

South Africa: Sugarcane

- Yellow numbers indicate the percent each province contributed to the total national production. Provinces not numbered contributed less than 1% to the national total.
- Major areas combined account for 75% of the total national production.
- Major and minor areas combined account for 99% of the total national production.

Sugarcane crop calendar for most of South Africa

Note: Major and minor areas are based on district-level statistics derived from the 2002 Census of Agriculture (Statistics South Africa, 2006); provincial production percentages are based upon the 2006/07 to 2010/11 average of Sugarcane Crushed by Mills (South African Sugar Association).
