

Farming Opportunities Training and Outreach Grant Program

What is the FOTO Grants Program?

The Farming Opportunities Training and Outreach (FOTO) program was established in the Agricultural Act of 2018 to encourage and assist socially disadvantaged and veteran farmers and ranchers (SDVFRs) and beginning farmers and ranchers (BFRs) in the ownership and operation of farms and ranches through education and training; and promote equitable participation in the agricultural programs of USDA.

FOTO is the combination of the Beginning Farmer and Rancher Development Program (BFRDP) and the Outreach and Assistance to Socially Disadvantaged and Veteran Farmers and Ranchers Program (2501 Program). USDA's National Institute of Food and Agriculture (NIFA) administers BFRDP and USDA's Office of Partnerships and Public Engagement (OPPE) manages the 2501 Program.

FOTO provides mandatory funding of \$40 million for fiscal year (FY) 2022 and increases funding to \$50 million by FY2023. Annual funding will be split equally between BFRDP and the 2501 Program. Supplemental funds in the amount of approximately \$17 million will also be awarded under this program for FY2022 under the Coronavirus Response and Relief, of the Consolidated Appropriations Act, 2021.
