections apply to discharges, and substantial threats of discharges, of oil. Any amounts received by the United States under this section shall be deposited in the Oil Spill Liability Trust Fund.

[311(s) added by PL 101-380]

Sec. 312 [33 USC 1322] Marine Sanitation Devices

FWPC Sec. 312(a)

"(a) For the purpose of this section, the term

FWPC Sec. 312(a)(1)

"(1) "new vessel" includes every description of water-craft or other artificial contrivance used, or capable of being used, as a means of transportation on the navigable waters, the construction of which is initiated after promulgation of standards and regulation under this section;

FWPC Sec. 312(a)(2)

"(2) "existing vessel" includes every description of watercraft or other artificial contrivance used, or capable of being used, as a means of transportation on the navigable waters, the construction of which is initiated before promulgation of standards and regulations under this section;

FWPC Sec. 312(a)(3)

"(3) "public vessel" means a vessel owned or are-boat-chartered and operated by the United States, by a State or political subdivision thereof, or by a foreign nation, except when such vessel is engaged in commerce;

FWPC Sec. 312(a)(4)

"(4) "United States" includes the States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, the Canal Zone, and the Trust Territory of the Pacific Islands;

FWPC Sec. 312(a)(5)

"(5) "marine sanitation device" includes any equipment for stallation on board a vessel which is designed to receive, retain,treat, or discharge sewage, and any process to treat such sewage;

FWPC Sec. 312(a)(6)

"(6) "sewage" means human body wastes and the wastes from toilets and other receptacles intended to receive or retain body wastes except that, with respect to commercial vessels on the Great Lakes such term shall include graywater;

FWPC Sec. 312(a)(7)

"(7) "manufacture" means any person engaged in the manufacturing, assembling, or importation of marine sanitation devices or of vessels subject to standards and regulations promulgated under this section;

FWPC Sec. 312(a)(8)

"(8) "person" means an individual, partnership, firm, corporation, or association, but does not include an individual on board a public vessel;

FWPC Sec. 312(a)(9)

"(9) "discharge" includes, but is not limited to, any spilling, leaking, pumping, pouring, emitting, emptying or dumping;

FWPC Sec. 312(a)(10)

"(10) "commercial vessels" means those vessels used in the business of transporting property for compensation or hire, or in transporting property in the business of the owner, lessee, or operator of the vessel;

FWPC Sec. 312(a)(11)

"(11) "graywater" means galley, bath, and shower water.

FWPC Sec. 312(b)

"(b) "(1) As soon as possible, after the enactment of this section and subject to the provisions of section 101(j) of this Act, he Administrator, after consultation with the Secretary of the department in which the Coast Guard is operating, after giving appropriate consideration to the economic costs involved, and within the limits of available technology, shall promulgate Federal standards of

performance for marine sanitation devices (hereafter in this section referred to as "standards") which shall be designed to prevent the discharge of untreated or inadequately treated sewage into or upon the navigable waters from new vessels and existing vessels, except vessels not equipped with installed toilet facilities. Such standards and standards established under subsection (c)(1)(B) of this section shall be consistent with maritime safety and the marine and navigation laws and regulations and shall be coordinated with the regulations issued under this subsection by the Secretary of the department in which the Coast Guard is operating. The Secretary of the department in which the Coast Guard is operating shall promulgate regulations, which are consistent with standards promulgated under this subsection and subsection (c) of this section and with maritime safety and the marine and navigation laws and regulations governing the design, construction, installation, and operation of any marine sanitation device on board such vessels.

FWPC Sec. 312(b)(2)

"(2) Any existing vessel equipped with a marine sanitation device on the date of promulgation of initial standards and regulations under this section, which device is in compliance with such initial standards and regulations, shall be deemed in compliance with this section until such time as the device is replaced or is found not to be in compliance with such initial standards and regulations.

FWPC Sec. 312(c)

"(c) "(1) "(A) Initial standards and regulations under this section shall become effective for new vessels two years after promulgation; and for existing vessels five years after promulgation. Revisions of standards and regulations shall be effective upon promulgation, unless another effective date is specified, except that no revision shall take effect before the effective date of the standard or regulation being revised.

FWPC Sec. 312(c)(1)(B)

"(B) The Administrator shall, with respect to commercial vessels on the Great Lakes, establish standards which require at a minimum the equivalent of secondary treatment as defined under section 304(d) of this Act. Such standards and regulations shall take effect for existing vessels after such time as the Administrator determines to be reasonable for the upgrading of marine sanitation devices to attain such standard.

FWPC Sec. 312(c)(2)

"(2) The Secretary of the department in which the Coast Guard is operating with regard to his regulatory authority established by this section, after consultation with the Administrator, may distinguish among classes, types, and sizes of vessels as well as between new and existing vessels, and may waive applicability of standards and regulations as necessary or appropriate for such classes, types, and sizes of vessels (including existing vessels equipped with marine sanitation devices on the date of promulgation of the initial standards required by this section), and, upon application, for individual vessels.

FWPC Sec. 312(d)

"(d) The provisions of this section and the standards and regulations promulgated hereunder apply to vessels owned and operated by the United States unless the Secretary of Defense finds that compliance would not be in the interest of national security. With respect to vessels owned and

operated by the Department of Defense, regulations under the last sentence of subsection (b)(1) of this section and certifications under subsection (g)(2) of this section shall be promulgated and issued by the Secretary of Defense.

FWPC Sec. 312(e)

"(e) Before the standards and regulations under this section are promulgated, the Administrator and the Secretary of the department in which the Coast Guard is operating shall consult with the Secretary of State; the Secretary of Health, Education, and Welfare; the Secretary of Defense; the Secretary of the Treasury; the Secretary of Commerce; other interested Federal agencies; and the States and industries interested; and otherwise comply with the requirements of section 553 of title 5 of the United States Code.

FWPC Sec. 312(f)

"(f) "(1) "(A) Except as provided in subparagraph (B), after the effective date of the initial standards and regulations promulgated under this section, no State or political subdivision thereof shall adopt or enforce any statute or regulation of such State or political subdivision with respect to the design, manufacture, or installation or use of any marine sanitation device on any vessel subject to the provisions of this section.

[312(f)(1)(A) designated and amended by PL 100-4]

FWPC Sec. 312(f)(1)(B)

"(B) A State may adopt and enforce a statute or regulation with respect to the design, manufacture, or installation or use of any marine sanitation device on a houseboat, if such statute or regulation is more stringent than the standards and regulations promulgated under this section. For purposes of this paragraph, the term 'houseboat' means a vessel which, for a period of time determined by the State in which the vessel is located, is used primarily as a residence and is not used primarily as a means of transportation.

[312(f)(1)(B) added by PL 100-4]

FWPC Sec. 312(f)(2)

"(2) If after promulgation of the initial standards and regulations and prior to their effective date, a vessel is equipped with a marine sanitation device in compliance with such standards and regulations and the installation and operation of such device is in accordance with such standards and regulations, such standards and regulations shall, for the purposes of paragraph (1) of this subsection, become effective with respect to such vessel on the date of such compliance.

FWPC Sec. 312(f)(3)

"(3) After the effective date of the initial standards and regulations promulgated under this section, if any State determines that the protection and enhancement of the quality of some or all of the waters within such State require greater environmental protection, such State may completely prohibit the discharge from all vessels of any sewage, whether treated or not, into such waters, except that no such prohibition shall apply until the Administrator determines that adequate facilities for the safe and sanitary removal and treatment of sewage from all vessels are reasonably available for such water to which such prohibition would apply. Upon application of the State, the Administrator shall

make such determination within 90 days of the date of such application.

FWPC Sec. 312(f)(4)

"(4) "(A) If the Administrator determines upon application by a State that the protection and enhancement of the quality of specified waters within such State requires such a prohibition, he shall by regulation completely prohibit the discharge from a vessel of any sewage (whether treated or not) into such waters.

