## **TABLE OF CONTENTS**

- Sec. 1 [16 USC 1271]**
- Sec. 2 [16 USC 1273] National wild and scenic rivers system.**
- Sec. 3 [16 USC 1274] Component rivers and adjacent lands.**
- Sec. 4 [16 USC 1275] Additions to national wild and scenic rivers system.**
- Sec. 5 [16 USC 1276] Rivers constituting potential additions to national wild and scenic rivers system.**
- Sec. 6 [16 USC 1277] Land acquisition.**
- Sec. 7 [16 USC 1278] Restrictions on water resources projects.**
- Sec. 8 [16 USC 1279] Withdrawal of public lands from entry, sale, or other disposition under public land laws.**
- Sec. 9 [16 USC 1280] Federal mining and mineral leasing laws.**
- Sec. 10 [16 USC 1281] Administration.**
- Sec. 11 [16 USC 1282] Assistance to State and local projects.**
- Sec. 12 [16 USC 1283] Management policies.**
- Sec. 13 [16 USC 1284] Existing State jurisdiction and responsibilities.**
- Sec. 14 [16 USC 1285] Claim and allowance of charitable deduction for contribution or gift of easement.**
- Sec. 14A [16 USC 1285a] Lease of Federal lands.**
- Sec. 15 [16 USC 1285b] Establishment of boundaries for certain component rivers in Alaska; withdrawal of minerals.**
- Sec. 16 [16 USC 1286] Definitions.**
- Sec. 17 [16 USC 1287] Authorization of appropriations.**

**Sec. 1 [16 USC 1271]**

- (a) This act may be cited as the "Wild and Scenic Rivers Act".
- (b) It is hereby declared to be the policy of the United States that certain selected rivers of the Nation which, with their immediate environments, possess outstandingly remarkable scenic, recreational, geologic, fish and wildlife, historic, cultural, or other similar values, shall be preserved in free-flowing condition, and that they and their immediate environments shall be protected for the benefit and enjoyment of present and future generations. The Congress declares that the established national policy of dam and other construction at appropriate sections of the rivers of the United States needs to be complemented by a policy that would preserve other selected rivers or sections thereof in their free-flowing condition to protect the water quality of such rivers and to fulfill other vital national conservation purposes.
- (c) The purpose of this Act is to implement this policy by instituting a national wild and scenic rivers system, by designating the initial components of that system, and by prescribing the methods by which and standards according to which additional components may be added to the system from time to time.

**Sec. 2 [16 USC 1273] National wild and scenic rivers system.**

- (a) The national wild and scenic rivers system shall comprise rivers
  - (i) that are authorized for inclusion therein by Act of Congress, or
  - (ii) that are designated as wild, scenic or recreational rivers by or pursuant to an act of the legislature of the State or States through which they flow, that are to be permanently administered as wild, scenic or recreational rivers by an agency or political subdivision of the State or States concerned, that are found by the Secretary of the Interior, upon application of the Governor of the State or the Governors of the States concerned, or a person or persons thereunto duly appointed by him or them, to meet the criteria established in this Act and such criteria supplementary thereto as he may prescribe, and that are approved by him for inclusion in the system, including, upon application of the Governor of the State concerned, the Allagash Wilderness Waterway, Maine; that segment of the Wolf River, Wisconsin, which flows through Langlade County; and that segment of the New River in North Carolina extending from its confluence with Dog Creek downstream approximately 26.5 miles to the Virginia State line.

Upon receipt of an application under clause (ii) of this subsection, the Secretary shall notify the Federal Energy Regulatory Commission and publish such application in the Federal Register. Each river designated under clause (ii) shall be administered by the State or political subdivision thereof without expense to the United States other than for administration and management of federally owned lands. For purposes of the preceding sentence, amounts made available to any State or political subdivision under the Land and Water Conservation Act of 1965 or any other provision of law shall not be treated as an expense to the United States. Nothing in this subsection shall be construed to provide for the transfer to, or administration by, a State or local authority of any federally owned lands which are within the boundaries of any river included within the system under clause (ii).

[§2(a) amended by PL 94-407]

- (b) A wild, scenic or recreational river area eligible to be included in the system is a free-flowing stream and the values referred to in section 1, subsection (b) of this Act. Every wild, scenic

or recreational river in its free-flowing condition, or upon restoration to this condition, shall be considered eligible for inclusion, in the national wild and scenic rivers system and, if included, shall be classified, designated, and administered as one of the following:

- (1) Wild river areas—Those rivers or sections of rivers that are free of impoundments and generally inaccessible except by trail, with watersheds or shorelines essentially primitive and waters unpolluted. These represent vestiges of primitive America.
- (2) Scenic river areas—Those rivers or sections of rivers that are free of impoundments, with shorelines or watersheds still largely developed, but accessible in places by roads.
- (3) Recreational river areas—Those rivers or sections of rivers that are readily accessible by road or railroad, that may have some development along their shorelines, and that may have undergone some impoundment or diversion in the past.

**Sec. 3 [16 USC 1274] Component rivers and adjacent lands.**

- (a) The following rivers and the land adjacent thereto are hereby designated as components of the national wild and scenic rivers system:
  - (1) Clearwater, Middle Fork, Idaho.—The Middle Fork from the town of Kooskia upstream to the town of Lowell; the Lochsa River from its junction with the Selway of Lowell forming the Middle Fork, upstream to the Powell Ranger Station; and the Selway River from Lowell upstream to its origin; to be administered by the Secretary of Agriculture.
  - (2) Eleven Point, Missouri.—The segment of the river extending downstream from Thomasville to State Highway 142; to be administered by the Secretary of Agriculture.
  - (3) Feather, California.—The entire Middle Fork downstream from the confluence of its tributary streams one kilometer south of Beckwourth, California; to be administered by the Secretary of Agriculture.
  - (4) Rio Grande, New Mexico.—The segment extending from the Colorado State line downstream to the State Highway 96 crossing, and the lower four miles of the Red River; to be administered by the Secretary of the Interior.
  - (5) Rogue, Oregon.—The segment of the river extending from the mouth of the Applegate River downstream to the Lobster Creek Bridge; to be administered by agencies of the Departments of the Interior or Agriculture as agreed upon by the Secretaries of said Departments or as directed by the President.
  - (6) Saint Croix, Minnesota and Wisconsin.—The segment between the dam near Taylors Falls, Minnesota, and the dam near Gordon, Wisconsin, and its tributary, the Namekagon, from Lake Namekagon downstream to its confluence with the Saint Croix; to be administered by the Secretary of the Interior: Provided, That except as may be required in connection with items (a) and (b) of this paragraph, no funds available to carry out the provisions of this Act may be expended for the acquisition or development of lands in connection with, or for administration under this Act of, that portion of the Saint Croix River between the dam near Taylors Falls, Minnesota, and the upstream end of Big Island in Wisconsin, until sixty days after the date on which the Secretary has transmitted to the President of the Senate and Speaker of the House of Representatives a proposed cooperative agreement between the Northern States Power Company and the United States (a) whereby the company agrees to convey to the United States, without charge, appropriate interests in certain of its lands between the dam near Taylors Falls, Minnesota, and the upstream end of Big Island in Wisconsin, including the

company's right, title, and interest to approximately one hundred acres per mile, and (b) providing for the use and development of other lands and interests in land retained by the company between said points adjacent to the river in a manner which shall complement and not be inconsistent with the purposes for which the lands and interests in land donated by the company are administered under this Act. A one-thousand-three-hundred-and-eighty-acre portion of the area commonly known as the Velie Estate, located adjacent to the Saint Croix River in Douglas County, Wisconsin, as depicted on the map entitled "Boundary Map/Velie Estate—Saint Croix National Scenic Riverway, dated September 1980, and numbered 630-90,001, may be acquired by the Secretary without regard to any acreage limitation set forth in subsection (b) of this section or subsection (a) or (b) of section 6 of this Act. Said agreement may also include provision for State or local governmental participation as authorized under subsection (e) of section 10 of this Act.

[§3(a)(6) amended by PL 96-580]

- (7) Salmon, Middle Fork, Idaho.—From its origin to its confluence with the main Salmon River; to be administered by the Secretary of Agriculture.
- (8) Wolf, Wisconsin.—From the Langlade Menominee County line downstream to Keshena Falls; to be administered by the Secretary of the Interior.
- (9) Lower Saint Croix, Minnesota and Wisconsin.—The segment between the dam near Taylors Falls and its confluence with the Mississippi River: Provided, (1) That the upper twenty-seven miles of this river segment shall be administered by the Secretary of the Interior; and (ii) That the lower twenty-five miles shall be designated by the Secretary upon his approval of an application for such designation made by the Governors of the States of Minnesota and Wisconsin.
- (10) Chattooga, North Carolina, South Carolina, Georgia.—The segment from 0.8 miles below Cashiers Lake in North Carolina to Tugaloo Reservoir, and the West Fork Chattooga River from its junction with Chattooga upstream 7.3 miles, as generally depicted on the boundary map entitled "Proposed Wild and Scenic Chattooga River and Corridor Boundary", dated August 1973; to be administered by the Secretary of Agriculture: Provided, That the Secretary of Agriculture shall take such action as is provided for under subsection (b) of this section within one year from the date of enactment of this paragraph (10): Provided further, That for the purposes of this river, there are authorized to be appropriated not more than \$5,200,000 for the acquisition of lands and interests in lands and not more than \$809,000 for development.
- (11) Rapid River, Idaho.—The segment from the headwaters of the main stem to the national forest boundary and the segment of the West Fork from the wilderness boundary downstream to the confluence with the main stem, as a wild river.
- (12) Snake, Idaho and Oregon.—The segment from Hells Canyon Dam downstream to Pittsburgh Landing, as a wild river; and the segment from Pittsburgh Landing downstream to an eastward extension of the north boundary of section 1, township 5 north, range 47 east, Willamette meridian, as a scenic river.
- (13) Flathead, Montana.—The North Fork from the Canadian border downstream to its confluence with the Middle Fork; the Middle Fork from its headwaters to its confluence to the South Fork; and the South Fork from its origin to the Hungry Horse Reservoir, as generally depicted on the map entitled "Proposed Flathead Wild and Scenic River Boundary Location" dated February 1976; to be administered by agencies of the Departments of the Interior and Agriculture as agreed upon by the Secretaries of such Departments or as directed by the President. Action required to be taken under

subsection (b) of this section shall be taken within one year from the date of enactment of this paragraph. For the purposes of this river, there are authorized to be appropriated not more than \$6,719,000 for the acquisition of lands and interests in lands. No funds authorized to be appropriated pursuant to this paragraph shall be available prior to Oct. 1, 1977.

- (14) Missouri, Montana.—The segment from Fort Benton one hundred and forty-nine miles downstream to Robinson Bridge, as generally depicted on the boundary map entitled "Missouri Breaks Freeflowing River Proposal", dated Oct. 1975, to be administered by the Secretary of the Interior. For the purposes of this river, there are authorized to be appropriated not more than \$1,800,000 for the acquisition of lands and interests in lands. No funds authorized to be appropriated pursuant to this paragraph shall be available prior to Oct. 1, 1977.
- (15) Obed, Tennessee.—The segment from the western edge of the Catoosa Wildlife Management Area to the confluence with the Emory River; Clear Creek from the Morgan County line to the confluence with the Obed River; Daddys Creek from the Morgan County line to the confluence with the Obed River; and the Emory River from the confluence with the Obed River to the Nemo Bridge as generally depicted and classified on the stream classification map dated December 1973. The Secretary of the Interior shall take such action, with the participation of the State of Tennessee as is provided for under subsection (b) within one year following the date of enactment of this paragraph. The development plan required by such subsection (b) shall include cooperative agreements between the State of Tennessee acting through the Wildlife Resources Agency and the Secretary of the Interior. Lands within the Wild and Scenic River boundaries that are currently part of the Catoosa Wildlife Management Area shall continue to be owned and managed by the Tennessee Wildlife Resources Agency in such a way as to protect the wildlife resources and primitive character of the area, and without further development of roads, campsites, or associated recreational facilities unless deemed necessary by that agency for wildlife management practices. The Obed Wild and Scenic River shall be managed by the Secretary of the Interior. For the purposes of carrying out the provisions of this Act with respect to this river, there are authorized to be appropriated such sums as may be necessary, but not to exceed \$2,000,000 for the acquisition of lands or interests in lands and not to exceed \$400,000 for development. No funds authorized to be appropriated pursuant to this paragraph shall be available prior to Oct. 1, 1977.
- (16) Pere Marquette, Michigan.—The segment downstream from the junction of the Middle and Little South Branches to its junction with United States Highway 31 as generally depicted on the boundary map entitled "Proposed Boundary Location, Pere Marquette Wild and Scenic River,"; to be administered by the Secretary of Agriculture. After consultation with State and local governments and the interested public, the Secretary shall take such action as is provided for under subsection (b) with respect to the segment referred to in this paragraph within one year from the date of enactment of this paragraph. Any development or management plan prepared pursuant to subsection (b) shall include (a) provisions for the dissemination of information to river users and (b) such regulations relating to the recreational and other uses of the river as may be necessary in order to protect the area comprising such river (including lands contiguous or adjacent thereto) from damage or destruction by reason of overuse and to protect its scenic, historic, esthetic and scientific values. Such regulations shall further contain procedures and means which shall be utilized in the enforcement of such development and management plan. For the purposes of carrying out the provisions of this Act with respect to the river designated by this paragraph, there are authorized to be appropriated not more than \$8,125,000 for the acquisition of lands or interests in lands and \$402,000 for development.

(17) Rio Grande, Texas.—The segment on the United States side of the river from river mile 842.3 above Mariscal Canyon downstream to river mile 651.1 at the Terrell-Val Verde County line; to be administered by the Secretary of the Interior. The Secretary shall, within two years after the date of enactment of this paragraph, take such action with respect to the segment referred to in this paragraph as is provided for under subsection (b). The action required by such subsection (b) shall be undertaken by the Secretary, after consultation with the United States Commissioner, International Boundary and Water Commission, United States and Mexico, and appropriate officials of the State of Texas and its political subdivisions. The development plan required by subsection (b) shall be construed to be a general management plan only for the United States side of the river and such plan shall include, but not be limited to, the establishment of a detailed boundary which shall include an average of not more than 160 acres per mile. Nothing in this Act shall be construed to be in conflict with—

(A) the commitments or agreements of the United States made by or in pursuance of the treaty between the United States and Mexico regarding the utilization of the Colorado and Tijuana Rivers and of the Rio Grande, signed at Washington, February 1944 (59 Stat. 1219), or

(B) the treaty between the United States and Mexico regarding maintenance of the Rio Grande and Colorado River as the international boundary between the United States and Mexico, signed Nov. 23, 1970.

For purposes of carrying out the provisions of this Act with respect to the river designated by this paragraph, there are authorized to be appropriated such sums as may be necessary, but not more than \$1,650,000 for the acquisition of lands and interests in lands and not more than \$1,800,000 for development.

(18) Skagit, Washington.—The segment from the pipeline crossing at Sedro- Woolley upstream to and including the mouth of Bacon Creek; the Cascade River from its mouth to the junction of its North and South Forks; the South Fork to the boundary of the Glacier Peak Wilderness Area; the Suiattle River from its mouth to the boundary of the Glacier Peak Wilderness Area at Milk Creek; the Sauk River from its mouth to its junction with Elliott Creek; the North Fork of the Sauk River from its junction with the South Fork of the Sauk to the boundary of the Glacier Peak Wilderness Area; as generally depicted on the boundary map entitled "Skagit River—River Area Boundary"; all segments to be administered by the Secretary of Agriculture. Riprapping related to natural channels with natural rock along the shorelines of the Skagit segment to preserve and protect agricultural land shall not be considered inconsistent with the values for, which such segment is designated. After consultation with affected Federal agencies, State and local government and the interested public, the Secretary shall take such action as is provided for under subsection (b) with respect to the segments referred to in this paragraph within one year from the date of enactment of this paragraph; as part of such action, the Secretary of Agriculture shall investigate that portion of the North Fork of the Cascade River from its confluence with the South Fork to the boundary of the North Cascades National Park and if such portion is found to qualify for inclusion, it shall be treated as a component of the Wild and Scenic Rivers System designated under this section upon publication by the Secretary of notification to that effect in the Federal Register. For the purposes of carrying out the provisions of this Act with respect to the river designated by this paragraph there are authorized to be appropriated not more than \$11,734,000 for the acquisition of lands or interest in lands and not more than \$332,000 for development.

(19) Upper Delaware River, New York and Pennsylvania.—The segment of the Upper Delaware River from the confluence of the East and the West branches below Hancock, New York to the existing railroad bridge immediately downstream of Cherry

Island in the vicinity of Sparrow Bush, New York, as depicted on the boundary map entitled "The Upper Delaware Scenic and Recreational River," dated April 1978; to be administered by the Secretary of the Interior. Subsection (b) of this section shall not apply, and the boundaries and classifications of the river shall be specified on the map referred to in the preceding sentence, except to the extent that such boundaries or classifications are modified pursuant to section 704(c) of the National Parks and Recreation Act of 1978. Such boundaries and classifications shall be published in the Federal Register and shall not become effective until ninety days after they have been forwarded to the Committee on Natural Resources of the United States House of Representatives and the Committee on Energy and Natural Resources of the United States Senate. For purposes of carrying out the provisions of this Act with respect to the river designated by this paragraph there are authorized to be appropriated such sums as may be necessary.

[§3(a)(19) amended by PL 96-87; PL 103-437]

- (20) Delaware, New York, Pennsylvania, and New Jersey.—The segment from the point where the river crosses the northern boundary of the Delaware Water Gap National Recreation Area to the point where the river crosses the southern boundary of such recreation area; to be administered by the Secretary of the Interior. For purposes of carrying out this Act with respect to the river designated by this paragraph, there are authorized to be appropriated such sums as may be necessary. Action required to be taken under subsection (b) of this section with respect to such segment shall be taken within one year from the date of enactment of this paragraph, except that, with respect to such segment, in lieu of the boundaries provided for in such subsection (b), the boundaries shall be the banks of the river. Any visitors facilities established for purposes of use and enjoyment of the river under the authority of the Act establishing the Delaware Water Gap National Recreation Area shall be compatible with the purposes of this Act and shall be located at an appropriate distance from the river.
- (21) American, California.—The North Fork from a point 0.3 mile above Heath Springs downstream to a point approximately 1,000 feet upstream of the Colfax-Iowa Hill Bridge, including the Gold Run Addition Area, as generally depicted on the map entitled "Proposed Boundary Maps" contained in Appendix I of the document dated January 1978 and entitled "A Proposal: North Fork American Wild and Scenic River" published by the United States Forest Service, Department of Agriculture; to be designated as a wild river and to be administered by agencies of the Department of Interior and Agriculture as agreed upon by the Secretaries of such Departments or as directed by the President. Action required to be taken under subsection (b) shall be taken within one year after the date of the enactment of this paragraph; in applying such subsection (b) in the case of the Gold Run Addition Area, the acreage limitation specified therein shall not apply and in applying section 6(g)(3), January 1 of the calendar year preceding the calendar year in which this paragraph is enacted shall be substituted for January 1, 1967. For purposes of carrying out the provisions of this Act with respect to the river designated by this paragraph, there are authorized to be appropriated not more than \$850,000 for the acquisition of lands and interests in land and not more than \$765,000 for development.
- (22) Missouri River, Nebraska, South Dakota.—The segment from Gavins Point Dam South Dakota, fifty-nine miles downstream to Ponca State Park, Nebraska, as generally depicted in the document entitled "Review Report for Water Resources Development, South Dakota, Nebraska, North Dakota, Montana", prepared by the Division Engineer, Missouri River Division, Corps of Engineers, dated August 1977 (hereinafter in this paragraph referred to as the "August 1977 Report"). Such segment shall be administered as a recreational river by the Secretary. The Secretary shall enter into a written cooperative agreement with the Secretary of the Army (acting through the

Chief of Engineers) for construction and maintenance of bank stabilization work and appropriate recreational development. After public notice and consultation with the State and local governments, other interested organizations and associations, and the interested public, the Secretary shall take such action as is required pursuant to subsection (b) within one year from the date of enactment of this section. In administering such river, the Secretary shall, to the extent, and in a manner, consistent with this section—

(A) provide

- (i) for the construction by the United States of such recreation river features and streambank stabilization structures as the Secretary of the Army (acting through the Chief of Engineers) deems necessary and advisable in connection with the segment designated by this paragraph, and
- (ii) for the operation and maintenance of all streambank stabilization structures constructed in connection with such segment (including both structures constructed before the date of enactment of this paragraph and structures constructed after such date, and including both structures constructed under the authority of this section and structures constructed under the authority of any other Act); and

(B) permit access for such pumping and associated pipelines as may be necessary to assure an adequate supply of water for owners of land adjacent to such segment and for fish, wildlife, and recreational uses outside the river corridor established pursuant to this paragraph. The streambank structures to be constructed and maintained under subparagraph (A) shall include, but not be limited to, structures at such sites as are specified with respect to such segment on pages 62 and 63 of the August 1977 Report, except that sites for such structures may be relocated to the extent deemed necessary by the Secretary of the Army (acting through the Chief of Engineers) by reason of physical changes in the river or river area. The Secretary of the Army (acting through the Chief of Engineers) shall condition the construction or maintenance of any streambank stabilization structure or of any recreational river feature at any site under paragraph (A)(i) upon the availability to the United States of such land and interests in land in such ownership as he deems necessary to carry out such construction or maintenance and to protect and enhance the river in accordance with the purposes of this Act. Administration of the river segment designated by this paragraph shall be in coordination with, and pursuant to the advice of a Recreational River Advisory Group which shall be established by the Secretary. Such Group may include in its membership, representatives of the affected States and political subdivisions thereof, affected Federal agencies, and such organized private groups as the Secretary deems desirable. Notwithstanding the authority to the contrary contained in subsection 6(a) of this Act, no land or interests in land may be acquired without the consent of the owner: Provided, That not to exceed 5 per centum of the acreage within the designated river boundaries may be acquired in less than fee title without the consent of the owner, in such instance of the Secretary's determination that activities are occurring, or threatening to occur thereon which constitute serious damage or threat to the integrity of the river corridor, in accordance with the values for which this river was designated. For purposes of carrying out the provisions of this Act with respect to the river designated by this paragraph, there are authorized to be appropriated not to exceed \$21,000,000, for acquisition of lands and interests in lands and for development.

[§3(a)(22) amended by PL 96-344]

(23) Saint Joe, Idaho.—The segment above the confluence of the North Fork of the Saint Joe River to Spruce Tree Campground. as a recreational river; the segment above Spruce Tree Campground to Saint Joe Lake, as a wild river, as generally depicted on the map entitled "Saint Joe River Corridor Map" on file with the Chief of the Forest Service and dated September 1978; to be administered by the Secretary of Agriculture. Notwithstanding any other provision of law, the classification of the Saint Joe River under this paragraph and the subsequent development plan for the river prepared by the Secretary of Agriculture shall at no time interfere with or restrict the maintenance, use, or access to existing or future roads within the adjacent lands nor interfere with or restrict present use of or future construction of bridges across that portion of the Saint Joe designated as a "recreational river" under this paragraph. Dredge or placer mining shall be prohibited within the banks or beds of the main stem of the Saint Joe and its tributary streams in their entirety above the confluence of the main stem with the North Fork of the river. Nothing in this Act shall be deemed to prohibit the removal of sand and gravel above the high water mark of the Saint Joe River and its tributaries within the river corridor by or under the authority of any public body or its agents for the purposes of construction or maintenance of roads. The Secretary shall take such action as is required under subsection (b) of this section within one year from the date of enactment of this paragraph. For the purposes of this river, there are authorized to be appropriated not more than \$1,000,000 for the acquisition of lands or interest in lands.

(24)

- (A) Salmon, Idaho.—The segment of the main river from the mouth of the North Fork of the Salmon River downstream to Long Tom Bar in the following classes:
- (i) the forty-six mile segment from the mouth of the North Fork of the Salmon River to Corn Creek as a recreational river, and
  - (ii) the seventy-nine-mile segment from Corn Creek to Long Tom Bar as a wild river; all as generally depicted on a map entitled "Salmon River" dated Nov. 1979, which is on file and available for public inspection in the Office of the Chief, Forest Service, United States Department of Agriculture.
- (B) This segment shall be administered by the Secretary of Agriculture: Provided, That after consultation with State and local governments and the interested public, the Secretary shall take such action as is required by subsection (b) of this section within one year from the date of enactment of this paragraph.
- (C) The use of motorboats (including motorized jet-boats) within this segment of the Salmon River shall be permitted to continue at a level not less than the level of use which occurred during calendar year 1978.
- (D) Subject to existing rights of the State of Idaho, including the right of access, with respect to the beds of navigable streams, tributaries or rivers, dredge and placer mining in any form including any use of machinery for the removal of sand and gravel for mining purposes shall be prohibited within the segment of the Salmon River designated as a component of the Wild and Scenic Rivers System by this paragraph; within the fifty-three-mile segment of the Salmon River from Hammer Creek downstream to the confluence of the Snake River; and within the Middle Fork of the Salmon River; and its tributary streams in their entirety: Provided, That nothing in this paragraph shall be deemed to prohibit the removal of sand and gravel, outside the boundaries of the River of No Return Wilderness or the Gospel-Hump Wilderness, above the high water mark of the Salmon River or the Middle Fork and its tributaries for the purposes of construction or maintenance of public roads: Provided further, That this paragraph shall not apply to any written mineral

leases approved by the Board of Land Commissioners of the State of Idaho prior to January 1, 1980.

