

USDA FD-CIC Revisions Log

USDA FD-CIC ver1.1, released 8/18/2026

Changes between USDA FD-CIC Ver1.0 and Ver1.1

- Adjusted several values for the Estimated National Average to align more closely with values coming out of R&D GREET 2025 Rev1:
 - Emissions from manufacture and transportation of N fertilizer for corn, soybeans, sorghum and canola
 - Emissions from manufacture and transportation of other chemicals for corn, soybeans, sorghum and canola
- Changed input field for “# of Management Units” to a dropdown menu
- Made all rows and tabs visible to users