FWPC Sec. 312(f)(4)(B)

"(B) Upon application by a State, the Administrator shall, by regulation, establish a drinking water intake zone in any waters within such State and prohibit the discharge of sewage from vessels within that zone.

FWPC Sec. 312(g)

"(g) "(1) No manufacturer of a marine sanitation device shall sell, offer for sale, or introduce or deliver for introduction in interstate commerce, or import into the United States for sale or resale any marine sanitation device manufactured after the effective date of the standards and regulations promulgated under this section unless such device is in all material respects substantially the same as a test device certified under this subsection.

FWPC Sec. 312(g)(2)

"(2) Upon application of the manufacturer, the Secretary of the department in which the Coast Guard is operating shall so certify a marine sanitation device if he determines, in accordance with the provisions of this paragraph, that it meets the appropriate standards and regulations promulgated under this section. The Secretary of the department in which the Coast Guard is operating shall test or require such testing of the device in accordance with procedures set forth by the Administrator as to standards of performance and for such other purposes as may be appropriate. If the Secretary of the department in which the Coast Guard is operating determines that the device is satisfactory from the standpoint of safety and any other requirements of maritime law or regulation, and after consideration of the design, installation, operation, material, or other appropriate factors, he shall certify the device. Any device manufactured by such manufacturer which is in all material respects substantially the same as the certified test device shall be deemed to be in conformity with the appropriate standards and regulations established under this section.

FWPC Sec. 312(g)(3)

"(3) Every manufacturer shall establish and maintain such records, make such reports, and provide such information as the Administrator or the Secretary of the department in which the Coast Guard is operating may reasonably require to enable him to determine whether such manufacturer has acted or is acting in compliance with this section and regulations issued thereunder and shall, upon request of an officer or employee duly designated by the Administrator or the Secretary of the department in which the Coast Guard is operating, permit such officer or employee at reasonable times to have access to and copy such records. All information reported to or otherwise obtained by the Administrator or the Secretary of the department in which the Coast Guard is operating or their representatives pursuant to this subsection which contains or relates to a trade secret or other matter referred in section 1905 of title 18 of the United States Code shall be considered confidential for the

purpose of that section, except that such information may be disclosed to other officers or employees concerned with carrying out this section. This paragraph shall not apply in the case of the construction of a vessel by an individual for his own use.

FWPC Sec. 312(h)

"(h) After the effective date of standards and regulations promulgated under this section, it shall be unlawful

FWPC Sec. 312(h)(1)

"(1) for the manufacturer of any vessel subject to such standards and regulations to manufacture for sale, to sell or offer for sale, or to distribute for sale or resale any such vessel unless it is equipped with a marine sanitation device which is in all material respects substantially the same as the appropriate test device certified pursuant to this section;

FWPC Sec. 312(h)(2)

"(2) for any person, prior to the sale or delivery of a vessel subject to such standards and regulations to the ultimate purchaser, wrongfully to remove or render inoperative any certified marine sanitation device or element of design of such device installed in such vessel;

FWPC Sec. 312(h)(3)

"(3) for any person to fail or refuse to permit access to or copying of records or to fail to make reports or provide information required under this section; and

FWPC Sec. 312(h)(4)

"(4) for a vessel subject to such standards and regulations to operate on the navigable waters of the United States, if such vessel is not equipped with an operable marine sanitation device certified pursuant to this section.

FWPC Sec. 312(i)

"(i) The district courts of the United States shall have jurisdictions to restrain violations of subsection (g)(1) of this section and subsections (h)(1) through (3) of this section. Actions to restrain such violations shall be brought by, and in, the name of the United States. In case of contumacy or refusal to obey a subpoena served upon any person under this subsection, the district court of the United States for any district in which such person is found or resides or transacts business, upon application by the United States and after notice to such person, shall have jurisdiction to issue an order requiring such person to appear and give testimony or to appear and produce documents, and any failure to obey such order of the court may be punished by such court as a contempt thereof.

FWPC Sec. 312(j)

"(j) Any person who violates subsection (g)(1) of this section or clause (1) or (2) of subsection (h) of this section shall be liable to a civil penalty of not more than \$5,000 for each violation. Any person who violates clause (4) of subsection (h) of this section or any regulation issued pursuant to this section shall be liable to a civil penalty of not more than \$2,000 for each violation. Each violation shall be a separate offense. The Secretary of the department in which the Coast Guard is operating may assess and compromise any such penalty. No penalty shall be assessed until the person charged

shall have been given notice and an opportunity for a hearing on such charge. In determining the amount of the penalty, or the amount agreed upon in compromise, the gravity of the violation, and the demonstrated good faith of the person charged in attempting to achieve rapid compliance, after notification of a violation, shall be considered by said Secretary.

FWPC Sec. 312(k)

"(k) The provisions of this section shall be enforced by the Secretary of the department in which the Coast Guard is operating and he may utilize by agreement, with or without reimbursement, law enforcement officers or other personnel and facilities of the Administrator, other Federal agencies, or the States to carry out the provisions of this section. The provisions of this section may also be enforced by a State.

[312(k) amended by PL 100-4]

FWPC Sec. 312(l)

"(l) Anyone authorized by the Secretary of the department in which the Coast Guard is operating to enforce the provisions of this section may, except as to public vessels, "(1) board and inspect any vessel upon the navigable waters of the United States and "(2) execute any warrant or other process issued by an officer or court of competent jurisdiction.

FWPC Sec. 312(m)

"(m) In the case of Guam and the Trust Territory of the Pacific Islands, actions arising under this section may be brought in the district court of Guam, and in the case of the Virgin Islands such actions may be brought in the district court of the Virgin Islands. In the case of American Samoa and the Trust Territory of the Pacific Islands, such actions may be brought in the District Court of the United States for the District of Hawaii and such court shall have jurisdiction of such actions. In the case of the Canal Zone, such action may be brought in the District Court for the District of the Canal Zone.

Sec. 313 [33 USC 1323] Federal Facilities Pollution Control

FWPC Sec. 313(a)

"(a) Each department, agency, or instrumentality of the executive, legislative, and judicial branches of the Federal Government "(1) having jurisdiction over any property or facility, or "(2) engaged in any activity resulting, or which may result, in the discharge or runoff of pollutants, and each officer, agent, or employee thereof in the performance of his official duties, shall be subject to, and comply with, all Federal, State, interstate, and local requirements, administrative authority, and process and sanctions respecting the control and abatement of water pollution in the same manner, and to the same extent as any nongovernmental entity including the payment of reasonable service charges. The preceding sentence shall apply "(A) to any requirement whether substantive or procedural (including any recordkeeping or reporting requirement, any requirement respecting permits and any other requirement, whatsoever), "(B) to the exercise of any Federal, State, or local administrative authority, and "(C) to any process and sanction, whether enforced in Federal, State, or local courts or in any other manner. This subsection shall apply notwithstanding any immunity of such agencies, officers, agents, or employees under any law or rule of law. Nothing in this section shall be construed to prevent any department, agency, or instrumentality of the Federal Government, or any officer, agent,

or employee thereof in the performance of his official duties, from reporting to the appropriate Federal district court any proceeding to which the department, agency, or instrumentality or officer, agent, or employee thereof is subject pursuant to this section, and any such proceeding may be removed in accordance with 28 U.S.C. 1441 et seq. No officer, agent, or employee of the United States shall be personally liable for any civil penalty arising from the performance of his official duties, for which he is not otherwise liable, and the United States shall be liable only for those civil penalties arising under Federal law or imposed by a State or local court to enforce an order or the process of such court. The President may exempt any effluent source of any department, agency, or instrumentality in the executive branch from compliance with any such a requirement if he determines it to be in the paramount interest of the United States to do so; except that no exemption may be granted from the requirements of section 306 or 307 of this Act . No such exemptions shall be granted due to lack of appropriation unless the President shall have specifically requested such appropriation as a part of the budgetary process and the Congress shall have failed to make available such requested appropriation. Any exemption shall be for a period not in excess of one year, but additional exemptions may be granted for periods of not to exceed one year upon the President's making a new determination. The President shall report each January to the Congress all exemptions from the requirements of this section granted during the preceding calendar year, together with his reason for granting such exemption. In addition to any such exemption of a particular effluent source, the President may, if he determines it to be in the paramount interest of the United States to do so, issue regulations exempting from compliance with the requirements of this section any weaponry, equipment, aircraft, vessels, vehicles, or other classes or categories of property, and access to such property, which are owned or operated by the Armed Forces of the United States (including the Coast Guard) or by the National Guard of any State and which are uniquely military in nature. The President shall reconsider the need for such regulations at three-year intervals.