(E) The provisions of section 7(a) of this Act with respect to the licensing of dams, water conduits, reservoirs, powerhouses, transmission lines or other project works, shall apply to the fifty-three-mile segment of the Salmon River from Hammer Creek downstream to the confluence of the Snake River.

(F) For the purposes of the segment of the Salmon River designated as a component of the Wild and Scenic Rivers System by this paragraph, there is hereby authorized to be appropriated from the Land and Water Conservation Fund, after Oct. 1, 1980, not more than \$6,200,000 for the acquisition of lands and interests in lands.

[§3(a)(24) added by PL 96-312]

(25) Alagnak, Alaska.—That segment of the main stem and the major tributary to the Alagnak, the Nonvianuk River, within Katmai National Preserve; to be administered by the Secretary of the Interior.

[§3(a)(25) added by PL 96-487]

(26) Alatna, Alaska.—The main stem within the Gates of the Arctic National Park; to be administered by the Secretary of the Interior.

[§3(a)(26) added by PL 96-487]

(27) Aniakchak, Alaska.—That portion of the river, including its major tributaries, Hidden Creek, Mystery Creek, Albert Johnson Creek, and North Fork Aniakchak River, within the Aniakchak National Monument and National Preserve; to be administered by the Secretary of the Interior.

[§3(a)(27) added by PL 96-487]

(28) Charley, Alaska.—The entire river, including its major tributaries, Copper Creek, Bonanza Creek, Hosford Creek, Derwent Creek, Flat-Orthmer Creek, Crescent Creek, and Moraine Creek, within the Yukon-Charley Rivers National Preserve; to be administered by the Secretary of the Interior.

[§3(a)(28) added by PL 96-487]

(29) Chilikadrotna, Alaska.—That portion of the river within the Lake Clark National Park and Preserve; to be administered by the Secretary of the Interior.

[§3(a)(29) added by PL 96-487]

(30) John, Alaska.—That portion of the river within the Gates of the Arctic National Park; to be administered by the Secretary of the Interior.

[§3(a)(30) added by PL 96-487]

(31) Kobuk, Alaska.—That portion within the Gates of the Arctic National Park and Preserve; to be administered by the Secretary of the Interior.

[§3(a)(31) added by PL 96-487]

(32) Mulchatna, Alaska.—That portion within the Lake Clark National Park and Preserve; to be administered by the Secretary of the Interior.

[§3(a)(32) added by PL 96-487]

(33) Noatak, Alaska.—The river from its source in the Gates of the Arctic National Park to its confluence with the Kelly River in the Noatak National Preserve; to be administered by the Secretary of the Interior.

[§3(a)(33) added by PL 96-487]

(34) North Fork of the Koyukuk, Alaska.—That portion within the Gates of the Arctic National Park; to be administered by the Secretary of the Interior.

[§3(a)(34) added by PL 96-487]

(35) Salmon, Alaska.—That portion within the Kobuk Valley National Park; to be administered by the Secretary of the Interior.

[§3(a)(35) added by PL 96-487]

(36) Tinayguk, Alaska.—That portion within the Gates of the Arctic National Park; to be administered by the Secretary of the Interior.

[§3(a)(36) added by PL 96-487]

(37) Tlikakila, Alaska.—That portion within the Lake Clark National Park; to be administered by the Secretary of the Interior.

[§3(a)(37) added by PL 96-487]

(38) Andreafsky, Alaska.—That portion from its source, including all headwaters, and the East Fork, within the boundary of the Yukon Delta National Wildlife Refuge; to be administered by the Secretary of the Interior.

[§3(a)(38) added by PL 96-487]

(39) Ivishak, Alaska.—That portion from its source, including all headwaters and an unnamed tributary from Porcupine Lake within the boundary of the Arctic National Wildlife Range; to be administered by the Secretary of the Interior.

[§3(a)(39) added by PL 96-487]

(40) Nowitna, Alaska.—That portion from the point where the river crosses the west limit of township 18 south, range 22 east, Kateel River meridian, to its confluence with the Yukon River within the boundaries of the Nowitna National Wildlife Refuge; to be administered by the Secretary of the Interior.

[§3(a)(40) added by PL 96-487]

(41) Selawik, Alaska.—That portion from a fork of the headwaters in township 12 north, range 10 east, Kateel River meridian to the confluence of the Kugarak River; within the Selawik National Wildlife Refuge to be administered by the Secretary of the Interior.

[§3(a)(41) added by PL 96-487]

(42) Sheenjek, Alaska.—The segment within the Arctic National Wildlife Refuge; to be administered by the Secretary of the Interior.

[§3(a)(42) added by PL 96-487]

(43) Wind, Alaska.—That portion from its source, including all headwaters and one unnamed tributary in township 13 south, within the boundaries of the Arctic National Wildlife Refuge; to be administered by the Secretary of the Interior.

[§3(a)(43) added by PL 96-487]

(44) Alagnak, Alaska.—Those segments or portions of the main stem and Nonvianuk tributary lying outside and westward of the Katmai National Park/Preserve and running to the west boundary of township 13 south, range 43 west; to be administered by the Secretary of the Interior.

[§3(a)(44) added by PL 96-487]

(45) Beaver Creek, Alaska.—The segment of the main stem from the vicinity of the confluence of the Bear and Champion Creeks downstream to its exit from the northeast corner of township 12 north, range 6 east, Fairbanks meridian within the White Mountains National Recreation Area, and the Yukon Flats National Wildlife Refuge, to be administered by the Secretary of the Interior.

[§3(a)(45) added by PL 96-487]

(46) Birch Creek, Alaska. The segment of the main stem from the south side of Steese Highway in township 7 north, range 10 east, Fairbanks meridian, downstream to the south side of the Steese Highway in - township 10 north, range 16 east; to be administered by the Secretary of the Interior.

[§3(a)(46) added by PL 96-487]

(47) Delta, Alaska.—The segment from and including all of the Tangle Lakes to a point one-half mile north of Black Rapids; to be administered by the Secretary of the Interior.

[§3(a)(47) added by PL 96-487]

(48) Fortymile, Alaska.—The main stem within the State of Alaska; O'Brien Creek; South Fork; Napoleon Creek, Franklin Creek, Uhler Creek, Walker Fork downstream from the confluence of Liberty Creek; Wade Creek; Mosquito Fork downstream from the vicinity of Kechumstuk; West Fork Dennison Fork downstream from the confluence of Logging Cabin Creek; Dennison Fork downstream from the confluence of West Fork Dennison Fork; Logging Cabin Creek; North Fork; Hutchison Creek; Champion Creek; the Middle Fork downstream from the confluence of Joseph Creek; and Joseph Creek; to be administered by the Secretary of the Interior.

[§3(a)(48) added by PL 96-487]

(49) Gulkana, Alaska.—The main stem from the outlet of Paxson Lake in township 12 north, range 2 west, Copper River meridian to the confluence with Sourdough Creek; the south branch of the west fork from the outlet of an unnamed lake in sections 10 and 15, township 10 north, range 7 west, Copper River meridian to the confluence with the west fork; the north branch from the outlet of two unnamed lakes, one in sections 24 and 25, the second in sections 9 and 10, township 11 north, range 8 west, Copper River meridian to the confluence with the west fork; the west fork from its confluence with the

north and south branches downstream to its confluence with the main stem; the middle fork from the outlet of Dickey Lake in township 13 north, range 5 west, Copper River meridian to the confluence with the main stem; to be classified as a wild river area and to be administered by the Secretary of the Interior.

[§3(a)(49) added by PL 96-487]

- (50) Unalakleet, Alaska.—The segment of the main stem from the headwaters in township 12 south, range 3 west, Kateel River meridian extending downstream approximately 65 miles to the western boundary of township 18 south, range 8 west; to be administered by the Secretary of the Interior.

[§3(a)(50) added by PL 96-487]

- (51) Verde, Arizona.—The segment from the boundary between national forest and private land in sections 26 and 27, township 13 north, range 5 east, Gila Salt River meridian, downstream to the confluence with Red Creek, as generally depicted on a map entitled "Verde River—Wild and Scenic River," dated March 1984, which is on file and available for public inspection in the Office of the Chief, Forest Service, United States Department of Agriculture; to be administered by the Secretary of Agriculture. This designation shall not prevent water users receiving Central Arizona Project water allocations from diverting that water through an exchange agreement with downstream water users in accordance with Arizona water law. After consultation with State and local governments and the interested public and within two years after the date of enactment of this paragraph, the Secretary shall take such action as is required under subsection (b) of this section.

[§3(a)(51) added PL 98-406]

- (52) Au Sable, Michigan.—The segment of the main stem from the project boundary of the Mio Pond project downstream to the project boundary at Alcona Pond project as generally depicted on a map entitled "Au Sable River" which is on file and available for public inspection in the Office of the Chief, Forest Service, United States Department of Agriculture; to be administered by the Secretary of Agriculture.

[Second §3(a)(51) added by PL 98-444; redesignated as (52) by PL99-530 and PL 99-590]

- (53) Tuolumne, California.—The main river from its sources on Mount Dana and Mount Lyell in Yosemite National Park to Don Pedro Reservoir consisting of approximately 83 miles as generally depicted on the proposed boundary map entitled "Alternative A" contained in the Draft Tuolumne Wild and Scenic River Study and Environmental Impact Statement published by the United States Department of the Interior and Department of Agriculture in May 1979; to be administered by the Secretary of the Interior and the Secretary of Agriculture. After consultation with State and local governments and the interested public and within two years from the date of enactment of this paragraph, the Secretary shall take such action as is required under subsection (b) of this section. Nothing in this Act shall preclude the licensing, development, operation, or maintenance of water resources facilities on those portions of the North Fork, Middle Fork or South Fork of the Tuolumne or Clavey Rivers that are outside the boundary of the wild and scenic river area as designated in this section. Nothing in this section is intended or shall be construed to affect any rights, obligations, privileges, or benefits granted under any prior authority of law including chapter 4 of the Act of December 19, 1913, commonly referred to as the Raker Act (38 Stat. 242) and including any agreement or administrative ruling entered into or made effective before the enactment of this paragraph. For fiscal years commencing after September 30, 1985, there are

authorized to be appropriated such sums as may be necessary to implement the provisions of this subsection.

[Former §3(a)(52) added by PL 98-425; redesignated as (53) by PL99-530 and PL 99-590]

- (54) Illinois, Oregon: The segment from the boundary of the Siskiyou National Forest downstream to its confluence with the Rogue River as generally depicted on a map entitled "Illinois River Study" and is also part of a report entitled "A Proposal: Illinois Wild and Scenic River"; to be administered by the Secretary of Agriculture. After consultation with State and local governments and the interested public, the Secretary shall take such action as is required under subsection (b) of this section within one year from the date of enactment of this paragraph. For the purposes of this Act with respect to the river designated by this paragraph, effective Oct. 1, 1984, there are authorized to be appropriated such sums as necessary for the acquisition of lands or interests in lands, and such sums as necessary for development.

[Second §3(a)(52) added by PL 98-494; redesignated as (54) by PL99-530 and PL 99-590]

- (55) Owyhee, Oregon: The South Fork from the Idaho-Oregon State line downstream to Three Forks; the Owyhee River from Three Forks downstream to China Gulch; and the Owyhee River downstream from Crooked Creek to the Owyhee Reservoir as generally depicted on a map entitled "Owyhee, Oregon" dated April 1984; all three segments to be administered as a wild river by the Secretary of the Interior. After consultation with State and local governments and the interested public, the Secretary shall take such appropriate action as is required under subsection (b) of this section within one year from the date of enactment of this paragraph. For the purposes of this Act with respect to the river designated by this paragraph, effective Oct. 1, 1984, there are authorized to be appropriated such sums as necessary for the acquisition of lands or interests and such sums as necessary for development.

[Former §3(a)(53) added by PL 98-494; redesignated as (55) by PL99-530 and PL 99-590]

- (56) Horsepasture, North Carolina.—The segment from Bohaynee Road (N.C. 281) downstream approximately 4.25 miles to where the segment ends at Lake Jocassee, to be administered by the Secretary of Agriculture. Notwithstanding any limitation of section 6 of this Act, the Secretary is authorized to utilize the authority of this Act and those pertaining to the National Forests to acquire by purchase with donated or appropriated funds, donation, exchange or otherwise, such non-Federal lands or interests in lands within, near, or adjacent to the designated segments of the river which the Secretary determines will protect or enhance the scenic and natural values of the river.

[§3(a)(56) added by PL 99-530]

- (57) Cache La Poudre, Colorado.—The following segments as generally depicted on the proposed boundary map numbered FS-56 and dated March 1986, published by the United States Department of Agriculture, each to be administered by the Secretary of Agriculture; except that those portions of the segments so designated which are within the boundary of the Rocky Mountain National Park shall continue to be administered by the Secretary of the Interior:

- (A) Beginning at Poudre Lake downstream to the confluence of Joe Wright Creek, as a wild river. This segment to be designated the "Peter H. Dominick Wild River Area".
- (B) Downstream from the confluence of Joe Wright Creek to a point where the river intersects the easterly north-south line of the west half southwest quarter of section

1, township 8 north, range 71 west of the sixth principal meridian, as a recreational river.

- (C) South Fork of the Cache la Poudre River from its source to the Commanche Peak Wilderness Boundary, approximately four miles, as a wild river.
- (D) Beginning at the Commanche Peak Wilderness Boundary to a point on the South Fork of the Cache la Poudre River in section 1, township 7 north, range 73 west of the sixth principal meridian, at elevation 8050 mean sea level, as a recreational river.
- (E) South Fork of the Cache la Poudre River from its intersection with the easterly section line of section 30, township 8 north, range 72 west of the sixth principal meridian, to confluence of the main stem of the Cache la Poudre River, as a wild river. With respect to the portions of the river segments designated by this paragraph which are within the boundaries of Rocky Mountain National Park, the requirements of subsection (b) of this section shall be fulfilled by the Secretary of the Interior through appropriate revisions to the general management plan for the park, and the boundaries, classification, and development plans for such portions need not be published in the Federal Register. Such revisions to the general management plan for the park shall assure that no development or use of parklands shall be undertaken that is inconsistent with the designation of such river segments as a wild river. For the purposes of the segments designated by this paragraph, there are authorized to be appropriated \$500,000 for the development and \$2,500,000 for land acquisition.

[The second §3(a)(56) was added by PL 99-590; redesignated as (57) by PL 100-150]

#### Additional Provisions

### TITLE I—CACHE LA POUFRE, COLORADO

#### Sec. 102

Inclusion of the designated portions of the Cache la Poudre River and the Wild and Scenic Rivers Systems under section 101 of this title shall not interfere with the exercise of existing decreed water rights to water which has heretofore been stored or diverted by means of the present capacity of storage, conveyance, or diversion structures that exist as of the date of enactment of this title, or operation and maintenance of such structures. Nor shall inclusion of the designated portions of the Cache la Poudre River in the Wild and Scenic Rivers System be utilized in any Federal proceeding, whether concerning a license, permit, right-of-way, or other Federal action, as a reason or basis to prohibit the development or operation of any water impoundments, diversion facilities, and hydroelectric power and transmission facilities below Poudre Park located entirely downstream from and potentially affecting designated portions of the Cache la Poudre River, or relocation of highway 14 to any point east of the north-south half section line of section 2, township 8 north, range 71 west of the sixth principal meridian, as necessary to provide access to Poudre Park around such facilities: Provided, That due consideration shall be given to reasonable measures for minimizing the impact of such facilities and road relocation on the designated segments. Congress finds that development of water impoundments, diversion facilities, and hydroelectric power and transmission facilities located entirely downstream from the designated portions of the Cache la Poudre River below Poudre Park, in accordance with the provisions of this section, is not incompatible with the designation of portions of the Cache la Poudre River in the Wild and Scenic Rivers System under section 101 of this title. The reservation of water established by the inclusion of portions of the Cache la Poudre River in the Wild and Scenic Rivers System shall be subject to the provisions of this title,

shall be adjudicated in Colorado Water Court, and shall have a priority date as of the date of enactment of this title.

#### Sec. 103

(a) Grants and Assistance.—The Secretary of Agriculture, acting through the Chief of the Forest Service, shall provide grants and technical assistance to the city of Fort Collins, Colorado, to carry out a study regarding the designation of the following area as a national recreation area: the 18.5-mile segment of the Cache la Poudre River Corridor from the northwest boundary of the city of Fort Collins urban growth area to the Weld-Larimer County line.

(b) Study.—The study under this section shall include each of the following:

- (A) a comprehensive evaluation of the public recreation opportunities and flood plain management options which are available with respect to the river corridor involved;
- (B) an evaluation of the natural, historical, and recreational values of such corridor;
- (C) patterns for possible land acquisition within the corridor which are deemed necessary for the purpose of resource protection, scenic and integrity, or management and administration of the corridor area;
- (D) cooperative management proposals for the administration of the corridor area;
- (E) the number of visitors and types of public use within the corridor area that can be accommodated in accordance with the full protection of its resources; and
- (F) the facilities deemed necessary to accommodate and provide access for such visitors and uses, including the location and estimated costs of such facilities.

(c) Report to Congress.—Within three years of the date of enactment of this title, the Secretary of Agriculture shall transmit to the Congress a comprehensive report containing the results of the study conducted pursuant to this section.

(d) Funding.—There are hereby authorized to be appropriated up to \$150,000 to carry out the provisions of this section.

(e) Cost Sharing.—Not more than 75 per centum of the cost of the study carried out under this section shall be paid by the United States: Provided, that in no event shall the contribution of the United States exceed \$150,000. The remaining portion of such costs shall be contributed by interested parties. The portion contributed by such interested parties may consist of appropriated funds or contributed services.

#### Sec. 104

Notwithstanding any other provision of law, the Secretaries of Agriculture and the Interior shall, within 30 days of the enactment of this title, complete the exchange as described in the Decision Notice and Finding of No Significant Impact, Trust For Public Land Proposed Land-for-Land Exchange, signed by the Rocky Mountain Regional Forester, on August 22, 1985, to acquire certain private lands in the portion of the Cache la Poudre River designated in section 3(a)(56)(B) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)(56)(B)).

(58) Saline Bayou, Louisiana.—The segment from Saline Lake upstream to the Kisatchie National Forest, as generally depicted on the Proposed Boundary Map, numbered FS-57, and dated March 1986; to be administered by the Secretary of Agriculture. For the purposes of the segment designated by this paragraph, there are authorized to be

appropriated for fiscal years commencing after September 30, 1986, not to exceed \$1,000,000 for the acquisition of lands and interests in lands and for development.

[Former §3(a)(57) added by PL 99-590; redesignated as (58) by PL100-150]

- (59) Black Creek, Mississippi.—The segment from Fairley Bridge Landing upstream to Moody's Landing is generally depicted on a map entitled "Black Creek Wild and Scenic River", numbered FS-58 and dated March 1986, to be administered by the Secretary of Agriculture as a scenic river area under section 2(b)(2). For the purposes of the segment designated by this paragraph, there are authorized to be appropriated up to \$3,000,000 for the acquisition of lands and interests in lands and for development.

[Former §3(a)(58) added by PL 99-590; redesignated as (59) by PL100-150]

- (60) Klickitat, Washington: The segment from its confluence with Wheeler Creek, Washington, near the town of Pitt, Washington, to its confluence with the Columbia River; to be classified as a recreation river and to be administered by the Secretary of Agriculture.

[§3(a)(60) designated by PL 100-150]

- (61) White Salmon, Washington: The segment from its confluence with Gilmer Creek, Washington, near the town of B Z Corner, Washington, to its confluence with Buck Creek, Washington; to be classified as a scenic river and to be administered by the Secretary of Agriculture.

[§3(a)(61) designated by PL 100-150]

- (62) Merced, California.—

[§3(a)(62)(A) designated and amended by PL 102-432]

- (A) The main stem from its sources (including Red Peak Fork, Merced Peak Fork, Triple Peak Fork, and Lyell Fork) on the south side of Mount Lyell in Yosemite National Park to a point 300 feet upstream of the confluence with Bear Creek, consisting of approximately 71 miles, and the South Fork of the river from its source near Triple Divide Park in Yosemite National Park to the confluence with the main stem, consisting of approximately 43 miles, both as generally depicted on the map entitled "Merced River Wild and Scenic Rivers—Proposed," dated June 1987, to be administered by the Secretary of Agriculture and the Secretary of the Interior. With respect to the portions of the river designated by this subparagraph which are within the boundaries of Yosemite National Park, and the El Portal Administrative Unit, the requirements of subsection (b) of this section shall be fulfilled by the Secretary of the Interior through appropriate revisions to the general management plan for the park, and the boundaries, classification, and development plans for such portions need not be published in the Federal Register. Such revisions to the general management plan for the park shall assure that no development or use of park lands shall be undertaken that is inconsistent with the designation of such river segments. There are authorized to be appropriated such sums as may be necessary to carry out the purposes of this subparagraph, except that no more than \$235,000 may be appropriated to the Secretary of Agriculture for the acquisition of lands and interests in lands.

[§3(a)(62) designated by PL 101-40]

- (B)

- (i) The main stem from a point 300 feet upstream of the confluence with Bear Creek downstream to the normal maximum operating pool water surface level of Lake McClure (elevation 867 feet mean sea level) consisting of approximately 8 miles, as generally depicted on the map entitled "Merced Wild and Scenic River", dated April, 1990. The Secretary of the Interior shall administer the segment as recreational, from a point 300 feet upstream of the confluence with Bear Creek downstream to a point 300 feet west of the boundary of the Mountain King Mine, and as wild, from a point 300 feet west of the boundary of the Mountain King Mine to the normal maximum operating pool water surface level of Lake McClure. The requirements of subsection (b) of this section shall be fulfilled by the Secretary of the Interior through appropriate revisions to the Sierra Management Framework Plan for the Sierra Planning Area of the Folsom Resource Area, Bakersfield District, Bureau of Land Management. There are authorized to be appropriated such sums as may be necessary to carry out the purposes of this subparagraph.
- (ii) To the extent permitted by, and in a manner consistent with section 7 of this Act (16 U.S.C. 1278), and in accordance with other applicable law, the Secretary of the Interior shall permit the construction and operation of such pumping facilities and associated pipelines as identified in the Bureau of Land Management right-of-way application CACA 26084, filed by the Mariposa County Water Agency on November 7, 1989, and known as the "Saxon Creek Project", to assure an adequate supply of water from the Merced River to Mariposa County.

[§3(a)(62)(B) added by PL-432]

- (C) With respect to the segments of the main stem of the Merced River and the South Fork Merced River designated as recreational or scenic pursuant to this paragraph or by the appropriate agency pursuant to subsection (b), the minerals to Federal lands which constitute the bed or bank or are situated within one-quarter mile of the bank are hereby withdrawn, subject to valid existing rights, from all forms of appropriation under the mining laws and from operation of the mineral leasing laws including, in both cases, amendments thereto.

[§3(a)(62)(C) added by PL-432]

- (63) Kings, California.—The Middle Fork of the Kings River from its headwaters at Lake Helen between Muir Pass and Black Giant Mountain to its confluence with the main stem; the South Fork, Kings River from its headwaters at Lake 11599 to its confluence with the main stem; and the main stem of the Kings River from the confluence of the Middle Fork and the South Fork to the point at elevation 1,595 feet above mean sea level. The segments within the Kings Canyon National Park shall be administered by the Secretary of the Interior. The remaining segments shall be administered by the Secretary of Agriculture. After consultation with State and local governments and the interested public and within one year after the enactment of this paragraph, the respective Secretaries shall take such action as is required under subsection (b) of this section. In the case of the segments of the river administered by the Secretary of the Interior, the requirements of subsection (b) shall be fulfilled through appropriate revisions to the general management plan for Kings Canyon National Park, and the boundaries, classification, and development plans for such segments need not be published in the Federal Register. Such revisions to the general management plan for the park shall assure that no development or use of park lands shall be undertaken that is inconsistent with the designation of the river under this paragraph. For the purposes of the segments designated by this paragraph, there are authorized to be appropriated

such sums as may be necessary, but not to exceed \$250,000, to the Secretary of Agriculture for development and land acquisition.

