Agricultural Reform

President Enrique Peña announced that the reforms in the agricultural sector will consist in:

- Agricultural laws and regulations updated and simplified.**
- Rules that promote investment, employment and productivity in agriculture.**

The strategic vision is to:

- **Increase productivity.**
- **To be competitive.**
- **Improving profitability.**
- **To promote and achieve sustainability.**
- **Adequate and sufficient food supply.**
- **Achieve equity and justice.**

Challenges of the Sugarcane Agroindustry

- **To have an agroindustry of the sugarcane more profitable and sustainable that guarantees a supply quality sugar that fully meets national consumption, with capacity to compete in the global market.**
- **To consolidated sugarcane production in the 2017 / 2018 cycle, in the order of the 61.6 million tons.**

Challenges of the Sugarcane Agroindustry

- **Consolidate sugar production to guarantee internal consumption and to efficiently participate in the regional and international market.**
- **Improve profitability, encourage investment and employment, give certainty to productive activity, and access to adequate financing and diversification of the supply.**

National Program of the Sugar Cane Agroindustry (PRONAC 2013 - 2018)

Objectives:

- 1. To guarantee the supply in the domestic market and strengthen the exporting capacity.**
- 2. Increase the profitability and diversity of production.**
- 3. Improve the productivity.**
- 4. Increase the sustainability.**
- 5. Promote research, development, innovation and technology transfer.**

Thank you very much for your kind attention