FWPC Sec. 313(b)

"(b) "(1) The Administrator shall coordinate with the head of each department, agency, or instrumentality of the Federal Government having jurisdiction over any property or facility utilizing federally owned wastewater facilities to develop a program of cooperation for utilizing wastewater control systems utilizing those innovative treatment processes and techniques for which guidelines have been promulgated under section 304(d)(3). Such program shall include an inventory of property and facilities which could utilize such processes and techniques.

FWPC Sec. 313(b)(2)

"(2) Construction shall not be initiated for facilities for treatment of wastewater at any Federal property or facility after September 30, 1979, if alternative methods for wastewater treatment at such property or facility utilizing innovative treatment processes and techniques, including but not limited to methods utilizing recycle and reuse techniques and land treatment are not utilized, unless the life cycle cost of the alternative treatment works exceeds the life cycle cost of the most cost effective alternative by more than 15 per centum. The Administrator may waive the application of this paragraph in any case where the Administrator determines it to be in the public interest, or that compliance with this paragraph would interfere with the orderly compliance with conditions of a permit issued pursuant to section 402 of this Act .

Sec. 314 [33 USC 1324] Clean Lakes

FWPC Sec. 314(a)

"(a) Establishment and Scope of Program.

[314(a) revised by PL 100-4]

FWPC Sec. 314(a)(1)

"(1) State program requirements. Each State on a biennial basis shall prepare and submit to the Administrator for his approval

FWPC Sec. 314(a)(1)(A)

"(A) an identification and classification according to eutrophic condition of all publicly owned lakes in such State;

FWPC Sec. 314(a)(1)(B)

"(B) a description of procedures, processes, and methods (including land use requirements), to control sources of pollution of such lakes;

FWPC Sec. 314(a)(1)(C)

"(C) a description of methods and procedures, in conjunction with appropriate Federal agencies, to restore the quality of such lakes;

FWPC Sec. 314(a)(1)(D)

"(D) methods and procedures to mitigate the harmful effects of high acidity, including innovative methods of neutralizing and restoring buffering capacity of lakes and methods of removing from lakes toxic metals and other toxic substances mobilized by high acidity;

FWPC Sec. 314(a)(1)(E)

"(E) a list and description of those publicly owned lakes in such State for which uses are known to be impaired, including those lakes which are known not to meet applicable water quality standards or which require implementation of control programs to maintain compliance with applicable standards and those lakes in which water quality has deteriorated as a result of high acidity that may reasonably be due to acid deposition; and

FWPC Sec. 314(a)(1)(F)

"(F) an assessment of the status and trends of water quality in lakes in such State, including but not limited to, the nature and extent of pollution loading from point and nonpoint sources and the extent to which the use of lakes is impaired as a result of such pollution, particularly with respect to toxic pollution.

FWPC Sec. 314(a)(2)

"(2) Submission as Part of 305(b)(1) Report. The information required under paragraph (1) shall be included in the report required under section 305(b)(1) of this Act, beginning with the report required under such section by April 1, 1988.

FWPC Sec. 314(a)(3)

"(3) Report of Administrator. Not later than 180 days after receipt from the States of the biennial information required under paragraph (1), the Administrator shall submit to the Committee on Public Works and Transportation of the House of Representatives and the Committee on Environment and Public Works of the Senate a report on the status of water quality in lakes in the United States, including the effectiveness of the methods and procedures described in paragraph (1)(D).

FWPC Sec. 314(a)(4)

"(4) Eligibility Requirement. Beginning after April 1, 1988, a State must have submitted the information required under paragraph (1) in order to receive grant assistance under this section.

FWPC Sec. 314(b)

"(b) The Administrator shall provide financial assistance to States in order to carry out methods and procedures approved by him under subsection (a) of this section. The Administrator shall provide financial assistance to States to prepare the identification and classification surveys required in subsection (a)(1) of this section.

[314(b) amended by PL 100-41]

FWPC Sec. 314(c)

"(c) "(1) The amount granted to any State for any fiscal year under subsection (b) of this section shall not exceed 70 per centum of the funds expended by such State in such year for carrying out approved methods and procedures under subsection (a) of this Section.

[314(c)(1) amended by PL 100-4]

FWPC Sec. 314(c)(2)

"(2) There is authorized to be appropriated \$50,000,000 for the fiscal year ending June 30, 1973; \$100,000,000 for the fiscal year 1974; \$150,000,000 for the fiscal year 1975, \$50,000,000 for fiscal year 1977, \$60,000,000 for fiscal year 1978, \$60,000,000 for fiscal year 1979, \$60,000,000 for fiscal year 1980, \$30,000,000 for fiscal year 1981, \$30,000,000 for fiscal year 1982, such sums as may be necessary for fiscal years 1983 through 1985, and \$30,000,000 per fiscal year for each of the fiscal years 1986 through 1990 for grants to States under subsection (b) of this section which sums shall remain available until expended. The Administrator shall provide for an equitable distribution of such sums to the States with approved methods and procedures under subsection (a) of this section.

[314(c)(2) amended by PL 100-4]

FWPC Sec. 314(d)

"(d) Demonstration Program.

[314(d) added by PL 100-4]

FWPC Sec. 314(d)(1)

"(1) General Requirements. The Administrator is authorized and directed to establish and conduct at locations throughout the Nation a lake water quality demonstration program. The program shall, at a

minimum

FWPC Sec. 314(d)(1)(A)

"(A) develop cost effective technologies for the control of pollutants to preserve or enhance lake water quality while optimizing multiple lakes uses;

FWPC Sec. 314(d)(1)(B)

"(B) control nonpoint sources of pollution which are contributing to the degradation of water quality in lakes;

FWPC Sec. 314(d)(1)(C)

"(C) evaluate the feasibility of implementing regional consolidated pollution control strategies;

FWPC Sec. 314(d)(1)(D)

"(D) demonstrate environmentally preferred techniques for the removal and disposal of contaminated lake sediments;

FWPC Sec. 314(d)(1)(E)

"(E) develop improved methods for the removal of silt, stumps, aquatic growth, and other obstructions which impair the quality of lakes;

FWPC Sec. 314(d)(1)(F)

"(F) construct and evaluate silt traps and other devices or equipment to prevent or abate the deposit of sediment in lakes; and

FWPC Sec. 314(d)(1)(G)

"(G) demonstrate the costs and benefits of utilizing dredged material from lakes in the reclamation of despoiled land.

FWPC Sec. 314(d)(2)

"(2) Geographical Requirements. Demonstration projects authorized by this subsection shall be undertaken to reflect a variety of geographical and environmental conditions. As a priority, the Administrator shall undertake demonstration projects at Lake Champlain, New York and Vermont; Lake Houston, Texas; Beaver Lake, Arkansas; Greenwood Lake and Belcher Creek, New Jersey; Deal Lake, New Jersey; Alcyon Lake, New Jersey; Gorton's Pond, Rhode Island; Lake Washington, Rhode Island; Lake Bomoseen, Vermont; Sauk Lake, Minnesota; and Lake Worth, Texas.