[Former §3(a)(62) added by PL 100-150; redesignated as (63) by PL101-40]

(64)

- (A) North Fork Kern River, California.—The segment of the main stem from the Tulare Kern County line to its headwaters in Sequoia National Park, as generally depicted on a map entitled "Kern River Wild and Scenic River—Proposed" and dated June, 1987; to be administered by the Secretary of Agriculture; except that portion of the river within the boundaries of the Sequoia National Park shall be administered by the Secretary of the Interior. With respect to the portion of the river segment designated by this paragraph which is within the boundaries of Sequoia National Park, the requirements of subsection (b) of this section shall be fulfilled by the Secretary of the Interior through appropriate revisions to the general management plan for the park, and the boundaries, classification, and development plans for such portion need not be published in the Federal Register. Such revision to the general management plan for the park shall assure that no developments or use of park lands shall be undertaken that is inconsistent with the designation of such river segment.
- (B) South Fork Kern River, California.—The segment from its headwaters in the Inyo National Forest to the southern boundary of the Domelands Wilderness in the Sequoia National Forest, as generally depicted on a map entitled "Kern River Wild and Scenic River—Proposed" and dated June 1987; to be administered by the Secretary of Agriculture.
- (C) Nothing in this Act shall affect the continued operation and maintenance of the existing diversion project, owned by Southern California Edison on the North Fork of the Kern River, including reconstruction or replacement of facilities to the same extent as existed on the date of enactment of this paragraph.
- (D) For the purposes of the segments designated by this paragraph, there are authorized to be appropriated such sums as may be necessary, but not to exceed \$100,000, to the Secretary of Agriculture for development and land acquisition.

[§3(a)(64) designated by PL 101-40]

- (65) Bluestone, West Virginia.—The segment in Mercer and Summers Counties, West Virginia, from a point approximately two miles upstream of the Summers and Mercer County line down to the maximum summer pool elevation (one thousand four hundred and ten feet above mean sea level) of Bluestone Lake as depicted on the boundary map entitled "Bluestone Wild and Scenic River", numbered BLUE 80, 005, dated May 1996; to be administered by the Secretary of the Interior as a scenic river. In carrying out the requirements of subsection (b) of this section, the Secretary shall consult with State and local governments and the interested public. The Secretary shall not be required to establish detailed boundaries of the river as provided under subsection (b) of this section. Nothing in this Act shall preclude the improvement of any existing road or right-of-way within the boundaries of the segment designated under this paragraph. Jurisdiction over all lands and improvements on such lands owned by the United States within the boundaries of the segment designated under this paragraph is hereby transferred without reimbursement to the administrative jurisdiction of the Secretary of the Interior, subject to leases in effect on the date of enactment of this paragraph (or renewed thereafter) between the United States and the State of West Virginia with respect to the Bluestone State Park and the Bluestone Public Hunting and Fishing Area.

Nothing in this Act shall affect the management by the State of hunting and fishing within the segment designated under this paragraph. Nothing in this Act shall affect or impair the management by the State of West Virginia of other wildlife activities in the Bluestone Public Hunting and Fishing Area to the extent permitted in the lease agreement as in effect on the enactment on this paragraph, and such management may be continued pursuant to renewal of such lease agreement. If requested to do so by the State of West Virginia, the Secretary may terminate such leases and assume administrative authority over the areas concerned. Nothing in the designation of the segment referred to in this paragraph shall affect or impair the management of the Bluestone project or the authority of any department, agency, or instrumentality of the United States to carry out the project purposes of that project as of the date of enactment of this paragraph. Nothing in this Act shall be construed to affect the continuation of studies relating to such project which were commenced before the enactment of this paragraph. In order to provide reasonable public access and vehicle parking for public use and enjoyment of the river designated by this paragraph, consistent with the preservation and enhancement of the natural and scenic values of such river, the Secretary may, with the consent of the owner thereof, negotiate a memorandum of understanding or cooperative agreement, or acquire not more than 10 acres of lands or interests in such lands, or both, as may be necessary to allow public access to the Bluestone River and to provide, outside the boundary of the scenic river, parking and related facilities in the vicinity of the area known as Eads Mill.

[§3(a)(65) designated by PL 101-40; amended by PL 104-333]

(66)

(A) Sipsey Fork of the West Fork, Alabama.—Segments of the Sipsey Fork and several tributaries; to be administered by the Secretary of Agriculture in the classifications indicated, as follows:

- (1) Sipsey Fork from the confluence of Sandy Creek upstream to Forest Highway 26, as a scenic river; and
- (2) Sipsey Fork from Forest Highway 26 upstream to its origin at the confluence of Thompson Creek and Hubbard Creek, as a wild river; and
- (3) Hubbard Creek from its confluence with Thompson Creek upstream to Forest Road 210, as a wild river; and
- (4) Thompson Creek from its confluence with Hubbard Creek upstream to its origin in section 4, township 8 south, range 9 west, as a wild river; and
- (5) Tedford Creek from its confluence with Thompson Creek upstream to section 17, township 8 south, range 9 west, as a wild river; and
- (6) Mattox Creek from its confluence with Thompson Creek upstream to section 36 of township 7 south, range 9 west, as a wild river; and
- (7) Borden Creek from its confluence with the Sipsey Fork upstream to Forest Road 208, as a wild river; and
- (8) Borden Creek from Forest Road 208 upstream to its confluence with Montgomery Creek as a scenic river; and

- (9) Montgomery Creek from its confluence with Borden Creek upstream to the southwest quarter of the southwest quarter of section 36, township 7 south, range 8 west, as a scenic river; and
  - (10) Flannigan Creek from its confluence with Borden Creek upstream to Forest Road 208, as a wild river; and
  - (11) Flannigan Creek from Forest Road 208 upstream to section 4, township 8 south, range 8 west, as a scenic river; and
  - (12) Braziel Creek from its confluence with Borden Creek upstream to section 12, township 8 south, range 9 west, as a wild river; and
  - (13) Hogood Creek from its confluence with Braziel Creek upstream to the confluence with an unnamed tributary in section 7, township 8 south, range 8 west, as a wild river.
- (B) A map entitled "Sipsey Fork of the West Fork Wild and Scenic River", generally depicting the Sipsey Fork and the tributaries, shall be on file and remain available for public inspections in the office of the Chief of the Forest Service, Department of Agriculture.

[§3(a)(66) designated by PL 101-401]

(67) Wildcat River, New Hampshire.—

- (A) A 14.51 mile segment including the following tributaries: Wildcat Brook, Bog Brook, and Great Brook (all as generally depicted on a map entitled "Wildcat River", dated Oct. 1987) to be administered as follows: those segments of the Wildcat River and its tributaries located within the boundary of the White Mountain National Forest (hereinafter in this paragraph referred to as "the forest") shall be administered by the Secretary of Agriculture (hereinafter in this paragraph referred to as the "Secretary"); those segments located outside the boundary of the forest shall be administered by the Secretary through a cooperative agreement with the Board of Selectmen of the town of Jackson and the State of New Hampshire pursuant to section 10(e) of this Act. Such agreement shall provide for the long-term protection, preservation, and enhancement of the river segments located outside the boundary of the forest and shall be consistent with the comprehensive management plan to be prepared by the Secretary pursuant to section 3(d) of this Act and with the July 1987 River Conservation Plan prepared by the Wildcat Brook Advisory Committee in conjunction with the National Park Service.
- (B)
- (i) To assist in the implementation of this paragraph, the Secretary shall establish, within 3 months after the date of enactment of this subparagraph, a Wildcat River Advisory Commission (hereinafter in this paragraph referred to as the "Commission").
  - (ii) The Commission shall be composed of 7 members appointed by the Secretary as follows: one member from recommendations submitted by the Governor of the State of New Hampshire; 4 members from recommendations submitted by the Jackson Board of Selectmen, of which at least 2 members shall be riparian property owners, and at least one member shall be on the Board of Selectmen; one member from recommendations submitted by the Jackson Conservation Commission; and one member selected by the Secretary. Members of the Commission shall be appointed for terms of 3 years. A vacancy in the

Commission shall be filled in the manner in which the original appointment was made. Any member appointed to fill a vacancy occurring before the expiration of the term for which his predecessor was appointed shall be appointed only for the remainder of such term. Any member of the Commission appointed for a definite term may serve after the expiration of his term until his successor is appointed. The Commission shall designate one of its members as Chairman.

- (iii) The Commission shall meet on a regular basis. Notice of meetings and agenda shall be published in local newspapers which have a distribution which generally covers the area affected by the designation of the segments described in this paragraph. Commission meetings shall be held at locations and in such a manner as to ensure adequate public involvement.
  - (iv) Members of the Commission shall serve without compensation as such, but the Secretary may pay expenses reasonably incurred in carrying out their responsibilities under this paragraph on vouchers signed by the Chairman.
  - (v) Four members of the Commission shall constitute a quorum but a lesser number may hold hearings.
  - (vi) The Commission shall cease to exist on the date 10 years after the enactment of this paragraph.
  - (vii) The provisions of section 14(b) of the Federal Advisory Committee Act (Act of Oct. 6, 1972; 86 Stat. 776), are hereby waived with respect to the Commission.
- (C) The authority of the Secretary to acquire lands outside the boundary of the White Mountain National Forest for purposes of this paragraph shall be limited to acquisition by donation or acquisition with the consent of the owner thereof. The Secretary may also acquire scenic easements for purposes of this paragraph as provided in section 6 of this Act.
- (D) There are hereby authorized to be appropriated such sums as may be necessary to carry out the purposes of this paragraph.

[Former §3(a)(65) added by PL 100-554; redesignated as (67) by PL101-40]

- (68) Big Marsh Creek, Oregon.—The 15-mile segment from the northeast quarter of section 15, township 26 south, range 6 east, to its confluence with Crescent Creek in the northeast quarter of section 20, township 24 south, range 7 east, as a recreational river; to be administered by the Secretary of Agriculture Provided, That nothing in this Act shall prohibit the Secretary from undertaking construction activities to enhance and restore wetland resources associated with Big Marsh Creek.

[§3(a)(68) designated by PL 101-40]

- (69) Chetco, Oregon.—The 44.5-mile segment from its head-waters to the Siskiyou National Forest boundary; to be administered by the Secretary of Agriculture in the following classes:
- (A) The 25.5-mile segment from its headwaters to Boulder Creek at the Kalmiopsis Wilderness boundary as a wild river;
  - (B) the 8-mile segment from Boulder Creek to Steel Bridge as a scenic river; and

- (C) the 11-mile segment from Steel Bridge to the Siskiyou National Forest boundary, one mile below Wilson Creek, as a recreational river.

[§3(a)(69) designated by PL 101-40]

- (70) Clackamas, Oregon.—The 47-mile segment from Big Springs to Big Cliff; to be administered by the Secretary of Agriculture in the following classes:
  - (A) The 4-mile segment from Big Springs to the Forest Service Road 4690 bridge as a scenic river;
  - (B) the 3.5-mile segment from the Forest Service Road 4690 bridge to the junction with Oregon State Highway 224 as a recreational river;
  - (C) the 10.5-mile segment from Oregon State Highway 224 to the June Creek Bridge as a scenic river;
  - (D) the 9-mile segment from June Creek Bridge to Tar Creek as a recreational river;
  - (E) the 5.5-mile segment from Tar Creek to just south of Indian Henry Campground as a scenic river; and
  - (F) the 14.5-mile segment just south of Indian Henry Campground to Big Cliff as a recreational river.

[§3(a)(70) designated by PL 101-40]

- (71) Crescent Creek, Oregon.—The 10-mile segment from the southwest quarter of section 11, township 24 south, range 6 east, to the west section line of section 13, township 24 south, range 7 east, as a recreational river; to be administered by the Secretary of Agriculture.

[§3(a)(71) designated by PL 101-40]

- (72) Crooked, Oregon.—The 15-mile segment from the National Grassland boundary to Dry Creek; to be administered by the Secretary of the Interior in the following classes:
  - (A) The 7-mile segment from the National Grassland boundary to River Mile 8 south of Opal Spring as a recreational river; and
  - (B) the 8-mile segment from Bowman Dam to Dry Creek as a recreational river.

[§3(a)(72) designated by PL 101-40]

- (73) Deschutes, Oregon.—Those portions as follows:
  - (A) The 40.4-mile segment from Wickiup Dam to northern boundary of Sunriver at the southwest quarter of section 20, township 19 south, range 11 east as a recreational river; to be administered by the Secretary of Agriculture;
  - (B) the 11-mile segment from the northern boundary of Sunriver at the southwest quarter of section 20 township 19 south, range 11 east, to Lava Island Camp as a scenic river; to be administered by the Secretary of Agriculture;

- (C) the 3-mile segment from Lava Island Camp to the Bend Urban Growth Boundary at the southwest corner of section 13, township 18 south, range 11 east, as a recreational river; to be administered by the Secretary of Agriculture;
- (D) the 19-mile segment from Oden Falls to the Upper End of Lake Billy Chinook as a scenic river; to be administered by the Secretary of the Interior;
- (E) the 100-mile segment from the Pelton Reregulating Dam to its confluence with the Columbia River as a recreational river; to be administered by the Secretary of the Interior through a cooperative management agreement between the Confederated Tribes of the Warm Springs Reservation, and the State of Oregon as provided in section 10(e) of this Act and section 105 of the Omnibus Oregon Wild and Scenic Rivers Act of 1988.

[§3(a)(73) designated by PL 101-40]

Additional Provisions

#### ADDITIONAL PROVISIONS

Sec. 105 Indian Treaty Lands and Administrative Provisions.

(a)

- (1) Lands now or hereafter held in trust by the United States for the benefit of an Indian tribe or individual Indian shall not be included within the boundaries of the Deschutes or Metolius Rivers as designated by this title without the consent of the applicable tribal council.
- (2) When Indian treaty lands exist in association with lands included in the National Wild and Scenic Rivers System under this title, the Secretaries of the Interior and Agriculture, as appropriate, shall fully consult and enter into written cooperative management agreements with the affected Indian tribe for planning, administration, and management of such areas as provided in section 10(e) of this Act.

(b) Nothing in this title shall affect:

- (1) The jurisdiction or responsibilities of an Indian tribe with respect to fish, wildlife, land, and water management;
  - (2) the treaty or other rights of an Indian tribe;
  - (3) the water and land claims, present or future, of an Indian tribe;
  - (4) the relicensing or amending the license of the Pelton Hydroelectric Project, FERC Project No. 2030 so long as such project does not adversely affect the values for which the Deschutes River was designated;
  - (5) the rights or jurisdiction of Indian tribes over waters or any river or stream within the affected river area or stream, or over any ground water resource; or
  - (6) the beneficial ownership interest of land held in trust, now or hereafter, by the United States for Indian Tribes or individual Indians.
- (74) Donner and Blitzen, Oregon.—Those segments, including its major tributaries, as a wild river; to be administered by the Secretary of the Interior as follows:

- (A) The 16.75-mile segment of the Donner and Blitzen from its confluence with the South Fork Blitzen and Little Blitzen;
- (B) the 12.5-mile segment of the Little Blitzen from its headwaters to its confluence with the South Fork Blitzen;
- (C) the 16.5-mile segment of the South Fork Blitzen from its headwaters to its confluence with the South Fork Blitzen;
- (D) the 10-mile segment of Big Indian Creek from its headwaters to its confluence with the South Fork Blitzen;
- (E) the 3.7-mile segment of Little Indian Creek from its headwaters to its confluence with Big Indian Creek; and
- (F) the 13.25-mile segment of First Creek from its headwaters to its confluence with the Donner und Blitzen.

[§3(a)(74) designated by PL 101-40]

(75) Eagle Creek, Oregon.—The 27-mile segment from its headwaters below Eagle Lake to the Wallowa-Whitman National Forest boundary at Skull Creek; to be administered by the Secretary of Agriculture in the following classes:

- (A) The 4-mile segment from its headwater below Eagle Lake to the Eagle Cap Wilderness boundary at Hummingbird Mountain as a wild river;
- (B) the 15.5-mile segment from the Eagle Cap Wilderness boundary at Hummingbird Mountain to Paddy Creek as a recreational river;
- (C) the 6-mile segment from Paddy Creek to Little Eagle Creek as a scenic river; and
- (D) the 1.5-mile segment from Little Eagle Creek to the Wallowa-Whitman National Forest boundary as a recreational river.

[§3(a)(75) designated by PL 101-40]

(76) Elk, Oregon.—The 19-mile segment to be administered by the Secretary of Agriculture in the following classes:

- (A) The 17-mile segment from the confluence of the North and South Forks of the Elk to Anvil Creek as a recreational river; and
- (B) the 2-mile segment of the North Fork Elk from the falls to its confluence with the South Fork as a wild river.

[§3(a)(76) designated by PL 101-40]

(77) Grande Ronde, Oregon.—The 43.8-mile segment from its confluence with the Wallowa River to the Oregon- Washington State line in the following classes:

- (A) The 1.5-mile segment from its confluence with the Wallowa River to the Umatilla National Forest boundary in section 11, township 3 north, range 40 east, as a recreational river; to be administered by the Secretary of Agriculture;

- (B) the 17.4-mile segment from the Umatilla National Forest boundary in section 11, township 3 north, range 40 east, to the Wallowa-Whitman National Forest boundary approximately one-half mile east of Grossman Creek as a wild river; to be administered by the Secretary of Agriculture;
- (C) the 9-mile segment from the Wallowa-Whitman National Forest boundary approximately one-half mile east of Grossman Creek to Wildcat Creek as a wild river; to be administered by the Secretary of the Interior; and
- (D) the 15.9-mile segment from Wildcat Creek to the Oregon-Washington State line as a recreational river; to be administered by the Secretary of the Interior.

[§3(a)(77) designated by PL 101-40]

- (78) Imnaha, Oregon.—Those segments, including the South Fork Imnaha; to be administered by the Secretary of Agriculture in the following classes:
  - (A) The 6-mile segment from its confluence with the North and South Forks of the Imnaha River to Indian Crossing as a wild river;
  - (B) the 58-mile segment from Indian Crossing to Cow Creek as a recreational river;
  - (C) the 4-mile segment from Cow Creek to its mouth as a scenic river; and
  - (D) the 9-mile segment of the South Fork Imnaha from its headwaters to its confluence with the Imnaha River as a wild river.

[§3(a)(78) designated by PL 101-40]

- (79) John Day, Oregon.—The 147.5-mile segment from Service Creek to Tumwater Falls as a recreational river; to be administered through a cooperative management agreement between the State of Oregon and the Secretary of the Interior as provided in section 10(e) of this Act.

[§3(a)(79) designated by PL 101-40]

- (80) Joseph Creek, Oregon.—The 8.6-mile segment from Joseph Creek Ranch, one mile downstream from Cougar Creek, to the Wallowa-Whitman National Forest boundary as a wild river; to be administered by the Secretary of Agriculture.

[§3(a)(80) designated by PL 101-40]

- (81) Little Deschutes, Oregon.—The 12-mile segment from its source in the northwest quarter of section 15, township 26 south, range 6½ east to the north section line of section 12, township 26 south, range 7 east as a recreational river; to be administered by the Secretary of Agriculture.

[§3(a)(81) designated by PL 101-40]

- (82) Lostine, Oregon.—The 16-mile segment from its headwaters to the Wallowa-Whitman National Forest boundary; to be administered by the Secretary of Agriculture in the following classes:
  - (A) The 5-mile segment from its headwaters to the Eagle Cap Wilderness boundary as a wild river; and

- (B) the 11-mile segment from the Eagle Cap Wilderness boundary to the Wallowa-Whitman National Forest boundary at Silver Creek as a recreational river.

[§3(a)(82) designated by PL 101-40]

- (83) Malheur, Oregon.—The 13.7-mile segment from Bosonberg Creek to the Malheur National Forest boundary; to be administered by the Secretary of Agriculture in the following classes:

- (A) The 7-mile segment from Bosonberg Creek to Malheur Ford as a scenic river; and
- (B) the 6.7-mile segment from Malheur Ford to the Malheur National Forest boundary as a wild river.

[§3(a)(83) designated by PL 101-40]

- (84) McKenzie, Oregon.—The 12.7-mile segment from Clear Lake to Scott Creek; to be administered by the Secretary of Agriculture in the following classes:

- (A) The 1.8-mile segment from Clear Lake to the head of maximum pool at Carmen Reservoir as a recreational river;
- (B) the 4.3-mile segment from a point 100 feet downstream from Carmen Dam to the maximum pool at Trail Bridge Reservoir as a recreational river; and
- (C) the 6.6-mile segment from the developments at the base of the Trail Bridge Reservoir Dam to Scott Creek as a recreational river.

[§3(a)(84) designated by PL 101-40]

- (85) Metolius, Oregon.—The 28.6-mile segment from the south Deschutes National Forest boundary to Lake Billy Chinook in the following classes:

- (A) The 11.5-mile segment from the south Deschutes National Forest boundary (approximately 2,055.5 feet from Metolius Springs) to Bridge 99 as a recreational river; to be administered by the Secretary of Agriculture;
- (B) the 17.1-mile segment from Bridge 99 to Lake Billy Chinook as a scenic river; by the Secretary of Agriculture, through a cooperative management agreement between the Secretary of the Interior and the Confederated Tribes of the Warm Springs Reservation, as provided in section 10(e) of this Act and section 105 of the Omnibus Oregon Wild and Scenic Rivers Act of 1988: Provided That the river and its adjacent land area will be managed to provide a primitive recreational experience as defined in the ROS User's Guide.

[§3(a)(85) designated by PL 101-40]

- (86) Minam, Oregon.—The 39-mile segment from its headwaters at the south end of Minam Lake to the Eagle Cap Wilderness boundary, one-half mile downstream from Cougar Creek, as a wild river; to be administered by the Secretary of Agriculture.

[§3(a)(86) designated by PL 101-40]

- (87) North Fork Crooked, Oregon.—The 32.3-mile segment from its source at Williams Prairie to one mile from its confluence with the Crooked River in the following classes:

- (A) The 3-mile segment from its source at Williams Prairie to the Upper End of Big Summit Prairie as a recreational river; to be administered by the Secretary of Agriculture;
- (B) the 3.7-mile segment from the Lower End of Big Summit Prairie to the bridge across from the Deep Creek Campground as a recreational river; to be administered by the Secretary of Agriculture;
- (C) the 8-mile segment from the bridge across from the Deep Creek Campground to the Ochoco National Forest boundary, one-half mile from Lame Dog Creek as a scenic river; to be administered by the Secretary of Agriculture;
- (D) the 1.5-mile segment from the Ochoco National Forest boundary to Upper Falls as a scenic river; to be administered by the Secretary of the Interior;
- (E) the 11.1-mile segment from Upper Falls to Committee Creek as a wild river; to be administered by the Secretary of the Interior; and
- (F) the 5-mile segment from Committee Creek to one mile from its confluence with the Crooked River as a recreational river; to be administered by the Secretary of the Interior.

[§3(a)(87) designated by PL 101-40]

(88) North Fork John Day, Oregon.—The 54.1-mile segment from its headwaters in the North Fork of the John Day Wilderness Area at section 13, township 8 south, range 36 east, to its confluence with Camas Creek in the following classes:

- (A) The 3.5-mile segment from its headwaters in the North Fork of the John Day Wilderness at section 13, township 8 south, range 36 east, to the North Fork of the John Day Wilderness boundary as a wild river; to be administered by the Secretary of Agriculture;
- (B) the 7.5-mile segment from the North Fork of the John Day Wilderness boundary to Trail Creek as a recreational river; to be administered by the Secretary of Agriculture;
- (C) the 24.3-mile segment from Trail Creek to Big Creek as a wild river; to be administered by the Secretary of Agriculture;
- (D) the 10.5-mile segment from Big Creek to Texas Bar Creek as a scenic river; to be administered by the Secretary of Agriculture; and
- (E) the 8.3-mile segment from Texas Bar Creek to its confluence with Camas Creek as a recreational river; to be administered by the Secretary of Agriculture.

[§3(a)(88) designated by PL 101-40]

(89) North Fork Malheur, Oregon.—The 25.5-mile segment from its headwaters to the Malheur National Forest boundary as a scenic river; to be administered by the Secretary of Agriculture.

[§3(a)(89) designated by PL 101-40]

(90) North Fork of the Middle Fork of the Willamette, Oregon.—The 42.3-mile segment from Waldo Lake to the Willamette National Forest boundary; to be administered by the Secretary of Agriculture in the following classes:

- (A) The 8.8-mile segment from Waldo Lake to the south section line of section 36, township 19 south, range 5½ east as a wild river;
- (B) the 6.5-mile segment from the south section line of section 36, township 19 south, range 5½ east to Fisher Creek as scenic river; and
- (C) the 27-mile segment from Fisher Creek to the Willamette National Forest boundary as a recreational river.

[§3(a)(90) designated by PL 101-40]

(91) North Fork Owyhee, Oregon. — The 8-mile segment from the Oregon- Idaho State line to its confluence with the Owyhee River as a wild river; to be administered by the Secretary of the Interior.

[§3(a)(91) designated by PL 101-40]

(92) North Fork Smith, Oregon. — The 13-mile segment from its headwaters to the Oregon-California State line; to be administered by the Secretary of Agriculture in the following classes:

- (A) The 6.5-mile segment from its headwaters to Horse Creek as a wild river;
- (B) the 4.5-mile segment from Horse Creek to Baldface Creek as a scenic river; and
- (C) the 2-mile segment from Baldface Creek to the Oregon-California State line as a wild river.

