

# U.S. Food Waste Challenge

Reduce, Recover, Recycle

**Organization(s):**

Boca Grande Farmers Market

**City, State:** Boca Grande, FL

**Website:** <http://bocagrandefarmersmarket.com/about/>

**What are the reduction, recovery or recycling activities?**

We support the Harry Chapin Food Bank through donations of canned and pre-packaged goods. The Market Booth will collect any food donations you wish to provide in support of the larger community. Our market also recycles market-day waste, trash and disposables. Please look for the marked containers. The BGFm participates in the US Food Waste Challenge in an effort to reduce, recycle or recover food waste.