[314(d)(2) amended by PL 101-596]

FWPC Sec. 314(d)(3)

"(3) Reports. The Administrator shall report annually to the Committee on Public Works and Transportation of the House of Representatives and the Committee on Environment and Public Works of the Senate on work undertaken pursuant to this subsection. Upon completion of the program authorized by this subsection, the Administrator shall submit to such committees a final

report on the results of such program, along with recommendations for further measures to improve the water quality of the Nation's lakes.

FWPC Sec. 314(d)(4)

"(4) Authorization of Appropriations.

FWPC Sec. 314(d)(4)(A)

"(A) In General. There is authorized to be appropriated to carry out this subsection not to exceed \$40,000,000 for fiscal years beginning after September 30, 1986, to remain available until expended.

FWPC Sec. 314(d)(4)(B)

"(B) Special Authorizations.

FWPC Sec. 314(d)(4)(B)(i)

"(i) Amount. There is authorized to be appropriated to carry out subsection (b) with respect to subsection (a)(1)(D) not to exceed \$15,000,000 for fiscal years beginning after September 30, 1986, to remain available until expended.

FWPC Sec. 314(d)(4)(B)(ii)

"(ii) Distribution of Funds. The Administrator shall provide for an equitable distribution of sums appropriated pursuant to this subparagraph among States carrying out approved methods and procedures. Such distribution shall be based on the relative needs of each such State for the mitigation of the harmful effects on lakes and other surface waters of high acidity that may reasonably be due to acid deposition or acid mine drainage.

FWPC Sec. 314(d)(4)(B)(iii)

"(iii) Grants as Additional Assistance. The amount of any grant to a State under this subparagraph shall be in addition to, and not in lieu of, any other Federal financial assistance.

Sec. 315 [33 USC 1325] National Study Commission

FWPC Sec. 315(a)

"(a) There is established a National Study Commission, which shall make a full and complete investigation and study of all of the technological aspects of achieving, and all aspects of the total economic, social, and environmental effects of achieving or not achieving, the effluent limitations and goals set forth for 1983 in section 301(b)(2) of this Act.

FWPC Sec. 315(b)

"(b) Such Commission shall be composed of fifteen members, including five members of the Senate, who are members of the Public Works committee, appointed by the President of the Senate, five members of the House, who are members of the Public Works committee, appointed by the Speaker of the House, and five members of the public appointed by the President. The Chairman of such Commission shall be elected from among its members.

FWPC Sec. 315(c)

"(c) In the conduct of such study, the Commission is authorized to contract with the National Academy of Sciences and the National Academy of Engineering (acting through the National Research Council), the National Institute of Ecology, Brookings Institution, and other nongovernmental entities, for the investigation of matters within their competence.

FWPC Sec. 315(d)

"(d) The heads of the departments, agencies and instrumentalities of the executive branch of the Federal Government shall cooperate with the Commission in carrying out the requirements of this section, and shall furnish to the Commission such information as the Commission deems necessary to carry out this section.

FWPC Sec. 315(e)

"(e) A report shall be submitted to the Congress of the results of such investigation and study, together with recommendations, not later than three years after the date of enactment of this title.

FWPC Sec. 315(f)

"(f) The members of the Commission who are not officers or employees of the United States, while attending conferences or meetings of the Commission or while otherwise serving at the request of the Chairman shall be entitled to receive compensation at a rate not in excess of the maximum rate of pay for grade GS-18, as provided in the General Schedule under section 5332 of title V of the United States Code, including traveltime and while away from their homes or regular places of business they may be allowed travel expenses, including per diem in lieu of subsistence as authorized by law (5 U.S.C. 73b-2) for persons in the Government service employed intermittently.

FWPC Sec. 315(g)

"(g) In addition to authority to appoint personnel subject to the provisions of title 5, United States Code, governing appointments in the competitive service, and to pay such personnel in accordance with the provisions of chapter 51 and subchapter III of chapter 53 of such title relating to classification and General Schedule pay rates, the Commission shall have authority to enter into contracts with private or public organizations who shall furnish the Commission with such administrative and technical personnel as may be necessary to carry out the purpose of this section. Personnel furnished by such organizations under this subsection are not, and shall not be considered to be, Federal employees for any purposes, but in the performance of their duties shall be guided by the standards which apply to employees of the legislative branches under rules 41 and 43 of the Senate and House of Representatives, respectively.

FWPC Sec. 315(h)

"(h) There is authorized to be appropriated, for use in carrying out this section, not to exceed \$17,250,000.

Sec. 316 [33 USC 1326] Thermal Discharges

FWPC Sec. 316(a)

"(a) With respect to any point source otherwise subject to the provisions of section 301 or section 306 of this Act , whenever the owner or operator of any such source, after opportunity for public

hearing, can demonstrate to the satisfaction of the Administrator (or, if appropriate, the State) that any effluent limitation proposed for the control of the thermal component of any discharge from such source will require effluent limitations more stringent than necessary to assure the projection and propagation of a balanced, indigenous population of shellfish, fish, and wildlife in and on the body of water into which the discharge is to be made, the Administrator (or, if appropriate, the State) may impose an effluent limitation under such sections for such plant, with respect to the thermal component of such discharge (taking into account the interaction of such thermal component with other pollutants), that will assure the protection and propagation of a balanced, indigenous population of shellfish, fish, and wildlife in and on that body of water.

FWPC Sec. 316(b)

"(b) Any standard established pursuant to section 301 or section 306 of this Act and applicable to a point source shall require that the location, design, construction, and capacity of cooling water intake structures reflect the best technology available for minimizing adverse environmental impact.

FWPC Sec. 316(c)

"(c) Notwithstanding any other provision of this Act, any point source of a discharge having a thermal component, the modification of which point source is commenced after the date of enactment of the Federal Water Pollution Control Act Amendments of 1972 and which, as modified, meets effluent limitations established under section 301, or, if more stringent, effluent limitations established under section 303 and which effluent limitations will assure protection and propagation of a balanced, indigenous population of shellfish, fish, and wildlife in or on the water into which the discharge is made, shall not be subject to any more stringent effluent limitation with respect to the thermal component of its discharge during a ten year period beginning on the date of completion of such modification or during the period of depreciation or amortization of such facility for the purpose of section 167 or 169 (or both) of the Internal Revenue Code of 1954, whichever period ends first.

Sec. 317 [33 USC 1327] Financing Study

FWPC Sec. 317(a)

"(a) The Administrator shall continue to investigate and study the feasibility of alternate methods of financing the cost of preventing, controlling and abating pollution as directed in the Water Quality Improvement Act of 1970 (Public Law 91-224), including, but not limited to, the feasibility of establishing a pollution abatement trust fund. The results of such investigation and study shall be reported to the Congress not later than two years after enactment of this title, together with recommendations of the Administrator for financing the programs for preventing, controlling and abating pollution for the fiscal years beginning after fiscal year 1976, including any necessary legislation.

FWPC Sec. 317(b)

"(b) There is authorized to be appropriated for use in carrying out this section, not to exceed \$1,000,000.

Sec. 318 [33 USC 1328] Aquaculture

FWPC Sec. 318(a)

"(a) The Administrator is authorized, after public hearings, to permit the discharge of a specific pollutant or pollutants under controlled conditions associated with an approved aquaculture project under Federal or State supervision pursuant to section 402 of this Act.

FWPC Sec. 318(b)

"(b) The Administrator shall by regulation establish any procedures and guidelines which the Administrator deems necessary to carry out this section. Such regulations shall require the application to such discharge of each criterion, factor, procedure, and requirement applicable to a permit issued under section 402 of this title , as the Administrator determines necessary to carry out the objective of this Act.

FWPC Sec. 318(c)

"(c) Each State desiring to administer its own permit program within its jurisdiction for discharge of a specific pollutant or pollutants under controlled conditions associated with an approved aquaculture project may do so if upon submission of such program the Administrator determines such program is adequate to carry out the objective of this Act.

Sec. 319 [33 USC 1329] Nonpoint Source Management Programs

FWPC Sec. 319(a)

"(a) State Assessment Reports.