[§3(a)(92) designated by PL 101-40]

(93) North Fork Sprague, Oregon. — The 15-mile segment from the head of River Spring in the southwest quarter of section 15, township 35 south, range 16 east, to the northwest quarter of the southwest quarter of section 11, township 35 south, range 15 east, as a scenic river; to be administered by the Secretary of Agriculture.

[§3(a)(93) designated by PL 101-40]

(94) North Powder, Oregon. — The 6-mile segment from its headwaters to the Wallowa-Whitman National Forest boundary at River Mile 20 as a scenic river; to be administered by the Secretary of Agriculture.

[§3(a)(94) designated by PL 101-40]

(95) North Umpqua, Oregon. — The 33.8-mile segment from the Soda Springs Powerhouse to Rock Creek in the following classes:

- (A) The 25.4-mile segment from the Soda Springs Powerhouse to the Umpqua National Forest boundary as a recreational river; to be administered by the Secretary of Agriculture; and

- (B) the 8.4-mile segment from the Umpqua National Forest boundary to its confluence with Rock Creek as a recreational river; to be administered by the Secretary of the Interior.

[§3(a)(95) designated by PL 101-40]

- (96) Powder, Oregon. — The 11.7-mile segment from Thief Valley Dam to the Highway 203 bridge as a scenic river; to be administered by the Secretary of the Interior.

[§3(a)(96) designated by PL 101-40]

- (97) Quartzville Creek, Oregon. — The 12-mile segment from the Willamette National Forest boundary to slack water in Green Peter Reservoir as a recreational river; to be administered by the Secretary of the Interior.

[§3(a)(97) designated by PL 101-40]

- (98) Roaring, Oregon. — The 13.7-mile segment from its headwaters to its confluence with the Clackamas River; to be administered by the Secretary of Agriculture in the following classes:

- (A) The 13.5-mile segment from its headwaters to one-quarter mile upstream of the month as a wild river; and
- (B) the 0.2-mile segment from one-quarter mile upstream of the month to its confluence with the Clackamas River as a recreational river.

[§3(a)(98) designated by PL 101-40]

- (99) Salmon, Oregon. — The 33.5-mile segment from its headwaters to its confluence with the Sandy River in the following classes:

- (A) The 7-mile segment from its headwaters to the south boundary line of section 6, township 4 south, range 9 east as a recreational river; to be administered by the Secretary of Agriculture: Provided That designation and classification shall not preclude the Secretary from exercising discretion to approve the construction, operation, and maintenance of ski lifts, ski runs, and associated facilities for the land comprising the Timberline Lodge Winter Sports Area insofar as such construction does not involve water resources projects;
- (B) the 15-mile segment from the south boundary line at section 6, township 4 south, range 9 east to the junction with the South Fork of the Salmon River as a wild river; to be administered by the Secretary of Agriculture;
- (C) the 3.5-mile segment from the junction with the south fork of the Salmon River to the Mt. Hood National Forest boundary as a recreational river; to be administered by the Secretary of Agriculture;
- (D) the 3.2-mile segment from the Mt. Hood National Forest boundary to Lymp Creek as a recreational river; to be administered by the Secretary of the Interior; and
- (E) the 4.8-mile segment from Lymp Creek to its confluence with the Sandy River as a scenic river; to be administered by the Secretary of the Interior.

[§3(a)(99) designated by PL 101-40]

(100) Sandy, Oregon.— Those portions as follows:

- (A) The 4.5-mile segment from its headwaters to the section line between sections 15 and 22, township 2 south, range 8 east as a wild river; to be administered by the Secretary of Agriculture;
- (B) the 7.9-mile segment from the section line between sections 15 and 22, township 2 south, range 8 east to the Mt. Hood National Forest boundary at the west section line of section 26, township 2 south, range 7 east as a recreational river; to be administered by the Secretary of Agriculture; and
- (C) the 12.5-mile segment from the east boundary of sections 25 and 36, township 1 south, range 4 east in Clackamas County near Dodge Park, downstream to the west line of the east half of the northeast quarter of section 6, township 1 south, range 4 east, in Multnomah County at Dabney State Park, the upper 3.8 miles as a scenic river and the lower 8.7 miles as a recreational river; both to be administered through a cooperative management agreement between the State of Oregon, the Secretary of the Interior and the Counties of Multnomah and Clackamas in accordance with section 10(e) of this Act.

[§3(a)(100) designated by PL 101-40]

- (101) South Fork John Day, Oregon. —The 47-mile segment from the Malheur National Forest to Smokey Creek as a recreational river; to be administered by the Secretary of the Interior.

[§3(a)(101) designated by PL 101-40]

- (102) Squaw Creek, Oregon. — The 15.4-mile segment from its source to the hydrologic Gaging Station 800 feet upstream from the intake of the McAllister Ditch, including the Soap Fork Squaw Creek, the North Fork, the South Fork, the East and West Forks of Park Creek, and Park Creek Fork; to be administered by the Secretary of Agriculture as follows:

- (A) The 6.6-mile segment and its tributaries from the source to the Three Sisters Wilderness boundary as a wild river; and
- (B) the 8.8-mile segment from the boundary of the Three Sisters Wilderness Area to the hydrologic Gaging Stations 800 feet upstream from the intake of the McAllister Ditch as a scenic river: Provided , That nothing in this Act shall prohibit the construction of facilities necessary for emergency protection for the town of Sisters relative to a rapid discharge of Carver Lake if no other reasonable flood warning or control alternative exists.

[§3(a)(102) designated by PL 101-40]

- (103) Sycan, Oregon. — The 59-mile segment from the northeast quarter of section 5, township 34 south, range 17 east to Coyote Bucket at the Fremont National Forest boundary; to be administered by the Secretary of Agriculture in the following classes:

- (A) The 26.4-mile segment from the northeast quarter of section 5, township 34 south, range 17 east to the west section line of section 22, township 32 south, range 14½ east, as a scenic river;

- (B) the 8.6-mile segment from the west section line of section 22, township 32 south, range 14 east, to the Fremont National Forest boundary in the southeast quarter of section 10, township 33 south, range 13 east, as a recreational river; and
- (C) the 24-mile segment from the Fremont National Forest boundary in the southwest quarter of section 10, township 33 south, range 13 east, to Coyote Bucket at the Fremont National Forest boundary, as a scenic river.

[§3(a)(103) designated by PL 101-40]

- (104) Upper Rogue, Oregon. — The 40.3-mile segment from the Crater Lake National Park boundary to the Rogue River National Forest boundary; to be administered by the Secretary of Agriculture in the following classes:
  - (A) The 0.5-mile segment from the Crater Lake National Park boundary to approximately 0.1-mile downstream from the forest road 6530760 (West Lake Road) crossing as a scenic river;
  - (B) the 6.1-mile segment from approximately 0.1-mile downstream from the forest road 6530760 (West Lake Road) crossing to Minehaha Creek as a wild river; and
  - (C) the 33.7-mile segment from Minehaha Creek to the Rogue River National Forest boundary as a scenic river.

[§3(a)(104) designated by PL 101-40]

- (105) Wenaha, Oregon. — The 21.55-mile segment from the confluence of the North Fork and the South Fork to its confluence with the Grande Ronde River; to be administered by the Secretary of Agriculture in the following classes:
  - (A) The 18.7-mile segment from the confluence of the North Fork and South Fork to the Umatilla National Forest as a wild river;
  - (B) the 2.7-mile segment from the Umatilla National Forest boundary to the easternmost boundary of the Wenaha State Wildlife Area as a scenic area; and
  - (C) the 0.15-mile segment from the easternmost boundary of the Wenaha State Wildlife Area to the confluence with the Grande Ronde River as a recreational river.

[§3(a)(105) designated by PL 101-40]

- (106) West Little Owyhee, Oregon. — The 51-mile segment from its headwaters to its confluence with Owyhee River as a wild river; to be administered by the Secretary of the Interior.

[§3(a)(106) designated by PL 101-40]

- (107) White, Oregon. — The 46.5-mile segment from its headwaters to its confluence with the Deschutes River in the following classes:
  - (A) The 2-mile segment from its headwaters to the section line between sections 9 and 16, township 3 south, range 9 east, as a recreational river; to be administered by the Secretary of Agriculture: Provided, That designation and classification shall not preclude the Secretary from exercising discretion to approve construction, operation, and from exercising discretion to approve construction, operation, and maintenance of ski lifts, ski runs, and associated facilities for the land comprising the Mt. Hood

Winter Sports Area insofar as such construction does not involve water resource projects and is consistent with protecting the values for which the river was designated.

- (B) the 13.6-mile segment from the section line between sections 9 and 16, township 3 south, range 9 east, to Deep Creek as a recreational river; to be administered by the Secretary of Agriculture;
- (C) the 6.5-mile segment from Deep Creek to the Mt. Hood National Forest boundary as a scenic river; to be administered by the Secretary of Agriculture;
- (D) the 17.5-mile segment from the Mt. Hood National Forest boundary to Three Mile Creek as a scenic river; to be administered by the Secretary of the Interior;
- (E) the 5.3-mile segment from Three Mile Creek to River Mile 2.2 as a recreational river; to be administered by the Secretary of the Interior; and
- (F) the 1.6-mile segment from River Mile 1.6 to its confluence with the Deschutes River as a recreational river; to be administered by the Secretary of the Interior.

[§3(a)(107) designated by PL 101-40]

- (108) Rio Chama, New Mexico. — The segment extending from El Vado Ranch launch site (immediately south of El Vado Dam) downstream approximately 24.6 miles to elevation 6,353 feet above mean sea level; to be administered by the Secretary of Agriculture and the Secretary of the Interior. For purposes of compliance with the planning requirements of subsection (d), the Cooperative Management Plan for the river prepared by the Secretary of Agriculture and the Secretary of the Interior may be revised and amended to the extent necessary to conform to the provisions of this Act. The segment of the Rio Chama beginning at the El Vado Ranch launch site downstream to the beginning of Forest Service Road 151 shall be administered as a wild river and the segment downstream from the beginning of Forest Service Road 151 to elevation 6,353 feet shall be administered as a scenic river.

[§3(a)(108) designated by PL 101-40]

Additional Provisions

#### ADDITIONAL PROVISIONS

Sec. 2 Provisions Applicable to Certain Segment of Rio Chama.

The protections afforded under the Wild and Scenic Rivers Act for rivers listed in section 5(a) for study for potential addition to the national wild and scenic rivers system shall, until Congress determines otherwise, apply to the segment of the Rio Chama from the point at elevation 6,353 feet above mean sea level to the point approximately 4.0 miles downstream at elevation 6,283.5 feet above mean sea level: Provided, That nothing in this Act or the Wild and Scenic Rivers Act shall interfere with the Secretary of the Army's operation and management of Abiquiu Dam for purposes authorized by section 5 of Public Law 97-140 or otherwise authorized prior to December 31, 1988.

[§§3(a) (109)—(156) designated by PL 104-333]

- (109) East Fork of Jemez, New Mexico.—The 11-mile segment from the Santa Fe National Forest boundary to its confluence with the Rio San Antonio; to be administered by the Secretary of Agriculture in the following classifications:

- (A) the 2-mile segment from the Santa Fe National Forest boundary to the second crossing of State Highway 4, near Las Conchas Trailhead, as a recreational river; and
- (B) the 4-mile segment from the second crossing of State Highway 4, near Las Conchas Trailhead, to the third crossing of State Highway 4, approximately one and one-quarter miles upstream from Jemez Falls, as a wild river; and
- (C) the 5-mile segment from the third crossing of State Highway 4, approximately one and one-quarter miles upstream from Jemez Falls, to its confluence with the Rio San Antonio, as a scenic river.

After the enactment of this paragraph, Federal lands within the boundaries of the segments designated under this paragraph or which constitute the bed or bank or are situated within one-quarter mile of the ordinary highwater mark on each side of such segments are withdrawn, subject to valid existing rights, from all forms of appropriation under the mining laws and from operation of the mineral leasing laws of the United States, and no patent may be issued for the surface estate with respect to any mining claim located on such lands. Nothing in this paragraph shall be construed as precluding mining operations on any valid existing claim, subject to applicable regulations under section 9 .

(110) Pecos River, New Mexico.—The 20.5-mile segment from its headwaters to the townsite of Terrerro; to be administered by the Secretary of Agriculture in the following classifications:

- (A) the 13.5-mile segment from its headwaters to the Pecos Wilderness boundary, as a wild river; and
- (B) the 7-mile segment from the Pecos Wilderness boundary to the townsite of Terrerro, as a recreational river.

After the enactment of this paragraph, Federal lands within the boundaries of the segments designated under this paragraph or which constitute the bed or bank or are situated within one-quarter mile of the ordinary highwater mark on each side of such segments are withdrawn, subject to valid existing rights, from all forms of appropriation under the mining laws and from operation of the mineral leasing laws of the United States, and no patent may be issued for the surface estate with respect to any mining claim located on such lands. Nothing in this paragraph shall be construed as precluding mining operations on any valid existing claim, subject to applicable regulations under section 9 .

(111) Smith River, California.—The segment from the confluence of the Middle Fork Smith River and the North Fork Smith River to the Six Rivers National Forest boundary, including the following segments of the mainstem and certain tributaries, to be administered by the Secretary of Agriculture in the following classes:

- (A) The segment from the confluence of the Middle Fork Smith River and the South Fork Smith River to the National Forest boundary, as a recreational river.
- (B) Rowdy Creek from the California- Oregon State line to the National Forest boundary, as a recreational river.

(112) Middle Fork Smith River, California.—The segment from the headwaters to its confluence with the North Fork Smith River, including the following segments of the mainstream and certain tributaries, to be administered by the Secretary of Agriculture in the following classes:

- (A) The segment from its headwaters about 3 miles south of Sanger Lake, as depicted on the 1956 USGS 15° Preston Peak topographic map, to the center of section 7, T. 17 N., R. 5 E., as a wild river.
- (B) The segment from the center of section 7, T. 17 N., R. 5 E., to the center of section 6, T. 17 N., R. 5 E., as a scenic river.
- (C) The segment from the center of section 6, T. 17 N., R. 5 E., to one-half mile upstream from its confluence with Knopki Creek, as a wild river.
- (D) The segment from one-half mile upstream of its confluence with Knopki Creek to its confluence with the South Fork Smith River, as a recreational river.
- (E) Myrtle Creek from its headwaters in section 9, T. 17 N., R. 1 E., as depicted on the 1952 USGS 15° Crescent City topographic map, to the middle of section 28, T. 17 N., R. 1 E., as a scenic river.
- (F) Myrtle Creek from the middle of section 28, T. 17 N., R. 1 E., to its confluence with the Middle Fork Smith River, as a wild river.
- (G) Shelly Creek from its headwaters in section 1, T. 18 N., R. 3 E., as depicted on the 1951 USGS 15° Gasquet topographic map, to its confluence with Patrick Creek, as a recreational river.
- (H) Kelly Creek from its headwaters in section 32, T. 17 N., R. 3 E., as depicted on the 1951 USGS 15° Gasquet topographic map, to its confluence with the Middle Fork Smith River, as a scenic river.
- (I) Packsaddle Creek from its headwaters about 0.8 miles southwest of Broken Rib Mountain, as depicted on the 1956 USGS 15° Preston Peak topographic map, to its confluence with the Middle Fork Smith River, as a scenic river.
- (J) East Fork Patrick Creek from its headwaters in section 10, T. 18 N., R. 3 E., as depicted on the 1951 USGS 15° Gasquet topographic map, to its confluence with the West Fork of Patrick Creek, as a recreational river.
- (K) West Fork Patrick Creek from its headwaters in section 18, T. 18 N., R. 3 E., as depicted on the 1951 15° Gasquet topographic map to its confluence with the East Fork Patrick Creek, as a recreational river.
- (L) Little Jones Creek from its headwaters in section 34, T. 17 N., R. 3 E., as depicted on the 1951 USGS 15° Gasquet topographic map to its confluence with the Middle Fork Smith River, as a recreational river.
- (M) Griffin Creek from its headwaters about 0.2 miles southwest of Hazel View Summit, as depicted on the 1956 USGS 15° Preston Peak topographic map, to its confluence with the Middle Fork Smith River, as a recreational river.
- (N) Knopki Creek from its headwaters about 0.4 miles west of Sanger Peak, as depicted on the 1956 USGS 15° Preston Peak topographic map, to its confluence with the Middle Fork Smith River, as a recreational river.
- (O) Monkey Creek from its headwaters in the northeast quadrant of section 12, T. 18 N., R. 3 E., as depicted on the 1951 USGS 15° Gasquet topographic map, to its confluence with the Middle Fork Smith River, as a recreational river.

- (P) Patrick Creek from the junction of East and West Forks of Patrick Creek to its confluence with Middle Fork Smith River, as a recreational river.
- (Q) Hardscrabble Creek from its headwaters in the northeast quarter of section 2, T. 17 N., R. 1 E., as depicted on the 1952 USGS 15° Crescent City topographic map, to its confluence with the Middle Fork Smith River, as a recreational river.
- (113) North Fork Smith River, California.—The segment from the California- Oregon State line to its confluence with the Middle Fork Smith River, including the following segments of the mainstem and certain tributaries, to be administered by the Secretary of Agriculture in the following classes:
- (A) The segment from the California- Oregon State line to its confluence with an unnamed tributary in the northeast quarter of section 5, T. 18 N., R. 2 E., as depicted on the 1951 USGS 15° Gasquet topographic map, as a wild river.
- (B) The segment from its confluence with an unnamed tributary in the northeast quarter of section 5, T. 18 N., R. 2 E., to its southern-most intersection with the eastern section line of section 5, T. 18 N., R. 2 E., as depicted on the 1951 USGS 15° Gasquet topographic map, as a scenic river.
- (C) The segment from its southern- most intersection with the eastern section line of section 5, T. 18 N., R. 2 E., as depicted on the 1951 USGS 15° Gasquet topographic map, to its confluence with Stony Creek, as a wild river.
- (D) The segment from its confluence with Stony Creek to its confluence with the Middle Fork Smith River, as a recreational river.
- (E) Diamond Creek from California- Oregon State line to its confluence with Bear Creek, as a recreational river.
- (F) Diamond Creek from its confluence with Bear Creek to its confluence with the North Fork Smith River, as a scenic river.
- (G) Bear Creek from its headwaters in section 24, T. 18 N., R. 2 E., as depicted on the 1951 USGS 15° Gasquet topographic map, to its confluence with Diamond Creek, as a scenic river.
- (H) Still Creek from its headwaters in section 11, T. 18 N., R. 1 E., as depicted on the 1952 USGS 15° Crescent City topographic map, to its confluence with the North Fork Smith River, as a scenic river.
- (I) North Fork Diamond Creek from the California-Oregon State line to its confluence with Diamond Creek, as a recreational river.
- (J) High Plateau Creek from its headwaters in section 26, T. 18 N., R. 2 E., as depicted on the 1951 USGS 15° Gasquet topographic map, to its confluence with Diamond Creek, as a scenic river.
- (K) Stony Creek from its headwaters in section 25, T. 18 N., R. 2 E., as depicted on the 1951 USGS 15° Gasquet topographic map, to its confluence with the North Fork Smith River, as a scenic river.

- (L) Peridotite Creek from its headwaters in section 34, T. 18 N., R. 2 E., as depicted on the 1951 USGS 15° Gasquet topographic map, to its confluence with the North Fork Smith River, as a wild river.
- (114) Siskiyou Fork Smith River, California.—The segment from its headwaters to its confluence with the Middle Fork Smith River, and the following tributaries, to be administered by the Secretary of Agriculture in the following classes:
- (A) The segment from its headwaters about 0.7 miles southeast of Broken Rib Mountain, as depicted on the 1956 USGS 15° Preston Peak Topographic map, to its confluence with the South Siskiyou Fork Smith River, as a wild river.
  - (B) The segment from its confluence with the South Siskiyou Fork Smith River to its confluence with the Middle Fork Smith River, as a recreational river.
  - (C) South Siskiyou Fork Smith River from its headwaters about 0.6 miles southwest of Buck Lake, as depicted on the 1956 USGS 15° Preston Peak topographic map, to its confluence with the Siskiyou Fork Smith River, as a wild river.
- (115) South Fork Smith River, California.—The segment from its headwaters to its confluence with the main stem of the Smith River, and the following tributaries, to be administered by the Secretary of Agriculture in the following classes:
- (A) The segment from its headwaters about 0.5 miles southwest of Bear Mountain, as depicted on 1956 USGS 15° Preston Peak topographic map, to Blackhawk Bar, as a wild river.
  - (B) The segment from Blackhawk Bar to its confluence with the main stem of the Smith River, as a recreational river.
  - (C) Williams Creek from its headwaters in section 31, T. 14 N., R. 4 E., as depicted on the 1952 USGS 15° Ship Mountain topographic map, to its confluence with Eightmile Creek, as a wild river.
  - (D) Eightmile Creek from its headwaters in section 29, T. 14 N., R. 4 E. as depicted on the 1955 USGS 15° Dillon Mtn topographic map, to its confluence with the South Fork Smith River, as a wild river.
  - (E) Harrington Creek from its source to its confluence with the South Fork Smith River, as a wild river.
  - (F) Prescott Fork of the Smith River from its headwaters about 0.5 miles southeast of Island Lake, as depicted on the 1955 USGS 15° Dillon Mtn. topographic map, to its confluence with the South Fork Smith River, as a wild river.
  - (G) Quartz Creek from its headwaters in section 31, T. 16 N., R. 4 E. as depicted on the 1952 15° USGS Ship Mountain topographic map, to its confluence with the South Fork Smith River, as a recreational river.
  - (H) Jones Creek from its headwaters in section 36, T. 16 N., R. 3 E., as depicted on the 1952 USGS 15° Ship Mountain topographic map, to its confluence with the South Fork Smith River, as a recreational river.
  - (I) Hurdygurdy Creek from its headwaters about 0.4 miles southwest of Bear Basin Butte as depicted on the 1956 USGS 15° Preston Peak topographic map, to its confluence with the South Fork Smith River, as a recreational river.

- (J) Gordon Creek from its headwaters in section 18, T. 16 N., R. 3 E., as depicted on the 1951 USGS 15° Gasquet topographic map, to its confluence with the South Fork Smith River, as a recreational river.
  - (K) Coon Creek from the junction of its two headwaters tributaries in the southeast quadrant of section 31, T. 17 N., R. 3 E., as depicted on the 1951 USGS 15° Gasquet topographic map, to its confluence with the South Fork Smith River, as a recreational river.
  - (L) Craigs Creek from its headwaters in section 36, T. 17 N., R. 2 E., as depicted on the 1951 USGS 15° Gasquet topographic map, to its confluence with the South Fork Smith River, as a recreational river.
  - (M) Goose Creek from its headwaters in section 13, T. 13 N., R. 2 E., as depicted on the 1952 USGS 15° Ship Mountain topographic map, to its confluence with the South Fork Smith River, as a recreational river.
  - (N) East Fork Goose Creek from its headwaters in section 18, T. 13 N., R. 3 E., as depicted on the 1952 USGS 15° Ship Mountain topographic map, to its confluence with Goose Creek, as a recreational river.
  - (O) Buck Creek from its headwaters at Cedar Camp Spring, as depicted on the 1952 USGS 15° Ship Mountain topographic map, to the northeast corner of section 8, T. 14 N., R. 3 E., as a scenic river.
  - (P) Buck Creek from the northeast corner of section 8, T. 14 N., R. 3 E., to its confluence with the South Fork Smith River, as a wild river.
  - (Q) Muzzleloader Creek from its headwaters in section 2, T. 15 N., R. 3 E., as depicted on the 1952 USGS 15° Ship Mountain topographic map, to its confluence with Jones Creek, as a recreational river.
  - (R) Canthook Creek from its headwaters in section 2, T. 15 N., R. 2 E., as depicted in the 1952 USGS 15° Ship Mountain topographic map, to its confluence with the South Fork Smith River, as a recreational river.
  - (S) Rock Creek from the national forest boundary in section 6, T. 15 N., R. 2 E., as depicted on the 1952 USGS 15° Ship Mountain topographic map, to its confluence with the South Fork Smith River, as a recreational river.
  - (T) Blackhawk Creek from its headwaters in section 21, T. 15 N., R. 2 E., as depicted on the 1952 USGS 15° Ship Mountain topographic map, to its confluence with the South Fork Smith River, as a recreational river.
- (116) Clarks Fork, Wyoming.—
- (A) The twenty and five-tenths-mile segment from the west boundary of section 3, township 56 north, range 106 west at the Crandall Creek Bridge downstream to the north boundary of section 13, township 56 north, range 104 west at Clarks Fork Canyon; to be administered by the Secretary of Agriculture as a wild river. Notwithstanding subsection (b), the boundary of the segment shall include all land within four hundred and forty yards from the ordinary high water mark on both sides of the river. No land or interest in land may be acquired with respect to the segment without the consent of the owner thereof. For the purposes of carrying out this

paragraph, there is authorized to be appropriated \$500,000 for development and \$750,000 for the acquisition of land and interests therein.

