This section should be retained. The new HACCP inspection system is being successfully implemented. A new advisory panel is not needed to oversee inspection programs.

SECTION 710: Provides that USDA employees cannot be detailed for more than 30 days unless the individual’s employing agency or office is reimbursed for the period of assignment.

[SEC. 710. (c) The Secretary of Agriculture, the Secretary of Health and Human Services, or the Chairman of the Commodity Futures Trading Commission shall notify the Committees on Appropriations of both Houses of Congress before implementing a program or activity not carried out during the previous fiscal year unless the program or activity is funded by this Act or specifically funded by any other Act.]