FWPC Sec. 319(a)(1)

"(1) Contents. The Governor of each State shall, after notice and opportunity for public comment, prepare and submit to the Administrator for approval, a report which

FWPC Sec. 319(a)(1)(A)

"(A) identifies those navigable waters within the State which, without additional action to control nonpoint sources of pollution, cannot reasonably be expected to attain or maintain applicable water quality standards or the goals and requirements of this Act;

FWPC Sec. 319(a)(1)(B)

"(B) identifies those categories and subcategories of nonpoint sources or, where appropriate, particular nonpoint sources which add significant pollution to each portion of the navigable waters identified under subparagraph (A) in amounts which contribute to such portion not meeting such water quality standards or such goals and requirements;

FWPC Sec. 319(a)(1)(C)

"(C) describes the process, including intergovernmental coordination and public participation, for identifying best management practices and measures to control each category and subcategory of nonpoint sources and, where appropriate, particular non point sources identified under subparagraph (B) and to reduce, to the maximum extent practicable, the level of pollution resulting from such category, subcategory, or source; and

FWPC Sec. 319(a)(1)(D)

"(D) identifies and describes State and local programs for controlling pollution added from nonpoint sources to, and improving the quality of, each such portion of the navigable waters, including but not limited to those programs which are receiving Federal assistance under subsections (h) and (i).

FWPC Sec. 319(a)(2)

"(2) Information Used in Preparation. In developing the report required by this section, the State "(A) may rely upon information developed pursuant to sections 208 , 303(e), 304(f), 305(b), and 314 , and other information as appropriate, and "(B) may utilize appropriate elements of the waste treatment management plans developed pursuant to sections 208(b) and 303, to the extent such elements are consistent with and fulfill the requirements of this section.

FWPC Sec. 319(b)

"(b) State Management Programs.

FWPC Sec. 319(b)(1)

"(1) In General. The Governor of each State, for that State or in combination with adjacent States, shall, after notice and opportunity for public comment, prepare and submit to the Administrator for approval a management program which such State proposes to implement in the first four fiscal years beginning after the date of submission of such management program for controlling pollution added from nonpoint sources to the navigable waters within the State and improving the quality of such waters.

FWPC Sec. 319(b)(2)

"(2) Specific Contents. Each management program proposed for implementation under this subsection shall include each of the following:

FWPC Sec. 319(b)(2)(A)

"(A) An identification of the best management practices and measures which will be undertaken to reduce pollutant loadings resulting from each category, subcategory, or particular nonpoint source designated under paragraph (1)(B), taking into account the impact of the practice on ground water quality.

FWPC Sec. 319(b)(2)(B)

"(B) An identification of programs (including, as appropriate, nonregulatory or regulatory programs for enforcement, technical assistance, financial assistance, education, training, technology transfer, and demonstration projects) to achieve implementation of the best management practices by the categories, subcategories, and particular nonpoint sources designated under subparagraph (A).

FWPC Sec. 319(b)(2)(C)

"(C) A schedule containing annual milestones for "(I) utilization of the program implementation methods identified in subparagraph (B), and "(ii) implementation of the best management practices identified in subparagraph (A) by the categories, subcategories, or particular nonpoint sources designated under paragraph (1)(B). Such schedule shall provide for utilization of the best management practices at the earliest practicable date.

FWPC Sec. 319(b)(2)(D)

"(D) A certification of the attorney general of the State or States (or the chief attorney of any State water pollution control agency which has independent legal counsel) that the laws of the State or States, as the case may be, provide adequate authority to implement such management program or, if there is not such adequate authority, a list of such additional authorities as will be necessary to implement such management program. A schedule and commitment by the State or States to seek such additional authorities as expeditiously as practicable.

FWPC Sec. 319(b)(2)(E)

"(E) Sources of Federal and other assistance and funding (other than assistance provided under subsections (h) and (i) which will be available in each of such fiscal years for supporting implementation of such practices and measures and the purposes for which such assistance will be used in each of such fiscal years.

FWPC Sec. 319(b)(2)(F)

"(F) An identification of Federal financial assistance programs and Federal development projects for which the State will review individual assistance applications or development projects for their effect on water quality pursuant to the procedures set forth in Executive Order 12372 as in effect on September 17, 1983, to determine whether such assistance applications or development projects would be consistent with the program prepared under this subsection; for the purposes of this subparagraph, identification shall not be limited to the assistance programs or development projects subject to Executive Order 12372 but may include any programs listed in the most recent Catalog of Federal Domestic Assistance which may have an effect on the purposes and objectives of the State's nonpoint source pollution management program.

FWPC Sec. 319(b)(3)

"(3) Utilization of Local and Private Experts. In development and implementing a management program under this subsection, a State shall, to the maximum extent practicable, involve local public and private agencies and organizations which have expertise in control of nonpoint sources of pollution.

FWPC Sec. 319(b)(4)

"(4) Development on Watershed Basis. A State shall, to the maximum extent practicable, develop and implement a management program under this subsection on a watershed-by-watershed basis within such State.

FWPC Sec. 319(c)

"(c) Administrative Provisions.

FWPC Sec. 319(c)(1)

"(1) Cooperation Requirement. Any report required by subsection (a) and any management program and report required by subsection (b) shall be developed in cooperation with local, substate regional, and interstate entities which are actively planning for the implementation of nonpoint source pollution controls and have either been certified by the Administrator in accordance with section 208

, have worked jointly with the State on water quality management planning under section 205(j), or have been designated by the State legislative body or Governor as water quality management planning agencies for their geographic areas.

FWPC Sec. 319(c)(2)

"(2) Time Period for Submission of Reports and Management Programs. Each report and management program shall be submitted to the Administrator during the 18-month period beginning on the date of the enactment of this section.

FWPC Sec. 319(d)

"(d) Approval or Disapproval of Reports and Management Programs.

FWPC Sec. 319(d)(1)

"(1) Deadline. Subject to paragraph (2), not later than 180 days after the date of submission to the Administrator of any report or management program under this section (other than subsections (h), (i), and (k)), the Administrator shall either approve or disapprove such report or management program, as the case may be. The Administrator may approve a portion of a management program under this subsection. If the Administrator does not disapprove a report, management program, or portion of a management program in such 180-day period, such report, management program, or portion shall be deemed approved for purposes of this section.

FWPC Sec. 319(d)(2)

"(2) Procedure for Disapproval. If, after notice and opportunity for public comment and consultation with appropriate Federal and State agencies and other interested persons, the Administrator determines that

FWPC Sec. 319(d)(2)(A)

"(A) the proposed management program or any portion thereof does not meet the requirements of subsection (b)(2) of this section or is not likely to satisfy, in whole or in part, the goals and requirements of this Act;

FWPC Sec. 319(d)(2)(B)

"(B) adequate authority does not exist, or adequate resources are not available, to implement such program or portion;

FWPC Sec. 319(d)(2)(C)

"(C) the schedule for implementing such program or portion is not sufficiently expeditious; or

FWPC Sec. 319(d)(2)(D)

"(D) the practices and measures proposed in such program or portion are not adequate to reduce the level of pollution in navigable waters in the State resulting from nonpoint sources and to improve the quality of navigable waters in the State; the Administrator shall within 6 months of the receipt of the proposed program notify the State of any revisions or modifications necessary to obtain approval. The State shall thereupon have an additional 3 months to submit its revised management program

and the Administrator shall approve or disapprove such revised program within three months of receipt.

FWPC Sec. 319(d)(3)

"(3) Failure of State to Submit Report.If a Governor of State does not submit the report required by subsection (a) within the period specified by subsection (c)(2) , the Administrator shall, within 30 months after the date of the enactment of this section, prepare a report for such State which makes the identifications required by paragraphs (1)(A) and (1)(B) of subsection (a). Upon completion of the requirement of the preceding sentence and after notice and opportunity for comment, the Administrator shall report to Congress on his actions pursuant to this section.