- (B) Designation of a segment of the Clarks Fork by this paragraph as a component of the Wild and Scenic Rivers System shall not be utilized in any Federal proceeding, whether concerning a license, permit, right-of-way, or any other Federal action, as a reason or basis to prohibit the development or operation of any water impoundment, diversion facility, or hydroelectric power and transmission facility located entirely downstream from the segment of the river designated by this paragraph: Provided, That water from any development shall not intrude upon such segment. Congress finds that development of water impoundments, diversion facilities, and hydroelectric power and transmission facilities located entirely downstream from the segment of the river is not incompatible with its designation as a component of the Wild and Scenic Rivers System.
- (C) The Secretary of Agriculture is directed to apply for the quantification of the water right reserved by the inclusion of a portion of the Clarks Fork in the Wild and Scenic Rivers System in accordance with the procedural requirements of the laws of the State of Wyoming: Provided , That, notwithstanding any provision of the laws of the State of Wyoming otherwise applicable to the granting and exercise of water rights, the purposes for which the Clarks Fork is designated, as set forth in this Act and this paragraph, are declared to be beneficial uses and the priority date of such right shall be the date of enactment of this paragraph.
- (D) The comprehensive management plan developed under subsection (d) for the segment designated by this paragraph shall provide for all such measures as may be necessary in the control of fire, insects, and diseases to fully protect the values for which the segment is designated as a wild river.

(117) Niobrara, Nebraska.—

- (A) The 40-mile segment from Borman Bridge southeast of Valentine downstream to its confluence with Chimney Creek and the 30-mile segment from the river's confluence with Rock Creek downstream to the State Highway 137 bridge, both segments to be classified as scenic and administered by the Secretary of the Interior. That portion of the 40-mile segment designated by this subparagraph located within the Fort Niobrara National Wildlife Refuge shall continue to be managed by the Secretary through the Director of the United States Fish and Wildlife Service.
- (B) The 25-mile segment from the western boundary of Knox County to its confluence with the Missouri River, including that segment of the Verdigre Creek from the north municipal boundary of Verdigre, Nebraska, to its confluence with the Niobrara, to be administered by the Secretary of the Interior as a recreational river.

After consultation with State and local governments and the interested public, the Secretary shall take such action as is required under subsection (b) of this section.

- (118) Missouri River, Nebraska and South Dakota.—The 39-mile segment from the headwaters of Lewis and Clark Lake to the Ft. Randall Dam, to be administered by the Secretary of the Interior as a recreational river.
- (119) Bear Creek, Michigan.—The 6.5-mile segment from Coates Highway to the Manistee River, to be administered by the Secretary of Agriculture as a scenic river.
- (120) Black, Michigan.—The 14-mile segment from the Ottawa National Forest boundary to Lake Superior, to be administered by the Secretary of Agriculture as a scenic river.

- (121) Carp, Michigan.—The 27.8-mile segment from the west section line of section 30, township 43 north, range 5 west, to Lake Huron, to be administered by the Secretary of Agriculture in the following classes:
- (A) The 2.3-mile segment from the west section line of section 30, township 43 north, range 5 west, to Forest Development Road 3458 in section 32, township 43 north, range 5 west, as a scenic river.
  - (B) The 6.5-mile segment from the Forest Development Road 3458 in section 32, township 43 north, range 5 west, to Michigan State Highway 123, as a scenic river.
  - (C) The 7.5-mile segment from Michigan State Highway 123 to one quarter of a mile upstream from Forest Development Road 3119, as a wild river.
  - (D) The 0.5-mile segment from one quarter of a mile upstream of Forest Development Road 3119 to one quarter mile downstream of Forest Development Road 3119, as a scenic river.
  - (E) The 4.9-mile segment from one quarter of a mile downstream of Forest Development Road 3119 to McDonald Rapids, as a wild river.
  - (F) The 6.1-mile segment from McDonald Rapids to Lake Huron, as a recreational river.
- (122) Indian, Michigan.—The 51-mile segment from Hovey Lake to Indian Lake to be administered by the Secretary of Agriculture in the following classes:
- (A) The 12-mile segment from Hovey Lake to Fish Lake, as a scenic river.
  - (B) The 39-mile segment from Fish Lake to Indian Lake, as a recreational river.
- (123) Manistee, Michigan.—The 26-mile segment from the Michigan DNR boat ramp below Tippy Dam to the Michigan State Highway 55 bridge, to be administered by the Secretary of Agriculture as a recreational river.
- (124) Ontonagon, Michigan.—Segments of certain tributaries, totaling 157.4 miles, to be administered by the Secretary of Agriculture as follows:
- (A) The 46-mile segment of the East Branch Ontonagon from its origin at Spring Lake to the Ottawa National Forest boundary in the following classes:
    - (i) The 20.5-mile segment from its origin at Spring Lake to its confluence with an unnamed stream in section 30, township 48 north, range 37 west, as a recreational river.
    - (ii) The 25.5-mile segment from its confluence with an unnamed stream in section 30, township 48 north, range 37 west, to the Ottawa National Forest boundary, as a wild river.
  - (B) The 59.4-mile segment of the Middle Branch Ontonagon, from its origin at Crooked Lake to the northern boundary of the Ottawa National Forest in the following classes:
    - (i) The 20-mile segment from its origin at Crooked Lake to Burned Dam, as a recreational river.

- (ii) The 8-mile segment from Burned Dam to Bond Falls Flowage, as a scenic river.
  - (iii) The 8-mile segment from Bond Falls to Agate Falls, as a recreational river.
  - (iv) The 6-mile segment from Agate Falls to Trout Creek, as a scenic river.
  - (v) The 17.4-mile segment from Trout Creek to the northern boundary of the Ottawa National Forest, as a wild river.
- (C) The 37-mile segment of the Cisco Branch Ontonagon from its origin at Cisco Lake Dam to its confluence with Ten- Mile Creek south of Ewen in the following classes:
- (i) The 10-mile segment from the origin of Cisco Branch Ontonagon at Cisco Lake Dam to the County Road 527 crossing, as a recreational river.
  - (ii) The 27-mile segment from the Forest Development Road 527 crossing to the confluence of the Cisco Branch and Ten- Mile Creek, as a scenic river.
- (D) The 15-mile segment of the West Branch Ontonagon from its confluence with Cascade Falls to Victoria Reservoir, in the following classes:
- (i) The 10.5-mile segment from its confluence with Cascade Falls to its confluence with the South Branch Ontonagon, as a recreational river.
  - (ii) The 4.5-mile segment from its confluence with the South Branch Ontonagon to Victoria Reservoir, as a recreational river. Notwithstanding any limitation contained in this Act, the Secretary is authorized to acquire lands and interests in lands which, as of August 1, 1990, were owned by Upper Peninsula Energy Corporation, and notwithstanding any such limitation, such lands shall be retained and managed by the Secretary as part of the Ottawa National Forest, and those lands so acquired which are within the boundaries of any segment designated under this paragraph shall be retained and managed pursuant to this Act.
- (125) Paint, Michigan.—Segments of the mainstream and certain tributaries, totaling 51 miles, to be administered by the Secretary of Agriculture as follows:
- (A) The 6-mile segment of the main stem from the confluence of the North and South Branches Paint to the Ottawa National Forest boundary, as a recreational river.
  - (B) The 17-mile segment of the North Branch Paint from its origin at Mallard Lake to its confluence with the South Branch Paint, as a recreational river.
  - (C) The 28-mile segment of the South Branch Paint from its origin at Paint River Springs to its confluence with the North Branch Paint, as a recreational river.
- (126) Pine, Michigan.—The 25-mile segment from Lincoln Bridge to the east 1/16th line of section 16, township 21 north, range 13 west, to be administered by the Secretary of Agriculture as a scenic river.
- (127) Presque Isle, Michigan.—Segments of the mainstream and certain tributaries, totaling 57 miles, to be administered by the Secretary of Agriculture as follows:
- (A) The 23-mile segment of the mainstream, from the confluence of the East and West Branches of Presque Isle to Minnewawa Falls, to be classified as follows:

- (i) The 17-mile segment from the confluence of the East and West Branches Presque Isle to Michigan State Highway 28, as a recreational river.
    - (ii) The 6-mile segment from Michigan State Highway 28 to Minnewawa Falls, as a scenic river.
  - (B) The 14-mile segment of the East Branch Presque Isle within the Ottawa National Forest, as a recreational river.
  - (C) The 7-mile segment of the South Branch Presque Isle within the Ottawa National Forest, as a recreational river.
  - (D) The 13-mile segment of the West Branch Presque Isle within the Ottawa National Forest, as a scenic river.
- (128) Sturgeon, Hiawatha National Forest, Michigan.—The 43.9-mile segment from the north line of section 26, township 43 north, range 19 west, to Lake Michigan, to be administered by the Secretary of Agriculture in the following classes:
- (A) The 21.7-mile segment from the north line of section 26, township 43 north, range 19 west, to Forest Highway 13 as a scenic river.
  - (B) The 22.2-mile segment from Forest Highway 13 to Lake Michigan as a recreational river.
- (129) Sturgeon, Ottawa National Forest, Michigan.—The 25-mile segment from its entry into the Ottawa National Forest to the northern boundary of the Ottawa National Forest, to be administered by the Secretary of Agriculture in the following classes:
- (A) The 16.5-mile segment from its entry into the Ottawa National Forest to Prickett Lake, as a wild river.
  - (B) The 8.5-mile segment from the outlet of Prickett Lake Dam to the northern boundary of the Ottawa National Forest, as a scenic river.
- (130) East Branch of the Tahquamenon, Michigan.—The 13.2-mile segment from its origin in section 8, township 45 north, range 5 west, to the Hiawatha National Forest boundary, to be administered by the Secretary of Agriculture in the following classes:
- (A) The 10-mile segment from its origin in section 8, township 45 north, range 5 west, to the center of section 20, township 46 north, range 6 west, as a recreational river.
  - (B) The 3.2-mile segment from the center of section 20, township 46 north, range 6 west, to the boundary of the Hiawatha National Forest, as a wild river.
- (131) Whitefish, Michigan.—Segments of the mainstream and certain tributaries, totaling 33.6 miles, to be administered by the Secretary of Agriculture as follows:
- (A) The 11.1-mile segment of the mainstream from its confluence with the East and West Branches of the Whitefish to Lake Michigan in the following classes:
    - (i) The 9-mile segment from its confluence with the East and West Branches of the Whitefish to the center of section 16, township 41 north, range 21 west, as a scenic river.

- (ii) The 2.1-mile segment from the center of section 16, township 41 north, range 21 west, to Lake Michigan, as a recreational river.
  - (B) The 15-mile segment of the East Branch Whitefish from the crossing of County Road 003 in section 6, township 44 north, range 20 west, to its confluence with the West Branch Whitefish, as a scenic river.
  - (C) The 7.5-mile segment of the West Branch Whitefish from County Road 444 to its confluence with the East Branch Whitefish, as a scenic river.
- (132) Yellow Dog, Michigan.—The 4-mile segment from its origin at the outlet of Bulldog Lake Dam to the boundary of the Ottawa National Forest, to be administered by the Secretary of Agriculture as a wild river.
- (133) Allegheny, Pennsylvania.—The segment from Kinzua Dam downstream approximately 7 miles to the United States Route 6 Bridge, and the segment from Buckaloons Recreation Area at Irvine, Pennsylvania, downstream approximately 47 miles to the southern end of Alcorn Island at Oil City, to be administered by the Secretary of Agriculture as a recreational river through a cooperative agreement with the Commonwealth of Pennsylvania and the counties of Warren, Forest, and Venango, as provided under section 10(e) of this Act; and the segment from the sewage treatment plant at Franklin downstream approximately 31 miles to the refinery at Emlenton, Pennsylvania, to be administered by the Secretary of Agriculture as a recreational river through a cooperative agreement with the Commonwealth of Pennsylvania and Venango County, as provided under section 10(e) of this Act.
- (134) Big Piney Creek, Arkansas.—The 45.2-mile segment from its origin in section 27, township 13 north, range 23 west, to the Ozark National Forest boundary, to be administered by the Secretary of Agriculture as a scenic river.
- (135) Buffalo River, Arkansas.—The 15.8-mile segment from its origin in section 22, township 14 north, range 24 west, to the Ozark National Forest boundary, to be administered by the Secretary of Agriculture in the following classes:
- (A) The 6.4-mile segment from its origin in section 22, township 14 north, range 24 west, to the western boundary of the Upper Buffalo Wilderness, as a scenic river.
  - (B) The 9.4-mile segment from the western boundary of the Upper Buffalo Wilderness to the Ozark National Forest boundary, as a wild river.
- (136) Cossatot River, Arkansas.—Segments of the main stem and certain tributaries, totaling 20.1 miles, to be administered as follows:
- (A) The 4.2-mile segment of the main stem from its confluence with Mine Creek to the Caney Creek Wilderness Boundary on the north section line of section 13, township 4 south, range 30 west, to be administered by the Secretary of Agriculture as a recreational river.
  - (B) The 6.9-mile segment of the main stem from the Caney Creek Wilderness Boundary on the north section line of section 13, township 4 south, range 30 west, to the south section line of section 20, township 4 south, range 30 west, to be administered by the Secretary of Agriculture as a scenic river.
  - (C) The 4.4-mile segment of the Brushy Creek tributary from the north line of the south 1/2 of the southeast 1/4 of section 7, township 4 south, range 30 west, to the south

section line of section 20, township 4 south, range 30 west, to be administered by the Secretary of Agriculture as a scenic river.

- (D) The 4.6-mile segment of the main stem from the State Highway 4 bridge to Duchett's Ford, to be administered by the Secretary of the Army as a scenic river consistent with the operation of Gillham Dam (as authorized by section 203 of the Flood Control Act of 1958 (Public Law 85-500)). For purposes of management of such segment, the Secretary of the Army may enter into a cooperative agreement or memorandum of understanding or other appropriate arrangement with the Secretary of Agriculture or an appropriate official of the State of Arkansas.
- (137) Hurricane Creek, Arkansas.—The 15.5-mile segment from its origin in section 1, township 13 north, range 21 west, to its confluence with Big Piney Creek, to be administered by the Secretary of Agriculture in the following classes:
- (A) The 11.8-mile segment from its origin in section 1, township 13 north, range 21 west, to the western boundary of the private land bordering Hurricane Creek Wilderness, as a scenic river.
  - (B) The 2.4-mile segment from the western boundary of the private land bordering the Hurricane Creek Wilderness to the Hurricane Creek Wilderness boundary, as a wild river.
  - (C) The 1.3-mile segment from the Hurricane Creek Wilderness boundary to its confluence with Big Piney Creek, as a scenic river.
- (138) Little Missouri River, Arkansas.—Segments totaling 15.7 miles, to be administered by the Secretary of Agriculture in the following classes:
- (A) The 11.3-mile segment from its origin in the northwest  $\frac{1}{4}$  of section 32, township 3 south, range 28 west, to the west section line of section 22, township 4 south, range 27 west, as a scenic river.
  - (B) The 4.4-mile segment from the north line of the southeast  $\frac{1}{4}$  of the southeast  $\frac{1}{4}$  of section 28, township 4 south, range 27 west, to the north line of the northwest  $\frac{1}{4}$  of the southwest  $\frac{1}{4}$  of section 5, township 5 south, range 27 west, as a wild river.
- (139) Mulberry River, Arkansas.—The 56.0-mile segment from its origin in section 32, township 13 north, range 23 west, to the Ozark National Forest boundary, to be administered by the Secretary of Agriculture in the following classes:
- (A) The 36.6-mile segment from its origin in section 32, township 13 north, range 23 west, to Big Eddy Hollow in section 3, township 11 north, range 27 west, as a recreational river.
  - (B) The 19.4-mile segment from Big Eddy Hollow in section 3, township 11 north, range 27 west, to the Ozark National Forest boundary, as a scenic river.
- (140) North Sylamore Creek, Arkansas.—The 14.5-mile segment from the Clifty Canyon Botanical Area boundary to its confluence with the White River, to be administered by the Secretary of Agriculture as a scenic river.
- (141) Richland Creek, Arkansas.—The 16.5-mile segment from its origin in section 35, township 13 north, range 20 west, to the northern boundary of section 32, township 14 north, range 18 west, to be administered by the Secretary of Agriculture in the following classes:

- (A) The 7.8-mile segment from its origin in section 35, township 13 north, range 20 west, to the western boundary of the Richland Creek Wilderness, as a scenic river.
  - (B) The 5.3-mile segment from the western boundary of the Richland Creek Wilderness to the eastern boundary of the Richland Creek Wilderness, as a wild river.
  - (C) The 3.4-mile segment from the eastern boundary of the Richland Creek Wilderness to the northern boundary of section 32, township 14 north, range 18 west, as a scenic river.
- (142) Sespe Creek, California.—The 4-mile segment of the main stem of the creek from its confluence with Rock Creek and Howard Creek downstream to its confluence with Trout Creek, to be administered by the Secretary of Agriculture as a scenic river; and the 27.5-mile segment of the main stem of the creek extending from its confluence with Trout Creek downstream to where it leaves section 26, township 5 north, range 20 west, to be administered by the Secretary of Agriculture as a wild river.
- (143) Sisquoc River, California.—The 33-mile segment of the main stem of the river extending from its origin downstream to the Los Padres Forest boundary, to be administered by the Secretary of Agriculture as a wild river.
- (144) Big Sur River, California.—The main stems of the South Fork and North Fork of the Big Sur River from their headwaters to their confluence and the main stem of the river from the confluence of the South and North Forks downstream to the boundary of the Ventana Wilderness in Los Padres National Forest, for a total distance of approximately 19.5 miles, to be administered by the Secretary of Agriculture as a wild river.
- (145) Great Egg Harbor, New Jersey.—39.5 miles of the main stem to be administered by the Secretary of the Interior in the following classifications:
- (A) from the mouth of the Patcong Creek to the mouth of Perch Cove Run, approximately 10 miles, as a scenic river;
  - (B) from Perch Cove Run to the Mill Street Bridge, approximately 5.5 miles, as a recreational river;
  - (C) from Lake Lenape to the Atlantic City Expressway, approximately 21 miles, as a recreational river; and
  - (D) from Williamstown-New Freedom Road to the Pennsylvania Railroad right-of-way, approximately 3 miles, as a recreational river, and 89.5 miles of the following tributaries to be administered by the Secretary of the Interior in the following classifications:
    - (E) Squankum Branch from its confluence with Great Egg Harbor River to Malaga Road, approximately 4.5 miles, as a recreational river;
    - (F) Big Bridge Branch, from its confluence with Great Egg Harbor River to headwaters, approximately 2.2 miles, as a recreational river;
    - (G) Penny Pot Stream Branch, from its confluence with Great Egg Harbor River to 14th Street, approximately 4.1 miles, as a recreational river;

- (H) Deep Run, from its confluence with Great Egg Harbor River to Pancoast Mill Road, approximately 5.4 miles, as a recreational river;
  - (I) Mare Run, from its confluence with Great Egg Harbor River to Weymouth Avenue, approximately 3 miles, as a recreational river;
  - (J) Babcock Creek, from its confluence with Great Egg Harbor River to headwaters, approximately 7.5 miles, as a recreational river;
  - (K) Gravelly Run, from its confluence with Great Egg Harbor River to Pennsylvania Railroad Right-of-Way, approximately 2.7 miles, as a recreational river;
  - (L) Miry Run, from its confluence with Great Egg Harbor River to Asbury Road, approximately 1.7 miles, as a recreational river;
  - (M) South River, from its confluence with Great Egg Harbor River to Main Avenue, approximately 13.5 miles, as a recreational river;
  - (N) Stephen Creek, from its confluence with Great Egg Harbor River to New Jersey Route 50, approximately 2.3 miles, as a recreational river;
  - (O) Gibson Creek, from its confluence with Great Egg Harbor River to First Avenue, approximately 5.6 miles, as a recreational river;
  - (P) English Creek, from its confluence with Great Egg Harbor River to Zion Road, approximately 3.5 miles, as a recreational river;
  - (Q) Lakes Creek, from its confluence with Great Egg Harbor River to the dam, approximately 2.2 miles, as a recreational river;
  - (R) Middle River, from its confluence with Great Egg Harbor River to the levee, approximately 5.6 miles, as a scenic river;
  - (S) Patcong Creek, from its confluence with Great Egg Harbor River to Garden State Parkway, approximately 2.8 miles, as a recreational river;
  - (T) Tuckahoe River (lower segment) from its confluence with Great Egg Harbor River to the Route 50 bridge, approximately 9 miles, as a scenic river;
  - (U) Tuckahoe River, from the Route 50 Bridge to Route 49 Bridge, approximately 7.3 miles, as a recreational river; and
  - (V) Cedar Swamp Creek, from its confluence with Tuckahoe River to headwaters, approximately 6 miles, as a scenic river.
- (146) The Maurice River, Middle Segment.—From Route 670 Bridge at Mauricetown to 3.6 miles upstream (at drainage ditch just upstream of Fralinger Farm), approximately 3.8 miles to be administered by the Secretary of the Interior as a scenic river.
- (147) The Maurice River, Middle Segment.—From the drainage ditch just upstream of Fralinger Farm to one-half mile upstream from the United States Geological Survey Station at Burcham Farm, approximately 3.1 miles, to be administered by the Secretary of the Interior as a recreational river.
- (148) The Maurice River, Upper Segment.—From one-half mile upstream from the United States Geological Survey Station at Burcham Farm to the south side of the Millville

sewage treatment plant, approximately 3.6 miles, to be administered by the Secretary of the Interior as a scenic river.

- (149) The Menantico Creek, Lower Segment.—From its confluence with the Maurice River to the Route 55 Bridge, approximately 1.4 miles, to be administered by the Secretary of the Interior as a recreational river.
- (150) The Menantico Creek, Upper Segment.—From the Route 55 Bridge to the base of the impoundment at Menantico Lake, approximately 6.5 miles, to be administered by the Secretary of the Interior as a scenic river.
- (151) Manumuskin River, Lower Segment.—From its confluence with the Maurice River to a point 2.0 miles upstream, to be administered by the Secretary of the Interior as a recreational river.
- (152) Manumuskin River, Upper Segment.—From a point 2.0 miles upstream from its confluence with the Maurice River to its headwaters near Route 557, approximately 12.3 miles, to be administered by the Secretary of the Interior as a scenic river.
- (153) Muskee Creek, New Jersey.—From its confluence with the Maurice River to the Pennsylvania Seashore Line Railroad Bridge, approximately 2.7 miles, to be administered by the Secretary of the Interior as a scenic river.
- (154)(A) Red River, Kentucky.—The 19.4-mile segment of the Red River extending from the Highway 746 Bridge to the School House Branch, to be administered by the Secretary of Agriculture in the following classes:
  - (i) The 9.1-mile segment known as the "Upper Gorge" from the Highway 746 Bridge to Swift Camp Creek, as a wild river. This segment is identified as having the same boundary as the Kentucky Wild River.
  - (ii) The 10.3-mile segment known as the "Lower Gorge" from Swift Camp Creek to the School House Branch, as a recreational river.
- (B) There are authorized to be appropriated such sums as are necessary to carry out this paragraph.
- (155) Rio Grande, New Mexico.—The main stem from the southern boundary of the segment of the Rio Grande designated pursuant to paragraph (4), downstream approximately 12 miles to the west section line of Section 15, Township 23 North, Range 10 East, to be administered by the Secretary of the Interior as a scenic river.
- (156) Farmington River, Connecticut.—The 14-mile segment of the West Branch and mainstem extending from immediately below the Goodwin Dam and Hydroelectric Project in Hartland, Connecticut, to the downstream end of the New Hartford-Canton, Connecticut, town line (hereinafter in this paragraph referred to as the "segment"), as a recreational river, to be administered by the Secretary of the Interior through cooperative agreements between the Secretary of the Interior and the State of Connecticut and its relevant political subdivisions, namely the Towns of Colebrook, Hartland, Barkhamsted, New Hartford, and Canton and the Hartford Metropolitan District Commission, pursuant to section 10(e) of this Act. The segment shall be managed in accordance with the Upper Farmington River Management Plan, dated April 29, 1993, and such amendments thereto as the Secretary of the Interior determines are consistent with this Act. Such plan shall be deemed to satisfy the requirement for a comprehensive management plan pursuant to section 3(d) of this Act.

