SEC. 701. The Secretary may use any appropriations made available to the Department of Agriculture in this Act to purchase new passenger motor vehicles, in addition to specific appropriations for this purpose, so long as the total number of vehicles purchased in fiscal year [2020]2021 does not exceed the number of vehicles owned or leased in fiscal year 2018: *Provided*, That, prior to purchasing additional motor vehicles, the Secretary must determine that such vehicles are necessary for transportation safety, to reduce operational costs, and for the protection of life, property, and public safety: *Provided further*, That the Secretary may not increase the Department of Agriculture's fleet [above the 2018 level unless] prior to providing written notification to [the Secretary notifies in writing, and receives approval from,] the Committees on Appropriations of both Houses of Congress [within 30 days of the notification].

Section 702: Authorizes the transfer of discretionary, unobligated funds appropriated by this Act or other available unobligated discretionary balances to the Working Capital Fund (WCF) for the purpose of acquiring plant and capital equipment, and for the improvement and implementation of Department financial management, information technology, and other support systems necessary for the delivery of financial, administrative, and information technology services with approval of the Agency Administrator. Amounts transferred under this authority would not be available for obligation until the Committees on Appropriations of Congress are notified. In addition, language allows up to 4 percent of total annual income to the WCF for fiscal year 2021 may be retained in the Fund for fiscal year 2021, to remain available until expended, to be used for the acquisition of plant and capital equipment, and for the improvement and implementation of Department financial management, information technology, and other support systems or to pay any unforeseen, extraordinary cost of the National Finance Center, the amounts reserved are not available for obligation without notification to the Appropriations Committees. Funds available for investment from among the equity accounts of the Department's WCF may be allocated among the activities the WCF supports for any purpose relating to information technology modernization.

SEC. 702. Notwithstanding any other provision of this Act, the Secretary of Agriculture may transfer unobligated balances of discretionary funds appropriated by this Act or any other available unobligated discretionary balances that are remaining available of the Department of Agriculture to the Working Capital Fund for the acquisition of plant and capital equipment, and for the improvement and implementation of Department financial management, information technology, and other support systems necessary for the delivery of financial, administrative, and information technology services of primary benefit to the agencies of the Department of Agriculture, such transferred funds to remain available until expended: *Provided*, That none of the funds made available by this Act or any other Act shall be transferred to the Working Capital Fund without the prior approval of the agency administrator: *Provided further*, That none of the funds transferred to the Working Capital Fund pursuant to this section shall be available for obligation without [written] prior notification to [and the prior approval of] the Committees on Appropriations of both Houses of Congress: *Provided further*, That none of the funds appropriated by this Act or made available to the Department's Working Capital Fund shall be available for obligation or expenditure to make any changes to the Department's National Finance Center without [written] prior notification to [and prior approval of] the Committees on Appropriations of both Houses of Congress as required by section 716 of this Act: *Provided further*, That none of the funds appropriated by this Act or made available to the Department's Working Capital Fund shall be available for obligation or expenditure to initiate, plan, develop, implement, or make any changes to remove or relocate any systems, missions, or functions of the offices of the Chief Financial Officer or any personnel from the National Finance Center prior to written notification to and prior approval of the Committee on Appropriations of both Houses of Congress and in accordance with the requirements of section 716 of this Act: *Provided further*, That the Secretary of Agriculture and the offices of the Chief Financial Officer shall actively market to existing and new Departments and other government agencies National Finance Center shared services including, but not limited to, payroll, financial management, and human capital shared services and allow the National Finance Center to perform technology upgrades: *Provided further*, That of annual income amounts in the Working Capital Fund of the Department of Agriculture attributable to the amounts in excess of the true costs of the shared services provided by the National Finance Center and budgeted for the National Finance Center, the Secretary shall reserve not more than 4 percent for the replacement or acquisition of capital equipment, including equipment for the improvement, delivery, and implementation of financial, administrative, and information technology services, and other systems of the National Finance Center or to pay any unforeseen, extraordinary cost of the National Finance Center]: *Provided further*, That an amount not to exceed 4 percent of the total annual income to the Working Capital Fund for fiscal year 2021 may be retained in the Fund for fiscal year 2021, to remain available until expended, to be used for the acquisition of plant and capital equipment, and for the improvement and implementation of Department financial management, information technology, and other support systems or to pay any

unforeseen, extraordinary cost of the National Finance Center: *Provided further*, That none of the amounts reserved shall be available for obligation unless the Secretary submits [written] notification of the obligation to the Committees on Appropriations of both Houses of Congress: *Provided further*, That the limitations on the obligation of funds pending notification to Congressional Committees shall not apply to any obligation that, as determined by the Secretary, is necessary to respond to a declared state of emergency that significantly impacts the operations of the National Finance Center; or to evacuate employees of the National Finance Center to a safe haven to continue operations of the National Finance Center: *Provided further*, That funds available for investment from among the equity accounts of the Department’s Working Capital Fund may be allocated among the activities the Working Capital Fund supports for any purpose relating to information technology modernization.

The second change provides that the Committees on Appropriations of Congress be notified in advance of obligations of funds transferred to the WCF under this authority.

The third deletes the language regarding National Finance Center and WCF.

The fourth change incorporates new language that provides that the authority to reserve up to 4 percent of total annual income to the WCF for fiscal year 2021 may be retained in the Fund for fiscal year 2021, to remain available until expended, to be used for the acquisition of capital equipment, and for the improvement and implementation of Department financial management, information technology, and other support systems or to pay any unforeseen, extraordinary cost of the National Finance Center.

This change deletes reference to the performance plan requirements as described in the explanatory statement accompanying Public Law 113-235.