FWPC Sec. 319(e)

"(e) Local Management Programs; Technical Assistance.If a State fails to submit a management program under subsection (b) or the Administrator does not approve such a management program, a local public agency or organization which has expertise in, and authority to, control water pollution, resulting from nonpoint sources in any area of such State which the Administrator determines is of sufficient geographic size may, with approval of such State, request the Administrator to provide, and the Administrator shall provide, technical assistance to such agency or organization in developing for such area a management program which is described in subsection (b) and can be approved pursuant to subsection (d) . After development of such management program, such agency or organization shall submit such management program to the Administrator for approval. If the Administrator approves such management program, such agency or organization shall be eligible to receive financial assistance under subsection (h) for implementation of such management program as if such agency or organization were a State for which a report submitted under subsection (a) and a management program submitted under subsection (b) were approved under this section. Such financial assistance shall be subject to the same terms and conditions as assistance provided to a State under subsection (h).

FWPC Sec. 319(f)

"(f) Technical Assistance for States. Upon request of a State, the Administrator may provide technical assistance to such State in developing a management program approved under subsection (b) for those portions of the navigable waters requested by such State.

FWPC Sec. 319(g)

"(g) Interstate Management Conference.

FWPC Sec. 319(g)(1)

"(1) Convening of Conference; Notification; Purpose.If any portion of the navigable waters in any State which is implementing a management program approved under this section is not meeting applicable water quality standards or the goals and requirements of this Act as a result, in whole or in part, of pollution from nonpoint sources in another State, such State may petition the Administrator to convene, and the Administrator shall convene, a management conference of all States which contribute significant pollution resulting from nonpoint sources to such portion. If, on the basis of information available, the Administrator determines that a State is not meeting applicable water quality standards or the goals and requirements of this Act as a result, in whole or in part, of

significant pollution from nonpoint sources in another State, the Administrator shall notify such States. The Administrator may convene a management conference under this paragraph not later than 180 days after giving such notification, whether or not the State which is not meeting such standards requests such conference. The purpose of such conference shall be to develop an agreement among such States to reduce the level of pollution in such portion resulting from nonpoint sources and to improve the water quality of such portion. Nothing in such agreement shall supersede or abrogate rights to quantities of water which have been established by interstate water compacts, Supreme Court decrees, or State water laws. This subsection shall not apply to any pollution which is subject to the Colorado River Basin Salinity Control Act. The requirement that the Administrator convene a management conference shall not be subject to the provisions of section 505 of this Act .

FWPC Sec. 319(g)(2)

"(2) State Management Program Requirement. To the extent that the States reach agreement through such conference, the management programs of the States which are parties to such agreements and which contribute significant pollution to the navigable waters or portions thereof not meeting applicable water quality standards or goals and requirements of this Act will be revised to reflect such agreement. Such a management programs shall be consistent with Federal and State law.

FWPC Sec. 319(h)

"(h) Grant Program.

FWPC Sec. 319(h)(1)

"(1) Grants for Implementation of Management Programs. Upon application of a State for which a report submitted under subsection (a) and a management program submitted under subsection (b) is approved under this section, the Administrator shall make grants, subject to such terms and conditions as the Administrator considers appropriate, under this subsection to such State for the purpose of assisting the State in implementing such management program. Funds reserved pursuant to section 205(j)(5) of this Act may be used to develop and implement such management program.

FWPC Sec. 319(h)(2)

"(2) Applications. An application for a grant under this subsection in any fiscal year shall be in such form and shall contain such other information as the Administrator may require, including an identification and description of the best management practices and measures which the State proposes to assist, encourage, or require in such year with the Federal assistance to be provided under the grant.

FWPC Sec. 319(h)(3)

"(3) Federal Share. The Federal share of the cost of each management program implemented with Federal assistance under this subsection in any fiscal year shall not exceed 60 percent of the cost incurred by the State in implementing such management program and shall be made on condition that the non-Federal share is provided from non-Federal sources.

FWPC Sec. 319(h)(4)

"(4) Limitation on Grant Amounts. Notwithstanding any other provision of this subsection, not more than 15 percent of the amount appropriated to carry out this subsection may be used to make grants

to any one State, including any grants to any local public agency or organization with authority to control pollution from nonpoint sources in any area of such State.

FWPC Sec. 319(h)(5)

"(5) Priority for Effective Mechanisms. For each fiscal year beginning after September 30, 1987, the Administrator may give priority in making grants under this subsection, and shall give consideration in determining the Federal share of any such grant, to States which have implemented or are proposing to implement management programs which will

FWPC Sec. 319(h)(5)(A)

"(A) control particularly difficult or serious nonpoint source pollution problems, including, but not limited to, problems resulting from mining activities;

FWPC Sec. 319(h)(5)(B)

"(B) implement innovative methods or practices for controlling nonpoint sources of pollution, including regulatory programs where the Administrator deems appropriate;

FWPC Sec. 319(h)(5)(C)

"(C) control interstate nonpoint source pollution problems; or

FWPC Sec. 319(h)(5)(D)

"(D) carry out ground water quality protection activities which the Administrator determines are part of a comprehensive nonpoint source pollution control program, including research, planning, ground water assessments, demonstration programs, enforcement, technical assistance, education, and training to protect ground water quality from nonpoint sources of pollution.

FWPC Sec. 319(h)(6)

"(6) Availability for Obligation. The funds granted to each State pursuant to this subsection in a fiscal year shall remain available for obligation by such State for the fiscal year for which appropriated. The amount of any such funds not obligated by the end of such fiscal year shall be available to the Administrator for granting to other States under this subsection in the next fiscal year.

FWPC Sec. 319(h)(7)

"(7) Limitation on Use of Funds. States may use funds from grants made pursuant to this section for financial assistance to persons only to the extent that such assistance is related to the costs of demonstration projects.

FWPC Sec. 319(h)(8)

"(8) Satisfactory Progress. No grant may be made under this subsection in any fiscal year to a State which in the preceding fiscal year received a grant under this subsection unless the Administrator determines that such State made satisfactory progress in such preceding fiscal year in meeting the schedule specified by such State under subsection (b)(2).

FWPC Sec. 319(h)(9)

"(9) Maintenance of Effort.No grant may be made to a State under this subsection in any fiscal year unless such State enters into such agreements with the Administrator as the Administrator may require to ensure that such State will maintain its aggregate expenditures from all other sources for programs for controlling pollution added to the navigable waters in such State from non- point sources and improving the quality of such waters at or above the average level of such expenditures in its two fiscal years preceding the date of enactment of this subsection.

FWPC Sec. 319(h)(10)

"(10) Request for Information.The Administrator may request such information, data, and reports as he considers necessary to make the determination of continuing eligibility for grants under this section.

FWPC Sec. 319(h)(11)

"(11) Reporting and Other Requirements.Each State shall report to the Administrator on an annual basis concerning "(A) its progress in meeting the schedule of milestones submitted pursuant to subsection (b)(2)(C) of this section, and "(B) to the extent that appropriate information is available, reductions in nonpoint source pollutant loading and improvements in water quality for those navigable waters or watersheds within the State which were identified pursuant to subsection (a)(1)(A) of this section resulting from implementation of the management program.

FWPC Sec. 319(h)(12)

"(12) Limitation on Administrative Costs.For purposes of this subsection, administrative costs in the form of salaries, overhead, or indirect costs for services provided and charged against activities and programs carried out with a grant under this subsection shall not exceed in any fiscal year 10 percent of the amount of the grant in such year, except that costs of implementing enforcement and regulatory activities, education, training, technical assistance, demonstration projects, and technology transfer programs shall not be subject to this limitation.

FWPC Sec. 319(i)

"(i) Grants for Protecting Groundwater Quality.