- (A) Elkhorn creek.—The 6.4 mile segment traversing federally administered lands from that point along the Willamette National Forest boundary on the common section line between Sections 12 and 13, Township 9 South, Range 4 East, Willamette Meridian, to that point where the segment leaves federal ownership along the Bureau of Land Management boundary in Section 1, Township 9 South, Range 3 East, Willamette Meridian, in the following classes:
- (i) a 5.8-mile wild river area, extending from that point along the Willamette National Forest boundary on the common section line between Sections 12 and 13, Township 9 South, Range 4 East, Willamette Meridian, to its confluence with Buck Creek in Section 1, Township 9 South, Range 3 East, Willamette Meridian, to be administered as agreed on by the Secretaries of Agriculture and the Interior, or as directed by the President; and
  - (ii) a 0.6-mile scenic river area, extending from the confluence with Buck Creek in Section 1, Township 9 South, Range 3 East, Willamette Meridian, to that point where the segment leaves federal ownership along the Bureau of Land Management boundary in Section 1, Township 9 South, Range 3 East, Willamette Meridian, to be administered by the Secretary of Interior, or as directed by the President.
- (B) Notwithstanding section 3(b) of this Act, the lateral boundaries of both the wild river area and the scenic river area along Elkhorn Creek shall include an average of not more than 640 acres per mile measured from the ordinary high water mark on both sides of the river.
- (157) Clarion River, Pennsylvania.—The 51.7-mile segment of the main stem of the Clarion River from the Allegheny National Forest/State Game Lands Number 44 boundary, located approximately 0.7 miles downstream from the Ridgway Borough limit, to an unnamed tributary in the backwaters of Piney Dam approximately 0.6 miles downstream from Blyson Run, to be administered by the Secretary of Agriculture in the following classifications:
- (A) The approximately 8.6-mile segment of the main stem from the Allegheny National Forest/State Game Lands Number 44 boundary, located approximately 0.7 miles downstream from Ridgway Borough limit, to Portland Mills, as recreational river.
  - (B) The approximately 8-mile segment of the main stem from Portland Mills to the Allegheny National Forest boundary, located approximately 0.8 miles downstream from Irwin Run, as a scenic river.
  - (C) The approximately 26-mile segment of the main stem from the Allegheny National Forest boundary, located approximately 0.8 miles downstream from Irwin Run, to the Sate Game Lands 283 boundary, located approximately 0.9 miles downstream from Cooksburg bridge, as a recreational river.
  - (D) The approximately 9.1-mile segment of the main stem from the State Game Lands 283 boundary, located approximately 0.9 miles downstream from the Cooksburg bridge, to an unnamed tributary in the backwaters of Piney Dam, located approximately 0.6 miles downstream from Blyson Run, as a scenic river.
- (158) Lamprey River, New Hampshire.—The 11.5-mile segment extending from the southern Lee town line to the confluence with the Piscassic River in the vicinity of the Durham-Newmarket town line (hereinafter in this paragraph referred to as the "segment") as a recreational river. The segment shall be administered by the Secretary of the Interior

through cooperation agreements between the Secretary and the State of New Hampshire and its relevant political subdivisions, namely the towns of Durham, Lee, and Newmarket, pursuant to section 10(e) of this Act. The segment shall be managed in accordance with the Lamprey River Management Plan dated January 10, 1995, and such amendments thereto as the Secretary of the Interior determines are consistent with this Act. Such plan shall be deemed to satisfy the requirements for a comprehensive management plan pursuant to section 3(d) of this Act.

#### Additional Provisions

#### ADDITIONAL PROVISIONS

#### Sec. 4 Management.

(a) Committee.—The Director of the National Park Service, or his or her designee, shall represent the Secretary on the Farmington River Coordinating Committee provided for in the plan.

(b)

- (1) Federal.—In order to provide for the long-term protection, preservation, and enhancement of the river segment designated by section 3 , the Secretary, pursuant to section 10(e) of the Wild and Scenic Rivers Act, shall offer to enter into cooperative agreements with the State of Connecticut and its relevant political subdivisions identified in the amendment made by such section 3 and, pursuant to section 11(b)(1) of such Act, shall make a similar offer to the Farmington River Watershed Association. The Secretary, pursuant to such section 11(b)(1), also may enter into cooperative agreements with other parties who may be represented on the Committee. All cooperative agreements provided for in this Act shall be consistent with the Plan, and may include provisions for financial or other assistance from the United States to facilitate the long-term protection, conservation, and enhancement of the segment designated by such section 3 and the implementation of the Plan.
- (2) The Secretary may provide technical assistance, staff support, and funding to assist in the implementation of the Plan.
- (3) Implementation of this Act through cooperative agreements as described in paragraph (2) of this subsection shall not constitute National Park Service administration of the segment designated by section 3 for purposes of section 10(c) of the Wild and Scenic Rivers Act, and shall not cause such segment to be considered as being a unit of the National Park System.

(c)

- (1) Water Resources Projects.—In determining whether a proposed water resources project would have a direct and adverse effect on the values for which the segment designated by section 3 was included in the National Wild and Scenic Rivers System, the Secretary shall specifically consider the extent to which the project is consistent with the Plan.
- (2) For purposes of implementation of section 7 of the Wild and Scenic Rivers Act, the Plan, including the detailed analysis of instream flow needs incorporated therein and such additional analysis as may be incorporated in the future, shall serve as the primary source of information regarding the flows needed to maintain instream resources and the potential compatibility between resource protection and possible water supply withdrawals.

- (d) Land Management.—The zoning ordinances duly adopted by the towns of Hartland, Barkhamsted, New Hartford, and Canton, Connecticut, including the "river protection overlay districts" in effect on the date of enactment of this Act, shall be deemed to satisfy the standards and requirements of section 6(c) of the Wild and Scenic Rivers Act. For the purpose of section 6(c), such towns shall be deemed "villages" and the provisions of that section, which prohibit Federal acquisition of lands by condemnation, shall apply to the segment designated by section 3 .

Sec. 5 Definitions.

- (a) For the purposes of this Act:

- (1) The term "Committee" means the Farmington River Coordinating Committee referred to in section 4.
- (2) The term "Plan" means the comprehensive management plan for the Connecticut segment of the Farmington River prepared by the Farmington River Study Committee and the National Park Service, which is known as the "Upper Farmington River Management Plan" and dated April 29, 1993.
- (3) The term "Secretary " means the Secretary of the Interior.

- (b) The agency charged with the administration of each component of the national wild and scenic rivers system designated by subsection (a) of this section shall, within one year from the date of designation of such component under subsection (a) (except where a different date is provided in subsection (a)), establish detailed boundaries therefor (which boundaries shall include an average of not more than 320 acres of land per mile measured from the ordinary high water mark on both sides of the river); and determine which of the classes outlined in section 2, subsection (b), of this Act best fit the river or its various segments. Notice of the availability of the boundaries and classification, and of subsequent boundary amendments shall be published in the Federal Register and shall not become effective until ninety days after they have been forwarded to the President of the Senate and the Speaker of the House of Representatives.

[§3(b) revised by PL 99-590; PL 100-534]

- (c) Maps of all boundaries and descriptions of the classifications of designated river segments, and subsequent amendments to such boundaries, shall be available for public inspection in the offices of the administering agency in the District of Columbia and in locations convenient to the designated river.

[§3(c) added by PL 99-590]

- (d)

- (1) For rivers designated on or after January 1, 1986, the Federal agency charged with the administration of each component of the National Wild and Scenic Rivers System shall prepare a comprehensive management plan for such river segment to provide for the protection of the river values. The plan shall address resource protection, development of lands and facilities, user capacities, and other management practices necessary or desirable to achieve the purposes of this Act. The plan shall be coordinated with and may be incorporated into resource management planning for affected adjacent Federal lands. The plan shall be prepared, after consultation with State and local governments and the interested public within 3 full fiscal years after the date of designation. Notice of the completion and availability of such plans shall be published in the Federal Register.

- (2) For rivers designated before January 1, 1986, all boundaries, classifications, and plans shall be reviewed for conformity within the requirements of this subsection within 10 years through regular agency planning processes.

[§3(d) added by PL 99-590]

**Sec. 4 [16 USC 1275] Additions to national wild and scenic rivers system.**

- (a) The Secretary of the Interior or, where national forest lands are involved, the Secretary of Agriculture or, in appropriate cases, the two Secretaries jointly shall study and submit to the President reports on the suitability or nonsuitability for addition to the national wild and scenic rivers system of rivers which are designated herein or hereafter by the Congress as potential additions to such system. The President shall report to the Congress his recommendations and proposals with respect to the designation of each such river or section thereof under this Act. Such studies shall be completed and such reports shall be made to the Congress with respect to all rivers named in subparagraphs 5(a)(1) through (27) of this Act no later than Oct. 2, 1978. In conducting these studies the Secretary of the Interior and the Secretary of Agriculture shall give priority to those rivers (i) with respect to which there is the greatest likelihood of developments which, if undertaken, would render the rivers unsuitable for inclusion in the national wild and scenic rivers system, and (ii) which possess the greatest proportion of private land within their areas. Every such study and plan shall be coordinated with any water resources planning involving the same river which is being conducted pursuant to the Water Resources Planning Act (79 Stat. 244; 42 U.S.C.1962 et seq.).

Each report, including maps and illustrations, shall show among other things the area included within the report; the characteristics which do or do not make the area a worthy addition to the system; the current status of land ownership and use in the area; the reasonably foreseeable potential uses of the land and water which would be enhanced, foreclosed, or curtailed if the area were included in the national wild and scenic rivers system; the Federal agency (which in the case of a river which is wholly or substantially within a national forest, shall be the Department of Agriculture) by which it is proposed the area, should it be added to the system, be administered; the extent to which it is proposed that such administration, including the costs thereof, be shared by State and local agencies; and the estimated cost to the United States of acquiring necessary lands and interests in land and of administering the area, should it be added to the system. Each such report shall be printed as a Senate or House document.

- (b) Before submitting any such report to the President and the Congress, copies of the proposed report shall, unless it was prepared jointly by the Secretary of the Interior and the Secretary of Agriculture, be submitted by the Secretary of the Interior to the Secretary of Agriculture or by the Secretary of Agriculture to the Secretary of the Interior, as the case may be, and to the Secretary of the Army, the Chairman of the Federal Power Commission, the head of any other affected Federal department or agency and, unless the lands proposed to be included in the area are already owned by the United States or have already been authorized for acquisition by Act of Congress, the Governor of the State or States in which they are located or an officer designated by the Governor to receive the same. Any recommendations or comments on the proposal which the said officials furnish the Secretary or Secretaries who prepared the report within ninety days of the date on which the report is submitted to them, together with the Secretary's or Secretaries' comments thereon, shall be included with the transmittal to the President and the Congress.
- (c) Before approving or disapproving for inclusion in the national wild and scenic rivers system any river designated as a wild, scenic or recreational river by or pursuant to an act of a State legislature, the Secretary of the Interior shall submit the proposal to the Secretary of Agriculture, the Secretary of the Army, the Chairman of the Federal Power Commission, and

the head of any other affected Federal department or agency and shall evaluate and give due weight to any recommendations or comments which the said officials furnish him within ninety days of the date on which it is submitted to them. If he approves the proposed inclusion, he shall publish notice thereof in the Federal Register.

- (d) The boundaries of any river proposed in section 5(a) of this Act for potential addition to the National Wild and Scenic Rivers System shall generally comprise that area measured within one-quarter mile from the ordinary high water mark on each side of the river. In the case of any designated river, prior to publication of boundaries pursuant to section 3(b) of this Act, the boundaries also shall comprise the same area. This subsection shall not be construed to limit the possible scope of the study report to address areas which may lie more than one-quarter mile from the ordinary high water mark on each side of the river.

[§4(d) added by PL 99-590]

**Sec. 5 [16 USC 1276] Rivers constituting potential additions to national wild and scenic rivers system.**

- (a) The following rivers are hereby designated for potential addition to the national wild and scenic rivers system:
- (1) Allegheny, Pennsylvania: The segment from its mouth to the town of East Brady, Pennsylvania.
  - (2) Bruneau, Idaho: The entire main stem.
  - (3) Buffalo, Tennessee: The entire river.
  - (4) Chattooga, North Carolina, South Carolina, and Georgia: The entire river.
  - (5) Clarion, Pennsylvania: The segment between Ridgway and its confluence with the Allegheny River.
  - (6) Delaware, Pennsylvania and New York: The segment from Hancock, New York, to Matamoras, Pennsylvania.
  - (7) Flathead, Montana: The North Fork from the Canadian border downstream to its confluence with the Middle Fork; the Middle Fork from its headwaters to its confluence with the South Fork; and the South Fork from its origin to Hungry Horse Reservoir.
  - (8) Gasconade, Missouri: The entire river.
  - (9) Illinois, Oregon: The entire river.
  - (10) Little Beaver, Ohio: The segment of the North and Middle Forks of the Little Beaver River in Columbiana County from a point in the vicinity of Negly and Elkton, Ohio, downstream to a point in the vicinity of East Liverpool, Ohio.
  - (11) Little Miami, Ohio: That segment of the main stem of the river, exclusive of its tributaries, from a point at the Warren-Clermont County line at Loveland, Ohio, upstream to the sources of Little Miami including North Fork.
  - (12) Maumee, Ohio and Indiana: The main stem from Perrysburg, Ohio, to Fort Wayne, Indiana, exclusive of its tributaries in Ohio and inclusive of its tributaries in Indiana.

- (13) Missouri, Montana: The segment between Fort Benton and Ryan Island.
- (14) Moyle, Idaho: The segment from the Canadian border to its confluence with the Kootenai River.
- (15) Obed, Tennessee: The entire river and its tributaries, Clear Creek and Daddys Creek.
- (16) Penobscot, Maine: Its east and west branches.
- (17) Pere Marquette, Michigan: The entire river.
- (18) Pine Creek, Pennsylvania: The segment from Ansonia to Waterville.
- (19) Priest, Idaho: The entire main stem.
- (20) Rio Grande, Texas: The portion of the river between the west boundary of Hudspeth County and the east boundary of Terrell County on the United States side of the river: Provided, That before undertaking any study of this potential scenic river, the Secretary of the Interior shall determine, through the channels of appropriate executive agencies, that Mexico has no objection to its being included among the studies authorized by this act.
- (21) Saint Croix, Minnesota and Wisconsin: The segment between the dam near Taylors Falls and its confluence with the Mississippi River.
- (22) Saint Joe, Idaho: The entire main stem.
- (23) Salmon, Idaho: The segment from the town of North Fork to its confluence with the Snake River.
- (24) Skagit, Washington: The segment from the town of Mount Vernon to and including the mouth of Bacon Creek; the Cascade River between its mouth and the junction of its North and South Forks; the South Fork to the boundary of the Glacier Peak Wilderness Area; the Suiattle River from its mouth to the Glacier Peak Wilderness Area boundary at Milk Creek; the Sauk River from its mouth to its junction with Elliott Creek; the North Fork of the Sauk River from its junction with the South Fork of the Sauk to the Glacier Peak Wilderness Area boundary.
- (25) Suwannee, Georgia and Florida: The entire river from its source in the Okefenokee Swamp in Georgia to the gulf and the outlying Ichetucknee Springs, Florida.
- (26) Upper Iowa, Iowa: The entire river.
- (27) Youghiogheny, Maryland and Pennsylvania: The segment from Oakland, Maryland, to the Youghiogheny Reservoir, and from the Youghiogheny Dam down stream to the town of Connellsville, Pennsylvania.
- (28) American, California: The North Fork from the Cedars to the Auburn Reservoir.
- (29) Au Sable, Michigan: The segment downstream from Foot Dam to Oscoda and upstream from Loud Reservoir to its source, including its principal tributaries and excluding Mio and Bamfield Reservoirs.
- (30) Big Thompson, Colorado: The segment from its source to the boundary of Rocky Mountain National Park.

- (31) Cache la Poudre, Colorado: Both forks from their sources to their confluence, thence the Cache la Poudre to the eastern boundary of Roosevelt National Forest.
- (32) Cahaba, Alabama: The segment from its junction with United States Highway 31 south of Birmingham downstream to its junction with United States Highway 80 west of Selma.
- (33) Clarks Fork, Wyoming: The segment from the Clark's Fork Canyon to the Crandall Creek Bridge.
- (34) Colorado, Colorado and Utah: The segment from its confluence with the Dolores River, Utah, upstream to a point 19.5 miles from the Utah-Colorado border in Colorado.
- (35) Conejos, Colorado: The three forks from their sources to their confluence, thence the Conejos to its first junction with State Highway 17, excluding Platoro Reservoir.
- (36) Elk, Colorado: The segment from its source to Clark.
- (37) Encampment, Colorado: The Main Fork and West Fork to their confluence, thence the Encampment to the Colorado-Wyoming border, including the tributaries and headwaters.
- (38) Green, Colorado: The entire segment within the State of Colorado.
- (39) Gunnison, Colorado: The segment from the upstream (southern) boundary of the Black Canyon of the Gunnison National Monument to its confluence with the North Fork.
- (40) Illinois, Oklahoma: The segment from Tenkiller Ferry Reservoir upstream to the Arkansas-Oklahoma border, including the Flint and Barren Fork Creeks.
- (41) John Day, Oregon: The main stem from Service Creek Bridge (at river mile 157) downstream to Tumwater Falls (at river mile 10).
- (42) Kettle, Minnesota: The entire segment within the State of Minnesota.
- (43) Los Pinos, Colorado: The segment from its source, including the tributaries and headwaters within the San Juan Primitive Area, to the northern boundary of the Granite Peak Ranch.
- (44) Manistee, Michigan: The entire river from its source to Manistee Lake, including its principal tributaries and excluding Tippy and Hodenypyl Reservoirs.
- (45) Nolichucky, Tennessee and North Carolina: The entire main stem.
- (46) Owyhee, South Fork, Oregon: The main stem from the Oregon-Idaho border downstream to the Owyhee Reservoir.
- (47) Piedra, Colorado: The Middle Fork and East Fork from their sources to their confluence, thence the Piedra to its junction with Colorado Highway 160.
- (48) Shepaug, Connecticut: The entire river.
- (49) Sipsey Fork, West Fork, Alabama: The segment, including its tributaries, from the impoundment formed by the Lewis M. Smith Dam upstream to its source in the William B. Bankhead National Forest.

- (50) Snake, Wyoming: The segment from the southern boundaries of Teton National Park to the entrance to Palisades Reservoir.
- (51) Sweetwater, Wyoming: The segment from Wilson Bar downstream to Spring Creek.
- (52) Tuolumne, California: The main river from its source on Mount Dana and Mount Lyell in Yosemite National Park to Don Pedro Reservoir.
- (53) Upper Mississippi, Minnesota: The segment from its source at the outlet of Itasca Lake to its junction with the northwestern boundary of the city of Anoka.
- (54) Wisconsin, Wisconsin: The segment from Prairie du Sac to its confluence with the Mississippi River at Prairie du Chien.
- (55) Yampa, Colorado: The segment within the boundaries of the Dinosaur National Monument.
- (56) Dolores, Colorado: The segment of the main stem from Rico upstream to its source, including its headwaters; the West Dolores from its source, including its headwaters downstream to its confluence with the main stem; and the segment from the west boundary, section 2, township 38 north, range 16 west, NMPM, below the proposed McPhee Dam, downstream to the Colorado-Utah border, excluding the segment from one mile above Highway 90 to the confluence of the San Miguel River.
- (57) Snake, Washington, Oregon, and Idaho: the segment from an eastward extension of the north boundary of section 1, township 5 north, range 47 east, Willamette meridian, downstream to the town of Asotin, Washington.
- (58) Housatonic, Connecticut: The segment from the Massachusetts-Connecticut boundary downstream to its confluence with the Shepaug River.
- (59) Kern, California.— The main stem of the North Fork from its source to Isabella Reservoir excluding its tributaries.
- (60) Loxahatchee, Florida. — The entire river including its tributary, North Fork.
- (61) Ogeechee, Georgia. — The entire river.
- (62) Salt, Arizona. — The main stem from a point on the north side of the river intersected by the Fort Apache Indian Reservation boundary (north of Buck Mountain) downstream to Arizona State Highway 288.
- (63) Verde, Arizona.— The main stem from the Prescott National Forest boundary near Paulden to the vicinity of Table Mountain, approximately 14 miles above Horseshoe Reservoir, except for the segment not included in the national forest between Clarkdale and Verde, North segment.
- (64) San Francisco, Arizona.— The main stem from confluence with the Gila upstream to the Arizona-New Mexico border, except for the segment between Clifton and the Apache National Forest.
- (65) Fish Creek, New York. — The entire East Branch.
- (66) Black Creek, Mississippi. — The segment from Big Creek Landing in Forrest County downstream to Old Alexander Bridge Landing in Stone County.

- (67) Allegheny, Pennsylvania. — The main stem from Kinzua Dam downstream to East Brady.
- (68) Cacapon, West Virginia. — The entire river.
- (69) Escatawpa, Alabama and Mississippi. — The segment upstream from a point approximately one mile downstream from the confluence of the Escatawpa River and Jackson Creek to a point where the Escatawpa River is joined by the Yellowhouse Branch in Washington County, Alabama, near the town of Deer Park, Alabama; and the segment of Brushy Creek upstream from its confluence with the Escatawpa to its confluence with Scarsborough Creek.
- (70) Myakka, Florida. — The segment south of the southern boundary of the Myakka River State Park.
- (71) Soldier Creek, Alabama. — The segment beginning at the point where Soldier Creek intersects the south line of section 31, township 7 south, range 6 east, downstream to a point on the south line of section 6, township 8 south, range 6 east, which point is 1,322 feet west of the south line of section 5, township 8 south, range 6 east in the county of Baldwin, State of Alabama.
- (72) Red, Kentucky. — The segment from Highway numbered 746 (also known as Spradin Bridge) in Wolf County, Kentucky, downstream to the point where the river descends below seven hundred feet above sea level (in its normal flow) which point is at the Menifee and Powell County line just downstream of the iron bridge where Kentucky Highway numbered 77 passes over the river.
- (73) Bluestone, West Virginia. — From its headwaters to its confluence with the New.
- (74) Gauley, West Virginia. — Including the tributaries of the Meadow and the Cranberry, from the headwaters to its confluence with the New.
- (75) Greenbrier, West Virginia. — From its headwaters to its confluence with the New.
- (76) Birch, West Virginia: The main stem from the Cora Brown Bridge in Nicholas County to the confluence of the river with the Elk River in Braxton County.

[§5(a)(76) added by PL 96-199]

- (77) Colville, Alaska.

[§5(a)(77) added by PL 96-487]

- (78) Etivluk-Nigu, Alaska.

[§5(a)(78) added by PL 96-487]

- (79) Utukok, Alaska.

[§5(a)(79) added by PL 96-487]

- (80) Kanektok, Alaska.

[§5(a)(80) added by PL 96-487]

- (81) Kisaralik, Alaska.

[§5(a)(81) added by PL 96-487]

(82) Melozitna, Alaska.

[§5(a)(82) added by PL 96-487]

(83) Sheenjok (lower segment), Alaska.

[§5(a)(83) added by PL 96-487]

(84) Situk, Alaska.

[§5(a)(84) added by PL 96-487]

(85) Porcupine, Alaska.

[§5(a)(85) added by PL 96-487]

(86) Yukon (Ramparts section), Alaska.

[§5(a)(86) added by PL 96-487]

(87) Squirrel, Alaska.

[§5(a)(87) added by PL 96-487]

(88) Koyuk, Alaska.

[§5(a)(88) added by PL 96-487]

(89) Wildcat Brook, New Hampshire: The segment from its headwaters including the principal tributaries to its confluence with the Ellis River. The study authorized in this paragraph shall be completed no later than six years from the date of enactment of this paragraph and an interim report shall be prepared and submitted to the Congress no later than three years from the date of enactment of paragraph.

[§5(a)(89) added by PL 98-323]

(90) Horsepasture, North Carolina: The segment from Bohaynee Road (N.C. 281) downstream to Lake Jocassee.

[§5(a)(90) added by PL 98-484]

(91) The North Umpqua, Oregon: The segment from the Soda Springs Powerhouse to the confluence of Rock Creek. The provisions of section 7(a) shall apply to tributary Steamboat Creek in the same manner as such provisions apply to the rivers referred to in such section 7(a). The Secretary of Agriculture shall, in the Umpqua National Forest plan, provide that management practices for Steam- boat Creek and its immediate environment conserve, protect, and enhance the anadromous fish habitat and population.

[Second §5(a)(90) added by PL 98-494; redesignated as (91) by PL 99-590]

(92) Farmington, West Branch, Connecticut and Massachusetts. — The segment from the intersection of the New Hartford-Canton, Connecticut, town line up-stream to the base

of the West Branch Reservoir in Hartland, Connecticut; and the segment from the confluence with Thorp Brook in Sandisfield, Massachusetts, to Hayden Pond in Otis, Massachusetts.

[§5(a)(92) added by PL 99-590]

Additional Provisions

ADDITIONAL PROVISIONS

TITLE II — FARMINGTON, WEST BRANCH, CONNECTICUT AND MASSACHUSETTS

Sec. 201

This title may be cited as the "Farmington Wild and Scenic River Study Act".

Sec. 202

(a) The Congress finds that—

- (1) the West Branch of the Farmington River and related land areas possess resource values of national significance, such as significant white water rapids, undeveloped lands, scenic and cultural areas, important sport fisheries, and prime agricultural lands;
- (2) based on the National Rivers Inventory by the National Park Service, published in January 1982, this portion of the Farmington River is eligible for study for inclusion in the wild and scenic rivers system;
- (3) there is strong support among local, State, and Federal officials, area residents, and river users for a concerted cooperative effort to manage the river in a productive and meaningful way; and
- (4) in view of the longstanding Federal practice of assisting States and local governments in protecting, conserving, and enhancing rivers of national significance, the United States has an interest in assisting the States of Connecticut and the Commonwealth of Massachusetts and the appropriate local governments in managing the river.

