## USDA Funding Provided by the U.S. Forest Service for Rural Schools

Disbursements include \$30 million in Title II funding to complete special conservation projects on Federal lands proposed by resource advisory committees.

The actual amount of each state's payment is determined by a number of factors written into the law, including how many counties ultimately decide to share in that payment. Each county's share of their state's payment amounts can be found on the [Forest Service's Web site](#).