FWPC Sec. 319(i)(1)

"(1) Eligible Applicants and Activities.Upon application of a State for which a report submitted under subsection (a) and a plan submitted under subsection (b) is approved under this section, the Administrator shall make grants under this subsection to such State for the purpose of assisting such State in carrying out groundwater quality protection activities which the Administrator determines will advance the State toward implementation of a comprehensive nonpoint source pollution control program. Such activities shall include, but not be limited to, research planning, groundwater assessments, demonstration programs, enforcement, technical assistance, education and training to protect the quality of groundwater and to prevent contamination of groundwater from nonpoint sources of pollution.

FWPC Sec. 319(i)(2)

"(2) Applications.An application for a grant under this subsection shall be in such form and shall contain such information as the Administrator may require.

FWPC Sec. 319(i)(3)

"(3) Federal Share; Maximum Amount. The Federal share of the cost of assisting a State in carrying out groundwater protection, activities in any fiscal year under this subsection shall be 50 percent of the costs incurred by the State in carrying out such activities, except that the maximum amount of Federal assistance which any State may receive under this subsection in any fiscal year shall not exceed \$150,000.

FWPC Sec. 319(i)(4)

"(4) Report. The Administrator shall include in each report transmitted under subsection (m) a report on the activities and programs implemented under this subsection during the preceding fiscal year.

FWPC Sec. 319(j)

"(j) Authorization of Appropriations. There is authorized to be appropriated to carry out subsections (h) and (i) not to exceed \$70,000,000 for fiscal year 1988, \$100,000,000 per fiscal year for each of fiscal years 1989 and 1990, and \$130,000,000 for fiscal year 1991; except that for each of such fiscal years not to exceed \$7,500,000 may be made available to carry out subsection (i). Sums appropriated pursuant to this subsection shall remain available until expended.

FWPC Sec. 319(k)

"(k) Consistency of Other Programs and Projects With Management Programs. The Administrator shall transmit to the Office of Management and Budget and the appropriate Federal departments and agencies a list of those assistance programs and development projects identified by each State under subsection (b)(2)(F) for which individual assistance applications and projects will be reviewed pursuant to the procedures set forth in Executive Order 12372 as in effect on September 17, 1983. Beginning not later than sixty days after receiving notification by the Administrator, each Federal department and agency shall modify existing regulations to allow States to review individual development projects and assistance applications under the identified Federal assistance programs and shall accommodate, according to the requirements and definitions of Executive Order 12372, as in effect on September 17, 1983, the concerns of the State regarding the consistency of such applications or projects with the State nonpoint source pollution management program.

FWPC Sec. 319(l)

"(l) Collection of Information. The Administrator shall collect and make available, through publications and other appropriate means, information pertaining to management practices and implementation methods, including, but not limited to, "(1) information concerning the costs and relative efficiencies of best management practices for reducing nonpoint source pollution; and "(2) available data concerning the relationship between water quality and implementation of various management practices to control nonpoint sources of pollution.

FWPC Sec. 319(m)

"(m) Reports of Administrator.

FWPC Sec. 319(m)(1)

"(1) Annual Reports. Not later than January 1, 1988, and each January 1 thereafter, the Administrator

shall transmit to the Committee on Public Works and Transportation of the House of Representatives and the Committee on Environment and Public Works of the Senate, a report for the preceding fiscal year on the activities and programs implemented under this section and the progress made in reducing pollution in the navigable waters resulting from nonpoint sources and improving the quality of such waters.

FWPC Sec. 319(m)(2)

"(2) Final Report. Not later than January 1, 1990, the Administrator shall transmit to Congress a final report on the activities carried out under this section. Such report, at a minimum, shall

FWPC Sec. 319(m)(2)(A)

"(A) describe the management programs being implemented by the States by types and amount of affected navigable waters, categories and subcategories of nonpoint sources, and types of best management practices being implemented;

FWPC Sec. 319(m)(2)(B)

"(B) describe the experiences of the States in adhering to schedules and implementing best management practices;

FWPC Sec. 319(m)(2)(C)

"(C) describe the amount and purpose of grants awarded pursuant to subsections (h) and (i) of this section;

FWPC Sec. 319(m)(2)(D)

"(D) identify, to the extent that information is available, the progress made in reducing pollutant loads and improving water quality in the navigable waters;

FWPC Sec. 319(m)(2)(E)

"(E) indicate what further actions need to be taken to attain and maintain in those navigable waters "(i) applicable water quality standards, and "(ii) the goals and requirements of this Act;

FWPC Sec. 319(m)(2)(F)

"(F) include recommendations of the Administrator concerning future programs (including enforcement programs) for controlling pollution from nonpoint sources; and

FWPC Sec. 319(m)(2)(G)

"(G) identify the activities and programs of departments, agencies, and instrumentalities of the United States which are inconsistent with the management programs submitted by the States and recommend modifications so that such activities and programs are consistent with and assist the States in implementation of such management programs.

FWPC Sec. 319(n)

"(n) Set Aside for Administrative Personnel. Not less than 5 percent of the funds appropriated pursuant to subsection (j) for any fiscal year shall be available to the Administrator to maintain

personnel levels at the Environmental Protection Agency at levels which are adequate to carry out this section in such year.

[319 added by PL 100-4]

Sec. 320 [33 USC 1330] National Estuary Program

[320 added by PL 100-4]

FWPC Sec. 320(a)

"(a) Management Conference.

FWPC Sec. 320(a)(1)

"(1) Nomination of Estuaries. The Governor of any State may nominate to the Administrator an estuary lying in whole or in part within the State as an estuary of national significance and request a management conference to develop a comprehensive management plan for the estuary. The nomination shall document the need for the conference, the likelihood of success, and information relating to the factors in paragraph (2).

FWPC Sec. 320(a)(2)

"(2) Convening of Conference.

FWPC Sec. 320(a)(2)(A)

"(A) In General. In any case where the Administrator determines, on his own initiative or upon nomination of a State under paragraph (1), that the attainment or maintenance of that water quality in an estuary which assures protection of public water supplies and the protection and propagation of a balanced, indigenous population of shellfish, fish, and wildlife, and allows recreational activities, in and on the water, requires the control of point and nonpoint sources of pollution to supplement existing controls of pollution in more than one State, the Administrator shall select such estuary and convene a management conference.

FWPC Sec. 320(a)(2)(B)

"(B) Priority consideration. The Administrator shall give priority consideration under this section to Long Island Sound, New York and Connecticut; Narragansett Bay, Rhode Island; Buzzards Bay, Massachusetts; Massachusetts Bay, Massachusetts (including Cape Cod Bay and Boston Harbor); Puget Sound, Washington; New York-New Jersey Harbor, New York and New Jersey; Delaware Bay, Delaware and New Jersey; Delaware Inland Bays, Delaware; Albermarle Sound, North Carolina; Sarasota Bay, Florida; San Francisco Bay, California; Santa Monica Bay, California; Galveston Bay, Texas; Barataria-Terrebonne Bay estuary complex, Louisiana; Indian River Lagoon, Florida; and Peconic Bay, New York.

[320(a)(2)(B) amended by PL 100-202; PL 100-653; PL 100-688]

FWPC Sec. 320(a)(3)

"(3) Boundary Dispute Exception. In any case in which a boundary between two States passes through an estuary and such boundary is disputed and is the subject of an action in any court, the

Administrator shall not convene a management conference with respect to such estuary before a final adjudication has been made of such dispute.