(d)

- (1) At the earliest practicable date following the enactment of this title, but not later than forty-five days after enactment, the Secretary of the Interior (hereinafter in this title referred to as the "Secretary") shall establish the Farmington River Study Committee (hereinafter in this title referred to as the "Committee"). The Secretary shall consult with the Committee on a regular basis during the conduct of the study. Membership on the Committee shall consist of Seventeen members appointed by the Secretary as follows:
  - (A) One member shall be appointed by the Secretary.
  - (B) Two members shall be appointed by the Secretary from a list of candidates supplied to the Secretary by the Government of the State of Connecticut.
  - (C) Two members shall be appointed by the Secretary from a list of candidates supplied to the Secretary by the Governors of the State of Connecticut.

- (D) Two members shall be appointed by the Secretary from a list of candidates supplied to the Secretary by the Farmington River Watershed Association.
  - (E) One member shall be appointed by the Secretary from each of the eight towns located along the West Branch of the river. The governing body of each of the eight towns shall provide a list of candidates to the Secretary from which the eight appointments under this paragraph shall be made.
  - (F) Two members shall be appointed by the Secretary from a list of candidates supplied to the Secretary by the Metropolitan District Commission of Hartford, Connecticut.
- (2) The members of the Committee shall elect a chairman, vice chairman, and recording secretary from the membership at the first official meeting of the Committee. Official minutes shall be kept of each regular and special meeting of the Committee and shall be open for public inspection.
  - (3) Any vacancy on the Committee shall be filled in the same manner in which the original appointment was made. Any member appointed to fill a vacancy occurring before the expiration of the term for which his predecessor was appointed shall be appointed only for the remainder of such term. Vacancies in the membership of the Committee shall not affect its power to function if there remain sufficient members to constitute a quorum under paragraph (4) of this subsection.
  - (4) A majority of the members of the Committee shall constitute a quorum for all meetings.
  - (5) The Committee shall advise the Secretary in conducting the study of the Farmington River segment specified in section 5(a)(92) of the Wild and Scenic Rivers Act. The Committee also shall advise the Secretary concerning management alternatives should the river be included in the wild and scenic river system.
  - (6) Members of the Committee shall serve without compensation but may be compensated for reasonable and necessary expenses incurred by them in the performance of their duties as members of the Committee.
  - (7) The Committee may accept and utilize the services of voluntary, uncompensated personnel.
  - (8) The Committee shall terminate on the later of the following:
    - (A) The completion of the river study of the Farmington River described in section 5(a)(92) of the Wild and Scenic Rivers Act; or
    - (B) The publication of management alternatives should the river be included in the wild and scenic river system.
- (e) As used in this title (other than in subsection(b)) the term "River" means the segments of the Farmington River described in paragraph 92 of section 5(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1275(a)).
  - (f) There are authorized to be appropriated up to \$150,000 to carry out the purposes of this title.
    - (93) Great Egg Harbor River, New Jersey: The entire river.

[§5(a)(93) added by PL 99-590]

(94) Klickitat, Washington: The segment from the southern boundary of the Yakima Indian Reservation, Washington, as described in the Treaty with the Yakimas of 1855 (12 Stat. 951), and as acknowledged by the Indian Claims Commission in *Yakima Tribe of Indians v. U.S.*, 16 Ind. Cl. Comm. 536 (1966), to its confluence with the Little Klickitat River, Washington: Provided, That said study shall be carried on in consultation with the Yakima Indian Nation and shall include a determination of the degree to which the Yakima Indian Nation should participate in the preservation and administration of the river segment should it be proposed for inclusion in the Wild and Scenic Rivers system.

[§5(a)(94) designated by PL 100-149]

(95) White Salmon, Washington: The segment from its confluence with Trout Lake Creek, Washington, to its confluence with Gilmer Creek, Washington, near the town of B Z Corner, Washington.

[§5(a)(95) designated by PL 100-149 ]

(96) Maurice, New Jersey. — The segment from Shell Pile to the point three miles north of Laurel Lake.

[§5(a)(96) added by PL 100-33]

(97) Manumuskin, New Jersey. — The segment from its confluence with the Maurice River to the crossing of State Route 49.

[§5(a)(97) added by PL 100-33]

(98) Menantico Creek, New Jersey. — The segment from its confluence with the Maurice River to its source.

[The first §5(a)(98) added by PL 100-33]

(99) Merced, California. — The segment from a point 300 feet upstream of the confluence with Bear Creek downstream the point of maximum flood control storage of Lake McClure (elevation 867 feet mean sea level).

[The second §5(a)(96) was added by PL 100-149; redesignated as (99) by PL 101-40]

[§5(a)(100) designated by PL 101-40]

(100) Blue, Oregon. — The segment from its headwaters to the Blue River Reservoir; by the Secretary of Agriculture.

[§5(a)(100) designated by PL 101-40]

(101) Chewaucan, Oregon. — The segment from its headwaters to the Paisley Urban Growth boundary to be studied in cooperation with, and integrated with, the Klamath River Basin Plan; by the Secretary of Agriculture.

[§5(a)(101) designated by PL 101-40]

(102) North Fork Malheur, Oregon. — The segment, from the Malheur National Forest boundary to Beulah Reservoir; by the Secretary of the Interior.

[§5(a)(102) designated by PL 101-40]

(103) South Fork McKenzie, Oregon. —The segments from its headwaters to the upper end of Cougar Reservoir and from the lower end of Cougar Reservoir to its confluence with the McKenzie River; by the Secretary of Agriculture.

[§5(a)(103) designated by PL 101-40]

(104) Steamboat Creek, Oregon. — The entire creek; by the Secretary of Agriculture.

[§5(a)(104) designated by PL 101-40]

(105) Wallowa, Oregon. — The segment from its confluence with the Miniam River to its confluence with the Grande Ronde River; by the Secretary of Agriculture.

[§5(a)(105) designated by PL 101-40]

(106) Merrimack River, New Hampshire.—The segment from its origin at the confluence of the Pemigewasset and Winnepesaukee Rivers in Franklin, New Hampshire, to the backwater impoundment at Hooksett Dam, excluding the Garvins Falls Dam and its impoundment.

[The first §5(a)(106) added by PL 101-356]

(107) Pemigewasset, New Hampshire.—The segments from Profile Lake downstream to the southern boundary of the Franconia Notch State Park and from the northern Thornton town-line downstream to the backwater of the Ayers Island Dam; by the Secretary of the Interior.

[§5(a)(107) added by PL 101-357]

(108) St. Marys River, Florida and Georgia.—The segment from its headwaters to its confluence with the Bells River.

[The second §5(a)(106) added by PL 101-364; redesignated as (108) by PL 104-333]

[§§5(a)(109)—(112) designated by PL 104-333]

(109) Mills River, North Carolina.—The North Fork from the bottom of the spillway of the Hendersonville Reservoir downstream to its confluence with the South Fork; the South Fork from its confluence with the Pigeon Branch downstream to its confluence with the North Fork; and the main stem from the confluence of the North and South Forks downstream to a point 750 feet upstream from the centerline of North Carolina Highway 191/280.

(110) Sudbury, Assabet, and Concord, Massachusetts.—The segment of the Sudbury from the Danforth Street Bridge in the town of Framingham, to its confluence with the Assabet, the Assabet from 1,000 feet downstream of the Damon Mill Dam in Concord to its confluence with the Sudbury and the Concord from the confluence of the Sudbury and Assabet downstream to the Route 3 Bridge in the town of Billerica. The study of such river segments shall be completed and the report submitted thereon not later than at the end of the third fiscal year beginning after the date of enactment of this paragraph.

(111) Niobrara, Nebraska.—The 6-mile segment of the river from its confluence with Chimney Creek to its confluence with Rock Creek.

(112) Lamprey, New Hampshire.—The segment from the southern Lee town line downstream to the confluence with Woodman's brook at the base of Sullivan Falls in Durham.

(113) White Clay Creek, Delaware and Pennsylvania.—The headwaters of the river in Pennsylvania to its confluence with the Christina River in Delaware, including the East, West, and Middle Branches, Middle Run, Pike Creek, Mill Creek, and other main branches and tributaries as determined by the Secretary of the Interior (herein after referred to as the White Clay Creek).

[§5(a)(112) added by PL 102-215; redesignated as (113) by PL 104-333 ]

[§§5(a)(114)—(135) designated by PL 104-333]

(114) Brule, Michigan and Wisconsin.—The 33-mile segment from Bule Lake in the northeast quarter of section 15, township 41 north, range 13 east, to the National Forest boundary at the southeast quarter of section 31, township 41 north, range 17 east.

(115) Carp, Michigan.—The 7.6-mile segment from its origin at the confluence of the outlets of Frenchman Lake and Carp Lake in section 26, township 44 north, range 6 west, to the west section line of section 30, township 43 north, range 5 west.

(116) Little Manistee, Michigan.—The 42 mile segment within the Huron-Manistee National Forest.

(117) White, Michigan.—The 75.4-mile segment within the Huron-Manistee National Forest as follows:

(A) the 30.8-mile segment of the main stem from U.S. 31 to the Huron-Manistee National Forest boundary at the north line of section 2, township 13 north, range 15 west, 1.5 miles southwest of Hesperia.

(B) The 18.9-mile segment of the South Branch White from the Huron-Manistee National Forest boundary east of Hesperia at the west line of section 22, township 14 north, range 14 west, to Echo Drive, section 6, township 13 north, range 12 west.

(C) The 25.7-mile segment of the North Branch White from its confluence with the South Branch White in section 25, township 13 north, range 16 west, to McLaren Lake in section 11, township 14 north, range 15 west.

(118) Ontonagon, Michigan.—The 32-mile segment of the Ontonagon as follows:

(A) The 12-mile segment of the West Branch from the Michigan State Highway 28 crossing to Cascade Falls.

(B) The 20-mile segment of the South Branch from the confluence of the Cisco Branch and Tenmile Creek to the confluence with the West Branch Ontonagon.

(119) Paint, Michigan.—The 70-mile segment as follows:

(A) 34 miles of the mainstream beginning at the eastern boundary of the Ottawa National Forest in section 1, township 44 north, range 35 west, to the city of Crystal Falls.

- (B) 15 miles of the mainstream of the Net River from its confluence with the east and west branches to its confluence with the mainstream of the Paint River.
  - (C) 15 miles of the east branch of the Net River from its source in section 8, township 47 north, range 32 west, to its confluence with the mainstream of the Net River in section 24, township 46 north, range 34 west.
  - (D) 14 miles of the west branch of the Net River from its source in section 35, township 48 north, range 34 west, to its confluence with the mainstream of the Net River in section 24, township 46 north, range 34 west.
- (120) Presque Isle, Michigan.—The 13-mile segment of the mainstream from Minnewawa Falls to Lake Superior.
- (121) Sturgeon, Ottawa National Forest, Michigan.—The 36-mile segment of the mainstream from the source at Wagner Lake in section 13, township 49 north, range 31 west, to the eastern boundary of the Ottawa National Forest in section 12, township 48 north, range 35 west.
- (122) Sturgeon, Hiawatha National Forest, Michigan.—The 18.1-mile segment from Sixteen Mile Lake to the north line of section 26, township 43 north, range 19 west.
- (123) Tahquamenon, Michigan.—The 103.5-mile segment as follows—
- (A) the 90-mile segment of the mainstream beginning at the source in section 21, township 47 north, range 12 west, to the mouth at Whitefish Bay; and
  - (B) the 13.5-mile segment of the east branch from the western boundary of the Hiawatha National Forest in section 19, township 46 north, range 6 west, to its confluence with the mainstream.
- (124) Whitefish, Michigan.—The 26-mile segment of the West Branch Whitefish from its source in section 26, township 46 north, range 23 west, to County Road 444.
- (125) Clarion, Pennsylvania.—The segment of the main stem of the river from Ridgway to its confluence with the Allegheny River. The Secretary of Agriculture shall conduct the study of such segment.
- (126) Mill Creek, Jefferson and Clarion Counties, Pennsylvania.—The segment of the main stem of the creek from its headwaters near Gumbert Hill in Jefferson County, downstream to the confluence with the Clarion River.
- (127) Piru Creek, California.—The segment of the main stem of the creek from its source downstream to the maximum pool of Pyramid Lake and the segment of the main stem of the creek beginning 300 feet below the dam at Pyramid Lake downstream to the maximum pool at Lake Piru, for a total distance of approximately 49 miles.
- (128) Little Sur River, California.—The segment of the main stem of the river from its headwaters downstream to the Pacific Ocean, a distance of approximately 23 miles. The Secretary of Agriculture shall consult with the Big Sur Multiagency Advisory Council during the study of the river.
- (129) Matilija Creek, California.—The segment from its headwaters to its junction with Murietta Canyon, a distance of approximately 16 miles.

- (130) Lopez Creek, California.—The segments from its headwaters to Lopez Reservoir, a distance of approximately 11 miles.
- (131) Sespe Creek, California.—The segment from Chorro Grande Canyon downstream to its confluence with Rock Creek and Howard Creek, a distance of about 10.5 miles.
- (132) North Fork Merced, California.—The segment from its headwaters to its confluence with the Merced River, by the Secretary of Agriculture and the Secretary of the Interior.
- (133) Delaware River, Pennsylvania and New Jersey.—
- (A) The approximately 3.6-mile segment from the Erie Lackawanna Railroad Bridge to the southern tip of Dildine Island.
  - (B) The approximately 2-mile segment from the southern tip of Mack Island to the northern border of the town of Belvidere, New Jersey.
  - (C) The approximately 12.5-mile segment from the southern border of the town of Belvidere, New Jersey, to the northern border of the city of Easton, Pennsylvania, excluding river mile 196.0 to 193.8.
  - (D) The approximately 9.5-mile segment from the southern border of the town of Phillipsburg, New Jersey, to a point just north of the Gilbert Generating Station.
  - (E) The approximately 14.2-mile segment from a point just south of the Gilbert Generating Station to a point just north of the Point Pleasant Pumping Station.
  - (F) The approximately 6.5-mile segment from a point just south of the Point Pleasant Pumping Station to the north side of the Route 202 bridge.
  - (G) The approximately 6-mile segment from the southern boundary of the town of New Hope, Pennsylvania, to the town of Washington Cross Pennsylvania.
  - (H) The Cook's Creek tributary.
  - (I) The Tinicum Creek tributary.
  - (J) The Tohickon Creek tributary.
- (134) New River, West Virginia and Virginia.—The segment defined by public lands commencing at the U.S. Route 460 bridge over the New River in Virginia to the maximum summer pool elevation (one thousand four hundred and ten feet above mean sea level) of Bluestone Lake in West Virginia; by the Secretary of the Interior. Nothing in this Act shall affect or impair the management of the Bluestone project or the authority of any department, agency or instrumentality of the United States to carry out the project purposes of that project as of the date of enactment of this paragraph. The study of the river segment identified in this paragraph shall be completed and reported on within one year after the date of enactment of this paragraph.
- (135) Rio Grande, New Mexico.—The segment from the west section line of Section 15, Township 23 North, Range 10 East, downstream approximately 8 miles to the southern line of the northwest quarter of Section 34, Township 23 North, Range 9 East.
- (136) Wekiva River, Florida.—
- (A) The entire river.

(B) The Seminole Creek tributary.

(C) The Rock Springs Run tributary.

#### Additional Provisions

#### ADDITIONAL PROVISIONS

#### Sec. 4 Rio Grande Citizens Advisory Board.

As soon as practicable after the date of enactment of this Act, the Secretary of the Interior, acting through the Director of the Bureau of Land Management, shall take appropriate steps to obtain the views of the residents of the village of Pilar and of those persons who are the owners of property adjoining the river segments described in sections 2 and 3 concerning implementation of this Act, and to assure that those views will be considered in connection with preparation of a comprehensive management plan for the segment designated by section 2 and the study required by section 3.

(b)

- (1) The studies of rivers named in subparagraphs (28) through (55) of subsection (a) of this section shall be completed and reports thereon submitted by not later than Oct. 2, 1979: Provided, That with respect to the rivers named in subparagraphs (33), (50), and (51), the Secretaries shall not commence any studies until (i) the State legislature has acted with respect to such rivers or (ii) one year from the date of enactment of this Act, whichever is earlier. Studies of the river named in paragraphs (38), (55), (83), and (87) shall be completed and the reports transmitted to the Congress not later than January 1, 1987.

[The first §5(b)(1) amended by PL 99-590]

- (2) The study of the river named in subparagraph (56) of subsection (a) of this section shall be completed and the report thereon submitted by not later than January 3, 1976.
- (3) The studies of the rivers named in paragraphs (59) through (76) of subsection (a) shall be completed and reports submitted thereon not later than five full fiscal years after the date of the enactment of this paragraph. The study of rivers named in paragraphs (62) through (64) of subsection (a) shall be completed and the report thereon submitted by not later than April 1981. The study of the river named in paragraph (90) of subsection (a) shall be completed not later than three years after the date of the enactment of this sentence. [Oct. 17, 1984]. The study of the river named in paragraph (93) of subsection (a) shall be completed not later than three years after the date of the enactment of this sentence [Oct. 30, 1986].

[§5(b)(3) amended by PL 96-199; PL 98-484; PL 99-590]

- (4) For the purposes of conducting the studies of rivers named in subsection (a), there are authorized to be appropriated such sums as necessary.

[§5(b)(4) revised by PL 99-590]

- (5) The studies of the rivers in paragraphs (77) through (88) shall be completed and reports transmitted thereon not later than three full fiscal years from date of enactment of this paragraph. For the rivers listed in paragraphs (77), (78) and (79) the studies prepared and transmitted to the Congress pursuant to section 105(c) of the Naval Petroleum

Reserves Production Act of 1976 (Public Law 94-258) shall satisfy the requirements of this section.

[Former §5(b)(4) added by PL 96-487; redesignated as (5) by PL 98-484]

- (6) Studies of rivers listed in paragraphs (80) and (81) shall be completed, and reports submitted within and not later than the time when the Bristol Bay Cooperative Region Plan is submitted to Congress in accordance with section 1204 of the Alaska National Interest Lands Conservation Act.

[Former §5(b)(5) added by PL 96-487; redesignated as (6) by PL 98-484]

- (7) The study of the West Branch of the Farmington River identified in paragraph (92) of subsection (a) shall be completed and the report submitted thereon not later than the end of the third fiscal year beginning after the enactment of this paragraph. Such report shall include a discussion of management alternatives for the river if it were to be included in the national wild and scenic river system.

[§5(b)(7) added by PL 99-590]

- (8) The study of the Merrimack River, New Hampshire, shall be completed and the report thereon submitted not later than three years after the date of enactment of this paragraph.

[The first §5(b)(8) added by PL 101-356]

- (8) The study of the river named in paragraph (106) (St. Mary's River) of subsection (a) shall be completed not later than three years after the date of enactment of this paragraph. In carrying out the study, the Secretary of the Interior shall consult with the Governors of the States of Florida and Georgia or their representatives, representatives of affected local governments, and owners of land adjacent to the river. Such consultation shall include participation in the assessment of resource values and the development of alternatives for the protection of those resource values, and shall be carried out through public meetings and media notification. The study shall also include a recommendation on the part of the Secretary as to the role the States, local governments and landowners should play in the management of the river if it were designated as a component of the National Wild and Scenic Rivers System.

[The second §5(b)(8) added by PL 101-364]

- (9) The study of the Pemigewasset River, New Hampshire, shall be completed and the report thereon submitted not later than three years after the date of enactment of this paragraph.

[The first §5(b)(9) added by PL 101-357]

- (11) The study of the Lamprey River, New Hampshire, shall be completed by the Secretary of the Interior and the report thereon submitted not later than 3 years after the date of enactment of this paragraph.

[The first §5(b)(11) added by PL 102-214]

- (A) The study of the White Clay Creek in Delaware and Pennsylvania shall be completed and the report submitted not later than 3 years after the date of enactment of this paragraph.

- (B) In carrying out the study, the Secretary of the Interior shall prepare a map of the White Clay Creek watershed in Delaware and Pennsylvania, and shall develop a recommended management plan for the White Clay Creek. The plan shall provide recommendations as to the protection and management of the White Clay Creek, including the role the State and local governments, and affected landowners, should play in the management of the White Clay Creek if it is designated as a component of the National Wild and Scenic Rivers System.
- (C) The Secretary shall prepare the study, including the recommended management plan, in cooperation and consultation with appropriate State and local governments, and affected landowners.

[The second §5(b)(11) added by 102-215]

- (11) The study of segments of the Brule, Carp, Little Manistee, White, Paint, Presque Isle, Ontonagon, Sturgeon (Hiawatha), Sturgeon (Ottawa), Whitefish, and Tahquamenon Rivers in Michigan under subsection (a) shall be completed by the Secretary of Agriculture and the report submitted thereon not later than at the end of the third fiscal year beginning after the date of enactment of this paragraph. For purposes of such river studies, the Secretary shall consult with each River Study Committee authorized under section 5 of the Michigan Scenic Rivers Act of 1990, and shall encourage public participation and involvement through hearings, workshops, and such other means as are necessary to be effective.

[The third §5(b)(11) added by 102-249]

- (A) The study of the Delaware River segments and tributaries designated for potential addition to the National Wild and Scenic Rivers System pursuant to section 5(a)(1) of this Act shall be completed and the report submitted to Congress not later than one year after the date of enactment of this paragraph.
- (B) The Secretary shall—
  - (i) prepare the study in cooperation and consultation with appropriate Federal, State, regional, and local agencies, including but not limited to, the Pennsylvania Department of Environmental Resources, the New Jersey Department of Environmental Protection and Energy, the Delaware and Lehigh Navigation Canal National Heritage Corridor Commission, and the Delaware and Raritan Canal Commission; and
  - (ii) consider previous plans for the protection of affected cultural, recreational, and natural resources (including water supply and water quality) and existing State and local regulations, so as to avoid unnecessary duplication.
- (C) Pursuant to section 11(b)(1) of this Act, the Secretary shall undertake a river conservation plan for the segment of the Delaware River from the northern city limits of Trenton, New Jersey, to the Southern boundary of Bucks County, Pennsylvania.

[The fourth §5(b)(11) added by PL 102-460]

The study of the Rio Grande in New Mexico shall be completed and the report submitted not later than 3 years after the date of enactment of this paragraph.

- ( ) The study of the Wekiva River and the tributaries designated in paragraph ( ) of subsection (a) shall be completed and the report transmitted to Congress not later than two years after the date of the enactment of this paragraph.

(c) The study of any of said rivers shall be pursued in as close cooperation with appropriate agencies of the affected State and its political subdivisions as possible shall be carried on jointly with such agencies if request for such joint study is made by the State, and shall include a determination of the degree to which the State or its political subdivisions might participate in the preservation and administration of the river should it be proposed for inclusion in the national wild and scenic rivers system.

(d)

(1) In all planning for the use and development of water and related land resources, consideration shall be given by all Federal agencies involved to potential national wild, scenic and recreational river areas, and all river basin and project plan reports submitted to the Congress shall consider and discuss any such potentials. The Secretary of the Interior and the Secretary of Agriculture shall make specific studies and investigations to determine which additional wild, scenic and recreational river areas within the United States shall be evaluated in planning reports by all Federal agencies as potential alternative uses of the water and related land resources involved.

[§5(d)(1) designated by PL 100-557]

(2) The Congress finds that the Secretary of the Interior, in preparing the Nationwide Rivers Inventory as a specific study for possible additions to the National Wild and Scenic Rivers System, identified the Upper Klamath River from below the John Boyle Dam to the Oregon-California State line. The Secretary, acting through the Bureau of Land Management, is authorized under this subsection to complete a study of the eligibility and suitability of such segment for potential addition to the National Wild and Scenic Rivers System. Such study shall be completed, and a report containing the results of the study shall be submitted to Congress by April 1, 1990. Nothing in this paragraph shall affect the authority or responsibilities of any other Federal agency with respect to activities or actions on this segment and its immediate environment.

[§5(d)(2) added by PL 100-557]

## **Sec. 6 [16 USC 1277] Land acquisition.**

(a)

(1) The Secretary of the Interior and the Secretary of Agriculture are each authorized to acquire lands and interests in land within the authorized boundaries of any component of the national wild and scenic rivers system designated in section 3 of this Act, or hereafter designated for inclusion in the system by Act of Congress, which is administered by him, but he shall not acquire fee title to an average of more than 100 acres per mile on both sides of the river. Lands owned by a State may be acquired only by donation or by exchange in accordance with the subsection (d) of this section. Lands owned by an Indian tribe or a political subdivision of a State may not be acquired without the consent of the appropriate governing body thereof as long as the Indian tribe or political subdivision is following a plan for management and protection of the lands which the Secretary finds protects the land and assures its use for purposes consistent with this Act. Money appropriated for Federal purposes from the land and after conservation fund shall, without prejudice to the use of appropriations from other sources, be available to Federal departments and agencies for the acquisition of property for the purposes of this Act.

