Marc Oshima, Co-Founder and Chief Marketing Officer
We’re Mission Focused

We are on a mission to build and operate environmentally responsible farms throughout the world enabling local production at scale to nourish our communities with safe, nutritious, and delicious food.

Mantra
Farming locally. Globally.
We’re Farmers
We’re Engineers
We’re Plant Experts
We’re Data Scientists

We can control and monitor locally and remotely.

We can monitor the Farm online via security cameras.
We’re Food Safety Specialists

• USDA GAP Certified
• Progressive food safety standards
• AeroFarms 24/7 plant monitoring
• Robust traceability system
• Microbiologist on staff

Good Agricultural Practices (GAP) Certified
We’re Environmentalists