FWPC Sec. 320(b)

"(b) Purposes of Conference. The purposes of any management conference convened with respect to an estuary under this subsection shall be to

FWPC Sec. 320(b)(1)

"(1) assess trends in water quality, natural resources, and uses of the estuary;

FWPC Sec. 320(b)(2)

"(2) collect, characterize, and assess data on toxics, nutrients, and natural resources within the estuarine zone to identify the causes of environmental problems;

FWPC Sec. 320(b)(3)

"(3) develop the relationship between the in-place loads and point and nonpoint loadings of pollutants to the estuarine zone and the potential uses of the zone, water quality, and natural resources;

FWPC Sec. 320(b)(4)

"(4) develop a comprehensive conservation and management plan that recommends priority corrective actions and compliance schedules addressing point and nonpoint sources of pollution to restore and maintain the chemical, physical, and biological integrity of the estuary, including restoration and maintenance of water quality, a balanced indigenous population of shellfish, fish and wildlife, and recreational activities in the estuary, and assure that the designated uses of the estuary are protected;

FWPC Sec. 320(b)(5)

"(5) develop plans for the coordinated implementation of the plan by the States as well as Federal and local agencies participating in the conference;

FWPC Sec. 320(b)(6)

"(6) monitor the effectiveness of actions taken pursuant to the plan; and

FWPC Sec. 320(b)(7)

"(7) review all Federal financial assistance programs and Federal development projects in accordance with the requirements of Executive Order 12372, as in effect on September 17, 1983, to determine whether such assistance program or project would be consistent with and further the purposes and objectives of the plan prepared under this section. For purposes of paragraph (7), such programs and projects shall not be limited to the assistance programs and development projects subject to Executive Order 12372, but may include any programs listed in the most recent Catalog of Federal Domestic Assistance which may have an effect on the purposes and objectives of the plan developed under this section.

FWPC Sec. 320(c)

"(c) Members of Conference. The members of a management conference convened under this section shall include, at a minimum, the Administrator and representatives of

FWPC Sec. 320(c)(1)

"(1) each State and foreign nation located in whole or in part in the estuarine zone of the estuary for which the conference is convened;

FWPC Sec. 320(c)(2)

"(2) international, interstate, or regional agencies or entities having jurisdiction over all or a significant part of the estuary;

FWPC Sec. 320(c)(3)

"(3) each interested Federal agency, as determined appropriate by the Administrator;

FWPC Sec. 320(c)(4)

"(4) local governments having jurisdiction over any land or water within the estuarine zone, as determined appropriate by the Administrator; and

FWPC Sec. 320(c)(5)

"(5) affected industries, public and private educational institutions, and the general public, as determined appropriate by the Administrator.

FWPC Sec. 320(d)

"(d) Utilization of Existing Data. In developing a conservation and management plan under this section, the management conference shall survey and utilize existing reports, data, and studies relating to the estuary that have been developed by or made available to Federal, interstate, State, and local agencies.

FWPC Sec. 320(e)

"(e) Period of Conference. A management conference convened under this section shall be convened for a period not to exceed 5 years. Such conference may be extended by the Administrator, and if terminated after the initial period, may be reconvened by the Administrator at any time thereafter, as may be necessary to meet the requirements of this section.

FWPC Sec. 320(f)

"(f) Approval and Implementation of Plans.

FWPC Sec. 320(f)(1)

"(1) Approval. Not later than 120 days after the completion of a conservation and management plan and after providing for public review and comment, the Administrator shall approve such plan if the plan meets the requirements of this section and the affected Governor or Governors concur.

FWPC Sec. 320(f)(2)

"(2) Implementation. Upon approval of a conservation and management plan under this section, such plan shall be implemented. Funds authorized to be appropriated under titles II and VI and section 319 of this Act may be used in accordance with the applicable requirements of this Act to assist States with the implementation of such plan.

FWPC Sec. 320(g)

"(g) Grants.

FWPC Sec. 320(g)(1)

"(1) Recipients. The Administrator is authorized to make grants to State, interstate, and regional water pollution control agencies and entities, State coastal zone management agencies, interstate agencies, other public or nonprofit private agencies, institutions, organizations, and individuals.

FWPC Sec. 320(g)(2)

"(2) Purposes. Grants under this subsection shall be made to pay for assisting research, surveys, studies, and modeling and other technical work necessary for the development of a conservation and management plan under this section.

FWPC Sec. 320(g)(3)

"(3) Federal Share. The amount of grants to any person (including a State, interstate, or regional agency or entity) under this subsection for a fiscal year shall not exceed 75 percent of the costs of such research, survey, studies, and work and shall be made on condition that the non-Federal share of such costs are provided from non-Federal sources.

FWPC Sec. 320(h)

"(h) Grant Reporting. Any person (including a State, interstate, or regional agency or entity) that receives a grant under subsection (g) shall report to the Administrator not later than 18 months after receipt of such grant and biennially thereafter on the progress being made under this section.

FWPC Sec. 320(i)

"(i) Authorization of Appropriations. There are authorized to be appropriated to the Administrator not to exceed \$12,000,000 per fiscal year for each of fiscal years 1987, 1988, 1989, 1990, and 1991 for

FWPC Sec. 320(i)(1)

"(1) expenses related to the administration of management conferences under this section, not to exceed 10 percent of the amount appropriated under this subsection;

FWPC Sec. 320(i)(2)

"(2) making grants under subsection (g); and

FWPC Sec. 320(i)(3)

"(3) monitoring the implementation of a conservation and management plan by the management conference or by the Administrator, in any case in which the conference has been terminated. The

Administrator shall provide up to \$5,000,000 per fiscal year of the sums authorized to be appropriated under this subsection to the Administrator of the National Oceanic and Atmospheric Administration to carry out subsection (j).

FWPC Sec. 320(j)

"(j) Research.

FWPC Sec. 320(j)(1)

"(1) Programs. In order to determine the need to convene a management conference under this section or at the request of such a management conference, the Administrator shall coordinate and implement through the National Marine Pollution Program Office and the National Marine Fisheries Service of the National Oceanic and Atmospheric Administration, as appropriate, for one or more estuarine zones

FWPC Sec. 320(j)(1)(A)

"(A) a long-term program of trend assessment monitoring measuring variations in pollutant concentrations, marine ecology, and other physical or biological environmental parameters which may affect estuarine zones, to provide the Administrator the capacity to determine the potential and actual effects of alternative management strategies and measures;

FWPC Sec. 320(j)(1)(B)

"(B) a program of ecosystem assessment assisting in the development of "(i) baseline studies which determine the state of estuarine zones and the effects of natural and anthropogenic changes, and "(ii) predictive models capable of translating information on specific discharges or general pollutant loadings within estuarine zones into a set of probable effects on such zones;

FWPC Sec. 320(j)(1)(C)

"(C) a comprehensive water quality sampling program for the continuous monitoring of nutrients, chlorine acid precipitation, dissolved oxygen, and potentially toxic pollutants (including organic chemicals and metals) in estuarine zones, after consultation with interested State, local, interstate, or international agencies and review and analysis of all environmental sampling data presently collected from estuarine zones; and

FWPC Sec. 320(j)(1)(D)

"(D) a program of research to identify the movements of nutrients, sediments and pollutants through estuarine zones and the impact of nutrients, sediments, and pollutants on water quality, the ecosystem, and designated or potential uses of the estuarine zones.

FWPC Sec. 320(j)(2)

"(2) Reports. The Administrator, in cooperation with the Administrator of the National Oceanic and Atmospheric Administration, shall submit to the Congress no less often than biennially a comprehensive report on the activities authorized under this subsection including

FWPC Sec. 320(j)(2)(A)

"(A) a listing of priority monitoring and research needs;

FWPC Sec. 320(j)(2)(B)

"(B) an assessment of the state and health of the Nation's estuarine zones, to the extent evaluated under this subsection;

FWPC Sec. 320(j)(2)(C)

"(C) a discussion of pollution problems and trends in pollutant concentrations with a direct or indirect effect on water quality, the ecosystem, and designated or potential uses of each estuarine zone, to the extent evaluated under this subsection; and

FWPC Sec. 320(j)(2)(D)

"(D) an evaluation of pollution abatement activities and management measures so far implemented to determine the degree of improvement toward the objectives expressed in subsection (b)(4) of this section.

FWPC Sec. 320(k)

"(k) Definitions. For purposes of this section, the terms "estuary" and "estuarine zone" have the meanings such terms have in section 104(n)(4) of this Act, except that the term "estuarine zone" shall also include associated aquatic ecosystems and those portions of tributaries draining into the estuary up to the historic height of migration of anadromous fish or the historic head of tidal influence, whichever is higher.

Next Section