[§6(a)(1) designated and amended by PL 99-590]

(2) When a tract of land lies partially within and partially outside the boundaries of a component of the National Wild and Scenic Rivers System, the appropriate Secretary may, with the consent of the landowners for the portion outside the boundaries, acquire the entire tract. The land or interest therein so acquired outside the boundaries shall not be counted against the average one-hundred-acre-per-mile fee title limitation of subsection (a)(1). The lands or interests therein outside such boundaries, shall be disposed of, consistent with existing authorities of law, by sale, lease, or exchange.

[§6(a)(2) added by PL 99-590]

(b) If 50 per centum or more of the entire acreage outside the ordinary high water mark on both sides of the river within a federally administered wild, scenic or recreational river area is owned in fee title by the United States, by the State or States within which it lies, or by political subdivisions of those States, neither Secretary shall acquire fee title to any lands by condemnation under authority of this Act. Nothing contained in this section, however, shall preclude the use of condemnation when necessary to clear title or to acquire scenic easements or such other easements as are reasonably necessary to give the public access to the river and to permit its members to traverse the length of the area or of selected segments thereof.

[§6(b) amended by PL 99-590]

(c) Neither the Secretary of the Interior nor the Secretary of Agriculture may acquire lands by condemnation, for the purposes of including such lands in any national wild, scenic or recreational river area, if such lands are located within any incorporated city, village, or borough which has in force and applicable to such lands a duly adopted, valid zoning ordinance that conforms with the purposes of this Act. In order to carry out the provisions of this subsection the appropriate Secretary shall issue guidelines, specifying standards for local zoning ordinances, which are consistent with the purposes of this Act. The standards specified in such guidelines shall have the object of (A) prohibiting new commercial or industrial uses other than commercial or industrial uses which are consistent with the purposes of this Act, and (B) the protection of the bank lands by means of acreage, frontage, and setback requirements on development.

(d) The appropriate Secretary is authorized to accept title to non-Federal property within the authorized boundaries of any federally administered component of the national wild and scenic rivers system designated in section 3 of this Act or hereafter designated for inclusion in the system by Act of Congress and, in exchange therefor, convey to the grantor any federally owned property which is under his jurisdiction within the State in which the component lies and which he classifies as suitable for exchange or other disposal. The values of the properties so exchanged either shall be approximately equal or, if they are not approximately equal, shall be equalized by the payment of cash to the grantor or to the Secretary as the circumstances require.

(e) The head of any Federal department or agency having administrative jurisdiction over any lands or interests in land within the authorized boundaries of an federally administered component of the national wild and scenic rivers system designated in section 3 of this Act or hereafter designated for inclusion in the system by Act of Congress is authorized to transfer to the appropriate secretary jurisdiction over such lands for administration in accordance with the provisions of this Act. Lands acquired by or transferred to the Secretary of Agriculture for the purposes of this Act within or adjacent to a national forest shall upon such acquisition or transfer become national forest lands.

[§6(e) amended by PL 99-590]

- (f) The appropriate Secretary is authorized to accept donations of lands and interests in land, funds, and other property for use in connection with his administration of the national wild and scenic rivers system.
- (g)
- (1) Any owner or owners (hereinafter in this subsection referred to as "owner") of improved property on the date of its acquisition, may retain for themselves and their successors or assigns a right to use and occupancy of the improved property for noncommercial residential purposes for a definite term not to exceed twenty-five years or, in lieu thereof, for a term ending at the death of the owner, or the death of his spouse, or the death of either or both of them. The owner shall elect the term to be reserved. The appropriate Secretary shall pay to the owner the fair market value of the property on the date of such acquisition less the fair market value on such date of the right retained by the owner.
- (2) A right of use and occupancy retained pursuant to this subsection shall be subject to termination whenever the appropriate Secretary is given reasonable cause to find that such use and occupancy is being exercised in a manner which conflicts with the purposes of this Act. In the event of such a finding, the Secretary shall tender to the holder of that right an amount equal to the fair market value of that portion of the right which remains unexpired on the date of termination. Such right to use or occupancy shall terminate by operation of law upon tender of the fair market price.
- (3) The term "improved property," as used in this Act, means a detached, one- family dwelling (hereinafter referred to as "Dwelling"), the construction of which was begun before January 1, 1967 (except where a different date is specifically provided by law with respect to any particular river), together with so much of the land on which the dwelling is situated, the said land being in the same ownership as the dwelling, as the appropriate Secretary shall designate to be reasonably necessary for the enjoyment of the dwelling for the sole purpose of noncommercial residential use, together with any structures accessory to the dwelling which are situated on the land so designated.

**Sec. 7 [16 USC 1278] Restrictions on water resources projects.**

- (a) The Federal Power Commission shall not license the construction of any dam, water conduit, reservoir, powerhouse, transmission line, or other project works under the Federal Power Act (41 Stat. 1063), as amended 16 U.S.C. 791a et seq.), on or directly affecting any river which is designated in section 3 of this Act as a component of the national wild and scenic rivers system or which is hereafter designated for inclusion in that system, and no department or agency of the United States shall assist by loan, grant, license, or otherwise in the construction of any water resources project that would have a direct and adverse effect on the values for which such river was established, as determined by the Secretary charged with its administration. Nothing contained in the foregoing sentence, however, shall preclude licensing of, or assistance to, developments below or above a wild, scenic or recreational river area or on any stream tributary thereto which will not invade the area or unreasonably diminish the scenic, recreational, and fish and wildlife values present in the area on the date of designation of a river as a component of the National Wild and Scenic Rivers System. No department or agency of the United States shall recommend authorization of any water resources project that would have a direct and adverse effect on the values for which such river was established, as determined by the Secretary charged with its administration, or request appropriations to begin construction of any such project, whether heretofore or hereafter authorized, without advising the Secretary of the Interior or the Secretary of Agriculture, as the case may be, in writing of its intention so to do at least sixty days in advance, and without specifically reporting to the Congress in writing at the time it makes its recommendation or request in what respect construction of such project would be in conflict

with the purposes of this Act and would affect the component and the values to be protected by it under this Act. Any license heretofore or hereafter issued by the Federal Power Commission affecting the New River of North Carolina shall continue to be effective only for that portion of the river which is not included in the National Wild and Scenic Rivers System pursuant to section 2 of this Act and no project or undertaking so licensed shall be permitted to invade, inundate or otherwise adversely affect such river segment.

[§7(a) amended by PL 94-407; PL 99-590]

(b) The Federal Power Commission shall not license the construction of any dam, water conduit, reservoir, powerhouse, transmission line, or other project works under the Federal Power Act, as amended, on or directly affecting any river which is listed in section 5, subsection (a), of this Act, and no department or agency of the United States shall assist by loan, grant, license, or otherwise in the construction of any water resources project that would have a direct and adverse effect on the values for which such river might be designated, as determined by the Secretary responsible for its study or approval—

(i) during the ten-year period following enactment of this Act or for a three complete fiscal year period following any Act of Congress designating any river for potential addition to the national wild and scenic rivers system, whichever is later, unless, prior to the expiration of the relevant period, the Secretary of the Interior and, where national forest lands are involved, the Secretary of Agriculture, on the basis of study, determine that such river should not be included in the national wild and scenic rivers system and notify the Committees on Energy and Natural Resources of the Senate and the Committee on Natural Resources of the House of Representatives, in writing, including a copy of the study upon which the determination was made, at least one hundred and eighty days while Congress is in session prior to publishing notice to that effect in the Federal Register: Provided, That if any Act designating any river or rivers for potential addition to the national wild and scenic rivers system provides a period for the study or studies which exceeds such three complete fiscal year period the period provided for in such Act shall be substituted for the three complete fiscal year period in the provisions of this clause (i): Provided, That if any Act designating any river or rivers for potential addition to the national wild and scenic rivers system provides a period for the study or studies which exceeds such three complete fiscal year period the period provided for in such Act shall be substituted for the three complete fiscal year period in the provisions of this clause (i); and

[§7(b)(i) amended by PL 103-437]

(ii) during such interim period from the date a report is due and the time a report is actually submitted to the Congress; and

(iii) during such additional period thereafter as, in the case of any river the report for which is submitted to the President and the Congress, is necessary for congressional consideration thereof or, in the case of any river recommended to the Secretary of Interior for inclusion in the national wild and scenic rivers system under section 2(a)(ii) of this Act, is necessary for the Secretary's consideration thereof, which additional period, however, shall not exceed three years in the first case and one year in the second. Nothing contained in the foregoing sentence, however, shall preclude licensing of, or assistance to, developments below or above a potential wild, scenic or recreational river area or on any stream tributary thereto which will not invade the area or diminish the scenic, recreational, and fish and wildlife values present in the potential wild, scenic or recreational river area on the date of designation of a river for study as provided for in section 5 of this Act. No department or agency of the United

States shall, during the periods hereinbefore specified, recommend authorization of any water resources project on any such river or request appropriations to begin construction of any such project, whether heretofore or hereafter authorized, without advising the Secretary of the Interior and, where national forest lands are involved, the Secretary of Agriculture in writing of its intention so to do at least sixty days in advance of doing so and without specifically reporting to the Congress in writing at the time it makes its recommendation or request in what respect construction of such project would be in conflict with the purposes of this Act and would affect the component and the values to be protected by it under this Act.

[§7(b) amended, new (ii) added, and former (ii) redesignated as (iii) by PL 99-590]

- (c) The Federal Power Commission and all other Federal agencies shall, promptly upon enactment of this Act, inform the Secretary of the Interior and, where national forest lands are involved, the Secretary of Agriculture, of any proceedings, studies, or other activities within their jurisdiction which are now in progress and which affect or may affect any of the rivers specified in section 5, subsection (a), of this Act. They shall likewise inform him of any such proceedings, studies, or other activities which are hereafter commenced or resumed before they are commenced or resumed.
- (d) Nothing in this section with respect to the making of a loan or grant shall apply to grants made under the Land and Water Conservation Fund Act of 1965 (16 U.S.C. 4601-5 et seq.).

**Sec. 8 [16 USC 1279] Withdrawal of public lands from entry, sale, or other disposition under public land laws.**

- (a) All public lands within the authorized boundaries of any component of the national wild and scenic rivers system which is designated in section 3 of this Act or which is hereafter designated for inclusion in that system are hereby withdrawn from entry, sale, or other disposition under the public land laws of the United States. This subsection shall not be construed to limit the authorities granted in section 6(d) or section 14A of this Act.

[§8(a) amended by PL 99-590]

- (b) All public lands which constitute the bed or bank, or are within one-quarter mile of the bank, of any river which is listed in section 5, subsection (a), of this Act are hereby withdrawn from entry, sale, or other disposition under the public land laws of the United States for the periods specified in section 7, subsection (b), of this Act. Notwithstanding the foregoing provisions of this subsection or any other provision of this Act, subject only to valid existing rights, including valid Native selection rights under the Alaska Native Claims Settlement Act, all public lands which constitute the bed or bank, or are within an area extending two miles from the bank of the river channel on both sides of the river segments referred to in paragraphs (77) through (88) of section 5(a) are hereby withdrawn from entry, sale, State selection or other disposition under the public land laws of the United States for the periods specified in section 7(b) of this Act.

[§8(b) amended by PL 96-487]

**Sec. 9 [16 USC 1280] Federal mining and mineral leasing laws.**

- (a) Nothing in this Act shall affect the applicability of the United States mining and mineral leasing laws within components of the national wild and scenic rivers system except that —

- (i) all prospecting, mining operations, and other activities on mining claims which, in the case of a component of the system designated in section 3 of this Act, have not heretofore been perfected or which, in the case of a component hereafter designated pursuant to this Act or any other Act of Congress, are not perfected before its inclusion in the system and all mining operations and other activities under a mineral lease, license, or permit issued or renewed after inclusion of a component in the system shall be subject to such regulations as the Secretary of the Interior or, in the case of national forest lands, the Secretary of Agriculture may prescribe to effectuate the purposes of this Act;
  - (ii) subject to valid existing rights, the perfection of, or issuance of a patent to, any mining claim affecting lands within the system shall confer or convey a right or title only to the mineral deposits and such rights only to the use of the surface and the surface resources as are reasonably required to carrying on prospecting or mining operations and are consistent with such regulations as may be prescribed by the Secretary of the Interior or, in the case of national forest lands, by the Secretary of Agriculture; and
  - (iii) subject to valid existing rights, the minerals in Federal lands which are part of the system and constitute the bed or bank or are situated within one-quarter mile of the bank of any river designated a wild river under this Act or any subsequent Act are hereby withdrawn from all forms of appropriation under the mining laws and from operation of the mineral leasing laws including, in both cases, amendments thereto. Regulations issued pursuant to paragraphs (i) and (ii) of this subsection shall, among other things, provide safeguards against pollution of the river involved and unnecessary impairment of the scenery within the component in question.
- (b) The minerals in any Federal lands which constitute the bed or bank or are situated within one-quarter mile of the bank of any river which is listed in section 5, subsection (a) of this Act are hereby withdrawn from all forms of appropriation under the mining laws during the periods specified in section 7, subsection (b) of this Act. Nothing contained in this subsection shall be construed to forbid prospecting or the issuance of leases, licenses, and permits under the mineral leasing laws subject to such conditions as the Secretary of the Interior and, in the case of national forest lands, the Secretary of Agriculture find appropriate to safeguard the area in the event it is subsequently included in the system. Notwithstanding the foregoing provisions of this subsection or any other provision of this Act, all public lands which constitute the bed or bank, or are within an area extending two miles from the bank of the river channel on both sides of the river segments referred to in paragraphs (77) through (88) of section 5(a), are hereby withdrawn, at subject to valid existing rights, from all forms of appropriation under the mining laws and from operation of the mineral leasing laws including, in both cases, amendments thereto, during the periods specified in section 7(b) of this Act.

[§9(b) amended by PL 96-487; PL 99-590]

#### **Sec. 10 [16 USC 1281] Administration.**

- (a) Each component of the national wild and scenic rivers system shall be administered in such manner as to protect and enhance the values which caused it to be included in said system without, insofar as is consistent therewith, limiting other uses that do not substantially interfere with public use and enjoyment of these values. In such administration primary emphasis shall be given to protecting its esthetic, scenic, historic, archeologic, and scientific features. Management plans for any such component may establish varying degrees of intensity for its protection and development, based on the special attributes of the area.

- (b) Any portion of a component of the national wild and scenic rivers system that is within the national wilderness preservation system, as established by or pursuant to the Act of September 3, 1964 (16 U.S.C., ch. 23), shall be subject to the provisions of both Wilderness Act and this Act with respect to preservation of such river and its immediate environment, and in case of conflict between the provisions of these Acts the more restrictive provisions shall apply.
- (c) Any component of the national wild and scenic rivers system that is administered by the Secretary of the Interior through the National Park Service shall become a part of the national park system, and any such component that is administered by the Secretary through the Fish and Wildlife Service shall become a part of the national wildlife refuge system. The lands involved shall be subject to the provisions of this Act and the Acts under which the national park system or national wildlife system as the case may be, is administered, and in case of conflict between the provisions of these Acts, the more restrictive provisions shall apply. The Secretary of the Interior, in his administration of any component of the national wild and scenic rivers system, may utilize such general statutory authorities relating to areas of the national park system and such general statutory authorities otherwise available to him for recreation and preservation purposes and for the conservation and management of natural resources as he deems appropriate to carry out the purposes of this Act.
- (d) The Secretary of Agriculture, in his administration of any component of the national wild and scenic rivers systems area, may utilize the general statutory authorities relating to the national forests in such manner as he deems appropriate to carry out the purposes of this Act.
- (e) The Federal agency charged with the administration of any component of the national wild and scenic rivers system may enter into written cooperative agreements with the Governor of a State, the head of any State agency, or the appropriate official of a political subdivision of a State for State or local governmental participation in the administration of the component. The States and their political subdivisions shall be encouraged to cooperate in the planning and administration of components of the system which include or adjoin State- or county-owned lands.

**Sec. 11 [16 USC 1282] Assistance to State and local projects.**

- (a) The Secretary of Interior shall encourage and assist the States to consider, in formulating and carrying out their comprehensive statewide outdoor recreation plans and proposals for financing assistance for State and local projects submitted pursuant to the Land and Water Conservation Fund Act of 1965, needs and opportunities for establishing State and local wild, scenic and recreational river areas.

[§11(a) amended by PL 99-590]

(b)

- (1) The Secretary of the Interior, the Secretary of Agriculture, or the head of any other Federal agency, shall assist, advise, and cooperate with States or their political subdivisions, landowners, private organizations, or individuals to plan, protect, and manage river resources. Such assistance, advice, and cooperation may be through written agreements or otherwise. This authority applies within or outside a federally administered area and applies to rivers which are components of the National Wild and Scenic Rivers System and to other rivers. Any agreement under this subsection may include provisions for limited financial or other assistance to encourage participation to the acquisition, protection, and management of river resources.

- (2) Wherever appropriate in furtherance of this Act, the Secretary of Agriculture and the Secretary of the Interior are authorized and encouraged to utilize the following:
- (A) For activities on federally owned land, the Volunteers in the Parks Act of 1969 (16 U.S.C. 18g-j) and the Volunteers in the Forest Act of 1972 (16 U.S.C. 558a-558d).
  - (B) For activities on all other lands, section 6 of the Land and Water Conservation Fund Act of 1965 (relating to the development of statewide comprehensive outdoor recreation plans).
- (3) For purposes of this subsection, the appropriate Secretary or the head of any Federal agency may utilize and make available Federal facilities, equipment, tools and technical assistance to volunteers and volunteer organizations, subject to such limitations and restrictions as the appropriate Secretary or the head of any Federal agency deems necessary or desirable.
- (4) No permit or other authorization provided for under provision of any other Federal law shall be conditioned on the existence of any agreement provided for in this section.

[§11(b) revised by PL 99-590]

**Sec. 12 [16 USC 1283] Management policies.**

- (a) The Secretary of the Interior, the Secretary of Agriculture, and the head of any other Federal department or agency having jurisdiction over any lands which include, border upon, or are adjacent to, any river included within the National Wild and Scenic Rivers System or under consideration for such inclusion, in accordance with section 2(a)(ii), 3(a), or 5(a), shall take such action respecting management policies, regulations, contracts, plans, affecting such lands, following the date of enactment of this sentence, as may be necessary to protect such rivers in accordance with the purposes of this Act. Such Secretary or other department or agency head shall, where appropriate, enter into written cooperative agreements with the appropriate State or local official for the planning, administration, and management of Federal lands which are within the boundaries of any rivers for which approval has been granted under section 2(a)(ii). Particular attention shall be given to scheduled timber harvesting, road construction, and similar activities which might be contrary to the purposes of this Act.
- (b) Nothing in this section shall be construed to abrogate any existing rights, privileges, or contracts affecting Federal lands held by any private party without the consent of said party.
- (c) The head of any agency administering a component of the national wild and scenic rivers system shall cooperate with the Administrator, Environmental Protection Agency and with the appropriate State water pollution control agencies for the purpose of eliminating or diminishing the pollution of waters of the river.

[§12(c) amended by PL 99-590]

**Sec. 13 [16 USC 1284] Existing State jurisdiction and responsibilities.**

- (a) Nothing in this Act shall affect the jurisdiction or responsibilities of the States with respect to fish and wildlife. Hunting and fishing shall be permitted on lands and waters administered as parts of the system under applicable State and Federal laws and regulations unless, in the case of hunting, those lands or waters are within a national park or monument. The administering Secretary may, however, designate zones where, and establish periods when,

no hunting is permitted for reasons of public safety, administration, or public use and enjoyment and shall issue appropriate regulations after consultation with the wildlife agency of the State or States affected.

- (b) The jurisdiction of the States and the United States over waters of any stream included in a national wild, scenic or recreational river area shall be determined by established principles of law. Under the provisions of this Act, any taking by the United States of a water right which is vested under either State or Federal law at the time such river is included in the national wild and scenic rivers system shall entitle the owner thereof to just compensation. Nothing in this Act shall constitute an express or implied claim or denial on the part of the Federal Government as to exemption from State water laws.
- (c) Designation of any stream or portion thereof as a national wild, scenic or recreational river area shall not be construed as a reservation of the waters of such streams for purposes other than those specified in this Act, or in quantities greater than necessary to accomplish these purposes.
- (d) The jurisdiction of the States over waters of any stream included in a national wild, scenic or recreational river area shall be unaffected by this Act to the extent that such jurisdiction may be exercised without impairing the purposes of this Act or its administration.
- (e) Nothing contained in this Act shall be construed to alter, amend, repeal, interpret, modify, or be in conflict with any interstate compact made by any States which contain any portion of the national wild and scenic rivers system.
- (f) Nothing in this Act shall affect existing rights of any State, including the right of access, with respect to the beds of navigable streams, tributaries, or rivers (or segments thereof) located in a national wild, scenic or recreational river area.
- (g) The Secretary of the Interior or the Secretary of Agriculture, as the case may be, may grant easements and rights-of-way upon, over, under, across, or through any component of the national wild and scenic rivers system in accordance with the laws applicable to the national park system and the national forest system, respectively: Provided, That any conditions precedent to granting such easements and rights-of-way shall be related to the policy and purpose of this Act.

**Sec. 14 [16 USC 1285] Claim and allowance of charitable deduction for contribution or gift of easement.**

The claim and allowance of the value of an easement as a charitable contribution under section 170 of title 26, United States Code, or as a gift under section 2522 of said title shall constitute an agreement by the donor on behalf of himself, his heirs, and assigns that, if the terms of the instrument creating the easement are violated, the donee or the United States may acquire the servient estate at its fair market value as of the time the easement was donated minus the value of the easement claimed and allowed as a charitable contribution or gift.

**Sec. 14A [16 USC 1285a] Lease of Federal lands.**

- (a) Where appropriate in the discretion of the Secretary, he may lease federally owned land (or any interest therein) which is within the boundaries of any component of the National Wild and Scenic Rivers System and which has been acquired by the Secretary under this Act. Such lease shall be subject to such restrictive covenants as may be necessary to carry out the purposes of this Act.

- (b) Any land to be leased by the Secretary under this section shall be offered first for such lease to the person who owned such land immediately before its acquisition by the United States.

**Sec. 15 [16 USC 1285b] Establishment of boundaries for certain component rivers in Alaska; withdrawal of minerals.**

[The new §15 added by PL 96-487]

- (a) Notwithstanding any other provision to the contrary in sections 3 and 9 of this Act, with respect to components of the National Wild and Scenic Rivers System in Alaska designated by paragraphs (38) through (50) of section 3(a) of this Act—
- (1) the boundary of each such river shall include an average of not more than six hundred and forty acres per mile on both sides of the river. Such boundary shall not include any lands owned by the State or a political subdivision of the State nor shall such boundary extend around any private lands adjoining the river in such manner as to surround or effectively surround such private lands; and
- (2) the withdrawal made by paragraph (iii) of section 9(a) shall apply to the minerals in Federal lands which constitute the bed or bank or are situated within one-half mile of the bank of any river designated a wild river by the Alaska National Interest Lands Conservation Act.

**Sec. 16 [16 USC 1286] Definitions.**

[Former §15 redesignated as §16 by PL 96-487]

As used in this Act, the term —

- (a) "River" means a flowing body of water or estuary or a section, portion, or tributary thereof, including rivers, streams, creeks, runs, kills, rills, and small lakes.
- (b) "Free-flowing", as applied to any river or section of a river, means existing or flowing in natural condition without impoundment, diversion, straightening, rip rapping, or other modification of the waterway. The existence, however, of low dams, diversion works, and other minor structures at the time any river is proposed for inclusion in the national wild and scenic rivers system shall not automatically bar its consideration for such inclusion: Provided, That this shall not be construed to authorize, intend, or encourage future construction of such structures within components of the national wild and scenic rivers system.
- (c) "Scenic easement" means the right to control the use of land (including the air space above such land) within the authorized boundaries of a component of the wild and scenic rivers system, for the purpose of protecting the natural qualities of a designated wild, scenic or recreational river area, but such control shall not affect, without the owner's consent, any regular use exercised prior to the acquisition of the easement. For any designated wild and scenic river, the appropriate Secretary shall treat the acquisition of fee title with the reservation of regular existing uses to the owner as a scenic easement for purposes of this Act. Such an acquisition shall not constitute fee title ownership for purposes of section 6(b).

[§16(c) amended by PL 99-590]

**Sec. 17 [16 USC 1287] Authorization of appropriations.**

There are hereby authorized to be appropriated, including such sums as have heretofore been appropriated, the following amounts for land acquisition for each of the rivers described in section 3(a) of this Act: Clearwater, Middle Fork, Idaho, \$2,909,800; Eleven Point, Missouri, \$10,407,000; Feather, Middle Fork, California, \$3,935,700; Rio Grande, New Mexico, \$253,000; Rogue, Oregon, \$15,147,000; St. Croix, Minnesota and Wisconsin, \$21,769,000; Salmon, Middle Fork, Idaho, \$1,837,000; Wolf, Wisconsin, \$142,150.

[Former §16 redesignated as §17 by PL 96-487]
